Issue Date

The Issuer expects to issue the Class A Compartment Silver Arrow UK 2024-1 Notes (the "**Class A Notes**") and the Class B Compartment Silver Arrow UK 2024-1 Notes (the "**Class B Notes**") and together with the Class A Notes, the "**Notes**") in the classes set out above on 26 April 2024 (the "**Issue Date**") (the "**Transaction**").

Underlying Assets

The Issuer will make payments on the Notes from, among other sources, the payments it receives from obligors ("**Obligors**") pursuant to automotive hire purchase agreements and personal contract plan agreements originated by Mercedes-Benz Financial Services UK Limited ("**MBFS**", the "**Originator**" or the "**Seller**") (the "**Portfolio**") which will be purchased by the Issuer on the Purchase Date (being identical with the Issue Date, as defined below). These hire purchase agreements and personal contract plan agreements provide for equal monthly payments over the term of the contract or monthly payments and a final bullet payment or, in respect of the personal contract plan agreements an additional larger optional "*balloon*" payment at the end of the term.

Certain characteristics of the Portfolio are described in the sections of this Prospectus "*DESCRIPTION OF THE PORTFOLIO*" and in "*PORTFOLIO CHARACTERISTICS AND HISTORICAL DATA*".

Credit Enhancement

The Class A Notes will benefit from credit enhancement provided by the General Reserve Required Amount and the subordination of the Class B Notes and the Subordinated Loan.

The Class B Notes will benefit from credit enhancement provided by the General Reserve Required Amount and the subordination of the Subordinated

Loan.

For further explanation, please see "*RISK FACTORS – Risks relating to the Notes*".

Redemption Provisions Information on any optional and mandatory redemption of the Notes is summarised in the section titled *Transaction Overview - OVERVIEW OF THE CONDITIONS OF THE NOTES*) and set out in full in Condition 5 (*Redemption*).

Credit Rating Agencies Ratings will be assigned to the Class A Notes by Fitch Ratings Ltd ("**Fitch**") and Moody's Investors Service Ltd. ("**Moody's**").

In general, European regulated investors are restricted from using a rating for regulatory purposes if such rating is not issued or endorsed by a credit rating agency established in the European Union "EU" and registered or certified under Regulation (EC) No 1060/2009 of the European Parliament (the "**CRA Regulation**"), as amended from time to time ("**CRA3**") and UK regulated investors are restricted from using a rating for regulatory purposes if such rating is not issued or endorsed by a credit rating agency established in the UK and registered under Regulation (EC) No. 1060/2009 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (as amended) ("**UK CRA Regulation**").

Each of Fitch and Moody's is established in the United Kingdom and registered under the UK CRA Regulation. As such, UK regulated investors are required to use for UK regulatory purposes ratings issued by a credit rating agency established in the UK and registered under the UK CRA Regulation.

The FCA is obliged to maintain on its website, <http://www.fca.org.uk/>, a list of credit rating agencies registered and certified in accordance with the UK CRA Regulation. This list must be updated within five working days of the FCA's adoption of any decision to withdraw the registration of a credit rating agency under the UK CRA Regulation. Therefore, such list is not conclusive evidence of the status of the relevant rating agency as there may be delays between certain supervisory measures being taken against a relevant rating agency and the publication of the updated FCA list. The contents of this website do not form part of this Prospectus and are not incorporated by reference into this Prospectus. Each of Fitch and Moody's are included on the list of registered and certified credit rating agencies that is maintained by the FCA.

The ratings assigned to the Class A Notes by Fitch will be endorsed by Fitch Ratings Ireland which is established in the European Union and registered under the EU CRA Regulation. The ratings assigned to the Class A Notes by Moody's will be endorsed by Moody's Deutschland GmbH which is established in the European Union and registered under the EU CRA Regulation.

Credit Ratings The Rating Agencies' ratings of the Class A Notes address the likelihood that the holders of the Class A Notes will receive all payments to which they are entitled, as described herein. Each rating takes into consideration the characteristics of the Purchased Receivables and the structural, legal, tax and Issuer-related aspects associated with the Class A Notes.

However, the ratings assigned to the Class A Notes do not represent any assessment of the likelihood or level of principal prepayments. The ratings do not address the possibility that the Class A Noteholders might suffer a lower than expected yield due to prepayments or early amortisation or may fail to recoup their initial investments.

According to the latest available version of the Fitch rating definitions dated 24 April 2023 an "AAA" rating denotes the lowest expectation of default risk. It is assigned only in cases of exceptionally strong capacity for payment of financial commitments. This capacity is highly unlikely to be adversely affected by foreseeable events. The suffix 'sf' denotes an issuance that is a structured finance transaction.

According to the latest available version of the Moody's rating definitions dated

9 November 2023 obligations that are rated "Aaa" are judged to be of the highest quality. The suffix 'sf' denotes an issuance that is a structured finance transaction.

The ratings assigned to the Class A Notes should be evaluated independently against similar ratings of other types of securities. A rating is not a recommendation to buy, sell or hold securities and may be subject to revision or withdrawal by the Rating Agencies at any time.

The Issuer has not requested a rating of the Class A Notes by any rating agency other than the Rating Agencies. There can be no assurance as to whether any other rating agency will rate the Class A Notes or, if it does, what rating would be assigned by such other rating agency. The rating assigned to the Class A Notes by such other rating agency could be lower than the respective ratings assigned by the Rating Agencies.

The Issuer has not sought a rating in respect of the Class B Notes.

The assignment of ratings to the Notes is not a recommendation to invest in the Notes. Any credit rating assigned to the Notes may be revised or withdrawn at any time.

Approval, admission to trading and listing

Application has been made to the *Commission de Surveillance du Secteur Financier* (the "**CSSF**") of Luxembourg in its capacity as competent authority under the Regulation (EU) 2017/1129 (the "**Prospectus Regulation**") and the Luxembourg law dated 16 July 2019 on prospectus for securities (*loi relative aux prospectus pour valeurs mobilières* – the "**Prospectus Law 2019**") for the approval of the Prospectus in respect of the Notes. The CSSF only approves this Prospectus as meeting the standards of completeness, comprehensibility and consistency requirements imposed by the Prospectus Regulation and the Prospectus Law 2019. Such approval should neither be considered as an endorsement of the Issuer that is the subject of this Prospectus nor of the quality of the Notes that are the subject of this Prospectus. Investors should make their own assessment as to the suitability of investing in the Notes. Moreover, in the context of such approval, the CSSF neither assumes any responsibility nor gives any undertakings as to the economic and financial soundness of the Transaction UK 2024-1 and the quality or solvency of the Issuer in line with the provisions of article 6(4) of the Prospectus Law 2019. Application has also been made to the Luxembourg Stock Exchange (*Bourse de Luxembourg*) (the "**Luxembourg Stock Exchange**") for the Notes to be listed on the official list of the Luxembourg Stock Exchange on 26 April 2024 (the "**Issue Date**") and admitted to trading on the Luxembourg Stock Exchange's regulated market. The Luxembourg Stock Exchange's regulated market is a regulated market for the purpose of Directive 2014/65/EC of the European Parliament and of the Council of 15 May 2014. This Prospectus constitutes a prospectus for the purpose of Article 6(3) of the Prospectus Regulation. This Prospectus in connection with the Notes, once approved by the CSSF, will be published in electronic form on the website of the Luxembourg Stock Exchange (www.luxse.com).

This Prospectus is valid for a period of twelve months from the date of approval, such period ending on 24 April 2025. After such date, there is no obligation to supplement this Prospectus in the event of significant new factors, material mistakes or material inaccuracies.

Obligations

The Notes will be obligations of the Issuer alone and will not be guaranteed by, or be the responsibility of, any other entity. In particular, the Notes will not be obligations of, or guaranteed by, or be the responsibility of MBFS, its affiliates or any other party to the Transaction SA UK 2024-1 Documents other than the Issuer.

Risk Retention Undertaking

MBFS is the originator for the purposes of Article 2(3) of the UK Securitisation Regulation and the EU Securitisation Regulation. MBFS is legally bound to comply with the provisions of the UK Securitisation Regulation and contractually agrees to comply with the provisions of the EU Securitisation Regulation. MBFS will retain, for the life of the transaction, a material net economic interest of at least 5% in the nominal value of the securitised

exposures, as required by Article 6 of the UK Securitisation Regulation and the EU Securitisation Regulation. As of the Issue Date, such interest will, in accordance with Article 6(3)(d) of the UK Securitisation Regulation and the EU Securitisation Regulation, be retained through the holding of the Class B Notes and the Subordinated Loan. Any change to the manner in which such interest is held will be notified to investors.

Transparency Requirements

The Originator has been designated as "*reporting entity*" pursuant to Article 7 of the UK Securitisation Regulation and the EU Securitisation Regulation (the "**Reporting Entity**"). For further details on the information to be disclosed by the Reporting Entity please see the section entitled "*Compliance with Article 7 of the UK Securitisation Regulation and EU Securitisation Regulation*".

Article 5 Requirements

Each prospective investor and Noteholder, to the extent the UK Securitisation Regulation or EU Securitisation Regulation is applicable to it, is required to independently assess and determine the sufficiency of the information described in the preceding two paragraphs for the purposes of complying with Article 5 et seq. of the UK Securitisation Regulation or EU Securitisation Regulation and neither the Issuer nor MBFS makes any representation that the information described above is sufficient in all circumstances for such purposes.

Each prospective investor and Noteholder is required to independently assess and determine the sufficiency of the information described in the preceding paragraphs of this section and in this Prospectus generally for the purposes of complying with Article 5 of the UK Securitisation Regulation or EU Securitisation Regulation and none of the Issuer, the Seller (in its capacity as the Seller and the Servicer), the Swap Counterparty, nor the Transaction Parties makes any representation that the information described above or in this Prospectus generally is sufficient in all circumstances for such purposes. In addition, each prospective investor should ensure that it complies with the implementing provisions in respect of the EU Securitisation Regulation or UK Securitisation Regulation as applicable in its relevant jurisdiction. Prospective investors who are uncertain as to the requirements which apply to them in respect of their relevant jurisdiction should seek guidance from their regulator and/or independent legal advice on the issue.

None of the Joint Lead Managers, the Managers, their respective Affiliates nor any other person makes any representation, warranty or guarantee that the information provided by any party with respect to the transactions described in the Prospectus are compliant with the requirements of the EU Securitisation Regulation or the UK Securitisation Regulation and no such person shall have any liability to any prospective investor or any other person with respect to the insufficiency of such information or any failure of the transactions contemplated by the Prospectus to satisfy or otherwise comply with the requirements of the EU Securitisation Regulation or the UK Securitisation Regulation.

STS

The Transaction UK 2024-1 is intended to qualify as an STS securitisation within the meaning of Article 18 of the UK Securitisation Regulation.

In accordance with Article 27(1) of the UK Securitisation Regulation as amended by the Securitisation (Amendment) (EU Exit) Regulations 2019, the Seller will provide a notification to the FCA notifying the FCA that the Transaction UK 2024-1 the requirements of Articles 19, 20, 21 and 22 of the UK Securitisation Regulation (the "**UK STS Criteria**") have been satisfied with respect to the issuance of the Notes (the "**UK STS Notification**"). The FCA is obliged to maintain on its website a list of all securitisations which the originators and sponsors have notified as meeting the UK STS Criteria in accordance with Article 27(5) of the UK Securitisation Regulation. For this purpose, the FCA has set up a register

<http://data.fca.org.uk/#/sts/stssecuritisations>.

In relation to such notification, the Originator has been designated as the first contact point for investors and competent authorities. The Originator has also taken responsibility for compliance with Article 7 of the UK Securitisation Regulation in accordance with Article 22(5) of the UK Securitisation Regulation.

As at the Issue Date the Originator is not established in the EU and so the Transaction UK 2024-1 will not qualify as an EU STS securitisation on the basis that the requirements of Article 18 of the EU Securitisation Regulation are not fulfilled and no notification has been submitted to the ESMA in accordance with Article 27 of the EU Securitisation Regulation confirming that the requirements of Articles 18 to 22 of the EU Securitisation Regulation have been satisfied.

For more information on the compliance of the Transaction UK 2024-1 with the STS Criteria please see the section entitled "Compliance with the STS Criteria".

Transaction Summary

The Issuer and MBFS as the Originator intend this Prospectus to constitute a transaction summary or overview of the main features of the transaction contemplated herein for the purposes of Article 7(1)(c) of the UK Securitisation Regulation.

U.S. Risk Retention Rules

The transaction described in this Prospectus is not intended to involve the retention by a sponsor of credit risk for purposes of compliance with the U.S. Risk Retention Rules, but rather intends to rely on the exemption provided for under Section 20 of the U.S. Risk Retention Rules regarding non-U.S. transactions, and no other steps have been taken by the Issuer, the Seller, the Arranger, the Joint Lead Managers, the Managers or any of their respective affiliates or any other party to accomplish such compliance.

Except with the prior written consent of MBFS and where such sale falls within the exemption provided for under Section 20 of the U.S. Risk Retention Rules, the Notes sold on the Issue Date may not be purchased by, or for the account or benefit of, any "U.S. person" as defined in the U.S. Risk Retention Rules ("**Risk Retention U.S. Persons**"). "**U.S. Risk Retention Rules**" means Regulation RR (17 C.F.R Part 246) implementing the risk retention requirements of Section 15G of the U.S. Securities Exchange Act of 1934, as amended. Prospective investors should note that the definition of "U.S. person" in the U.S. Risk Retention Rules is similar to, but not identical to, the definition of "U.S. person" in Regulation S and that persons could be a Risk Retention U.S. Person but not a "U.S. person" under Regulation S. Each Purchaser of Notes, including beneficial interests therein will be deemed to, and in certain circumstances (including as a condition to placing an order relating to the Notes) will be required to, represent and agree that (1) it is not a Risk Retention U.S. Person (2) it is acquiring such Note or a beneficial interest therein for its own account and not with a view to distribute such Note to a U.S. Person; and (3) it is not acquiring such Note or a beneficial interest therein as part of a scheme to evade the requirements of the U.S. Risk Retention Rules.

Notwithstanding the foregoing, the Issuer may, with the prior consent of MBFS, sell a limited portion of the Notes (representing no more than 10 per cent of the sterling value of the Class A Notes and the Class B Notes) to, or for the account or benefit of, Risk Retention U.S. Persons in accordance with an exemption from the U.S. Risk Retention Rules.

Eurosystem Eligibility

On the Issue Date, the Class A Notes will be issued under the new safekeeping structure ("**NSS**"), will be deposited with one of the ICSDs as common safekeeper and are intended to be held in a manner which would allow Eurosystem eligibility. However, the Class A Notes are not expected to be recognised as Eurosystem eligible collateral as the Class A Notes will not satisfy all of the applicable criteria that are currently in force to be recognised

as Eurosystem eligible collateral on issue. See "*CONDITIONS OF THE NOTES — Condition 1 (Form, denomination and title)*".

Volcker Rule

The Issuer is structured not to be a "covered fund" under the regulations adopted to implement section 619 of the Dodd-Frank Wall Street Reform and Consumer Protection Act, commonly known as the "Volcker Rule". In making this determination, the Issuer is relying on the "loan securitization exclusion" under sub-section 10(c)(8) of the Volcker Rule although other exclusions or exemptions may also be available to the Issuer.

EU Benchmarks Regulation

Interest payable under the Class A Notes will be calculated by reference to the Sterling Overnight Index Average ("**SONIA**"), which is provided by the Bank of England (the "**SONIA Administrator**").

As at the date of this Prospectus, the SONIA Administrator does not appear on the register of administrators and benchmarks established and maintained by the European Securities and Markets Authority ("**ESMA**") pursuant to Article 36 of Regulation (EU) 2016/1011 of the European Parliament and of the Council of 8 June 2016 on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment funds and amending Directives 2008/48/EC and 2014/17/EU and Regulation (EU) No 596/2014 (the "**EU Benchmarks Regulation**"). As far as the Issuer is aware, Article 2 of the Benchmarks Regulation applies, such that the SONIA Administrator is not currently required to obtain authorisation or registration (or, if located outside the European Union, recognition, endorsement or equivalence).

UK Benchmarks Regulation

As at the date of this Prospectus, the SONIA Administrator does not appear on the register of administrators and benchmarks established and maintained by the FCA pursuant to the EU Benchmarks Regulation as it forms part of domestic law of the United Kingdom by virtue of the EUWA (the "**UK Benchmarks Regulation**"). The Bank of England is exempt under Article 2 of the UK Benchmarks Regulation but has issued a statement of compliance with the principles for financial benchmarks issued in 2013 by the International Organisation of Securities Commissions.

Significant Investor

It is expected that on the Issue Date MBFS will acquire from the Issuer a material net economic interest of at least 5% in the securitisation through the holding of the Class B Notes and the Subordinated Loan in compliance with its risk retention requirements as described above.

For a discussion of certain significant factors affecting investments in the Notes, see "*RISK FACTORS*".

For reference to the definitions of capitalised terms appearing in this Prospectus, see "*THE MASTER DEFINITIONS SCHEDULE*".

IMPORTANT NOTICE

THE NOTES REPRESENT OBLIGATIONS OF THE ISSUER ONLY AND DO NOT REPRESENT AN INTEREST IN OR OBLIGATION OF ANY OF THE ARRANGER, THE JOINT LEAD MANAGERS, THE MANAGERS, THE SELLER, THE SERVICER (IF DIFFERENT), THE NOTE TRUSTEE, THE SECURITY TRUSTEE, THE DATA TRUSTEE, THE ACCOUNT BANK, THE CUSTODIAN, THE PAYING AGENT, THE INTEREST DETERMINATION AGENT, THE CALCULATION AGENT, THE SWAP COUNTERPARTY, THE CORPORATE SERVICES PROVIDER OR ANY OF THEIR RESPECTIVE AFFILIATES OR ANY OTHER PARTY (OTHER THAN THE ISSUER) TO THE TRANSACTION SA UK 2024-1 DOCUMENTS. IT SHOULD BE NOTED FURTHER THAT THE NOTES WILL ONLY BE CAPABLE OF BEING SATISFIED AND DISCHARGED FROM THE ASSETS OF COMPARTMENT SILVER ARROW UK 2024-1 OF THE ISSUER AND NOT FROM ANY OTHER COMPARTMENT OF THE ISSUER OR FROM ANY OTHER ASSETS OF THE ISSUER. NEITHER THE NOTES NOR THE UNDERLYING PURCHASED RECEIVABLES WILL BE INSURED OR GUARANTEED BY ANY GOVERNMENTAL AUTHORITY OR BY ANY OF THE ARRANGER, THE JOINT LEAD MANAGERS, THE MANAGERS, THE SELLER, THE SERVICER (IF DIFFERENT), THE CALCULATION AGENT, THE NOTE TRUSTEE, THE SECURITY TRUSTEE, THE DATA TRUSTEE, THE ACCOUNT BANK, THE CUSTODIAN, THE PAYING AGENT, THE INTEREST DETERMINATION AGENT, THE SWAP COUNTERPARTY, THE CORPORATE SERVICES PROVIDER OR ANY OF THEIR RESPECTIVE AFFILIATES OR ANY OTHER PARTY (OTHER THAN THE ISSUER) TO THE TRANSACTION SA UK 2024-1 DOCUMENTS OR BY ANY OTHER PERSON OR ENTITY EXCEPT AS DESCRIBED HEREIN.

THE NOTES OFFERED HEREBY HAVE NOT BEEN AND WILL NOT BE REGISTERED UNDER THE UNITED STATES SECURITIES ACT OF 1933, AS AMENDED (THE "**SECURITIES ACT**"), OR ANY STATE SECURITIES LAWS, NOR HAS THE ISSUER BEEN REGISTERED UNDER THE UNITED STATES INVESTMENT COMPANY ACT OF 1940 (THE "**INVESTMENT COMPANY ACT**"). THE ISSUER IS BEING STRUCTURED SO AS NOT TO CONSTITUTE A "COVERED FUND" FOR PURPOSES OF REGULATIONS ADOPTED UNDER SECTION 13 OF THE BANK HOLDING COMPANY ACT OF 1956, AS AMENDED, COMMONLY KNOWN AS THE "VOLCKER RULE." IN MAKING THIS DETERMINATION, THE ISSUER IS RELYING ON THE "LOAN SECURITIZATION" EXCLUSION UNDER SUB-SECTION 10(C)(8) OF THE VOLCKER RULE, ALTHOUGH OTHER EXCLUSIONS OR EXEMPTIONS MAY ALSO BE AVAILABLE TO THE ISSUER.

Governing Law

The Notes and all non-contractual obligations arising out of or in connection with them are governed by, and will be construed in accordance with, English law.

Form of the Notes

Both the Class A Notes and the Class B Notes will be issued in registered form and in the denominations of £125,000 and integral multiples of £1,000 in excess of £125,000, up to and including £249,000. Interests in each of the Class A Notes and the Class B Notes will be represented by an unrestricted global registered note each, a "**Global Note**", without interest coupons attached. The Global Note representing the Class A Notes will be deposited on the Issue Date with one of Euroclear Bank SA/NV, or "**Euroclear**" or Clearstream Banking S.A. or "**Clearstream, Luxembourg**" which will act as the common safekeeper for the Class A Notes. The Global Note representing the Class B Notes will be deposited on or around the Issue Date with a common depository for Clearstream, Luxembourg and Euroclear. Except in certain limited circumstances, the Global Notes will not be exchangeable for unrestricted registered definitive notes, or "definitive notes", and no definitive notes will be issued with a denomination above £249,000.

On the Issue Date, the Class A Notes will be issued under the new safekeeping structure ("**NSS**"), will be deposited with one of the ICSDs as common safekeeper and are intended to be held in a manner which would allow Eurosystem eligibility. However, the Class A Notes are not expected to be recognised as Eurosystem eligible collateral as the Class A Notes will not satisfy all of the applicable criteria that are currently in force to be recognised as Eurosystem eligible collateral on issue. See "**CONDITIONS OF THE NOTES — Condition 1) (Form and Denomination)**".

Payments in respect of the Notes

Interest on the Notes will accrue on the Outstanding Note Principal Amount at a per annum rate equal to: (a)(i) Compounded Daily SONIA (the "**Applicable Benchmark Rate**"), plus (ii) 0.55 per cent (the sum of (i) and (ii) being subject to a floor of zero), in the case of the Class A Notes and (b) 1.30 per cent in the case of the Class B Notes. Interest will be payable in Sterling by reference to successive interest accrual periods (each, an "**Interest Period**") monthly in arrear on the 20th day of each calendar month, subject to the Business Day Convention (each, a "**Payment Date**"). The first payment date will be on 21 May 2024. The Notes will mature on 20 January 2031, subject to the Business Day Convention (the "**Legal Maturity**").

Date"), unless previously redeemed in full. See "*CONDITIONS OF THE NOTES — Condition 7 (Payment of Interest)*".

Prohibition of Sales to EEA Retail Investors

The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("**EEA**"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, "**EU MiFID II**"); or (ii) a customer within the meaning of Directive 2016/97/EU (as amended, the "**Insurance Distribution Directive**"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of EU MiFID II. Consequently no key information document required by Regulation (EU) No 1286/2014 (as amended, the "**EU PRIIPs Regulation**") for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the EU PRIIPs Regulation.

Prohibition of Sales to UK Retail Investors

The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law of the United Kingdom by virtue of the EUWA; or (ii) a customer within the meaning of the provisions of the FSMA and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law of the United Kingdom by virtue of the EUWA (as amended, "**UK MiFIR**"). Consequently no key information document required by Regulation (EU) No 1286/2014 as it forms part of domestic law of the United Kingdom by virtue of the EUWA (as amended, the "**UK PRIIPs Regulation**") for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

UK MIFIR Product Governance / Professional Investors and ECPs Only Target Market

Solely for the purposes of the manufacturer's product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is only eligible counterparties, as defined in the FCA Handbook Conduct of Business Sourcebook ("**COBS**"); and professional clients, as defined in Regulation (EU) No 600/2014 as it forms part of domestic law of the United Kingdom by virtue of the EUWA ("**UK MiFIR**"); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate, noting the responsibility of the manufacturer under COBS only. Any person subsequently offering, selling or recommending the Notes (a "**distributor**") should take into consideration the manufacturer's target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the "**UK MiFIR Product Governance Rules**") is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer's target market assessment) and determining appropriate distribution channels.

EU MiFID II Product Governance / Professional Investors and ECPs Only Target Market

Solely for the purposes of the manufacturer's product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in Directive 2014/65/EU on markets in financial instruments (as amended, "**EU MiFID II**"); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a "**distributor**") should take into consideration the manufacturer's target market assessment; however, a distributor subject to EU MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer's target market assessment) and determining appropriate distribution channels.

Commercial Activities

Certain of the Arranger, the Joint Lead Managers, the Managers and their respective affiliates have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform services for, the Issuer and their affiliates in the ordinary course of business. In addition, in the ordinary course of their business activities, the Arranger, the Joint Lead Managers, the Managers and their respective affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans)

for their own account and for the account of their customers. Such investments and securities activities may involve securities and/or instruments of the Issuer or Issuer's affiliates. Certain of the Arranger, the Joint Lead Managers, the Managers or their respective affiliates that have a lending relationship with the Issuer routinely hedge their credit exposure to the Issuer consistent with their customary risk management policies. Typically, such Arranger, Joint Lead Managers, Managers and their respective affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Notes. Any such short positions could adversely affect future trading prices of the Notes. The Arranger, the Joint Lead Managers, the Managers and their respective affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

Responsibility Statements

The Issuer accepts full responsibility for the information contained in this Prospectus, (notwithstanding that the Seller and Servicer, the Note Trustee, the Security Trustee, the Data Trustee, the Swap Counterparty, the Corporate Services Provider, the Subordinated Lender, the Account Bank, the Custodian, the Calculation Agent, the Interest Determination Agent and Paying Agent, or any other party accepts responsibility in this Prospectus in respect of its own description or information it provides in this Prospectus), **provided that**, with respect to any information included herein and specified to be sourced from a third party (i) the Issuer confirms that any such information has been accurately reproduced and as far as the Issuer is aware and is able to ascertain from the information available to it from such third party, no facts have been omitted, the omission of which would render the reproduced information inaccurate or misleading and (ii) the Issuer has not independently verified any such information and, save as provided under (i) accepts no responsibility for the accuracy hereof. The Issuer has taken all reasonable care to ensure that the information given in this Prospectus is (i) to the best of its knowledge in accordance with the facts and does not omit anything likely to affect its importance and (ii) true and accurate in all material respects and that there are no other material facts the omission of which would make misleading any statement herein, whether of fact or opinion. Each of the Seller, the Servicer and the Subordinated Lender accepts responsibility for any information in this Prospectus relating to the Purchased Receivables, the disclosure of servicing related risk factors, risk factors relating to the Purchased Receivables, the information contained in "*COMPLIANCE WITH THE RETENTION REQUIREMENT*", "*COMPLIANCE WITH ARTICLE 7 OF THE EU SECURITISATION REGULATION AND THE UK SECURITISATION REGULATION*", "*COMPLIANCE WITH UK STS CRITERIA*"; "*EXPECTED MATURITY AND AVERAGE LIFE OF NOTES AND ASSUMPTIONS*", "*PORTFOLIO CHARACTERISTICS AND HISTORICAL DATA*" and "*THE SELLER, THE SERVICER AND THE SUBORDINATED LENDER*". To the best knowledge and belief of the Seller, the Servicer and the Subordinated Lender the information contained in this Prospectus relating to the Purchased Receivables the disclosure of servicing related risk factors, risk factors relating to the Purchased Receivables, the information contained in "*COMPLIANCE WITH THE RETENTION REQUIREMENT*", "*COMPLIANCE WITH ARTICLE 7 OF THE EU SECURITISATION REGULATION and the UK SECURITISATION REGULATION*", "*COMPLIANCE WITH UK STS CRITERIA*"; "*EXPECTED MATURITY AND AVERAGE LIFE OF NOTES AND ASSUMPTIONS*", "*PORTFOLIO CHARACTERISTICS AND HISTORICAL DATA*" and "*THE SELLER, THE SERVICER AND THE SUBORDINATED LENDER*" is in accordance with the facts and does not omit anything likely to affect the import of such information.

Representations about the Notes

No person has been authorised to give any information or to make any representations, other than those contained in this Prospectus, in connection with the issue and sale of the Notes and, if given or made, such information or representations must not be relied upon as having been authorised by the Issuer, the Seller, the Servicer (if different), the Account Bank, the Swap Counterparty, the Corporate Services Provider, the Custodian, the Paying Agent, the Interest Determination Agent, the Calculation Agent, the Data Trustee and the Note Trustee, the Security Trustee (all as defined below) or by the Arranger, or the Joint Lead Managers or the Managers shown on the cover page or by any other party mentioned herein and neither the Arranger, each Joint Lead Manager or each Manager is responsible for the execution, legality, effectiveness, adequacy, genuineness, validity, enforceability or admissibility in evidence of the Notes or any such other agreement or document.

Information regarding policies and procedures of the Seller

The Seller has internal policies and procedures in relation to the granting of credit, administration of credit-risk bearing portfolios and risk mitigation. The policies and procedures of the Seller in this regard broadly include the following:

- (a) criteria for the granting of credit and the process for approving, amending, renewing and refinancing credits, as to which please see further the section of the Prospectus headed "THE SELLER, THE SERVICER AND THE SUBORDINATED LENDER";
- (b) systems in place to administer and monitor the various credit-risk bearing portfolios and exposures, as to which we note that the Portfolio will be serviced in line with the usual servicing procedures of the Seller – please see further the section of the Prospectus headed "OVERVIEW OF THE PRINCIPAL TRANSACTION SA UK 2024-1 DOCUMENTS – Servicing Agreement";
- (c) diversification of credit portfolios given the Seller's target market and overall credit strategy, as to which, in relation to the Portfolio, please see the section of the Prospectus headed "DESCRIPTION OF THE PORTFOLIO"; and
- (d) policies and procedures in relation to risk mitigation techniques, as to which please see further the sections of the Prospectus headed "THE SELLER, THE SERVICER AND THE SUBORDINATED LENDER".

Eligible Securities

Certain investors in the Notes may wish to consider the use of the Notes as eligible securities for the purposes of the Bank of England's Discount Window Facility ("**DWF**") and the Term Funding Scheme with additional incentives for small and medium sized enterprises ("**TFSME**"). Recognition of the Notes as eligible securities for the purposes of the DWF or TFSME will depend upon satisfaction of the eligibility criteria as specified by the Bank of England. If the Notes do not satisfy the criteria specified by the Bank of England, there is a risk that the Notes will not be eligible DWF or TFSME collateral. In addition, whilst central bank schemes such as, amongst others, the Bank of England's Sterling Monetary Framework, the Funding for Lending Scheme, the Term Funding Scheme or the European Central Bank's liquidity scheme have provided an important source of liquidity in respect of eligible securities, as at the date of this Prospectus, use of such schemes (other than the TFSME) is restricted to the maintenance of existing drawings by participants. None of the Issuer, the Arranger, the Joint Lead Managers, the Managers nor any of their respective affiliates give any representation, warranty, confirmation or guarantee to any investor in the Notes that the Notes will, either upon issue, or at any time during their life, satisfy all or any requirements for DWF or TFSME eligibility and be recognised as eligible DWF or TFSME collateral. Any potential investors in the Notes should make their own determinations and seek their own advice with respect to whether or not the Notes constitute eligible DWF or TFSME collateral.

Selling Restrictions

The Notes have not been, and will not be, registered under the Securities Act. The Notes may be offered outside the United States in accordance with Regulation S under the Securities Act ("**Regulation S**"), and may not be offered or sold within the United States or to, or for the account or benefit of, US persons except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act. The Notes will be issued in registered form and are subject to certain United States tax law requirements.

Except with the prior written consent of MBFS and where such sale falls within the exemption provided for under Section 20 of the U.S. Risk Retention Rules, the Notes sold on the Issue Date may not be purchased by, or for the account or benefit of, any "**U.S. person**" as defined in the U.S. Risk Retention Rules ("**Risk Retention U.S. Persons**"). "**U.S. Risk Retention Rules**" means Regulation RR (17 C.F.R. Part 246) implementing the risk retention requirements of Section 15G of the U.S. Securities Exchange Act of 1934, as amended. Prospective investors should note that the definition of "U.S. person" in the U.S. Risk Retention Rules is similar to, but not identical to, the definition of "U.S. person" in Regulation S and that persons could be a Risk Retention U.S. Person but not a "U.S. person" under Regulation S. Each Purchaser of Notes, including beneficial interests therein will be deemed to, and in certain circumstances (including as a condition to placing an order relating to the Notes) will be required to, represent and agree that (1) it is not a Risk Retention U.S. Person (2) it is acquiring such Note or a beneficial interest therein for its own account and not with a view to distribute such Note to a U.S. Person; and (3) it is not acquiring such Note or a beneficial interest therein as part of a scheme to evade the requirements of the U.S. Risk Retention Rules.

Notwithstanding the foregoing, the Issuer may, with the prior consent of the MBFS, sell a limited portion of the Notes (representing no more than 10 per. cent of the sterling value of the Class A Notes and the Class B Notes) to, or for the account or benefit of, Risk Retention U.S. Persons in accordance with an exemption from the U.S. Risk Retention Rules.

The transaction is not intended to involve the retention of credit risk for purposes of compliance with the U.S. Risk Retention Rules, but rather intends to rely on the exemption under Section 20 of the U.S. Risk Retention Rules regarding non-U.S. transactions, and no other steps other than as specified in this section regarding Selling Restrictions have been taken by the Issuer, the Seller, the Arranger, the Joint Lead Managers and the Managers or any of their affiliates or any other party to accomplish such compliance.

Neither the delivery of this Prospectus nor any offering, sale or delivery of any Notes shall, under any circumstances, create any implication (i) that the information in this Prospectus is correct as of any time subsequent to the date hereof, or (ii) that there has been no adverse change in the financial situation of the Issuer or with respect to MBFS since the date of this Prospectus or the balance sheet date of the most recent financial statements of the Issuer which are deemed to be incorporated into this Prospectus or (iii) that any other information supplied in connection with the issue of the Notes is correct at any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same.

No action has been taken by the Issuer or the Seller, the Arranger, the Joint Lead Managers and the Managers other than as set out in this Prospectus that would permit a public offering of the Notes, or possession or distribution of this Prospectus or any other offering material in any country or jurisdiction where action for that purpose is required. Accordingly, no Notes may be offered or sold, directly or indirectly, and neither this Prospectus (nor any part hereof) nor any information memorandum, Prospectus, form of application, advertisement or other offering materials may be issued, distributed or published in any country or jurisdiction except in compliance with applicable laws, orders, rules and regulations, and the Issuer, the Seller, the Arranger, the Joint Lead Managers, the Managers have represented that all offers and sales by them have been made on such terms.

This Prospectus may only be used for the purposes for which it has been published. This Prospectus does not constitute an offer to sell or the solicitation of an offer to buy any securities other than the securities to which it relates or an offer to sell or the solicitation of any offer to buy any of the securities offered hereby in any circumstances in which such offer or solicitation is unlawful. The distribution of this Prospectus (or of any part thereof) and the offering and sale of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Prospectus (or any part thereof) may come, are required by the Issuer, the Seller, the Arranger, the Joint Lead Managers and the Managers to inform themselves about and to observe any such restrictions. This Prospectus does not constitute, and may not be used for, or in connection with, an offer or solicitation by anyone in any jurisdiction in which such offer or solicitation is not authorised or to any person to whom it is unlawful to make such offer or solicitation. For a further description of certain restrictions on offerings and sales of the Notes and distribution of this Prospectus (or of any part thereof), see "*SUBSCRIPTION AND SALE*".

The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the EEA or the UK.

If you are in any doubt about the contents of this document you should consult, as appropriate, your legal advisor, stockbroker, bank manager, accountant or other financial advisor.

An investment in these Notes is only suitable for financially sophisticated investors who are capable of evaluating the merits and risks of such investment and who have sufficient resources to be able to bear any Losses which may result from such investment.

It should be remembered that the price of securities and the income deriving from them may decrease.

Interpretation

In this Prospectus, unless otherwise specified or the context otherwise requires, references to "£", "Sterling" and "Pounds Sterling" are references to the lawful currency for the time being of the United Kingdom of Great Britain and Northern Ireland.

In this Prospectus, unless otherwise specified or the context otherwise requires, references to "€" and "euros" are to the lawful currency of the Member States of the European Union that have adopted or adopt the single currency in accordance with the Treaty establishing the European Community (signed in Rome on 25 March, 1957), as amended by the Treaty on European Union (signed in Maastricht on 7 February, 1992), as amended by the Treaty of Amsterdam (signed in Amsterdam on 2 November, 1997), as

amended by the Treaty of Nice (signed in Nice on 26 February 2001, as amended by the Treaty of Lisbon (signed in Lisbon on 13 December 2007)) and as subsequently amended from time to time.

Certain figures included in this Prospectus have been subject to rounding adjustments. Accordingly, figures shown for the same category in different tables may vary slightly and figures shown as totals in certain tables may not be an arithmetic aggregation of the figures which precede them.

Capitalised terms used in this Prospectus, unless otherwise indicated, have the meanings set out in this Prospectus. An index of defined terms appears at the end of this Prospectus in the section headed "*INDEX OF DEFINED TERMS*".

For the purposes of the Prospectus Regulation, references to "listing" can be taken to read "admission to trading".

RISK FACTORS

THE PURCHASE OF CERTAIN NOTES MAY INVOLVE SUBSTANTIAL RISKS AND BE SUITABLE ONLY FOR INVESTORS WHO HAVE THE KNOWLEDGE AND EXPERIENCE IN FINANCIAL AND BUSINESS MATTERS NECESSARY TO ENABLE THEM TO EVALUATE THE RISKS AND THE MERITS OF AN INVESTMENT IN THE NOTES. PRIOR TO MAKING AN INVESTMENT DECISION, PROSPECTIVE INVESTORS SHOULD CONSIDER CAREFULLY IN LIGHT OF THEIR OWN FINANCIAL CIRCUMSTANCES AND INVESTMENT OBJECTIVES ALL THE INFORMATION SET FORTH IN THIS PROSPECTUS AND IN PARTICULAR, THE CONSIDERATIONS SET FORTH BELOW. PROSPECTIVE INVESTORS SHOULD MAKE SUCH INQUIRIES AS THEY DEEM NECESSARY WITHOUT RELYING ON THE ISSUER, THE MANAGERS, THE JOINT LEAD MANAGERS OR THE ARRANGER OR ANY OTHER PARTY REFERRED TO HEREIN.

The Issuer believes that the following factors may affect its ability to fulfil its obligations under the Notes. These factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring.

In addition, factors which are material for the purpose of assessing the market risks associated with the Notes are also described below.

The Issuer believes that the factors described below represent the principal risks inherent in investing in the Notes, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with any Notes may occur for other reasons. Accordingly, prospective investors should consider the detailed information set out elsewhere in this Prospectus. Although the Issuer believes that the various structural elements described in this document mitigate some of these risks for Noteholders, there can be no assurance that these measures will be sufficient to ensure payment to Noteholders of interest, principal or any other amounts on or in connection with the Notes on a timely basis or at all. Additional risks and uncertainties not presently known to the Issuer or that the Issuer currently believes to be immaterial could also have a material impact on the Issuer's financial strength in relation to its Compartment Silver Arrow UK 2024-1.

As more than one risk factor can affect the Notes simultaneously, the effect of a single risk factor cannot be accurately predicted. Additionally, risk factors may have a cumulative effect, the extent of which is uncertain, so that the combined effect on the Notes cannot be accurately predicted. No binding statement can be given on the effect of a combination of risk factors on the Notes.

Various factors that may affect the Issuer's ability to fulfil its obligations under the Notes are categorised below as either (i) risks relating to the Issuer, (ii) risks relating to the Notes, (iii) risks relating to the Purchased Receivables, (iv) risks relating to the Transaction Parties; (v) risks relating to the structure, (vi) legal and regulatory risks relating to the Purchased Receivables; (vii) legal, macro-economic and regulatory risks relating to the Notes; and (viii) risks relating to the characteristics of the Notes. Several risks may fall into more than one of these seven categories and investors should therefore not conclude from the fact that a risk factor is discussed under a specific category that such risk factor could not also be discussed under one or more other categories.

I. Risks relating to the Issuer

Limited resources of the Issuer

Silver Arrow S.A, acting in respect of its Compartment Silver Arrow UK 2024-1 (the "**Company**") is a special purpose entity organised under and governed by the Luxembourg Securitisation Law and, in respect of Compartment Silver Arrow UK 2024-1, with no business operations other than the issue of the Notes, the financing of the purchase of the Portfolio and the entrance into the related Transaction SA UK 2024-1 Documents. Assets and proceeds of the Company in respect of Compartments other than Compartment Silver Arrow UK 2024-1 will not be available for payments under the Notes. Therefore, the ability of the Issuer to meet its obligations under the Notes will depend, *inter alia*, upon receipt of:

- payments of Collections under the Purchased Receivables;
- Recovery Collections;
- any Repurchase Price due from the Seller under the Receivables Purchase Agreement;
- the amount standing to the credit of the General Reserve Account;
- net interest earned on the General Reserve Account and the Operating Account; and

- payments, if any, under the other Transaction SA UK 2024-1 Documents in accordance with the terms thereof.

Other than the foregoing, the Issuer will have no other funds available to meet its obligations under the Notes.

Insolvency of the Issuer

The Company is a public limited liability company (*société anonyme*) incorporated under the laws of Luxembourg, has its registered office in Luxembourg and is managed by its directors. Accordingly, bankruptcy proceedings with respect to the Company would likely proceed under, and be governed by, the bankruptcy laws of Luxembourg. Under Luxembourg law, a company is bankrupt ("*en faillite*") when it is unable to meet its current liabilities and when its creditworthiness is impaired. The conditions for opening bankruptcy proceedings are the cessation of payments ("*cessation des paiements*") and the loss of creditworthiness ("*ébranlement du crédit*"). Other insolvency proceedings under Luxembourg law include moratorium of payments ("*sursis de paiement*") of the Issuer, administrative dissolution without liquidation ("*dissolution administrative sans liquidation*"), judicial liquidation proceedings ("*liquidation judiciaire*"), judicial reorganisation ("*réorganisation judiciaire*"), or any reorganisation pursuant to the Luxembourg law dated 7 August 2023 on business continuity and the modernisation of bankruptcy.

In particular, under Luxembourg bankruptcy law, certain acts deemed to be abnormal and carried out by the bankrupt party during the so-called "suspect period" or the ten days preceding the "suspect period" may be unenforceable against the bankruptcy estate of such party. Whilst the unenforceability is compulsory in certain cases, it is optional in other cases. The "suspect period" is the period that lapses between the date of cessation of payments (*cessation des paiements*), as determined by the bankruptcy court, and the date of the court order declaring the bankruptcy. The "suspect period" cannot exceed six months.

Under Article 445 of the Luxembourg Code of Commerce: (a) a contract for the transfer of movable or immovable property entered into or carried out without consideration, or a contract or transaction entered into or carried out with considerably insufficient consideration for the insolvent party; (b) a payment, whether in cash or by transfer, assignment, sale, set-off or otherwise for debts not yet due, or a payment other than in cash or bills of exchange for debts due or (c) a contractual or judiciary mortgage, pledge, or charge on the debtor's assets for previously contracted debts, would each be unenforceable against the bankruptcy estate if carried out during the suspect period or ten days preceding the suspect period.

According to Article 61(4) second paragraph of the Luxembourg Securitisation Law and without prejudice to the provisions of the law of 5 August 2005 on financial collateral arrangements, as amended, the validity and perfection of each of the security interests mentioned under item (c) in the above paragraph cannot be challenged by a bankruptcy receiver with respect to Article 445 of the Luxembourg Code of Commerce and such security interests are hence enforceable even if they were granted by the company during "suspect period" or the ten days preceding the "suspect period". However, Article 61(4) second paragraph of the Luxembourg Securitisation Law is only applicable if (i) the articles of incorporation of the company granting the security interests are governed by the Luxembourg Securitisation Law and (ii) the company granted the respective security interest no later than the issue date of the securities or at the conclusion of the agreements secured by such security interest. In other words, the Security Documents entered into in accordance with Article 61(4) second paragraph of the Luxembourg Securitisation Law and hence no later than the date of the issue of the Notes or the conclusion of the agreements secured by the security could not be challenged by a bankruptcy receiver even if granted by the Issuer during the "suspect period" or ten days preceding such "suspect period".

Under Article 446 of the Luxembourg Code of Commerce, any payments made by the bankrupt debtor in the suspect period may be rescinded if the creditor was aware of the cessation of payment of the debtor.

Under Article 448 of the Luxembourg Code of Commerce, transactions entered into by the bankrupt debtor with the intent to deprive its creditors are null and void (Article 448 of the Code of Commerce), regardless of the date on which they were made.

If the Issuer is declared bankrupt, a competent court in Luxembourg may consider that the Issuer's entry into the Transaction and the Transaction SA UK 2024-1 Documents has been carried out within the so-called "suspect period". In such case, any payment of principal or interest in respect of the Notes could be unenforceable against the Issuer, in application of sub (b) of Article 445 of the Luxembourg Code of Commerce and Noteholders could face the risk of non-recovery of payments due under the Notes.

The Company can be declared bankrupt upon petition by a creditor of the Company or at the initiative of the court or at the request of the Company in accordance with the relevant provisions of Luxembourg insolvency law. The conditions for opening bankruptcy proceedings are the stoppage of payments

("cessation des paiements") and the loss of commercial creditworthiness ("ébranlement du crédit commercial"). The failure of controlled management proceedings may also constitute grounds for opening bankruptcy proceedings. If the above-mentioned conditions are satisfied, the Luxembourg court will appoint a bankruptcy trustee ("curateur") who shall be the sole legal representative of the Company and obliged to take such action as he deems to be in the best interests of the Company and of all creditors of the Company. Certain preferred creditors of the Company (including the Luxembourg tax authorities) may have a privilege that ranks senior to the rights of the Noteholders in such circumstances. Other insolvency proceedings under Luxembourg law include controlled management and moratorium of payments ("gestion contrôlée et sursis de paiement") of the Issuer, composition proceedings ("concordat") and judicial liquidation proceedings ("liquidation judiciaire").

While the transaction structure is designed to minimise the likelihood of the Issuer becoming insolvent, there can be no assurance that the Issuer will not become insolvent and/or the subject of insolvency proceedings and/or that the Noteholders would not be adversely affected by the application of insolvency laws.

Compartments

The Notes will be contractual obligations of the Company solely in respect of Compartment Silver Arrow UK 2024-1. No third party guarantees the fulfilment of the Issuer's obligations under the Notes. Consequently, the Noteholders have no rights of recourse against such third parties. In connection with the above it has also to be noted that, pursuant to Article 62 of the Luxembourg Securitisation Law, where individual compartment assets are insufficient for the purpose of meeting the Company's obligations under a respective issuance, it is not possible for the noteholders in that Compartment's issuance to obtain the satisfaction of the debt owed to them by the Company from assets belonging to another compartment. Consequently, the Noteholders may have the risk of not being able to receive any income in respect of their investment or, at worst, of being unable to recover their initial investment.

Sharing proceeds with other Secured Parties

The proceeds of collection and enforcement of the Security created by the Issuer in favour of the Security Trustee will be distributed in accordance with the applicable Priority of Payments to satisfy claims of all Secured Parties thereunder. If the proceeds are not sufficient to satisfy all obligations of the Issuer certain parties that rank more junior in the applicable Priority of Payments will suffer a Loss. See "PRE-ENFORCEMENT PRIORITY OF PAYMENTS" and "POST-ENFORCEMENT PRIORITY OF PAYMENTS".

II. Risks relating to the Notes

Liability under the Notes

The Notes will be contractual obligations of the Company solely in respect of Compartment Silver Arrow UK 2024-1. The Notes will not be obligations or responsibilities of, or guaranteed by, any of the Seller, the Servicer (if different), the Note Trustee, the Security Trustee, the Data Trustee, the Paying Agent, the Interest Determination Agent, the Account Bank, the Custodian, the Calculation Agent, the Arranger, the Joint Lead Managers, the Managers or any of their respective Affiliates or any Affiliate of the Issuer or any other party to the Transaction SA UK 2024-1 Documents (other than the Company solely in respect of its Compartment Silver Arrow UK 2024-1) or any other third person or entity other than the Company. Furthermore, no person other than the Issuer solely in respect of its Compartment Silver Arrow UK 2024-1 will accept any liability whatsoever to the Noteholders in respect of any failure by the Issuer to pay any amount due under the Notes. The Company will not be liable whatsoever to the Noteholders in respect of any of its Compartments (or assets relating to such Compartments) other than Compartment Silver Arrow UK 2024-1.

If any of the events which require the Security Trustee to take action should occur, the Security Trustee will have legal access to the Security only. The Security Trustee itself is not a guarantor, nor have any guarantees been given by other Transaction Parties, with respect to which the Security Trustee could assert claims on behalf of the Noteholders and/or the Subordinated Lender.

All payment obligations of the Issuer under the Notes constitute exclusively obligations to pay out the sums standing to the credit of the Distribution Account, the General Reserve Account, the Swap Collateral Account, the Servicing Fee Reserve Account (only following a Servicer Termination Event) and the proceeds from the Security, in each case in accordance with the applicable Priority of Payments. If, following the enforcement of the Security, the Available Distribution Amount proves ultimately insufficient, after payment of all claims ranking in priority to amounts due under the Notes, to pay in full all principal and interest and other amounts whatsoever due in respect of the Notes, any shortfall arising will be extinguished and the Noteholders will neither have any further claim against the Issuer in respect of any such amounts nor have recourse to any other person for the Loss sustained. The enforcement of the

Security by the Security Trustee is the only remedy available to the Noteholders for the purpose of recovering amounts payable in respect of the Notes. Such assets and the Available Distribution Amount will be deemed to be "ultimately insufficient" at such time as no further assets are available and no further proceeds can be realised therefrom to satisfy any outstanding claim of the Noteholders, and neither assets nor proceeds will be so available thereafter.

Weighted average lives of Class A Notes

The weighted average lives of each of the Class A Notes is volatile. In the event that the Purchased Receivables are prematurely terminated, in arrear, or otherwise settled early, the principal repayment of the Class A Notes may be earlier or later than expected and, therefore, the yield on the Notes may be adversely affected by a higher or lower than anticipated rate of prepayment of the Purchased Receivables. The rate of prepayment of the Purchased Receivables cannot be predicted and is influenced by a wide variety of economic and other factors, including prevailing interest rates, the buoyancy of the auto finance market, the availability of alternative financing and local and regional economic conditions. Therefore, no assurance can be given as to the level of prepayment that the Purchased Receivables will experience. Based on assumed rates of prepayment the approximate average lives and principal payment windows of the Notes are set out in the section entitled "*EXPECTED MATURITY AND AVERAGE LIFE OF NOTES AND ASSUMPTIONS*".

However, the actual characteristics and performance of the Purchased Receivables will differ from such assumptions and any difference will affect the percentages of the initial amount outstanding of the Notes which are outstanding over time and the weighted average lives of the Notes. See the section "*EXPECTED MATURITY AND AVERAGE LIFE OF NOTES AND ASSUMPTIONS*".

Ratings of the Class A Notes

The ratings assigned to the Class A Notes by the Rating Agencies take into consideration the structural and legal aspects associated with the Class A Notes and the underlying Purchased Receivables, the credit quality of the Portfolio, the extent to which the Obligor's payments under the Purchased Receivables are sufficient to make the payments required under the Notes as well as other relevant features of the structure, including, *inter alia*, the credit quality of the Account Bank, the Seller and the Servicer (if different). The Rating Agencies' rating reflects only the view of the Rating Agencies. Each rating assigned to the Class A Notes addresses the likelihood of full and timely payment to the Class A Noteholders of all payments of interest on the Class A Notes on each Payment Date and the ultimate payment of principal on the Legal Maturity Date of the Class A Notes. Rating organisations other than the Rating Agencies may seek to rate the Class A Notes and, if such "shadow ratings" or "unsolicited ratings" are lower than the comparable ratings assigned to the Class A Notes by the Rating Agencies, such shadow or unsolicited ratings could have an adverse effect on the value of the Class A Notes. Future events, including events affecting the Account Bank, the Seller and the Servicer (if different) could also have an adverse effect on the rating of the Class A Notes.

A rating in respect of certain securities is not a recommendation to buy, sell or hold such securities and may be subject to revision or withdrawal at any time by the relevant rating organisation. The ratings assigned to the Class A Notes should be evaluated independently from similar ratings on other types of securities. There is no assurance that the ratings of the Class A Notes will continue for any period of time or that they will not be lowered, reviewed, suspended or withdrawn by the Rating Agencies. In addition, the continued rating of the Class A Notes will be, *inter alia*, dependent on the Issuer fulfilling its notification requirements to the relevant Rating Agencies. In the event that the ratings initially assigned to the Class A Notes by the Rating Agencies are subsequently withdrawn or lowered for any reason, no person or entity is obliged to provide any additional support or credit enhancement to the Class A Notes.

The EU CRA Regulation and the UK CRA Regulation introduced a requirement that where an issuer or related third parties (which term includes sponsors and originators) intends to solicit a credit rating of a structured finance instrument, the issuer will appoint at least two credit rating agencies to provide ratings independently of each other, and should, among those, consider appointing at least one rating agency having not more than a 10 per cent. total market share. The Issuer, after having duly considered the appointment of a small CRA, has appointed Fitch and Moody's. As there is no guidance on the requirements for any such documentation, there remains some uncertainty whether the Issuer's documentation efforts will be considered sufficient for these purposes and what the consequences of any non-compliance may be for investors in the Notes.

Interest on the Class A Notes

The interest rate payable by the Issuer with respect to the Class A Notes is calculated as the sum of (i) Compounded Daily SONIA (the "**Applicable Benchmark Rate**"), plus (ii) the Relevant Margin (the sum of (i) and (ii) is subject to a floor of zero) as set out in the Conditions. In the event that the Applicable

Benchmark Rate were to fall to a negative rate which exceeds the Relevant Margin, the Class A Noteholders will not receive any interest payments on the Class A Notes.

Interest Rate Risk/Risk of Swap Counterparty Insolvency

Payments in respect of the Purchased Receivables made to the Seller by an Obligor under a Financing Contract comprise monthly amounts calculated with respect to a fixed interest rate which may be different to the Applicable Benchmark Rate which is the rate of interest (plus a margin) payable on the Class A Notes.

The Issuer has entered into the Swap Agreement. The purpose of the Swap Agreement is to mitigate the interest rate risk of the Issuer arising in connection with the issuance of the Class A Notes. The Swap Agreement consists of an ISDA Master Agreement, the associated schedule, a confirmation and a credit support annex.

Pursuant to the Swap Agreement entered into by the Issuer and the Swap Counterparty (which shall be an Eligible Swap Counterparty) in relation to the Class A Notes, the Issuer will pay to the Swap Counterparty on each Payment Date an amount equal to the product of (i) the Swap Notional Amount and (ii) the Swap Fixed Rate and (iii) the Day Count Fraction.

In return, the Swap Counterparty will pay to the Issuer on each Payment Date an amount equal to the product of (i) the Swap Notional Amount and (ii) a rate equal to the Applicable Benchmark Rate and (iii) the Day Count Fraction.

During those periods in which the floating rate payable by the Swap Counterparty under the Swap Agreement is substantially greater than the fixed rate payable by the Issuer under the Swap Agreement, the Issuer will be more dependent on receiving payments from the Swap Counterparty in order to make interest payments on the Notes. If the Swap Counterparty fails to pay any amounts when due under the Swap Agreement, the Collections from Purchased Receivables and the General Reserve Account may be insufficient to make the required payments on the Class A Notes and the Noteholders may experience delays and/or reductions in the interest and principal payments on the Notes.

During periods in which the floating rate payable by the Swap Counterparty under the Swap Agreement is less than the fixed rate payable by the Issuer under the Swap Agreement, the Issuer will be obliged to make a payment to the Swap Counterparty. The Swap Counterparty's claims for payment (including certain termination payments required to be made by the Issuer upon a termination of a Swap Agreement) under the Swap Agreement will be higher in priority than all payments on the Notes. If a payment under the Swap Agreement is due to the Swap Counterparty on any Payment Date, the Purchased Receivables and the General Reserve Account may be insufficient to make the required payments on the Class A Notes and the Noteholders may experience delays and/or reductions in the interest and principal payments under the Class A Notes.

Notwithstanding the foregoing, in the event the rate equal to the Applicable Benchmark Rate calculated under the Swap Agreement is negative for any given calculation period such that the floating amount due and payable by the Swap Counterparty to the Issuer would be a negative amount, the payment obligation in respect of such calculation period and such negative amount will be reversed such that:

- (a) the Swap Counterparty is not required to pay to the Issuer the absolute value of such negative amount; and
- (b) the Issuer shall instead pay to the Swap Counterparty the absolute value of such negative amount.

Changes to such rate may therefore adversely affect payments to be made under the Swap Agreement, which could result in the Issuer having insufficient amounts available to it to make required payments on the Class A Notes and as a result the Noteholders may experience delays and/or reductions in the interest and principal payments under the Notes.

If the Swap Fixed Rate under the Swap Agreement is specified as negative, the payment obligations of each party shall be similarly reversed in respect of any fixed amount due and payable for any calculation period.

Absence of secondary market liquidity and market value of the Notes

Although application will be made to the Luxembourg Stock Exchange for the Notes to be listed on the official list and to be admitted to trading on the regulated market of the Luxembourg Stock Exchange, there is currently no secondary market for the Notes. There can be no assurance that there will be bids and

offers and that a liquid secondary market for the Notes will develop or that a market will develop for the Notes or, if it develops, that it provides sufficient liquidity to absorb any bids, or that it will continue for the whole life of the Notes.

Further, limited liquidity in the secondary market for asset-backed securities has had a severe adverse effect on the market value of asset-backed securities and may continue to have a severe adverse effect on the market value of asset-backed securities, especially those securities that are more sensitive to prepayment, credit or interest rate risk and those securities that have been structured to meet the investment requirements of limited categories of investors. Consequently, any purchaser of the Notes must be prepared to hold such Notes for an indefinite period of time or until final redemption or maturity of such Notes. The market values of the Notes are likely to fluctuate. Any such fluctuation may be significant and could result in significant losses to investors in the Notes. In addition, the forced sale into the market of asset-backed securities held by structured investment vehicles, hedge funds, issuers of collateralised debt obligations and other similar entities that are currently experiencing funding difficulties could adversely affect an investor's ability to sell, and/or the price an investor receives for, the Notes in the secondary market.

Consequently, any sale of the Notes by the Noteholders in any secondary market transaction may be at a discount to the original purchase price of such Notes. Accordingly, investors should be prepared to remain invested in the Notes until the Legal Maturity Date.

The market continues to develop in relation to SONIA as a reference rate for the Class A Notes

As noted above, the interest rate payable by the Issuer with respect to the Class A Notes is Compounded Daily SONIA (as defined in the Conditions) (the "**Applicable Benchmark Rate**").

Investors should be aware that the market continues to develop in relation to SONIA as a reference rate in the capital markets and its adoption as an alternative to Sterling LIBOR.

In particular, market participants and relevant working groups are exploring alternative reference rates based on SONIA, including term SONIA reference rates (which seek to measure the market's forward expectation of an average SONIA over a designated term). As a result, the market or a significant part thereof may adopt an application of SONIA that differs significantly from that set out in the Notes Conditions and used in relation to Notes that reference a SONIA rate issued under this Prospectus. Equally in such circumstances it may be difficult for the Issuer to find any future required Swap Counterparty to properly hedge its interest rate exposures should the Swap Counterparty need to be replaced and the Notes at that time use an application of SONIA that differs from products then prepared to be hedged by such swap providers. Interest on Notes which reference a SONIA rate is only capable of being determined at the end of the relevant Observation Period and immediately prior to the relevant Payment Date. It may be difficult for investors in Notes which reference a SONIA rate to reliably estimate the amount of interest which will be payable on such Notes. In addition, the manner of adoption or application of SONIA reference rates in the bond markets may differ materially compared with the application and adoption of SONIA in other markets, such as the derivatives and loan markets. Investors should carefully consider how any mismatch between the adoption of SONIA reference rates across these markets may impact any hedging or other financial arrangements which they may put in place in connection with any acquisition, holding or disposal of Notes referencing SONIA. Investors should carefully consider these matters when making their investment decision with respect to any such Notes.

Changes or uncertainty in respect of SONIA may affect the value and payment of interest under the Notes

Various interest rates and other indices which are deemed to be "benchmarks", including SONIA, are the subject of recent national and international regulatory reforms and proposals for reform. Some of these reforms are already effective whilst others are still to be implemented including the EU Benchmarks Regulation.

Under the EU Benchmarks Regulation, which applied as from 1 January 2018 in general, new requirements apply with respect to the provision of a wide range of benchmarks (including Compounded Daily SONIA), the contribution of input data to a benchmark and the use of a benchmark within the European Union. In particular, the EU Benchmarks Regulation, among other things, (i) requires benchmark administrators to be authorised or registered (or, if non-EU-based, to be subject to an equivalent regime or otherwise recognised or endorsed) and to comply with extensive requirements in relation to the administration of benchmarks and (ii) prevent certain uses by EU-supervised entities of benchmarks of administrators that are not authorised or registered (or, if non-EU based, deemed equivalent or recognised or endorsed). The scope of the EU Benchmarks Regulation is wide and applies to many interest rates, foreign exchange rate indices and other indices where used to determine the amount payable under or the value or performance of certain financial instruments traded on a trading venue (EU regulated market, EU

multilateral trading facility, EU organised trading facility) or via a systematic internaliser, certain financial contracts and investment funds.

The UK Benchmarks Regulation contains similar requirements with respect to the UK, in particular the requirement for benchmark administrators to be authorised or registered (or, if non-UK-based, to be subject to an equivalent regime or otherwise recognised or endorsed) and to comply with extensive requirements in relation to the administration of benchmarks and prevent certain uses by UK-supervised entities of benchmarks of administrators that are not authorised or registered (or, if non-UK based, deemed equivalent or recognised or endorsed). Pursuant to section 20 of the Financial Services Act 2021, the transitional period for third country benchmarks has been extended from 31 December 2022 to 31 December 2025.

Based on the foregoing, investors should be aware that any of these reforms or pressures described above or any other changes to a relevant interest rate benchmark could affect the level of the published rate, including to cause it to be lower and/or more volatile than it would otherwise be, or may cause such benchmarks to be discontinued entirely or to perform differently than in the past (as a result of a change in methodology or otherwise), create disincentives for market participants to continue to administer or participate in certain benchmarks or have other consequences which cannot be predicted.

The Class A Notes Interest Rate will be determined on the basis of Compounded Daily SONIA (as defined in the Conditions). Compounded Daily SONIA differs from LIBOR for Sterling deposits in a number of material respects, including (without limitation) that Compounded Daily SONIA is a backwards-looking, compounded, risk-free overnight rate, whereas LIBOR is expressed on the basis of a forward-looking term and includes a risk-element based on inter-bank lending. As such, investors should be aware that LIBOR and Compounded Daily SONIA may behave materially differently as interest reference rates for the Notes and under the Swap Agreement. The use of Compounded Daily SONIA as a reference rate for debt securities is nascent, and is subject to change and development, both in terms of the substance of the calculation and in the development and adoption of market infrastructure for the issuance and trading of bonds referencing Compounded Daily SONIA.

Accordingly, prospective investors in the Notes should be aware that the market continues to develop in relation to SONIA as a reference rate in the capital markets and its adoption as an alternative to Sterling LIBOR. For example, in the context of backwards-looking SONIA rates, market participants and relevant working groups are currently assessing the differences between compounded rates and weighted average rates, and such groups are also exploring forward-looking 'term' SONIA reference rates (which seek to measure the market's forward expectation of an average SONIA rate over a designated term). The adoption of SONIA may also see component inputs into swap rates or other composite rates transferring from LIBOR or another reference rate to SONIA.

The market or a significant part thereof may adopt an application of SONIA that differs significantly from that set out in the Conditions. The development of Compounded Daily SONIA as an interest reference rate for the debt securities markets, as well as continued development of SONIA-based rates for such market and the market infrastructure for adopting such rates, could result in reduced liquidity or increased volatility or could otherwise affect the market price of the Notes.

In addition, the manner of adoption or application of SONIA reference rates in the debt securities markets may differ materially compared with the application and adoption of SONIA in other markets, such as the derivatives and loan markets. Investors should carefully consider how any mismatch between the adoption of SONIA reference rates across these markets may impact any hedging or other financial arrangements which they may put in place in connection with any acquisition, holding or disposal of the Notes.

Investors should carefully consider these matters when making their investment decision with respect to any of the Notes.

It is not possible to ascertain as at the date of this Prospectus (i) what the impact of these initiatives and the reforms will be on the determination of SONIA in the future, which could adversely affect the value of the Notes, (ii) how such changes may impact the determination of SONIA for the purposes of the Notes and the Swap Agreement, (iii) whether any changes will result in a sudden or prolonged increase or decrease in SONIA rates, or (iv) whether such changes will have an adverse impact on the liquidity or the market value of the Notes and the payment of interest thereunder.

These reforms, benchmarks reforms at a European or UK level and other pressures may cause one or more interest rate benchmarks to disappear entirely or to perform differently than in the past (as a result of a change in methodology or otherwise), create disincentives for market participants to continue to administer or participate in certain benchmarks or have other consequences which cannot be predicted. In particular, investors should be aware that:

- (a) any of these reforms or pressures or any other changes to a relevant interest rate benchmark (including the Applicable Benchmark Rate) could affect the level of the published rate, including to cause it to be lower and/or more volatile than it would otherwise be;
- (b) if the Applicable Benchmark Rate is discontinued and an amendment as described in paragraph (c) below has not been made, then the rate of interest on the Class A Notes will be determined for each applicable interest period by the fall-back provisions provided for under Condition 4(d) (*Benchmark Rate Determinations*), although such provisions, being dependent in part upon the provision by the Bank of England's Bank Rate, may not operate as intended (depending on market circumstances and the availability of rates information at the relevant time) and may result in the effective application of a fixed rate based on the rate which applied in the previous period when the Applicable Benchmark Rate was available;
- (c) while an amendment may be made under Condition 12(b) (*Amendments and waiver*) to change the Applicable Benchmark Rate on the Class A Notes to an alternative benchmark rate under certain circumstances broadly related to Applicable Benchmark Rate's disruption or discontinuation and subject to certain conditions, there can be no assurance that any such amendment will be made or, if made, that it will (i) fully or effectively mitigate interest rate risks or result in an equivalent methodology for determining the interest rates on the Class A Notes or (ii) be made prior to any date on which any of the risks described in this risk factor may become relevant; and
- (d) if the Applicable Benchmark Rate is discontinued, and whether or not an amendment is made under Condition 12(b) (*Amendments and waiver*) to change the SONIA rate on the Class A Notes as described in paragraph (c) above, there can be no assurance that the applicable fall-back provisions under the Swap Agreement would operate so as to ensure that the base floating interest rate used to determine any payments made by the Swap Counterparty under the Swap Agreement is the same as that used to determine interest payments under the Class A Notes, or that the Swap Counterparty would consent to any change to the benchmark rate under the Swap Agreement in accordance with Condition 12(b) (*Amendments and waiver*) or that any such change would allow the transactions under the Swap Agreement to effectively mitigate interest rate risk on the Class A Notes. In addition, there can be no assurance that the applicable fall-back provisions under the Swap Agreement would operate so as to ensure that the base floating interest rate used to determine payments under the Swap Agreement is the same as that used to determine interest payments under the Notes, or that any such amendment made under Condition 12 would allow the transactions under the Swap Agreement to effectively mitigate interest rate and currency risks on the Notes. In addition, the applicable fall-back provisions under the Swap Agreement provide for the replacement of the base floating interest rate used to determine payments under that Swap Agreement in circumstances other than those set out in Condition 12 and accordingly there can be no assurance that the application of any replacement base floating interest rate under the Swap Agreement will take effect at the same time as any amendment made under Condition 12.

Investors should note the various circumstances under which a change to the benchmark rate may be made, which are specified in paragraphs (aa) to (ii) of Condition 12(b)(ii)(G)(1). As noted above these events broadly relate to the Applicable Benchmark Rate's disruption or discontinuation, but also include, *inter alia*, any public statements by the relevant Applicable Benchmark Rate's administrator or its supervisor to that effect, and a Benchmark Rate Modification may also be made if the Issuer (or the Servicer on its behalf) reasonably expects certain of these events to occur within six months of the proposed effective date of such Benchmark Rate Modification or if the calculation agent (appointed under the Swap Agreement) makes adjustments to the Swap Agreement to ensure its legal and commercial efficacy as described above. Investors should also note the various options permitted as an Alternative Benchmark Rate as set out in paragraphs (aa) to (cc) of Condition 12(b)(ii)(G)(3), which include such benchmark rate as the Issuer (or the Servicer on its behalf) reasonably determines. Investors should also note the negative consent requirements in relation to a Benchmark Rate Modification (as to which see *RISK FACTORS – Risks relating to the structure (Meetings of Noteholders, modification and waivers)* below).

When implementing any Benchmark Rate Modification, the Note Trustee shall not consider the interests of the Noteholders, any other Secured Party or any other person and shall act and rely solely and without further investigation on any certificate (including but not limited to a Benchmark Rate Modification

Certificate) or other evidence (including, but not limited to a Rating Agency Confirmation) provided to them by the Issuer or Servicer, as the case may be, pursuant to Condition 12(b) (*Amendments and waiver*) and shall not be liable to the Noteholders, any other Secured Party or any other person for so acting or relying, irrespective of whether any such modification is or may be materially prejudicial to the interests of any such person.

More generally, any of the above matters (including an amendment to change the Applicable Benchmark Rate as described in paragraph (c) above) or any other significant change to the setting or existence of the Applicable Benchmark Rate could affect the ability of the Issuer to meet its obligations under the Notes and/or could have a material adverse effect on the value or liquidity of, and the amount payable under, the Notes. Changes in the manner of administration of the Applicable Benchmark Rate could result in adjustment to the Conditions, early redemption, discretionary valuation by the Interest Determination Agent, delisting or other consequence in relation to the Notes. No assurance may be provided that relevant changes will not be made to the Applicable Benchmark Rate or any other relevant benchmark rate and/or that such benchmarks will continue to exist. Investors should consider these matters when making their investment decision with respect to the Notes.

Responsibility of Prospective Investors

The purchase of the Class A Notes is only suitable for investors (i) that possess adequate knowledge and experience in structured finance investments and have the necessary background and resources to evaluate all relevant risks related with such investments; (ii) that are able to bear the risk of loss of their investment (up to a total loss of the investment) without having to prematurely liquidate the investment; and (iii) that are able to assess the tax aspects and implications of such investment independently.

Furthermore, each potential investor should base its investment decision on its own and independent investigation and on the advice of its professional advisors (with whom the investor may deem it necessary to consult), be able to assess if an investment in the Notes (i) is in compliance with its financial requirements, its targets and situation (or if it is acquiring the Notes in a fiduciary capacity, those of the beneficiary); (ii) is in compliance with its principles for investments, guidelines for or restrictions on investments (regardless of whether it acquires the Notes for itself or as a trustee); and (iii) is an appropriate investment for itself (or for any beneficiary if acting as a trustee), notwithstanding the risks of such investment.

Limitation of Time

Claims arising from a Note, i.e. claims to interest and principal cease to exist with the expiration of five years after the Legal Maturity Date, unless the note is submitted to the Issuer for redemption prior to the expiration of five years after the Legal Maturity Date.

III. Risks relating to the Purchased Receivables

Non-existence of Purchased Receivables

If any Purchased Receivable did not exist at the time of its transfer to the Issuer under the Receivables Purchase Agreement or ceases to exist in accordance with the Receivables Purchase Agreement, the Issuer is entitled to demand that the Seller repurchase such Purchased Receivable and pay to the Issuer a Repurchase Price in an amount equal to the then Outstanding Receivables Amount of such Purchased Receivable. If a Financing Contract relating to a Purchased Receivable proves not to have been legally valid as of the Cut-Off Date, the Seller will, pursuant to the Receivables Purchase Agreement, repurchase such Purchased Receivable and pay to the Issuer a Repurchase Price in an amount equal to the then Outstanding Receivables Amount of such Purchased Receivable. If any Purchased Receivables do not exist and no Repurchase Price is paid by the Seller, then this may result in Losses for the Noteholders.

Risk of Losses on the Purchased Receivables

Losses on the Purchased Receivables may result in Losses for the Noteholders.

The risk to the Class A Noteholders that they will not receive the amount due to them under the Class A Notes as stated on the cover page of this Prospectus is covered up to the General Reserve Required Amount, subject to any parties senior to the Class A Noteholders being entitled to such amounts pursuant to the applicable Priority of Payments and the investments of principal of the Class B Notes as such investments are subordinated to the Class A Notes.

The risk to the Class B Noteholders that they will not receive the amount due to them under the Class B Notes as stated on the cover page of this Prospectus is covered up to the General Reserve Required

Amount, subject to any parties senior to the Class B Noteholders being entitled to such amounts pursuant to the applicable Priority of Payments.

There is no assurance that the Class A Noteholders will receive for each Class A Note the total principal amount of GBP 412,500,000 plus interest calculated at an interest rate of the Applicable Benchmark Rate plus the Relevant Margin, the sum being subject to a floor of zero. As interest is calculated using the Applicable Benchmark Rate plus the Relevant Margin the expected yield of the Class A Notes cannot be provided.

There is no assurance that the Class B Noteholders will receive for each Class B Note the total principal amount of GBP 117,500,000 plus interest (yield) calculated at an interest rate of 1.30% per annum.

Performance of Purchased Receivables Uncertain

The payment of principal and interest on the Notes is dependent on, among other matters, the performance of the Purchased Receivables. Accordingly, the Noteholders will be exposed to the credit risk of the Obligors.

The performance of the Purchased Receivables depends on a number of factors, including general economic conditions, unemployment levels, the circumstances of individual Obligors (such as may result from epidemic infectious diseases like the coronavirus disease ("**COVID-19**")), MBFS's underwriting standards at origination and the success of MBFS's servicing and collection strategies. Consequently, there can be no assurance as to how the Purchased Receivables (and accordingly the Notes) will perform based on credit evaluation scores or other similar measures.

Risk of Early Repayment

In the event that the Financing Contracts underlying the Purchased Receivables are prematurely terminated or otherwise settled early, the Noteholders will (not taking into account any loss suffered by the Issuer with respect to some or all of the Purchased Receivables, which is described above) be repaid the principal which they invested, but will receive interest for a period of time that is shorter than the period stipulated in the respective Financing Contract. In addition, faster than expected repayments on the Purchased Receivables may reduce the yield of the Noteholders.

Risk of Late Payment of Monthly Instalments

Whilst each Financing Contract has due dates for scheduled payments thereunder, there is no assurance that the Obligors under those Financing Contracts will pay in time, or at all. Obligors may default on their obligations due under the Financing Contracts for a variety of financial and personal reasons, including loss or reduction of earnings, illness, divorce and other similar factors which may, individually or in combination lead to an increase in delinquencies by and bankruptcies of the Obligors. Certain national and international macroeconomic factors may also contribute to or hinder the economic health of a Lessee and thus the economic performance of the Purchased Receivables. Any such failure by the Obligors to make payments under the Financing Contracts would have an adverse effect on the Issuer's ability to make payments under the Notes. Prior to the delivery of an Enforcement Notice in the event of shortfalls under the Purchased Receivables the Issuer may draw on amounts standing to the credit of the General Reserve Account to make payments in respect of the Notes in accordance with the applicable Priority of Payments, however, no assurance can be given that the Issuer will have sufficient funds to make payments in full in respect of the Notes.

Right to Financed Vehicles and reliance on residual value

Under Financing Contracts which are PCP Contracts, at the end of the term of the PCP Contract, an Obligor may either settle the contract by paying the Optional Final Payment and the related administrative fees (and thereby purchase the Financed Vehicle) or, subject to the Financed Vehicle being in a condition acceptable to MBFS and within the agreed mileage, return the Financed Vehicle to MBFS in full and final settlement of the PCP Contract. If the Obligor decides not to make the Optional Final Payment and instead returns the Financed Vehicle to MBFS, MBFS will be under an obligation pursuant to the Receivables Purchase Agreement to sell the Financed Vehicle and to remit the proceeds of such sale to the Issuer. There can be no assurance, however, that MBFS will be able to sell the related Financed Vehicle such that the proceeds remitted to the Issuer from the sale of Financed Vehicle returned by a Customer in lieu of a final balloon payment will be sufficient to cover the residual value of the Financed Vehicle as anticipated at the outset of the Financing Contract. The Issuer will be exposed to the risk that due to economic, market and social factors in the used vehicle market, including industry specific effects such as the potential impact of an increasingly negative sentiment around diesel vehicles. This may result in the Issuer receiving less than it would have expected in respect of the related Purchased Receivable, which could impact on

the ability of the Issuer to make payments on the Notes. See also "*RISK FACTORS – Risks relating to the Purchased Receivables (Rights in relation to the Vehicles)*" below.

Reliance on Seller Receivables Warranties and Eligibility Criteria

If the Seller Receivables Warranties given by the Seller in the Receivables Purchase Agreement in respect of the Portfolio and each Receivable (and its Ancillary Rights), in whole or in part, incorrect or if the Receivables (and, where applicable their Ancillary Rights) do not comply with the Eligibility Criteria on the Cut-Off Date, this shall constitute a breach of contract under the Receivables Purchase Agreement and the Issuer will have contractual remedies against the Seller. In the case of any related misrepresentation or breach of any Eligibility Criterion, the Seller will be required to pay a Repurchase Price to the Issuer (see the definition of Repurchase Price in the "*MASTER DEFINITIONS SCHEDULE — Repurchase Price*").

Consequently, in the event that any such representation or warranty is breached, the Issuer is exposed to the credit risk of the Seller. Should the Seller's credit quality deteriorate, this could, in conjunction with afore-said breach of contract, undermine the Issuer's ability to make payments on the Notes.

Reliance on Credit and Collection Policy

The Servicer will carry out the administration, collection and enforcement of the Purchased Receivables in accordance with the Servicer's Credit and Collection Policy. Accordingly, the Noteholders are relying on the business judgment and practices of the Servicer as to the liquidation of the Purchased Receivables against the Obligors. See "*OVERVIEW OF THE OTHER PRINCIPAL TRANSACTION SA UK 2024-1 DOCUMENTS — Servicing Agreement*" and "*THE SELLER, THE SERVICER AND THE SUBORDINATED LENDER — Credit and Collection Policy*".

No independent investigation and limited information

None of the Arranger, the Joint Lead Managers, the Managers, the Note Trustee, the Security Trustee, the Issuer or any other person referred to herein (other than the Seller but only as explicitly described herein) has undertaken or will undertake any investigations, searches or other actions to verify any details in respect of the Purchased Receivables or the Financing Contracts or to establish the creditworthiness of any Obligor. Each of the afore-mentioned persons will rely solely on the accuracy of the representations and warranties and the financial information given by the Seller to the Issuer in the Receivables Purchase Agreement in respect of, *inter alia*, the Purchased Receivables, the Obligors, the Financing Contracts underlying the Purchased Receivables and the Financed Vehicles. The benefit of the representations and warranties given to the Issuer will be transferred by the Issuer to the Note Trustee, the Security Trustee for the benefit of the Secured Parties under the Deed of Charge.

The Seller is under no obligation and will not provide the Arranger, the Joint Lead Managers, the Managers, the Note Trustee, the Security Trustee or the Issuer with the names or the identities of the Obligors and copies of the relevant Financing Contracts and legal documents in respect of the relevant Financing Contract. The Arranger, the Joint Lead Managers, the Managers and the Issuer will only be supplied with financial information in relation to the Portfolio and the underlying Financing Contracts. Furthermore, none of the Arranger, the Joint Lead Managers, the Managers, the Note Trustee, the Security Trustee or the Issuer will have any right to inspect the Purchased Receivable Records of the Seller. However, pursuant to the terms of the Data Trust Agreement, the Issuer and the Security Trustee may at any time, if any of them has reasonable grounds, demand from the Data Trustee an investigation of the Purchased Receivable Records of the Seller and may request that the Data Trustee informs them about the results of its investigation **provided that** (i) the Data Trustee shall be entitled (and, where the nature of the investigation so requires, obligated) to sub-contract all or certain tasks related to the investigation to a reputable law firm or reputable accounting firm as expert and (ii) **provided further that** the Data Trustee may not disclose to the Issuer or the Security Trustee the names or the identities of the Obligors and copies of the relevant Financing Contracts and legal documents in respect of the relevant Financing Contract.

The primary remedy of the Security Trustee and the Issuer for breaches of any Eligibility Criteria as of the Cut-Off Date or Seller Receivables Warranties as of the Purchase Date will be to require the Seller to pay a Repurchase Price in an amount equal to the Outstanding Receivables Amount of such Purchased Receivables (or the affected portion thereof) on the date of payment of the Repurchase Price. There can be no assurance that the Seller will honour or have the financial resources to honour such obligations under the Receivables Purchase Agreement. If the Seller does not honour such obligations for any reason, this may result in the Issuer receiving less in respect of the related Purchased Receivable than it would have expected, which could impact on the ability of the Issuer to make payments on the Notes.

Market value of Financed Vehicles

There is evidence of a general degradation in residual values in the UK used car market as a result of the existing economic cycle. This is likely to impact the residual values of MBFS' portfolio in the short term and beyond. MBFS is continually monitoring the residual values of its portfolio through robust, well-established and business as usual monitoring processes, with the appropriate level of provisioning being maintained.

Geographical concentration of the Obligors

The Obligors in respect of the Purchased Receivables are located throughout the UK. These Obligors may be concentrated in certain locations, such as densely populated or industrial areas (for more information see the Portfolio Information – Distribution by Customer Region set out in the section titled "*Portfolio Characteristics and Historical Data*"). Deterioration in the economic condition of the areas in which the Obligors are located may have an adverse effect on the ability of the Obligors to make payments of the Purchased Receivables. This may, in turn, increase the risk of losses on the Purchased Receivables. A concentration of Obligors in certain areas may, therefore, result in a greater risk that the holders of Notes may ultimately not receive the full principal amount of the Notes and interest thereon.

IV. Risks relating to the Transaction Parties

Reliance on third parties

The Issuer is party to contracts with a number of other third parties who have agreed to perform services in relation to the Purchased Receivables and the Notes. Accordingly, the ability of the Issuer to meet its obligations under the Notes depends to a large extent upon the ability of the parties to the Transaction SA UK 2024-1 Documents to perform their contractual obligations. In particular, and without limiting the generality of the foregoing, the timely payment of amounts due in respect of the Notes depends on the ability of the Servicer to service the Purchased Receivables and on the maintenance of the level of interest rate protection offered by the Swap Agreement.

No assurance can be given as to the credit worthiness of these parties or that the credit worthiness will not decline in the future. This may affect the performance of their respective obligations under the respective Transaction SA UK 2024-1 Documents. Whilst there are credit sensitive triggers applicable to certain parties (for example, it shall constitute a Servicer Termination Event if, *inter alia*, the Servicer or the Seller is Insolvent or the Seller or the Servicer fails to perform a material obligation which, if capable of cure, is not remedied within twenty (20) Business Days of notice from the Issuer or the Security Trustee and the Account Bank has to have the Required Rating) in the event that any of the Transaction Parties were to fail to perform its obligations under the respective agreement(s) to which it is a party, payments on the Notes may be adversely affected. Investors should also be aware that third parties on which the Issuer relies may be adversely impacted by the general economic climate (including any failure arising from circumstances beyond their control such as epidemics (for example, the COVID-19 which has led to many organisations either closing or implementing policies requiring their employees to work at home, which could result in delays or difficulties in performing otherwise routine functions)). In particular, it may affect the administration, collection and enforcement of the Purchased Receivables by the Servicer in accordance with the Servicing Agreement.

Risks relating to the Servicer

The Servicer will be appointed by the Issuer to service the Purchased Receivables. Consequently, the net cash flows from the Purchased Receivables may be affected by decisions made, actions taken and the collection procedures adopted by, the Servicer. To address this risk, the terms of the Servicing Agreement **provide that** the Servicer will devote to the performance of its obligations that standard of care that the Servicer would exercise in its own affairs, taking into account the degree of skill that it exercises for all comparable assets. However, the Servicer will also continue to perform debt collection services for its own account and therefore will not be exclusively dedicated to the performance of the Servicer's activities under the Servicing Agreement. See "*OVERVIEW OF THE OTHER PRINCIPAL TRANSACTION SA UK 2024-1 DOCUMENTS — Servicing Agreement*" and "*THE SELLER, THE SERVICER AND THE SUBORDINATED LENDER — Credit and Collection Policy*".

If the appointment of the Servicer is terminated, the Issuer has the right to appoint a successor Servicer pursuant to the Servicing Agreement. Even though the Calculation Agent has agreed that it will facilitate the appointment of a suitable entity with all necessary facilities available to act as successor Servicer and will use reasonable efforts to ensure that such entity enters into a successor servicing agreement, the terms of which are similar to the terms of the Servicing Agreement, with the parties to the Servicing Agreement upon receipt of a notice by the Servicer of the occurrence of a Servicer Termination Event, there is no assurance that an appropriate successor Servicer can be found and hired in the required time span and that this does not have a negative impact on the amount and the timing of the Collections made.

Commingling risk

The Servicer is entitled to commingle funds representing Collections with its own funds during each Interest Period such that:

- (i) if and so long as the Commingling Condition is satisfied, the Servicer will be required to remit all Collections standing to the credit of the Seller Collection Account in respect of a Collection Period, to the Operating Account on the Payment Date relating to such Collection Period; and
- (ii) if and so long as the Commingling Condition is not satisfied, the Servicer will be required to remit all Collections standing to the credit of the Seller Collection Account in respect of a Collection Period, to the Operating Account within two (2) Business Days after the receipt thereof or as otherwise directed by the Issuer or the Security Trustee.

If the Servicer was unable to remit these funds or was to become Insolvent, losses or delays in distributions to Noteholders may occur.

The Note Trustee is not obliged to act in certain circumstances

Following an Issuer Event of Default and the service of an Enforcement Notice in accordance with Condition 10 (*Events of Default*) the Security will become enforceable and the Note Trustee may at its discretion direct the Security Trustee to take action to enforce the Security, and will direct the Security Trustee to take such action to enforce the Security as directed by the Controlling Class acting by way of a Written Resolution or by way of an Extraordinary Resolution.

The Note Trustee may at any time, at its discretion and will do so if it has been directed to do so by the Controlling Class acting by way of a Written Resolution or by way of an Extraordinary Resolution, (subject to having been indemnified and/or secured and/or prefunded to its satisfaction) and without notice and in such manner as it deems appropriate:

- (i) take such proceedings and/or other steps as it may deem appropriate against or with respect to the Issuer or any other person to enforce its obligations under the Transaction SA UK 2024-1 Documents or these Conditions and/or take any other proceedings (including lodging an appeal in any proceedings) with respect to or concerning the Issuer;
- (ii) exercise any of its rights under, or in connection with any Transaction SA UK 2024-1 Document; and/or
- (iii) give any directions to the Security Trustee under or in connection with any Transaction SA UK 2024-1 Document.

To the extent that the Note Trustee acts in accordance with such directions of the Controlling Class, as described above, it will have no obligation to take the interests of any other party into account or to follow any direction given by any other party.

V. Risks relating to the structure

Meetings of Noteholders, modification and waivers

The Notes contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

The Notes and the Trust Deed **provide that** the Note Trustee may, subject to those matters requiring a Special Quorum Resolution, without consulting or obtaining the consent of the Noteholders or the other Secured Parties at any time and from time to time concur with the Issuer in making any amendment, modification or supplement to the Trust Deed, the Deed of Charge or any other Transaction SA UK 2024-1 Document to which it is a party or in respect of which the Security Trustee holds security if the Note Trustee determines that, subject to the detailed provisions of the Trust Deed, (1) such amendment or supplement will not be materially prejudicial to the interests of the Noteholders (subject to Condition 2(h) (*Relationship between the Classes of the Notes*)) or (2) such amendment or supplement is of a formal, minor or technical nature or is made to correct a manifest error or to comply with law.

The Notes and the Trust Deed also specify that certain categories of amendment (including modifying the provisions concerning the quorum required at a meeting or the majority required to pass an Extraordinary Resolution) would be classified as a Special Quorum Resolution. A Special Quorum Resolution is subject

to an increased quorum requirement and is required to be sanctioned by an Extraordinary Resolution of the holders of the relevant Classes of Notes which are affected by such Special Quorum Resolution.

Pursuant to and in accordance with the detailed provisions of Condition 12(b) (*Amendments and waiver*), the Note Trustee shall be obliged, and shall direct the Security Trustee, without any consent or sanction of the Noteholders (subject to (save in respect of a Modification pursuant to Condition 12(b)(ii)(6) the requirements of Conditions 12(b)(ii)(G) and (8) or the other Secured Parties, but subject to the receipt of written consent from each of the Secured Parties party to the Transaction SA UK 2024-1 Document being modified, to concur with the Issuer in making any modification to the Conditions and/or any Transaction SA UK 2024-1 Document that the Issuer considers necessary or (in the case of Condition 12(b)(ii)(F) only) advisable for the purpose of:

- (1) addressing any change in the criteria of one or more Rating Agencies, so as to maintain the credit ratings then assigned to the Class A Notes;
- (2) ensuring compliance by Issuer, any Secured Creditor or the Notes with mandatory provisions of applicable law or regulation (including, without limitation, the UK Retention Requirements and the EU Retention Requirements);
- (3) enabling the Notes to be (or to remain) listed on the Luxembourg Stock Exchange;
- (4) for so long as the Class A Notes are intended to be held in a manner which will allow for Eurosystem eligibility, maintaining such eligibility;
- (5) ensuring compliance by the Issuer or any other Transaction Party with any changes which are required to comply with the UK Securitisation Regulation or the EU Securitisation Regulation, including as a result of the adoption of regulatory or implementing technical standards in relation to the UK Securitisation Regulation or the EU Securitisation Regulation or any other legislation or regulations or official guidance in relation thereto;
- (6) ensuring compliance with UK EMIR and EU EMIR and/or the then subsisting technical standards under UK EMIR and EU EMIR, or SFTR and/or the then subsisting technical standards under SFTR; or
- (7) changing the benchmark rate on the Class A Notes from the Applicable Benchmark Rate to an Alternative Benchmark Rate (and such other amendments as are necessary or advisable in the reasonable judgment of the Issuer (or the Servicer on its behalf) to facilitate such changes) to the extent there has been or there is reasonably expected to be a material disruption or cessation to the Applicable Benchmark Rate (including changing the benchmark rate referred to in any interest rate hedging agreement to align such rate with the proposed change to the Applicable Benchmark Rate in respect of such Notes or other such consequential amendments);

In relation to any amendment under (1) to (5) and (7) above (a ("**Proposed Amendment**"), the Issuer is required to give at least forty (40) calendar days' notice to the Noteholders of each Class of Notes of the proposed modification in accordance with Condition 15 (*Notices*). However, Noteholders should be aware that, in relation to each Proposed Amendment, unless Noteholders representing at least 10% of the of the principal amount of the Controlling Class outstanding on the Modification Record Date have contacted the Issuer in writing (or in any other manner as the Registrar and Clearstream, Luxembourg and/or Euroclear, as the case may be, approve for this purpose) within such notification period notifying the Issuer or the Note Trustee that such Noteholders do not consent to the Modification or Benchmark Rate Modification, the modification in respect of such Class of Notes will be passed without Noteholder consent.

If Noteholders representing at least 10% of the principal amount of the Controlling Class outstanding on the Modification Record Date have notified the Issuer or the Note Trustee in writing (or otherwise in accordance with the then current practice of any applicable clearing system through which such Notes may be held) within the notification period referred to above that they do not consent to the Modification, then such Modification will not be made unless an Extraordinary Resolution of the holders of the most senior class of Notes outstanding on the Modification Record Date is passed in favour of such Modification in accordance with Schedule 4 (*Provisions for Meetings of the Noteholders*) to the Trust Deed.

The Issuer, the Note Trustee and the Security Trustee will each rely without further investigation on any certification provided to it in connection with the transaction amendments and will not be required to monitor or investigate whether the Servicer is acting in a commercially responsible manner or be liable to any person by acting in accordance with any certification it receives from the Servicer.

Conflicts of Interest

In connection with Transaction UK 2024-1, the Seller will also be acting as Servicer, the Calculation Agent will also be acting as the Paying Agent, the Interest Determination Agent, the Custodian and the Security Trustee will also be acting as Note Trustee. These parties will have only those duties and responsibilities assumed under the Transaction SA UK 2024-1 Documents, and will not, by virtue of their or any of their Affiliates acting in any other capacity, be deemed to have any other duties or responsibilities or be deemed to be held to a standard of care other than those under each Transaction SA UK 2024-1 Document to which they are a party. All Transaction UK 2024-1 Parties (other than the Issuer) may enter into other business dealings with each other or the Company (in respect of Compartments other than Compartment Silver Arrow UK 2024-1) from which they may derive revenues and profits without any duty to account therefore in connection with Transaction UK 2024-1.

The Servicer may hold or service claims (for third parties) against the Obligor other than the Purchased Receivables.

The wider interests or obligations of the afore-mentioned parties may therefore conflict with the interests of the Noteholders.

MBFS, in particular, may hold and/or service claims against the Obligor other than the Purchased Receivables. The interests or obligations of the aforementioned parties in their respective capacities with respect to such other claims may in certain aspects conflict with the interests of the Noteholders. In addition, MBFS and/or its affiliates may purchase some or all of the Class A Notes and the Class B Notes on or after the Closing Date for their own account with an intention to hold to maturity or to trade. Such Notes held by MBFS and/or its affiliates will not be disregarded for any purpose and MBFS and/or its affiliates will be free to act in their own commercial interests in all matters relating to such Notes without regard to whether their interests conflict with those of any other Noteholders. Such holding or future sale of the Class A Notes and the Class B Notes may adversely affect the liquidity of the Notes and may also affect the prices of the Notes in the secondary market.

The afore-mentioned parties may engage in commercial relations, in particular, be lender, provide general banking, investment and other financial services to the Obligor, the Company (in respect of Compartments other than Compartment Silver Arrow UK 2024-1) and other parties to Transaction UK 2024-1. The Corporate Services Provider may provide corporate, administrative or other services to other entities.

In such relations, the afore-mentioned parties are not obliged to take into account the interests of the Noteholders. Accordingly, because of these other relations, potential conflicts of interest may arise in respect of Transaction UK 2024-1.

In the event that any of the above parties were to fail to perform their obligations (including any failure to deliver reports that it is required to prepare) under the respective agreements to which they are a party (including any failure arising from circumstances beyond their control such as epidemics or pandemics), Noteholders may be adversely affected.

Equitable Assignment

The assignment by MBFS to the Issuer of the benefit of the Receivables (and the Ancillary Rights) derived from Financing Contracts governed by the laws of England and Wales and Northern Ireland will take effect in equity only because no notice of the assignment will be given to Obligor. The giving of notice to the Obligor of the assignment (whether directly or indirectly) to the Issuer would have the following consequences:

- (a) notice to the Obligor would "perfect" the assignment so that the Issuer would take priority over any interest of a later encumbrance or assignee of MBFS's rights who has no notice of the assignment to the Issuer;
- (b) notice to an Obligor would mean that the Obligor should no longer make payment to MBFS as creditor under the Financing Contract but should make payment instead to the Issuer. If the Obligor were to ignore a notice of assignment and pay MBFS for its own account, the Obligor might still be liable to the Issuer for the amount of such payment. However, for so long MBFS remains the Servicer under the Servicing Agreement, MBFS also is the agent of the Issuer for the purposes of the collection of the Purchased Receivables and will, accordingly, be accountable to the Issuer for any amount paid to MBFS in respect of the Purchased Receivables;
- (c) notice to the Obligor would prevent MBFS and the Obligor amending the relevant Financing Contract without the involvement of the Issuer. However, MBFS will undertake for the benefit of

the Issuer that MBFS will not waive any breach under, or amend the terms of, any of the Financing Contracts, other than in accordance with the Credit and Collection Policy; and

- (d) lack of notice to the Obligor means that the Issuer will have to join MBFS as a party to any legal action which the Issuer may want to take against any Obligor. MBFS as Seller will, however, undertake for the benefit of the Issuer that MBFS will lend its name to, and take such other steps as may be required by the Issuer or the Security Trustee in relation to any action in respect of the Purchased Receivables and MBFS grants the Issuer a power of attorney in this regard (the "**MBFS Power of Attorney**").

Until notice is given to the Obligor, equitable set-off rights (such as for misrepresentation or breach of contract as referred to in "*RISK FACTORS - Legal and regulatory risks relating to the Purchased Receivables (Liability for Misrepresentations and Breach of Contract)*" below) may accrue in favour of an Obligor in respect of his obligation to make payments under the relevant Financing Contract. The assignment of any Receivables to the Issuer will be subject both to any prior equities which have arisen in favour of the Obligor and to any equities which may arise in the Obligor's favour after the assignment until such time (if ever) as he receives actual notice of the assignment and exercise of such equitable set-off rights may adversely affect the Issuer's ability to make payments in full when due on the Notes.

Obligor Notification Events have been put in place in the transaction and upon the occurrence of such events the Servicer (on behalf of the Issuer) shall be required to notify the underlying obligors in order to "perfect" the assignment of the Purchased Receivables but it should be noted there can be no certainty as to the timing and effectiveness of such Obligor Notification Events.

Scottish Receivables

Certain of the Financing Contracts (which are expressly governed by English law) have been entered into with Obligors who are (a) consumers and (b) located in Scotland and certain of the Vehicles financed pursuant to the Financing Contracts are located in Scotland. In such circumstances, there is a risk that the Scottish courts could apply Scots law based on the Consumer Rights Act 2015.

If a Scottish court were to declare that a Financing Contract was in fact governed by Scots law, the Scots court may declare that such Financing Contract had always been governed by Scots law, and that such Financing Contract should therefore be interpreted as a matter of Scots law. There is therefore a risk that the transfer under English law of Receivables derived from Financing Contracts governed by Scots law sold by MBFS in its capacity as Seller to the Issuer may not be considered to be a valid transfer by the Scots courts.

To mitigate this risk, MBFS will declare a trust (a "**Scottish Trust**") in favour of the Issuer over the Scottish Receivables and the Issuer will be the beneficiary under the Scottish Trust. To the extent a Scots court considers the Financing Contract to be governed by Scots law, legal title to the relevant Scottish Receivable will remain with MBFS because no formal assignation of the Scottish Receivable duly intimated to the relevant Obligor(s) will have been made. The legal position of the Issuer under a Scottish Trust is substantially in accordance with that set out above in relation to the holding of an equitable interest in the Purchased Receivables governed by the laws of England and Wales.

The fixed charge granted by the Issuer in favour of the Security Trustee over the Issuer's assets provides for, among other things, an assignation in security of the Issuer's interest in Scottish Trusts granted pursuant to the Scottish Supplemental Charge.

In respect of Financing Contracts relating to vehicles located in Scotland, the Seller will grant a floating charge (the "**Vehicle Sale Proceeds Floating Charge**") in favour of the Issuer in respect of the proceeds of sale of any vehicle located in Scotland returned to the Seller or repossessed by the Seller and subsequently sold.

The Vehicle Sale Proceeds Floating Charge crystallises on the occurrence of the appointment of a receiver by the floating charge holder (the ability to do so arising on the Seller becoming Insolvent) or the appointment of a liquidator in respect of MBFS. The primary purpose of the Vehicle Sale Proceeds Floating Charge is to create a statutory preference for the Issuer over other unsecured creditors of MBFS.

In relation to Vehicle Sale Proceeds arising from the sale of any Vehicles located in Scotland, the claims of the Issuer will be subject to the matters which are given priority over a floating charge by law, including (*inter alia*) the expenses of any administration or winding-up (which could include any corporation tax charges), the claims of preferential creditors and (up to an amount equal to GBP 800,000) a portion of the claims of unsecured creditors. Furthermore, where the floating charge does not take effect as a fixed charge following crystallisation, the Issuer will no longer have priority in a claim against the Vehicle Sale Proceeds with respect to third party creditors (in particular, any execution creditors) of the Seller.

Further, if liquidation or administration proceedings were to be commenced in England and Wales with respect to MBFS within 12 months of the Issue Date and it is determined that MBFS was unable to pay its debts at the time the floating charge was granted or became unable to do so in consequence of the transaction under which the charge is created, under section 245 of the Insolvency Act 1986, the floating charge will be valid only to the extent of the value of so much of the consideration as consists of money paid, or goods and services supplied, to MBFS at the same time as, or after, the creation of the charge. Following the creation of the floating charge in favour of the Issuer, on the Issue Date, MBFS will receive the Initial Purchase Price in proceeds from the sale of the Receivables (and the Ancillary Rights), and on each Payment Date, subject to the Priority of Payments, the Deferred Consideration, being consideration received pursuant to the Receivables Purchase Agreement in respect of the sale of the Receivables (and the Ancillary Rights) comprised in the Portfolio to the Issuer.

The consideration for the sale of the Receivables (and the Ancillary Rights) and the granting of the Vehicle Sale Proceeds Floating Charge comprises the relevant purchase price and therefore the floating charge granted by MBFS will stand as security to the extent of such monies received.

Termination of Swap Agreement

The Swap Counterparty may terminate a Swap Agreement if, among other things, the Issuer becomes Insolvent, the Issuer fails to make a payment under the Swap Agreement when due and such failure is not remedied within the period of time specified in the relevant Swap Agreement, performance of the Swap Agreement becomes illegal, an Enforcement Event occurs under the Conditions, payments to the respective Swap Counterparty are reduced or payments from the respective Swap Counterparty are increased for a set period of time due to tax reasons or the Clean-Up Call is exercised. The Issuer may terminate a Swap Agreement if, among other things, such Swap Counterparty becomes Insolvent, such Swap Counterparty fails to make a payment under the Swap Agreement when due and such failure is not remedied within three (3) Business Days of notice of such failure being given, performance of the Swap Agreement becomes illegal. The transaction under the Swap Agreement will terminate upon redemption of the Notes in full.

The Issuer is exposed to the risk that a Swap Counterparty may become Insolvent or may suffer from a ratings downgrade. In the event that a Swap Counterparty suffers a ratings downgrade and ceases to be an Eligible Swap Counterparty, the Issuer may terminate the related Swap Agreement if such Swap Counterparty fails, within a set period of time, to take certain actions intended to mitigate the effects of such downgrade. Such actions could include such Swap Counterparty collateralising its obligations as a referenced amount calculated in accordance with a credit support annex to the 1992/2002 ISDA Master Agreement transferring its obligations to a replacement Swap Counterparty or procuring a guarantee. However, in the event such Swap Counterparty is downgraded there can be no assurance that a guarantor or replacement Swap Counterparty will be found or that the amount of collateral will be sufficient to meet the Swap Counterparty's obligations.

Termination payment priorities and subordination

Generally, a swap transaction under a Swap Agreement may only be terminated early upon the occurrence of certain events of default or termination events set forth in such Swap Agreement.

In the event that a Swap Agreement is terminated by either party due to an event of default or a termination event, then depending upon the market value of the swap a termination payment may be due to the Issuer or to the Swap Counterparty. Any such termination payment could, if market interest rates and other conditions have changed materially, be substantial. Under certain circumstances, termination payments required to be made by the Issuer to such Swap Counterparty will rank higher in priority than all payments on the Notes. In such event, the Purchased Receivables and the General Reserve Account may be insufficient to satisfy the required payments under the relevant Notes and the Noteholders may experience delays and/or reductions in the interest and principal payments due in respect of the Notes.

If a Swap Agreement is terminated by either party or the Swap Counterparty becomes Insolvent, the Issuer may not be able to enter into a replacement Swap Agreement immediately or at all. To the extent a replacement swap is not on a timely basis entered into, the amount available to pay the principal of and interest under the Notes will be reduced if the interest rates under such Notes exceed the rate the Issuer would have been required to pay the Swap Counterparty under the terminated Swap Agreement. Under these circumstances the Purchased Receivables and the General Reserve Account may be insufficient to make the required payments on the Notes and the Noteholders may experience delays and/or reductions in the interest and principal payments on the Notes.

In the event of the insolvency of a Swap Counterparty, the Issuer will be treated as a general creditor of such Swap Counterparty and is consequently subject to the credit risk of such Swap Counterparty. To mitigate this risk, under the terms of each Swap Agreement, the Swap Counterparty will be obliged to post

collateral or take an alternative remedy in accordance with the terms of the Swap Agreement in the event that the relevant ratings of such Swap Counterparty fall below certain levels (which are set out in the Swap Agreement) while the Swap Agreement is outstanding. However, no assurance can be given that sufficient collateral will be available to the Swap Counterparty such that it is able to post collateral in accordance with the requirements of the relevant Swap Agreement or that the collateral will be posted on time in accordance with the relevant Swap Agreement. If the Swap Counterparty fails to post sufficient collateral, there is a risk that the Issuer will have insufficient funds to make payments on the Notes.

In the event that the relevant ratings of the Swap Counterparty are below certain levels (which are set out in the Swap Agreement) while the Swap Agreement is outstanding, the Swap Counterparty will, in accordance with the terms of the applicable Swap Agreement, be required to elect to take certain remedial measures within the applicable time frame stipulated in the applicable Swap Agreement (at its own cost) which may include providing collateral in support of its obligations under the Swap Agreement, arranging for its obligations under the applicable Swap Agreement to be transferred to an entity which is an Eligible Swap Counterparty, procuring another entity which is an Eligible Swap Counterparty to become co-obligor or guarantor in respect of its obligations under the applicable Swap Agreement, or taking such other action as required to maintain or restore the rating of the Class A Notes. However, no assurance can be given that, at the time that such actions are required, sufficient collateral will be available to the Swap Counterparty for posting or that another entity which is an Eligible Swap Counterparty will be available to become a replacement swap counterparty, co-obligor or guarantor or that the Swap Counterparty will be able to take the requisite other action. If the remedial measures following a downgrade of the Swap Counterparty below the level of an Eligible Swap Counterparty are not taken within the applicable time frames, this will permit the Issuer to terminate the Swap Agreement early.

There is uncertainty as to the validity and/or enforceability of a provision which (based on contractual and/or trust principles) subordinates certain payment rights of a creditor to the payment rights of other creditors of its counterparty upon the occurrence of insolvency proceedings relating to that creditor. In particular, several cases have focused on provisions involving the subordination of a swap counterparty's payment rights in respect of certain termination payments upon the occurrence of insolvency proceedings or other default on the part of such counterparty (so-called "flip clauses"). Such provisions are similar in effect to the terms which will be included in the Transaction SA UK 2024-1 Documents relating to the subordination of any Swap Termination Payments to the Swap Counterparty under the Swap Agreement (if the Swap Counterparty is the defaulting party (as defined in the Swap Agreement) or where the Swap Agreement has been terminated due to a termination event relating to the Swap Counterparty's downgrade).

The Supreme Court of the United Kingdom has held that a flip clause as described above is valid under English law. Contrary to this, however, the U.S. Bankruptcy Court has held that such a subordination provision is unenforceable under U.S. bankruptcy law and that any action to enforce such provision would violate the automatic stay which applies under such law in the case of a U.S. bankruptcy of the counterparty. However, a subsequent 2016 U.S. Bankruptcy Court decision held that in certain circumstances flip clauses are protected under the U.S. Bankruptcy Code and therefore enforceable in bankruptcy. The 2016 decision was affirmed on 14 March 2018 by the U.S. District Court for the Southern District of New York, which 2018 decision was further affirmed on 11 August 2020 by the U.S. Court of Appeals for the Second Circuit. The implications of this conflict remain unresolved.

If a creditor of the Issuer (such as the Swap Counterparty) or a related entity becomes subject to insolvency proceedings in any jurisdiction outside England and Wales (including, but not limited to, the U.S.), and it is owed a payment by the Issuer, a question arises as to whether the insolvent creditor or any insolvency official appointed in respect of that creditor could successfully challenge the validity and/or enforceability of subordination provisions included in the English law governed Transaction SA UK 2024-1 Documents (such as a provision of the applicable Priority of Payments which refers to the ranking of the Swap Provider's payment rights in respect of Swap Termination Payments to the Swap Counterparty under the Swap Agreement (if the Swap Counterparty is the defaulting party (as defined in the Swap Agreement) or where the Swap Agreement has been terminated due to a termination event relating to the Swap Counterparty's downgrade). In particular, based on the decision of the U.S. Bankruptcy Court referred to above, there is a risk that such subordination provisions would not be upheld under U.S. bankruptcy laws. Such laws may be relevant in certain circumstances with respect to the Swap Provider given that it has assets and/or operations in the U.S., notwithstanding that it is a non-U.S. established entity and/or with respect to any replacement counterparty, depending on certain matters in respect of that entity.

In general, if a subordination provision included in the Transaction SA UK 2024-1 Documents was successfully challenged under the insolvency laws of any relevant jurisdiction outside England and Wales and any relevant foreign judgment or order was recognised by the English courts, such actions could adversely affect the rights of the Noteholders, the market value of the Notes and/or the ability of the Issuer to satisfy its obligations under the Notes.

Lastly, given the general relevance of the issues under discussion in the judgments referred to above and that the Transaction SA UK 2024-1 Documents will include terms providing for the subordination of any Hedge Subordinated Amounts, there is a risk that the final outcome of the dispute in such judgments (including any recognition action by the English courts) may result in negative rating pressure in respect of the Class A Notes. If any rating assigned to the Class A Notes is lowered, the market value of the Class A Notes may reduce.

VI. Legal and regulatory risks relating to the Purchased Receivables

Rights in relation to the Vehicles

The ownership of the Vehicles which are the subject of Financing Contracts which are included in the Portfolio will be retained by MBFS. The Issuer will have the benefit of an assignment of the Collections including the Vehicle Sale Proceeds and, in relation to Vehicle Sale Proceeds arising from the sale of any Vehicles located in Scotland, such Vehicle Sale Proceeds will be subject to the Vehicle Sale Proceeds Floating Charge.

Although the Issuer has a right to the Vehicle Sale Proceeds, it does not have any rights in, over or to the Vehicles that are financed by the Financing Contracts. The Issuer will therefore rely on the Seller to fulfil its contractual undertaking to pay to the Issuer such Vehicle Sale Proceeds. Accordingly, in the event of any insolvency of MBFS, the Issuer is reliant on any administrator or liquidator of MBFS taking appropriate steps to sell such Vehicles. Because the Vehicle Sale Proceeds have been transferred to the Issuer, this will be of no value to MBFS's creditors as a whole and therefore an administrator or liquidator will not have any financial incentive to take such steps. In order to incentivise an administrator or liquidator to take such steps, the Servicing Agreement provides that the Issuer (or the Servicer on behalf of the Issuer) will pay, in accordance with the Priority of Payments, any administrator or liquidator's costs and expenses in selling such vehicles and an Administrator Recovery Incentive fee; however there can be no certainty that any administrator or liquidator would take such actions and no contractual obligations on MBFS to do so that would be enforceable against MBFS or an administrator or liquidator thereof after the commencement of the administration or liquidation of MBFS.

As the Issuer will not acquire an ownership interest in the Vehicles themselves, certain third parties may acquire rights in relation to the Vehicles which may prejudice the collection of the Vehicle Sale Proceeds by the Issuer. Most notably, if a creditor secures a money judgment against MBFS, a High Court enforcement officer is empowered to seize and sell MBFS's goods and chattels, in an amount sufficient to satisfy the judgment debt and cost of execution, through a writ of fieri facias ("**fi fa**") or its Scottish equivalent. This means that the Vehicles, which remain the property of MBFS, will be at risk of execution from a judgment creditor. Such creditor enforcement action is not possible (without the leave of court) once administration or liquidation of MBFS intervenes, since such action is effectively stayed by the advent of the insolvency proceedings.

However, there can be no certainty that any administrator or liquidator would take such actions to sell any Financed Vehicles which are returned, repossessed or recovered. Furthermore, any failure or delay on the part of an administrator or liquidator to sell or consent to the sale of a Financed Vehicle could have an adverse effect on the ability of the Issuer to make payments on the Notes.

Employees

Financing Contracts with Obligors who are employees of MBFS at the time of sale will not be sold to the Issuer. In very limited cases it is possible that some Obligors may be employees of MBFS if they become employees after entering into their Financing Contract. Consequently, they may have a right of set-off against amounts due under the Purchased Receivables against unpaid wages or other cash benefits. Any such set-off may adversely affect the Issuer's ability to make payments in full when due on the notes.

Financing Contracts regulated by the Consumer Credit Act 1974 (as amended)

Changes to the UK regulatory structure

The Financial Conduct Authority of the United Kingdom (the "**FCA**") is responsible for the consumer credit regime in the UK. The FCA regulates firms in the sector both prudentially and through extensive conduct of business requirements intended to ensure that business across the sector is conducted in a way which advances the interests of all users and participants. HM Treasury oversees the regime and is responsible for the legislative framework. In June 2022 HM Treasury announced its intention to reform consumer credit regime. It plans to modernise the regime to cut costs for businesses and simplify rules for consumers. In a consultation response published in July 2023, HM Treasury confirmed that the reform will aim to be

proportionate, aligned with current and future regulatory frameworks, forward-looking, deliverable and simplified, and that HM Treasury will consult further on the detail of the reforms in 2024. The timetable for reform is likely to be two to three years.

The FCA has been the regulator of consumer and credit matters since April 2014 and it is still evolving its practices in connection with the consumer credit regime. In light of this it is possible that it will take further action to impose stricter rules on current practices of consumer credit regulated firms. It is possible that through the actions it takes as regulator, as well as any adverse decision or award made by the Ombudsman (as to which see "*Financial Ombudsman Service*" within this risk factor below), the FCA will have an effect on the Financing Contracts, the Seller, and the Issuer and their respective businesses and operations, which may, in turn, affect the Issuer's ability to make payments in full on the Notes when due.

Regulatory framework

The regulatory framework for consumer credit in the UK consists of the Financial Services and Markets Act 2000 ("**FSMA**") and its secondary legislation, including the Financial Services and Markets Act (Regulated Activities) Order 2001 (the "**RAO**"), retained provisions in the Consumer Credit Act 1974, as amended by the Consumer Credit Act 2006, and its retained associated secondary legislation (the "**CCA**"), and rules and guidance in the FCA Handbook, including the Consumer Credit sourcebook ("**CONC**"). Article 60B of the RAO defines a regulated credit agreement as an agreement between an individual ("**A**") and any other person ("**B**") under which B provides A with credit of any amount and which is not an exempt agreement under articles 60C to 60HA of the RAO. Article 60C of the RAO contains an exemption for consumer credit contracts exceeding the value of £25,000, which are entered into wholly or predominantly for the debtor's business purposes.

The application of the CCA to the Financing Contracts which are regulated by the CCA (the "**Regulated Financing Contracts**") will have several consequences including the following:

(a) *Voluntary Terminations*

At any time before the last payment falls due in respect of the relevant Regulated Financing Contract, the Obligor may, pursuant to sections 99 and 100 of the CCA, terminate the relevant Regulated Financing Contract. Obligors do not have to state a reason for exercising their rights under this section. Generally, Obligors may take advantage of the right of voluntary termination when they are in financial difficulty, or when the residual value of the Vehicle on part-exchange is less than the amount that would be payable on early settlement. In order to terminate the Regulated Financing Contract, the Obligor is required to notify MBFS. On and upon notification the Obligor must return the vehicle, at its own expense, to an address as reasonably required by MBFS, together with everything supplied with the vehicle.

In such a case MBFS is entitled to:

- (i) all arrears of payments due and damages incurred for any other breach of the Regulated Financing Contract by the Obligor prior to such termination;
- (ii) the amount (if any) by which one half of the total amount which would have been payable under the Regulated Financing Contract if it had run its course exceeds the aggregate of sums already paid by the Obligor and other amounts due from the Obligor under the Regulated Financing Contract immediately before exercise by the Obligor of its statutory right of termination;
- (iii) possession of the relevant vehicle subject to the Regulated Financing Contract being terminated; and
- (iv) any other sums due but unpaid by the Obligor under the Regulated Financing Contract.

Following the Voluntary Termination of a Financing Contract, MBFS will take possession of the relevant vehicle and will sell such Financed Vehicle in accordance with the Credit and Collection Policy. MBFS will apply (a) any amounts received per paragraphs (i) and (ii) above and (b) any proceeds from the sale of the vehicle to reduce the receivables balance of the Financing Contract that remains outstanding following the Voluntary Termination. Following such application, any remaining amounts of receivables balance on the Financing Contract that has been the subject of the Voluntary Termination will be written-off and reduced to zero.

If an Obligor exercises its rights to terminate a Financing Contract pursuant to sections 99 and 100 of the CCA, it is possible that the Notes may be redeemed earlier than anticipated.

Furthermore, if an Obligor terminates a Financing Contract pursuant to sections 99 and 100 of the CCA, it is possible that the Issuer will not receive the full amount of the principal amount outstanding on the relevant Purchased Receivable and an amount of principal will accordingly be written-off. This in turn could trigger losses in respect of the Notes.

(b) *Early Settlement of Regulated Financing Contracts*

The Obligor has a statutory right to discharge his payment liability, and obtain title to the Financed Vehicle, under the Regulated Financing Contract in advance of its scheduled final repayment date by paying MBFS all unpaid scheduled payments through to the scheduled final repayment date together with all other amounts due and payable under the relevant Regulated Financing Contract less a rebate calculated pursuant to the provisions of the Consumer Credit (Early Settlement) Regulations 2004 (the "**Early Settlement Regulations**") (see sub-paragraph (d) below).

In addition, from 1 February 2011 the Obligors under a Regulated Financing Contract entered into after 11 June 2010 have a right to make partial early repayments of the Regulated Financing Contract. One or more partial early repayment(s) may be made at any time during the life of the relevant Regulated Financing Contract, subject to the Obligor taking certain steps as outlined in Section 94 of the CCA. The provisions on partial early settlement are largely the same as those for full early settlement and the framework operates in much the same way.

(c) *Termination of Regulated Financing Contracts*

MBFS has the right to terminate the Regulated Financing Contract in the event of an unremedied material breach of agreement by the Obligor. In such case MBFS is entitled to repossess the vehicle (however, where the Obligor has paid at least one-third of the total amount payable, the vehicle becomes "protected" under the CCA with the consequences described in "Protected Goods" below) and recover either:

(i)

- (1) all arrears of payments due and damages incurred for any breach of the Regulated Financing Contract by the Obligor prior to such termination;
- (2) all MBFS' expenses of recovering or trying to recover the Vehicle, storing it and tracing the Obligor and any shortfall relating to the sale or other disposal of vehicle (including all expenses of sale); and
- (3) any other sums due but unpaid by the Obligor under the Regulated Financing Contract less a rebate calculated pursuant to the provisions of the Early Settlement Regulations (see below).

(ii) or such lesser amount as a court considers will compensate MBFS for its loss.

Court decisions have conflicted on whether the amount payable by the obligors on termination by the lender (for example, for repudiatory breach by the Obligor) is restricted to the amount calculated by the one-half formula for termination by the Obligor. The Financing Contracts **provide that** the amount payable by the Obligor on termination by MBFS is the outstanding balance of the total amount payable under the Financing Contract less any statutory rebate for early settlement and less any proceeds of sale or estimated value of the vehicle so the Financing Contracts reflect those court decisions favourable to MBFS on this point.

(d) *Rebate on Early Settlement or on Termination of a Regulated Financing Contract by MBFS*

In the case of Regulated Financing Contracts, a rebate of credit charges may be due on early settlement. The amount of the rebate is calculated in accordance with the Early Settlement Regulations. The rebate is available only in the circumstances specified in the Early Settlement Regulations. No such rebate is required where the Obligor exercises his right to terminate a Regulated Financing Contract as described in (a) above, as the Obligor may terminate the relevant Regulated Financing Contract, without discharging in full the total amount payable under the Regulated Financing Contract.

(e) *Time Orders*

If, with regards to a Regulated Financing Contract, certain default or enforcement proceedings are taken or notice of early termination is served on an Obligor, the Obligor can apply to the court for

a time order to change the timing of payments under his Regulated Financing Contract or to repay the outstanding sum by lower instalments than provided for in his Regulated Financing Contract. Under the provisions of the CCA the court has a wide discretion to make an order incorporating such amendments to the relevant Regulated Financing Contract as it considers fit, in order to achieve the objectives of the time order.

(f) *Bona fide purchaser*

A disposition of the vehicle by the Obligor to a *bona fide* private purchaser without notice of the Financing Contract will transfer to the purchaser MBFS' title to the vehicle.

(g) *Interpretation of technical rules*

MBFS has interpreted certain technical rules under the CCA in a way common with many other lenders in the vehicle finance market. If such interpretation were held to be incorrect by a court or other dispute resolution authority, then the Financing Contract would be unenforceable without a court order. If such interpretation were challenged by a significant number of Obligors, then this could lead to significant disruption and shortfall in the income of the Issuer. Court decisions have been made on technical rules under the CCA against certain lenders, but such decisions are very few and are generally county court decisions which are not binding on other courts. Where agreements are unenforceable without a court order due to minor documentary defects, lenders have historically pursued such debts as though they are simply enforceable, until such time as those defects were raised by the obligor and/or the court in any claim. To mitigate the risks associated with this approach, lenders currently rely on the decision in *McGuffick v Royal Bank of Scotland* [2010] 1 All ER 634, in which the High Court ruled that, in relation to agreements which were unenforceable by reason of failures to provide copies under sections 77 and 78 of the CCA, steps which fell short of obtaining a court judgment against the obligor were not "enforcement" within the meaning of the CCA.

(h) *Enforcement of improperly executed or modified Regulated Financing Contracts*

If a Regulated Financing Contract has been "improperly executed" (as such term is used in the CCA) or improperly modified in accordance with the provisions of the CCA, it may be unenforceable unless a court order has been obtained. A Regulated Financing Contract may be completely unenforceable in circumstances where (i) there is no Regulated Financing Contract signed by the Obligor; and/or (ii) the form and content of certain prescribed pre-contract information and the agreement do not conform to the relevant detailed provisions of the CCA.

(i) *"Unfair relationship"*

The court has power under section 140A of the CCA to determine that the relationship between a lender and a customer arising out of the credit agreement (whether alone or with any related agreement) is unfair to the consumer. In applying the new unfair relationship test, the courts are able to consider a wider range of circumstances surrounding the transaction, including the lender's conduct before and after making the agreement. There is no statutory definition of "unfair" as the intention is for the test to be flexible and subject to judicial discretion. The Supreme Court has given general guidance in respect of unfair relationships in *Plevin v Paragon Personal Finance Ltd* [2014] 1 WLR 4222. Whilst the court acknowledged that it is not possible to state a precise or universal test for an unfair relationship, which must depend on the court's judgment of all the relevant facts, the court did give guidance on the nature of the test which should be applied. The Supreme Court acknowledged that what must be unfair is the relationship between the debtor and the creditor. Although the court is concerned with hardship to the debtor, there may be features which operate harshly against the debtor but it does not necessarily follow that the relationship is unfair because the features in question may be required in order to protect a legitimate interest of the creditor. The FCA principles are also relevant and apply to the way contract terms are used in practice and not just the way they are drafted. Once an Obligor alleges that an unfair relationship exists, the burden of proof is on the lender to prove the contrary.

(j) *Financial Ombudsman Service*

The Financial Ombudsman Service is an out-of-court dispute resolution scheme with jurisdiction to determine complaints against authorised persons under the FSMA relating to conduct in the course of specified regulated activities including in relation to consumer credit.

Under FSMA, the Financial Ombudsman Service is required to make decisions on, among others, complaints relating to the terms in agreements on the basis of what, in the Ombudsman's opinion, would be fair and reasonable in all the circumstances of the case, taking into account, among

others, law and guidance. Complaints brought before the Financial Ombudsman Service for consideration must be decided on a case-by-case basis, with reference to the particular facts of any individual case. Each case would first be adjudicated by an adjudicator. Either party to the case may appeal against the adjudication. In the event of an appeal, the case proceeds to a final decision by the Ombudsman. The Financial Ombudsman Service may order a money award to an Obligor, which may adversely affect the value at which the Financing Contracts in the Purchased Receivables could be realised and accordingly the ability of the Issuer to meet its obligations under the Notes. From 1 April 2023, the compensation limit for complaints referred to the Financial Ombudsman Service on or after 1 April 2023 is £415,000 where the complaint relates to an act or omission arising on or after 1 April 2019 and £190,000 for complaints relating to acts or omissions arising before that date. The jurisdiction of the Financial Ombudsman Service has applied since 6 April 2007.

(k) *Private rights of action under the FSMA*

An Obligor who is a private person may be entitled to claim damages for loss suffered as a result of any contravention by an FCA authorised person of a rule under the FSMA. From 1 April 2014, such rules include rules in the FCA Consumer Credit sourcebook (CONC), which transposes certain requirements previously made under the CCA and in OFT guidance. The Obligor may set off the amount of the claim for contravention of CONC against the amount owing under the Regulated Financing Contract or any other credit agreement he has taken with the authorised person (or exercise analogous rights in Scotland or Northern Ireland). Any such set-off may adversely affect the Issuer's ability to make payments in full when due on the Notes.

(l) *Enforcement action by the FCA*

The FCA has a broad range of enforcement powers under the FSMA which it can take against authorised firms where the firm breaches a requirement of the FSMA. These powers include the ability to order restitution under Section 382 of FSMA and to implement consumer redress schemes under Section 404 of FSMA. In addition, where a broker does not have the relevant permission an agreement will be unenforceable against the customer without a written notice from the FCA.

(m) *Servicing Requirements*

MBFS has to comply with certain post-contract information requirements under the CCA. Failure to comply with these requirements can have a significant impact. For example: (a) the credit agreement is unenforceable against the customer for any period when the lender fails to comply with requirements as to periodic statements, arrears notices or default notices (although any such unenforceability may be cured retrospectively by the lender complying with requirements as to periodic statements, arrears notices and default notices); (b) the customer is not liable to pay interest or default fees for any period when the lender fails to comply with requirements as to periodic statements or arrears notices; and (c) interest on default fees is restricted to nil until the 29th day after the day on which a notice of default fees is given and then to simple interest (i.e. interest may only be calculated on the principal amount of the default fee).

Liability for Misrepresentations and Breach of Contract

(a) *Regulated Financing Contracts*

Under section 75 of the CCA, an Obligor may make a claim against MBFS as well as a supplier in respect of any misrepresentations made by the supplier in a transaction between the supplier and the Obligor during negotiations between them before execution of the relevant Regulated Financing Contract or for a breach of contract. This liability arises in relation to, for example, insurance products where the creditor can be liable to the Obligor for misrepresentation or breach of contract by an insurer (or a dealer on its behalf) in relation to an insurance contract between the insurer and the Obligor and financed by a Regulated Finance Contract.

In all the above circumstances, MBFS normally has a right to be reimbursed by the supplier for any amount paid to the Obligor in respect of the Obligor's claim and any costs (including legal costs) incurred in defending the claim.

Equitable (or equivalent or analogous) set-off rights (such as for misrepresentation or breach of contract) may accrue in favour of an Obligor in respect of its obligation to make payments under the relevant Financing Contract. Exercise of such rights by the Obligors may, therefore, result in the Issuer receiving less money than anticipated from the Purchased Receivables, which may in turn lead to reduced amounts being available to pay the Noteholders.

In addition, under section 56 of the CCA where a credit broker, such as a dealer, carries out antecedent negotiations with an Obligor those negotiations will be deemed to be carried out in the capacity of agent of the creditor as well as in his actual capacity. As a result, MBFS will be potentially liable in respect of any misrepresentations made by any credit broker involved in introducing an Obligor to MBFS. This liability arises in relation to the Vehicle, and applies for example, to the dealer's promise to the Obligor on the quality or fitness of the Vehicle, and can extend, for example, to the dealer's promise to apply a part-exchange allowance to discharge an existing credit agreement. If any such pre-contractual statement is a misrepresentation or implied condition in the regulated consumer credit contract, then the Obligor is entitled to, amongst other things, rescind the contract and return the goods, and to treat the contract as repudiated by MBFS and accept such repudiation by notice, and is not liable to make any further payments, and may claim repayment of the amounts paid by the Obligor under the contract and damages such as the cost of hiring an alternative vehicle. The Obligor may set-off the amount of any such money claim against the amount owing by the Obligor under the credit agreement or any other credit agreement he has taken with MBFS (or exercise analogous rights in Scotland or Northern Ireland).

(b) *All Financing Contracts including Regulated Financing Contracts*

Under the Supply of Goods (Implied Terms) Act 1973 an Obligor may also make a claim for breach of contract against MBFS or, potentially, terminate the Financing Contract for repudiatory breach if the vehicle the subject of the Financing Contract is not of satisfactory quality (which includes an assessment of whether it is fit for its intended purpose) or as described. Under the terms of each Financing Contract, there is one clause which purports to restrict MBFS' liability for any loss, injury or damage (other than death or personal injury) caused by MBFS' negligence or breach of contract. This clause is expressly stated to be subject to the relevant implied terms of the Supply of Goods (Implied Terms) Act 1973 in relation to title, conformity of the vehicles in question as to description, sample, quality and fitness for a particular purpose.

For Financing Contracts entered into on or after 1 October 2015 by Obligors acting wholly or mainly outside that Obligor's trade, business, craft or profession) equivalent protections are contained in the Consumer Rights Act 2015 (the "**CRA15**"). Where the Obligor makes the contract other than in the course of a business this exclusion does not affect the Obligor's statutory rights, either under the Supply of Goods (Implied Terms) Act 1973 or the CRA15, that the goods be of satisfactory quality fit for their intended purpose and as described. Where the Obligor makes the contract in the course of a business the exclusion of liability will only be binding if it meets a statutory test of reasonableness.

In the above circumstances, MBFS will normally have a right to claim against the dealer or supplier for any amount paid to the Obligor in respect of the Obligor's claim and any costs (including legal costs) incurred in defending the claim. If any such case arises and the Obligor's claim is successful, MBFS would also ordinarily seek to sell the Vehicle back to the dealer.

Protected Goods

If, under a Regulated Financing Contract, the Obligor has paid MBFS one-third or more of the total amount payable under the relevant Regulated Financing Contract, the vehicle becomes "protected" pursuant to section 90 of the CCA and MBFS is not entitled to repossess it, unless MBFS first obtains an order from the court to this effect. If, however, the Obligor terminates the Regulated Financing Contract, the vehicle ceases to be "protected" and MBFS may effect repossession unless the court grants the Obligor a "time order" rescheduling the Obligor's outstanding liabilities under the Regulated Financing Contract, or otherwise exercises any other discretion which it may have under the CCA. In the event any of the vehicles owned by Obligors are protected, this could potentially cause delays in recovering amounts due from the Obligors and consequently may reduce amounts available to Noteholders.

Section 90 of the CCA also applies in Northern Ireland, however there will be a slightly different court process followed in Northern Ireland. Regardless of the value of the debt owed, a letter of claim should be issued to the debtor before commencing any proceedings notifying them of their default and requesting payment of the sum due. The Pre-Action Protocol for Debt Claims does not apply in Northern Ireland, however, if the debt is in excess of £30,000, the Pre-Action Protocol for Commercial Actions will apply in Northern Ireland. A letter of claim compliant with the Pre-Action Protocol for Commercial Actions must be issued to the debtor setting out the basis of the claim and the debtor has 21 days (or such other period as the parties may reasonably agree up to a maximum of 42 days), within which to respond. If the debtor does not respond within 21 days (or within any other timeframe agreed), the creditor may start proceedings. The Pre-Action Protocol for Commercial Actions also encourages parties to consider a pre-action meeting to attempt to resolve the case without the need for proceedings. In cases where the debt is less than £30,000, there is no specific pre-action protocol that applies and no specific timeframe that must

be allowed for a reply to a letter of claim, but a period of 14 days would be considered reasonable. The value of the debt will determine the Court within which proceedings are commenced in Northern Ireland. Proceedings for a debt below £3,000 can be commenced in the Small Claims Court, debts over £3,000 and below £30,000 fall within the jurisdiction of the County Court and debts over £30,000 fall within the jurisdiction of the High Court. County Court proceedings are commenced by Civil Bill and the debtor has 21 days from receipt to enter a Notice of Intention to Defend. High Court proceedings are commenced by way of a Writ and an Appearance must be entered by the debtor within 14 days of receipt in order to avoid default judgement being entered. Parties set out their cases more fully in documents that follow. In Northern Ireland, the Enforcement of Judgments Office ("**EJO**"), a centralised unit of the Courts and Tribunals Service, is responsible for the enforcement of court orders including those which relate to goods on hire purchase, such as cars. A creditor must apply to have its order enforced by the EJO. The EJO will serve an Order for the Delivery of Goods on the debtor and will arrange for the removal and return of the goods named on the court order. The EJO has the right to enter any land on which the Office reasonably believes where the goods are held.

Other Risks Resulting from Consumer Legislation

(a) Unfair Terms under the CRA15

An Obligor may challenge a term in an agreement on the basis that it is "unfair" within the meaning of the CRA15 and therefore not binding on the Obligor.

For transactions entered into on and after 1 October 2015, the CRA15 applies to all Financing Contracts involving consumers. A term shall be regarded as unfair if, contrary to the requirement of good faith, it causes a significant imbalance in the parties' rights and obligations arising under the contract to the detriment of the consumer. It should be noted that there is no strict definition as to what will constitute an "unfair" term, although Schedule 2 to the CRA15 provides a (non-exhaustive) list of terms that may potentially be deemed to be unfair. The assessment of unfairness will take into account all the circumstances attending the conclusion of the contract. In addition there is a requirement for terms to be transparent and prominent.

Ultimately, only a court can decide whether a term is fair; however, it will take into account any relevant guidance published by the Competition and Markets Authority or the FCA. The FCA will also consider the terms of agreements, and how the terms are applied in light of their "Treating Customers Fairly" principle. In particular, they will look at whether satisfactory outcomes have been achieved for customers.

The CRA15 also extends protection to announcements or other communications, whether or not in writing, that may be seen by the consumer that are related to the Financing Contract. The CRA15 makes both consumer contracts and consumer notices unenforceable if they fail the fairness test; introduces a more stringent test for fairness by making main subject matter of the contract or terms which set the price subject to the fairness test if they are not both transparent and prominent; and introduces new terms into the list of potentially unfair clauses in consumer contracts.

No assurance can be given that the implementation of the CRA15 or changes to the FCA guidance will not have an adverse effect on the Purchased Receivables, MBFS, the Servicer, the Issuer and their respective businesses and operations. The broad and general wording of the CRA15 makes any assessment of the fairness of terms largely subjective and makes it difficult to predict whether or not a court would find a term to be unfair. It is therefore possible that any agreements made with consumers may contain unfair terms, which may result in the possible unenforceability of those unfair terms. This may adversely affect the ability of the Issuer to dispose of Purchased Receivables, or any part thereof, in a timely manner and/or the realisable value of the Purchased Receivables, or any part thereof, and accordingly affect the ability of the Issuer to meet its obligations under the Notes when due.

No assurance is given that future changes to the CRA15, the manner in which the CRA15 is applied, interpreted or enforced or changes to guidance relating to the CRA15 will not have an adverse effect on the Purchased Receivables, MBFS, the Servicer, the Issuer and their respective businesses and operations. This may adversely affect the ability of the Issuer to dispose of Purchased Receivables, or any part thereof, in a timely manner and/or the realisable value of the Purchased Receivables, or any part thereof, and accordingly affect the ability of the Issuer to meet its obligations under the Notes when due.

(b) *Unfair Commercial Practices Directive 2005*

On 11 May 2005, the European Parliament and the Council adopted the Unfair Commercial Practices Directive (SI 2005/29/EC) (the "**UCPD**"). The UCPD is a maximum harmonisation Directive, which means that (except for financial services and immoveable property) Member States may not impose more stringent provisions than those provided for by the UCPD.

The UCPD seeks to harmonise unfair trading laws in all Member States by: (i) introducing a general prohibition on traders not to treat consumers unfairly; (ii) obliging businesses not to mislead consumers through acts or omissions or through subjecting them to aggressive commercial practices such as high pressure selling techniques; and (iii) introducing a prohibition of specified practices that will be deemed unfair in all circumstances. The UCPD has a wide scope in that it prohibits unfair business-to-consumer practices in all sectors, however, it only focuses on the protection of economic interests. Other interests such as health, safety, taste or decency are outside its scope.

The UCPD is intended to protect only the collective interests of consumers; it does not seek to provide individual consumers with a private right of action.

The Consumer Protection from Unfair Trading Regulations 2008 (SI 2008/1277) (the "**Consumer Protection Regulations**"), which implement the UCPD, came into force on 26 May 2008.

The Consumer Protection Regulations are comprised of three key restrictions:

- (i) Regulation 3 sets out a general prohibition of unfair commercial practices, so as to catch all practices which do not fall into the specific prohibitions of misleading and aggressive practices or the specifically banned practices. In accordance with Regulation 3, a commercial practice is "unfair" if:
 - (1) the practice contravenes the requirements of "professional diligence" (which is the special skill and care a trader may be reasonably expected to exercise commensurate with honest market practice or the general principle of good faith in its field of activity; and
 - (2) the practice materially distorts or is likely to materially distort the economic behaviour of the average consumer with regard to the product in question.
- (ii) Regulations 5 to 7 set out specific prohibitions in respect of misleading actions or omissions, and aggressive practices, respectively.
- (iii) Schedule 1 to the Consumer Protection Regulations contains a list of 31 specified commercial practices that are in all circumstances to be deemed unfair. Evidence of their effect, or likely effect, on the average consumer is not required in order to prove a breach under the Consumer Protection Regulations.

Enforcers (such as the Competition and Markets Authority and local trading standards authorities) may take civil enforcement action in respect of a breach of the Consumer Protection Regulations and consumers also have a right to redress for prohibited practices, including a right to unwind agreements, claim damages or obtain a discount.

The Consumer Protection Regulations have been incorporated into the Digital Markets, Competition and Consumers Bill which is currently passing through the Houses of Parliament. The Bill provides ministers with regulation making powers to amend the list of automatically unfair practices set out in Schedule 18 of the bill. The Government issued a consultation paper in September 2023 seeking views on practices which should be added to Schedule 18 and also seeking input on extending the private right of action to other elements of the Consumer Protection Regulations including misleading omissions, breaches of professional diligence and the listed automatically unfair practices.

The Consumer Protection Regulations require the Competition and Markets Authority and local trading standards authorities to enforce the Consumer Protection Regulations by prosecution or by seeking an enforcement order to prevent a business from carrying on unfair practices. In addition, the FCA addresses unfair practices in its regulation of consumer finance. No assurance can be given that any regulatory action or guidance in respect of the Consumer Protection Regulations will not have a material adverse effect on the Financing Contracts and accordingly on the Issuer's ability to make payments in full when due on the Notes.

FCA ongoing work in the motor finance sector

The FCA has been carrying out a review of the motor finance sector in the UK and published a report entitled "*Our work on motor finance – final findings*" (publication reference: 005810) on 4 March 2019. The FCA launched a consultation, which closed in October 2019, on plans to ban commission models that incentivise brokers and dealers to raise customer's interest rates. The FCA found that commission models allowing broker discretion on interest rates have the potential to cause significant customer harm by way of higher interest charges. The FCA refers in particular to increasing difference in charges ("**Increasing DiC**") and reducing difference in charges ("**Reducing DiC**") commission models, which "*can provide strong incentives for brokers to arrange finance at higher interest rates*". With difference in charges models, brokers are paid a fee which is linked to the interest rate payable by the customer. The contract between the lender and broker sets a minimum (for Increasing DiC) or maximum (for Reducing DiC) interest rate and the fee is a proportion of the difference in interest charges between the actual interest rate and the minimum/maximum interest rate. On 28 July 2020, the FCA published a policy statement (PS 20/8) confirming its previous proposals for a ban on motor finance discretionary commission models where the amount of the commission is linked to the interest rate the customer pays and which the dealer or broker has the power to set. This includes Increasing DiC and Reducing DiC models, as well as scaled commission models. Such a prohibition aims to address consumer harm by removing the financial incentive for brokers or dealers to increase a customer's interest rate. PS 20/8 also contained the final updates to the FCA's rules and guidance on commission disclosure to customers. The FCA's final rule changes and new rules introducing a ban on discretionary commission models have been applied since 28 January 2021.

The FCA has announced, on 11 January 2024 that it is using its powers under section 166 of FSMA to review historical motor finance commission arrangements and sales across several firms (the "Section 166 Review"), following a high number of complaints from motor finance customers in relation to discretionary commission arrangements entered into before the FCA's 2021 ban was introduced. MBFS has received notice from the FCA that MBFS has been included in this Section 166 Review in respect to its historic practices in relation to discretionary commission arrangements with dealers. Discretionary commission arrangements are those arrangements in which the amount the broker receives as commission is linked to the rate that the customer pays and which the broker has the power to set or adjust. The FCA has explained that one potential outcome from this Section 166 Review is that the FCA may determine that affected motor finance firms owe redress to a large number of customers. In this case, the FCA may need to intervene, for example by setting up an industry-wide consumer redress scheme. The FCA plans to set out its next steps by 24 September 2024 at the latest.

No assurance can be given that changes will not be made to the regulatory regime, or as to the impact of developments described above in respect of the vehicle finance market in the United Kingdom generally, the Seller's particular sector in that market or specifically in relation to the Seller, whether arising from the FCA review into the motor finance industry, consumer credit generally or otherwise. Additionally, this may have a material adverse effect on the Seller, the Issuer and/or the Servicer and their respective businesses and operations and may in turn adversely affect the Issuer's ability to make payments in full when due on the Notes.

Breathing Space Regulations

On 17 November 2020, the Debt Respite Scheme (Breathing Space Moratorium and Mental Health Crisis Moratorium) (England and Wales) Regulations 2020 (the "Breathing Space Regulations") were made which implemented a new breathing space scheme from 4 May 2021. The scheme allows individuals in England and Wales struggling with problem debt an extra 60 days to get their finances under control, while they receive debt advice via professional debt advice providers in order to enter an appropriate debt solution. The scheme also provides for an alternative means to access the protections of a moratorium where individuals are receiving mental health crisis treatment, which enables the protections to be in place for the duration of their crisis treatment. No interest and fees on debts can be charged and almost all enforcement action is paused during the moratorium period. However individuals are not protected from enforcement action on any debts arising from failure to pay ongoing household liabilities, such as rent or mortgage payments.

On 24 December 2020, the Government published guidance to provide support to creditors and debt advisors in understanding the Breathing Space Regulations. On 26 February 2021 the FCA published a policy statement (PS 21/1) outlining changes to the FCA Handbook as a result of the Breathing Space Regulations. The changes amend certain parts of CONC to clarify how the rules apply where the Breathing Space Regulations also apply.

The breathing space includes almost all personal debts and therefore the Seller is required to implement the requirements of the scheme for customers that meet the eligibility criteria for entry into the scheme,

therefore this could have a negative impact on the Noteholders' investment in the Notes including reduced or delayed payments on the Notes or a reduction in the credit quality or credit rating of the Notes.

On 13 May 2022, HM Treasury published a consultation and draft regulations (the Debt Respite Scheme (Statutory Debt Repayment Plan etc) (England and Wales) Regulations 2022) (the "**Draft DRS Regulations**"). The Draft DRS Regulations would introduce statutory debt repayment plans ("**SDRPs**"), a new form of debt solution complementing the debt respite scheme provided by the Financial Guidance and Claims Act 2018. The aim of an SDRP is to enable a person in problem debt to repay their debts under a single statutory agreement to a manageable timetable (up to ten years), while being protected from creditor action. SDRPs will only be accessible through the debt advice function of a local authority or from private debt advice providers authorised by the FCA. Any debt or liability owed by the debtor when applying for the SDRP will be a "qualifying debt" unless it is a "non-eligible debt". Some types of non-eligible debts are mandatorily excluded from an SDRP but this is not expected to include motor finance agreements as the scope is likely to be the same as the Breathing Space Regulations. While an SDRP is in effect, creditors cannot take enforcement steps in respect of a qualifying debt. The draft regulations also create "priority debts" which benefit from a prioritised payment allocation. The current proposal is that this will include hire-purchase payments. If at least 25% by value of creditors object to a provisional SDRP, the Insolvency Service will review whether it is fair and reasonable before making it final. In November 2022, HM Treasury published a consultation response which stated that the government would base further decisions on the future of the SDRP on the outcomes of the government's review of the personal insolvency framework, noting that no decision on reform has been made. The breathing space moratoria and, if implemented, the SDRPs could result in adverse consequences for Noteholders, including reduced or delayed payments on the Notes or a reduction in the credit quality or credit rating of the Notes.

In Scotland, eligible individuals are currently afforded similar legal protection as set out above under the Bankruptcy (Scotland) Act 2016 although the moratorium period of 6 months is longer than in England and Wales and does not make any accommodation for mental health crisis. The Scottish Government has however introduced The Bankruptcy and Diligence (Scotland) Bill which, if enacted, will permit regulations to be made for the introduction of a similar form of moratorium in Scotland as currently exists under the Breathing Space Regulations. It is anticipated that the Bill will come into force by summer 2024, although regulations on the proposed moratorium will likely follow later.

Vulnerable Customers and Borrowers in Financial Difficulty

In February 2021, the FCA published final guidance on the fair treatment of vulnerable customers (the "**VC Guidance**"). The VC Guidance reflects the FCA's focus on firms understanding the needs of their target market and customer base, ensuring that staff have the right skills and capability to recognise and respond to the needs of vulnerable customers and monitoring and assessing whether they are meeting and responding to the needs of customers with characteristics of vulnerability. The VC Guidance outlines the FCA's expectations on how firms can comply with the FCA's Principles for Business as regards vulnerable customers.

During the Coronavirus pandemic the FCA issued guidance to firms in the context of treatment of customers who were experiencing payment difficulties in the form of the credit payment deferral guidance on 24 April 2020 and updated with effect from 17 July 2020 and the Tailored Support Guidance ("**TSG**") published in draft on 2 November 2020 and updated on 19 November 2020. In addition, the FCA also launched the Borrowers in Financial Difficulty Project ("**BiFD Project**") in March 2021 to ensure firms continue to support customers in financial difficulty. The findings from the BiFD Project will shape the FCA's work and enforcement activity in relation to any firm who is not meeting the FCA's requirements.

Furthermore, the FCA published a "Dear CEO" letter on 16 June 2022 entitled "The rising cost of living – acting now to support consumers" reminding firms of the requirement to treat borrowers fairly in accordance with existing principles, rules and guidance (including the VC Guidance). In December 2022 the FCA published its report into Borrowers in Financial Difficulty and followed this up in May 2023 with a consultation which proposes amendments to the FCA Handbook (the FCA has stated that it does not propose to transfer parts of the TSG into the FCA Handbook which are not relevant outside the context of the pandemic) to strengthen the protections for borrowers in financial difficulty. The proposals include incorporating aspects of the existing FCA guidance introduced during the Coronavirus pandemic into the FCA Handbook and to support firms acting to deliver good outcomes for customers as required by the Consumer Duty principle (See Consumer Duty below).

The requirements in both the VC Guidance and the BiFD Project and any changes to the FCA Handbook may impose additional compliance costs, which may have an adverse effect on the Servicer and its businesses and operations, which may in turn adversely affect the Issuer's ability to make payments of interest and/or principal due on the Notes.

Consumer Duty

The FCA's new rules and guidance relating to "consumer duty" ("**Consumer Duty**") have applied since 31 July 2023. The Consumer Duty establishes higher expectations for the standard of care that firms provide to retail customers, which includes all customers who are within the scope of CONC.

The Consumer Duty has three key elements: (1) the Consumer Principle, which states that a firm must act to deliver good outcomes for retail customers; (2) 'Cross-cutting Rules', which develop and clarify the Consumer Principle's overarching expectations of firm conduct and set out how it should apply in practice; and (3) the 'Four outcomes', a suite of rules and guidance that set more detailed expectations for firm conduct in relation to four specific outcomes for the key elements of the firm-customer relationship – Products and Services, Price and Value, Consumer Understanding and Customer Support. The FCA has been clear that it sees the introduction of this Consumer Duty as a paradigm shift in the expectations of firms setting a higher standard than Principle 6 (Treating Customers Fairly) of the FCA's Principles for Businesses.

The FCA had also previously said (in Feedback Statement 19/02) that they would consider the potential merits and unintended consequences of introducing a private right of action for breaches of the FCA's Principles, including any new Principles the FCA might propose. Currently, section 138D of FSMA allows the FCA to determine, for each of their rules, whether individuals have a right of action for damages for loss caused by a breach of that rule (subject to some limited exceptions). This right applies to most FCA rules, but does not currently apply for breaches of FCA Principles. The FCA has noted that it could allow the right for private persons to bring private action for breaches of FCA Principles, including the Consumer Principle, and the wider Consumer Duty, through an amendment to the FCA Handbook.

The FCA views a private right of action as part of a wider range of mechanisms through which firms are accountable for their breaches of FCA rules, and consumers can access redress. The FCA has stated that, whilst there are potential benefits to a private right of action for a breach of the Consumer Duty Principle, it is not currently intending to provide for a private right of action for breaches of any part of the Consumer Duty although this will be kept under review.

Principles-based regulation presents many challenges to firms – introducing a Consumer Duty to this regime will likely act to intensify these challenges but any more specific effect that this will have on the Notes will only become clearer once the new rules are published. The implementation of these new rules may impose additional compliance and business costs, which may have a material adverse effect on the Servicer and/or the Issuer and their respective businesses and operations, which may in turn adversely affect the Issuer's ability to make payments of interest and/or principal due on the Notes.

FCA approach to COVID

In the UK, the FCA published a package of measures to support motor finance consumers through the COVID-19 Pandemic (as amended from time to time, the "**FCA Guidance**"). These included, without limitation, payment deferrals for certain customers and restriction on repossessions of motor vehicles. Although the majority of this guidance has now expired, the Tailored Support Guidance ("**TSG**") still remains in place. The TSG supplements the FCA's temporary guidance, and whilst the TSG was originally issued in the context of the coronavirus pandemic, the FCA clarified that the TSG remains relevant in the case of borrowers in financial difficulty due to other circumstances, such as the rising cost of living (see the FCA's June 2022 "Dear CEO" letter). There are proposals to incorporate aspects of the TSG into the FCA Handbook, and to introduce targeted additional changes to support consumers in financial difficulty (see the "Vulnerable Customers and Borrowers in Financial Difficulty" section).

Vehicle Recalls

Vehicle manufacturers have in the past and may in the future announce recalls and temporary suspension of sales and production of certain models of their vehicles due to a discovered defect or other issue which affects the performance, safety or use of such vehicles.

In the event of any recall, an Obligor may attempt (whether legally entitled or otherwise) to withhold or set-off payments due under a Financing Contract, terminate their Financing Contract (with or without the payment of an early repayment fee or charge) or claim for any loss suffered by them as a result of such recall (for further discussion of these risks, see the risk factors entitled "**RISK FACTORS - Legal and regulatory risks relating to the Purchased Receivables (Financing Contracts regulated by Consumer Credit Act 1974 (as amended) and Liability for Misrepresentations and Breach of Contract)**").

The publicity surrounding any product recall may also result in an increase in the number of Obligors choosing to exercise their rights pursuant to the CCA to voluntarily terminate any regulated Financing Contract relating to a Vehicle affected by a manufacturer recall, as to which we would refer you to the risk factor entitled "**RISK FACTORS - Legal and regulatory risks relating to the Purchased Receivables (Financing Contracts regulated by Consumer Credit Act 1974 (as amended))**" below.

An adverse impact on the value of a vehicle which is affected by a manufacturer recall could result in lower recoveries on a sale or other disposition of a Vehicle being the subject of a Financing Contract following default by an Obligor or following a Voluntary Termination. This may result in a reduction in the amounts available to the Issuer to meet its obligations to the Noteholders. An adverse impact on the value of the affected Vehicles may also increase the likelihood that an Obligor would not exercise an option to purchase by paying the Optional Final Payment under any PCP Contracts.

In addition, it is possible that an Obligor could claim against MBFS as the counterparty to the Financing Contract in relation to a vehicle affected by a manufacturer recall pursuant to common law, the Misrepresentation Act 1967, the Sale of Goods Act 1979 or the CRA15 (as to which see the risk factor entitled "*RISK FACTORS – Legal and regulatory risks relating to the Purchased Receivable (Liability for Misrepresentations and Breach of Contract)*"). The consequences of any successful claim could include one or more of damages, rescission of the relevant Financing Contract or termination of the relevant Financing Contract, depending on the claim. If a successful claim is brought against MBFS, it is likely that MBFS would have a claim against the relevant dealer. Such a claim would likely be equal to the loss suffered by MBFS in respect of the claim brought by the Obligor and, if received, would reduce any loss suffered by MBFS in respect of a claim referenced in the paragraph above. Whether or not MBFS is able to fully recover any loss suffered will depend on the particular facts of the claim and the solvency of the relevant dealer. The Obligor may be able to set-off such damages against the Receivable.

Value of the Financed Vehicles

Mercedes-Benz Group AG and its subsidiaries ("**Mercedes-Benz**") are continuously subject to governmental information requests, inquiries, investigations, administrative orders and proceedings relating to various laws and regulations in connection with diesel exhaust emissions.

The corresponding activities of various authorities worldwide are partly ongoing, as described below. These activities particularly relate to test results, the emission control systems used in Mercedes-Benz diesel vehicles and/or the interactions of Mercedes-Benz with the relevant authorities as well as related legal issues and implications, including, but not limited to, under applicable environmental, criminal, consumer protection and antitrust laws.

In the United States, Mercedes-Benz Group AG and Mercedes-Benz USA, LLC (MBUSA) reached agreements in the third quarter of 2020 with various authorities to settle civil environmental claims regarding the emission control systems of certain diesel vehicles. These agreements have become final and effective. The authorities took the position that Mercedes-Benz had failed to disclose Auxiliary Emission Control Devices (AECDs) in certain of its US diesel vehicles and that several of these AECDs were illegal defeat devices.

As part of these settlements, Mercedes-Benz has denied the allegations by the authorities and has not admitted liability, but has agreed to, among other things, pay civil penalties, conduct an emission modification programme for the affected vehicles and take certain other measures. The failure to meet certain of those obligations may trigger additional stipulated penalties. In the first quarter of 2021, Mercedes-Benz paid the civil penalties.

In April 2016, the U.S. Department of Justice ("**DOJ**") requested that Mercedes-Benz conduct an internal investigation. Mercedes-Benz conducted such an internal investigation in cooperation with the DOJ's investigation; the DOJ's investigation remains open. In addition, further US state authorities have opened investigations pursuant to both local environmental and consumer protection laws and have requested documents and information. In Canada, the environmental regulator Environment and Climate Change Canada ("**ECCC**") is conducting an investigation in connection with Diesel exhaust emissions based on the suspicion of potential violations of, amongst others, the Canadian Environmental Protection Act as well as potential undisclosed AECDs and defeat devices. Mercedes-Benz continues to cooperate with the investigating authorities.

In Germany, the Stuttgart public prosecutor's office issued a fine notice against Mercedes-Benz in September 2019 based on a negligent violation of supervisory duties thereby concluding the related administrative offense proceedings against Mercedes-Benz. In July 2021, the local court of Böblingen issued penal orders against three Mercedes-Benz employees based on, amongst others, fraud, which have become final. The criminal investigation proceedings of the Stuttgart public prosecutor's office against further Mercedes-Benz employees on the suspicion of, amongst others, fraud have meanwhile been discontinued.

Between 2018 and 2020, the German Federal Motor Transport Authority ("**KBA**") issued subsequent auxiliary provisions for the EC type approvals of certain Mercedes-Benz diesel vehicles, and ordered mandatory recalls as well as, in some cases, stops of the first registration. In autumn 2022 and in December 2023, the KBA issued further decisions regarding vehicles equipped with various EU6 or EU5

diesel engines. In each of those cases, it held that certain calibrations of specified functionalities are to be qualified as impermissible defeat devices. Mercedes-Benz has a contrary legal opinion on this question and has filed timely objections against the KBA's administrative orders and determinations mentioned above. Insofar as the KBA has not remedied the objections, Mercedes-Benz has filed lawsuits with the competent administrative court to have the controversial questions at issue clarified in a court of law. Irrespective of such objections and the lawsuits that are now pending, Mercedes-Benz continues to cooperate fully with the KBA. To a large extent, the remedial actions requested by the KBA were developed by Mercedes-Benz and assessed and approved by the KBA; the necessary recalls were initiated. For some of the vehicles affected by the KBA's decision from December 2023, developments, examinations and approvals of the remedial measures are still pending. It cannot be ruled out that under certain circumstances, software updates may have to be reworked, or further delivery and registration stops may be ordered or resolved by Mercedes-Benz as a precautionary measure, also with regard to the used-car, leasing and financing businesses. In the course of its regular market supervision, the KBA routinely conducts further reviews of Mercedes-Benz vehicles and asks questions about technical elements of the vehicles. In addition, Mercedes-Benz continues to be in a dialogue with the German Federal Ministry for Digital and Transport (**BMDV**) to conclude the analysis of the diesel-related emissions matter and to further the update of affected customer vehicles. In light of the aforementioned administrative orders issued by the KBA, and continued discussions with the KBA and the BMDV, it cannot be ruled out completely that additional administrative orders may be issued in the course of the ongoing and/or further investigations. Since 1 September, 2020, this also applies to responsible authorities of other member states and the European Commission, which conduct market surveillance under the new European Type Approval Regulation and can take measures upon assumed non-compliance, irrespective of the place of the original type approval, and also to the British market surveillance authority DVSA (Driver and Vehicle Standards Agency).

In addition to the aforementioned authorities, authorities of various foreign States, particularly the South Korean Ministry of Environment and the South Korean competition authority (Korea Fair Trade Commission) are conducting various investigations and/or procedures in connection with Diesel exhaust emissions. In this context, these South Korean authorities have made determinations and imposed sanctions against Mercedes-Benz, which Mercedes-Benz appealed. In the same context, national antitrust authorities of various countries are also conducting investigations, including the South Korean antitrust authority, which has made certain findings and imposed fines on some car manufacturers. In February 2024, the criminal proceeding in South Korea was concluded.

Mercedes-Benz continues to fully cooperate with the authorities and institutions. Irrespective of such cooperation and in light of the past developments, it is possible that further regulatory, criminal and administrative investigative and enforcement actions and measures relating to Mercedes-Benz and/or its employees will be taken or administrative orders will be issued. Additionally, further delays in obtaining regulatory approvals necessary to introduce new or recertify existing vehicle models could occur. Regarding the proceedings and processes still in progress, Mercedes-Benz cannot at this time make any statement to their outcome.

In light of the legal positions taken by U.S. regulatory authorities and the KBA, as well as the South-Korean Ministry of Environment, amongst others, it cannot be ruled out that, besides these authorities, one or more authorities worldwide will reach the conclusion that other passenger cars and/or vans with the brand name Mercedes-Benz or other brand names of the Mercedes-Benz Group are equipped with impermissible defeat devices. Likewise, such authorities could take the view that certain functionalities and/or calibrations are not proper and/or were not properly disclosed. It cannot be ruled out that Mercedes-Benz will become subject to, as the case may be, significant additional fines or other sanctions, measures and actions. The occurrence of the aforementioned events in whole or in part could cause significant collateral damage including reputational harm. Further, due to negative allegations or findings with respect to technical or legal issues by one of the various governmental agencies, other agencies – or also plaintiffs – could also adopt such allegations or findings. Thus, a negative allegation or finding in one proceeding carries the risk of being able to have an adverse effect on other proceedings, also potentially leading to new or expanded investigations or proceedings, including lawsuits.

In addition, the ability of Mercedes-Benz to defend itself in proceedings could be impaired by concluded proceedings and their underlying allegations as well as by unfavourable results or developments in any of the information requests, inquiries, investigations, administrative or criminal orders, legal actions and/or proceedings discussed above.

Consumer class actions were filed against Mercedes-Benz Group AG in Israel in February 2019 as well as against Mercedes-Benz Group AG and further Group companies in the United Kingdom since May 2020, in the Netherlands, in Portugal as well as since November 2022 in Australia. The plaintiffs inter alia assert that the Mercedes-Benz Group had used devices that impermissibly impair the effectiveness of emission control systems in reducing nitrogen oxide (NOX) emissions and which cause excessive emissions from vehicles with diesel engines. Furthermore, they claim that Mercedes-Benz Group AG deceived consumers

in connection with advertising in relation of Mercedes-Benz diesel vehicles. The proceedings in England and Wales consist of several individual lawsuits that have been consolidated into one class action. A class action lawsuit is also pending in Scotland. In these proceedings, allegedly injured parties must actively register for the enforcement of claims (opt-in). The plaintiffs in the consumer class action in England and Wales also allege, amongst others, anti-competitive behaviour relating to technology for the treatment of diesel exhaust emissions. Mercedes-Benz regards the pending lawsuits set out above as being without merit and continues to defend itself against them.

At the date of this Prospectus, there are no indications that recent developments will have a material negative impact on payments on the Purchased Receivables, but there can be no assurance that the information requests, inquiries, investigations, administrative or criminal orders, legal actions and/or proceedings discussed above and any future disclosure or settlement by or with respect to Mercedes-Benz Group AG and its subsidiaries will not adversely affect the businesses of Mercedes-Benz Group AG and its subsidiaries or ultimately the Purchased Receivables and/or the Issuer's ability to make payments under the Notes.

Fixed charges may take effect as floating charges

Pursuant to the terms of the Deed of Charge, the Issuer has purported to grant fixed charges over, among other things, its interests in the Purchased Receivables and their Ancillary Rights, its rights and benefits in the Issuer Transaction Accounts from time to time.

English law relating to the characterisation of fixed charges is unsettled. The fixed charges purported to be granted by the Issuer (other than by way of assignment in security) may take effect under English law as floating charges only if, for example, it is determined that the Security Trustee has not been provided sufficient control over the charged assets (although it should be noted that there is no equivalent concept of recharacterisation of fixed security as floating security under Scots law). If the charges take effect as floating charges instead of fixed charges, then, as a matter of law, certain claims would have priority over the claims of the Security Trustee in respect of the floating charge assets.

The interest of the Secured Parties in property and assets over which there is a floating charge will rank behind the expenses of any administrator or liquidator and the claims of certain preferential creditors on enforcement of the Security. Section 251 of the Enterprise Act 2002 abolishes Crown Preference in relation to all insolvencies (and thus reduces the categories of preferential debts that are to be paid in priority to debts due to the holder of a floating charge) but a new Section 176A of the Insolvency Act 1986 and article 150A of the Insolvency (Northern Ireland) Order 1989, requires a "prescribed part" (up to a maximum amount of £600,000, or £800,000 in relation to floating charges which have come into existence on or after 6 April 2020 or, £800,000 under Northern Irish law pursuant to Insolvency (Northern Ireland) Order 1989 (Prescribed Part) (Amendment) Order (Northern Ireland) 2022) of the floating charge realisations available for distribution to be set aside to satisfy the claims of unsecured creditors and from 1 December 2020 HMRC obtained preferential status as a secondary preferential creditor in respect of certain taxes (eg, VAT, PAYE, employee NICs, student loan deductions and construction industry scheme deductions). This means that the expenses of any administration, the claims of preferential creditors and the beneficiaries of the prescribed part will be paid out of the proceeds of enforcement of the floating charge ahead of amounts due to Noteholders. The prescribed part will not be relevant to property subject to a valid fixed security interest or to a situation in which there are no unsecured creditors.

VII. Legal, Macro-Economic and Regulatory Risks in relation to the Notes

General market volatility

Developments such as the UK's departure from the European Union, consumer energy price inflation and disruption to global supply chains, alongside elevated global demand for goods and supply shortages of specific goods have led to recent inflationary pressure and rises in UK interest rates. Continuing inflationary pressure may result in further interest rate increases over time. There are also geopolitical risks, for example around the continuing conflict in Ukraine, which could impact the UK economy, in particular by further increasing energy and oil prices (and therefore petrol and diesel retail prices) and which could lead to further impacts on supply chains and further increases in the cost of living and inflation. These events may adversely affect the UK automobile market, the Issuer, one or more of the other parties to the Transaction SA UK 2024-1 Documents (including the Seller, the Servicer, the Account Bank and/or the Swap Counterparty) and/or any Obligor in respect of the Financing Contracts.

No assurance can be given that any of the matters outlined above would not adversely affect the ability of the Issuer to satisfy its obligations under the Notes and/or the market value and/or liquidity of the Notes in the secondary market.

Basel Capital Accord and regulatory capital requirements

Investors should note that the Basel Committee on Banking Supervision (the "**BCBS**") has approved a series of significant changes to the Basel framework for prudential regulation (such changes being referred to by the BCBS as Basel III, and referred to, colloquially, as Basel III in respect of reforms finalised prior to 7 December 2017 and Basel IV in respect of reforms finalised on or following that date). The Basel III reforms have now been incorporated into EU law (which will apply in stages, the latest of which will apply from 2025). Some but not all of this EU law has been implemented in the UK. The UK authorities have stated that they intend to amend UK regulation to implement the remaining Basel III and Basel IV standards. The BCBS continues to work on new policy initiatives.

The European Commission adopted legislative proposals in October 2021 for a regulation and a directive to implement the Basel IV standards by way of an amendment to Regulation (EU) 2019/876 (such updated regulation referred to below as "**CRR III**") and an amendment to Directive 2019/878 (such updated directive referred to below as the "**CRD VI**"). The CRR III will apply, in large part, from 1 January 2025, subject to a transitional implementation of the output floor. Measures implementing the CRD VI are expected to be adopted 18 months from the date of its entry into force.

In the UK, the PRA announced its intention to move the implementation date of the Basel IV standards to 1 July 2025, with a corresponding transitional implementation of the output floor. On 12 December 2023 the PRA published a policy statement containing near-final standards implementing some of the Basel IV standards (including market risk, credit valuation adjustment and operational risk). In Q2 2024, the PRA intends to publish the second policy statement containing near-final standards for the remaining standards (including credit risk, credit risk mitigation and the output floor).

There is expected to be regulatory divergence between the EU and the UK as a result of these measures, including capital requirements relating to the holding of securitisation positions.

The implementation of the Basel III and Basel IV reforms may result in increased regulatory capital and/or other prudential requirements in respect of securitisation positions (including, but not limited to, the imposition of the output floor for banks using internal models). These prudential requirements may also impact the eligibility of the Notes as liquid assets for the liquidity coverage ratio and the net stable funding ratio. It should also be noted that changes to prudential requirements may be made for insurance and reinsurance undertakings through participating jurisdiction initiatives, such as the Solvency II framework in Europe and the UK. In particular, it is noted that the UK authorities have announced that the Solvency II framework in the UK will be reformed and that the EU Commission has announced a legislative proposal to amend the Solvency II Directive as it applies in the EU, and a legislative proposal for a new Insurance Recovery and Resolution Directive, each of which is subject to review by the European Parliament and the Council. In connection with the reform of the UK Solvency II framework, the PRA published a policy statement on 28 February 2024 for the review of the Solvency II regime to make it more adaptable to the UK insurance market. Prospective investors should therefore make themselves aware of the requirements described above (and any corresponding implementing rules of their regulator), where applicable to them, in addition to any other applicable regulatory requirements with respect to their investment in the Notes. Investors in the Notes are responsible for analysing their own regulatory position and prudential regulation treatment applicable to the Notes and should consult their own advisers in this respect. No predictions can be made as to the precise effects of such matters on any investor or otherwise.

In addition, Regulation (EU) No 2015/61 of 10 October 2014 (the "**EU LCR Regulation**" and, as onshored in the UK by virtue of EUWA, the "**UK LCR Regulation**" and, together, the "**LCR Regulations**") sets out assumed asset inflow and outflow rates to better reflect actual experience in times of stress. On 19 November 2018, Delegated Regulation (EU) 2018/1620 amending the EU LCR Regulation (the "**Delegated EU LCR Regulation**" and, as onshored in the UK by virtue of EUWA, the "**Delegated UK LCR Regulation**" and, together the "**Delegated LCR Regulations**") entered into force which amended, among other things, the exposure values of securitisations and their eligibility to qualify as Level 2B high quality liquid assets. The Delegated LCR Regulations apply in the EU and the UK from 30 April 2020 (and apply in the UK by virtue of EUWA). The application of the Delegated LCR Regulations may have negative implications on the cost of regulatory capital for certain investors and their ability to use securitisation positions as high quality liquid assets for their liquidity coverage ratio. Therefore, investors should consult their own advisers as to the regulatory capital treatment requirements in respect of the Notes and as to the consequences to and effect on them by the Delegated LCR Regulations. No predictions can be made as to the precise effects of such matters on any investor or otherwise.

Recovery and Resolution Proceedings

As a result of the Banking Recovery and Resolution Directive 2014/59/EU of 15 May 2014 (the "**BRRD**"), it is possible that a credit institution or investment firm with its head office in an EEA state and/or certain group companies (such institution, investment firm or group company could encompass any Swap Counterparty) could be subject to certain resolution actions in that state.

Directive ((EU) 2019/879) ("**BRRD II**") was required to be transposed into national law in the EU by 28 December 2020. BRRD II amends the BRRD by, amongst other matters, providing EU Member States with the power to ensure that their resolution authorities have the power to suspend payment or delivery obligations and enforcement action by secured creditors, including an exemption to include a contractual recognition of bail-in clause in certain circumstances and introducing requirements on the contractual recognition of resolution stay powers.

In respect of the UK, the majority of BRRD II was transposed into the domestic law of the United Kingdom with effect from 28 December 2020, such date falling within the transition period agreed under the Withdrawal Agreement. BRRD II forms part of domestic law of the United Kingdom by virtue of the EUWA and has been amended through the Bank Recovery and Resolution (Amendment) (EU Exit) Regulations 2020 (2020/1350/EU) to ensure it operates in a UK context. The UK authorities did not implement those BRRD II requirements that did not need to be complied with by firms until after the end of the transition period, and certain requirements will be transposed through FCA rules.

Any resolution action may affect the ability of any relevant entity to satisfy its obligations under the Transaction Documents (including the Swap Agreement) and there can be no assurance that Noteholders will not be adversely affected as a result.

Risk Retention and Due Diligence Requirements

Regulation (EU) No 2017/2402 dated 12 December 2017 and any relevant regulatory and/or implementing technical standards adopted by the European Commission in relation thereto, any relevant regulatory and/or implementing technical standards applicable in relation thereto pursuant to any transitional arrangements made pursuant to the EU Securitisation Regulation, and in each case, any relevant guidance published by the European Banking Authority, the European Securities and Markets Authority (or, in either case, any predecessor authority), the European Commission and by national competent authorities (the "**EU Securitisation Regulation**") applies from 1 January 2019 subject to certain transitional and grandfathering provisions.

Regulation (EU) No 2017/2402 dated 12 December 2017, as it forms part of domestic law of the United Kingdom by virtue of the EUWA, and any implementing laws or regulations in force in the United Kingdom in relation to the EU Securitisation Regulation or amending the EU Securitisation Regulation as it applies in the United Kingdom (together with applicable directions, secondary legislation, guidance, binding technical standards and related documents published by the FCA and the PRA of the United Kingdom) (the "**UK Securitisation Regulation**") applies in the UK from 11pm (London time) on 31 December 2020.

Investors, to which the EU Securitisation Regulation or UK Securitisation Regulation is applicable, should make themselves aware of the requirements of Articles 5 et seqq. of the EU Securitisation Regulation and the UK Securitisation Regulation, in addition to any other regulatory requirements applicable to them with respect to their investment in the Notes.

Risk Retention

Article 6 of the EU Securitisation Regulation provides for a direct obligation on originators to retain a net economic interest. Article 5(1)(c) of the EU Securitisation Regulation requires institutional investors as defined in Article 2(12) of the EU Securitisation Regulation, which term also includes an insurance or reinsurance undertaking as defined in the EU Solvency II Regulation and an alternative investment fund manager as defined in the EU AIFM Regulation, to verify that, if established in the European Union, the originator, sponsor or original lender retains on an ongoing basis a material net economic interest in accordance with Article 6 of the EU Securitisation Regulation and the risk retention is disclosed to the institutional investor in accordance with Article 7(1)(e) of the EU Securitisation Regulation. The originator is not established in the European Union but has contractually agreed to comply with Article 6 of the EU Securitisation Regulation.

Article 6 of the UK Securitisation Regulation provides for a direct obligation on originators to retain a net economic interest. Article 5(1)(c) of the UK Securitisation Regulation requires institutional investors as defined in Article 2(12) of the UK Securitisation Regulation, which term also includes an insurance or reinsurance undertaking as defined in the UK Solvency II Regulation and an alternative investment fund manager as defined in the UK AIFM Regulation, to verify that, if established in the United Kingdom, the originator, sponsor or original lender retains on an ongoing basis a material net economic interest in accordance with Article 6 of the UK Securitisation Regulation and the risk retention is disclosed to the institutional investor in accordance with Article 7(1)(e) of the UK Securitisation Regulation.

MBFS is the "originator" for the purposes of Article 2(3) of the UK Securitisation Regulation and the EU Securitisation Regulation. The Originator confirms that it has covenanted with the Issuer and the Note Trustee under the Receivables Purchase Agreement that the Originator will, for the life of the Transaction, retain a material net economic interest of not less than 5% in the Transaction in accordance with Article 6(3)(d) of the UK Securitisation Regulation and the EU Securitisation Regulation and will not enter into any credit risk mitigation, short position or any other credit hedge or sale with respect to the Retained Interest, provided that the level of retention may reduce over time in compliance with:

- (a) in the case of the EU Securitisation Regulation, Article 6(3)(d) of the EU Securitisation Regulation and Article 7 of the Commission Delegated Regulation (EU) 2023/2175 of 7 July 2023 on supplementing the Securitisation Regulation with regard to regulatory technical standards specifying in greater detail the risk retention requirements for originators, sponsors, original lenders and services (the "RRTS") adopted by the Commission pursuant to Article 6(7) of the EU Securitisation Regulation, provided that the level of retention may reduce over time in compliance with Article 10(2) of the RRTS, and
- (b) in the case of the UK Securitisation Regulation, Article 6(3)(d) of the UK Securitisation Regulation and Article 43(7) of the UK Securitisation Regulation until such time as UK regulatory technical standards are published jointly by the FCA and PRA, the Commission Delegated Regulation (BTS 625/2014 as amended by Annex R of The Technical Standards (Capital Requirements) (EU Exit) (No. 3) Instrument 2019).

As of the Issue Date, such interest will, in accordance with Article 6(3)(d) of the EU Securitisation Regulation and the UK Securitisation Regulation, be retained through the holding of the Class B Notes and the Subordinated Loan.

It should be noted that there is no certainty that references to the retention obligations of the Seller in this Prospectus will constitute explicit disclosure (on the part of the Seller) or adequate due diligence (on the part of the Noteholders) for the purposes of Article 5 of the EU Securitisation Regulation or the UK Securitisation Regulation.

Due diligence

Article 5 of EU Securitisation Regulation or the UK Securitisation Regulation places an obligation on institutional investors (as defined in the EU Securitisation Regulation and the UK Securitisation Regulation) before investing in a securitisation and thereafter, to analyse, understand and stress test their securitisation positions and monitor on an ongoing basis in a timely manner performance information on the exposures underlying their securitisation positions. After the Issue Date, the Servicer (on behalf of the Originator as the Reporting Entity) will prepare monthly investor reports wherein relevant information with regard to the Purchased Receivables will be disclosed publicly together with an overview of the retention of the material net economic interest by the Originator in accordance with Article 7(1)(e) of the EU Securitisation Regulation and the UK Securitisation Regulation.

Prospective investors should note that there can be no assurance that the information in this Prospectus or to be made available to investors in accordance with Article 7 of the EU Securitisation Regulation or the UK Securitisation Regulation will be adequate for any prospective institutional investors to comply with their due diligence obligations under the EU Securitisation Regulation or the UK Securitisation Regulation.

Where the relevant retention requirements are not complied with in any material respect and there is negligence or omission in the fulfilment of the due diligence obligations on the part of a credit institution that is investing in the Notes, a proportionate additional risk weight of no less than 250 per cent. of the risk

weight (with the total risk weight capped at 1250 per cent.) which would otherwise apply to the relevant securitisation position will be imposed on such credit institution, progressively increasing with each subsequent infringement of the due diligence provisions. Noteholders should make themselves aware of the provisions of the CRD IV package and make their own investigation and analysis as to the impact of the CRD IV package on any holding of Notes.

If the Originator does not comply with its obligations under Article 6 of the EU Securitisation Regulation or UK Securitisation Regulation, the ability of the Noteholders to sell and/or the price investors receive for, the Notes in the secondary market may be adversely affected.

Relevant investors, to which the EU Securitisation Regulation or the UK Securitisation Regulation is applicable, are required to independently assess and determine the sufficiency of the information described above for the purposes of complying with the CRD IV package or Article 5 of the EU Securitisation Regulation and UK Securitisation Regulation and none of the Issuer, the Seller, the Arranger nor each of the Joint Lead Managers and the Managers makes any representation that the information described above is sufficient in all circumstances for such purposes.

Noteholders should take their own advice and/or seek guidance from their regulator on compliance with, and the application of, the provisions of the CRD IV package and Article 6 of the EU Securitisation Regulation and UK Securitisation Regulation in particular.

Edinburgh Reforms

On 9 December 2022, the Chancellor of the Exchequer of the United Kingdom set out a series of reforms, the "**Edinburgh Reforms**", that will reshape the UK's financial services regulatory framework, repeal retained EU law ("**REUL**") and deliver a "Smarter Regulatory Framework" for financial services tailored to the UK.

The Financial Services and Markets Act 2023 ("**FSMA 2023**"), which received Royal Assent on 29 June 2023, establishes a framework for the revocation of REUL relating to financial services. REUL will be revoked and replaced, with much of the detailed rules being transposed into rules to be overseen by the FCA and/or the PRA. The UK Government is taking a phased approach to the revocation of REUL, with policy areas organised by tranches, such that individual areas will not be revoked until the FCA and/or the PRA have consulted on and put in place new rules.

Legislative reforms affecting the UK Securitisation Regulation regime will be effected through a combination of a statutory instrument made under the Financial Services and Markets Act 2023 (a near-final draft of which was laid before Parliament on 11 July 2023); the Securitisation Regulations 2024 (SI 2024/102) made on 29 January 2024 ("**2024 UK SR SI**") with some of its provisions now being in force, as expected to be amended by the Securitisation (Amendment) Regulations 2024, a draft of which was published on 22 April 2024, and which sets 1 November 2024 as the main commencement day on which the 2024 UK SR SI will come fully into force; amendments to the PRA Rulebook to, amongst other things, introduce a new section on securitisation, in relation to which a consultation (CP15/23) was published by the PRA on 27 July 2023 (the "**PRA Consultation**"); and a set of rules to be implemented by the FCA into the FCA Handbook (such rules to be known as the Securitisation Sourcebook), in relation to which a consultation (FCA CP23/17) was published by the FCA on 7 August 2023 (the "**FCA Consultation**").

Each of the PRA Consultation and the FCA Consultation is currently expected to be finalised and become applicable in Q2 2024, when the 2024 UK SR SI comes into force and Regulation (EU) 2017/2402 is repealed under the Financial Services and Markets Act 2023. In addition to the changes in the 2024 UK SR SI and the proposed changes to be implemented pursuant to, the PRA Consultation and the FCA Consultation, further consultations and reforms relating to the UK securitisation regime (including a review of the reporting templates required under the UK Securitisation Regulation) are expected throughout the course of 2024 and into 2025.

Therefore, at this stage, the timing and all of the details for the implementation of these reforms are not yet fully known and the outcome of ongoing and any new consultations on such reforms will be unfolding in the course of this year and beyond.

Some divergence between the EU and UK regimes exist already and the risk of more divergence in the future between EU and UK regimes may therefore be likely.

It is not certain whether the impact of a possible change to law (including as a result of the implementation of the Edinburgh Reforms), or their interpretation or administration, or the published practices of the United Kingdom tax authorities or tax authorities of any other relevant taxing jurisdiction, or any divergence of English law from EU law over time, after the date of this Prospectus could adversely affect the ability of the Issuer to make payments under the Notes, the market value of the Notes, and/or MBFS's ability to perform its obligations under the Transaction Documents.

Securitisation Regulation and simple, transparent and standardised securitisation.

The EU Securitisation Regulation makes provision for a securitisation transaction to be designated as a simple, transparent and standardised transaction (an "**EU STS Securitisation**"). In order to obtain this designation, a transaction is required to comply with the requirements set out in Articles 20, 21 and 22 of the EU Securitisation Regulation ("**EU STS Criteria**") and one of the originator or sponsor in relation to such transaction is required to file a STS notification to ESMA confirming the compliance of the relevant transaction with the EU STS Criteria.

As at the Issue Date the Originator is not established in the EU and so the Transaction UK 2024-1 will not qualify as an EU STS Securitisation on the basis that the requirements of Article 18 of the EU Securitisation Regulation are not fulfilled. The Notes will not be eligible as high quality liquid assets for the purposes of Liquidity Coverage Ratio as it applies in the EU from such date. The Transaction UK 2024-1 is not intended to be designated as an EU STS Securitisation for the purposes of the EU Securitisation Regulation.

The UK Securitisation Regulation also makes provision for a securitisation transaction to be designated as a simple, transparent and standardised transaction in the UK (a "**UK STS Securitisation**"). In order to obtain this designation, a transaction is required to comply with the requirements set out in Articles 20, 21 and 22 of the UK Securitisation Regulation ("**UK STS Criteria**") and one of the originator or sponsor in relation to such transaction is required to file a STS notification to the FCA confirming the compliance of the relevant transaction with the UK STS Criteria (the "**UK STS Notification**"). The FCA is obliged to maintain on its website a list of all securitisations which the originators and sponsors have notified as meeting the STS requirements in accordance with Article 27(5) of the UK Securitisation Regulation. For this purpose, the FCA has set up a register on an interim basis under <http://data.fca.org.uk/#/sts/stssecuritisations>.

As at the Issue Date, the Originator is established in the UK and there is no requirement for the Issuer to be established in the UK for the purposes of Article 18 of the UK Securitisation Regulation. Therefore, upon fulfilment of the UK STS Criteria and filing of the UK STS Notification, the Transaction UK 2024-1 will be classified as a UK STS Securitisation and therefore will be eligible as high quality liquid assets for the purposes of Liquidity Coverage Ratio as it applies in the UK from such date. The Transaction UK 2024-1 is intended to be designated as a UK STS Securitisation for the purposes of the UK Securitisation Regulation.

Risks from reliance on verification by PCS

Although the Transaction UK 2024-1 has been structured to comply with the requirements for simple, transparent and standardised securitisations transactions as set out in Articles 20, 21 and 22 of the UK Securitisation Regulation and will be certified as such by Prime Collateralised Securities ("**PCS**") Limited on or about the Issue Date, in its capacity as third party verification agent authorised pursuant to Article 28 of the UK Securitisation Regulation, no guarantee can be given that it maintains this status throughout its lifetime. Noteholders and potential investors should verify the current status of the Transaction UK 2024-1 on the website of the FCA. Non-compliance with such status may result in higher capital requirements for investors as an investment in the Notes would not benefit from Articles 243, 260, 262 and 264 of the UK CRR. Furthermore, non-compliance could result in various administrative sanctions and/or remedial measures being imposed on the Issuer which may be payable or reimbursable by the Issuer. As the applicable Priority of Payments does not foresee a reimbursement of the Issuer for the payment of any of such administrative sanctions and/or remedial measures the repayment of the Notes may be adversely affected.

The Servicer (on behalf of the Seller as the Originator for the purposes of the UK Securitisation Regulation), and the Issuer, (as SSPE for the purposes of the UK Securitisation Regulation), have used the services of PCS, a third party authorised pursuant to Article 28 of the UK Securitisation Regulation, to assess whether the securitisation transaction described in this Prospectus complies with Articles 19 to 22

of the UK Securitisation Regulation and the compliance with such requirements will be verified by PCS on the Issue Date.

However, none of the Issuer, MBFS (in its capacity as the Seller and the Servicer), the Arranger, the Joint Lead Managers, the Managers or the Swap Counterparty gives any explicit or implied representation or warranty as to (i) inclusion in the list administered by the FCA within the meaning of Article 27 of the UK Securitisation Regulation, (ii) that the securitisation transaction described in this Prospectus does or continues to comply with the UK Securitisation Regulation, (iii) that this securitisation transaction does or continues to be recognised or designated as 'STS' or 'simple, transparent and standardised' within the meaning of Article 18 of the UK Securitisation Regulation after the date of this Prospectus.

The verification by PCS does not affect the liability of the Seller, as originator and the Issuer, as SSPE in respect of their legal obligations under the UK Securitisation Regulation. Furthermore, the use of such verification by PCS shall not affect the obligations imposed on institutional investors as set out in Article 5 of the UK Securitisation Regulation. Notwithstanding PCS' verification of compliance of a securitisation with Articles 19 to 22 of the UK Securitisation Regulation, such verification by PCS does not ensure the compliance of a securitisation with the general requirements of the UK Securitisation Regulation. A verification does not remove the obligation placed on investors to assess whether a securitisation labelled as 'STS' or 'simple, transparent and standardised' has actually satisfied the criteria. Investors must not solely or mechanically rely on any UK STS notification or PCS' verification to this extent.

Prospective investors are responsible for analysing their own position in relation to compliance with relevant regulations and should consult their own advisers in this respect. Prospective investors should consider (and where appropriate, take independent advice on) the potential consequences of the Transaction not being considered an EU STS Securitisation or UK STS Securitisation, which may include (but are not limited to) the negative regulatory position of and capital charges on the Notes and the negative effect on the price and liquidity of the Notes in the secondary market. Prospective investors are themselves responsible for monitoring and assessing changes to the EU or UK risk retention rules and their regulatory capital requirements.

U.S. Risk Retention

The U.S. Risk Retention Rules generally require the "sponsor" of a "securitization transaction" to retain at least 5% of the "credit risk" of "securitized assets", as such terms are defined for purposes of that statute, and generally prohibit a sponsor from directly or indirectly eliminating or reducing its credit exposure by hedging or otherwise transferring the credit risk that the sponsor is required to retain. The U.S. Risk Retention Rules also provide for certain exemptions from the risk retention obligations that they generally impose.

The transaction will not involve risk retention by the Seller for the purposes of the U.S. Risk Retention Rules, but rather will be made in reliance on an exemption provided for in Section 20 of the U.S. Risk Retention Rules regarding non-U.S. transactions. To qualify for the exception, non-U.S. transactions must meet certain requirements, including that (1) the transaction is not required to be and is not registered under the Securities Act; (2) no more than 10% of the dollar value (or equivalent amount in the currency in which the securities are issued) of all classes of securities issued in the securitisation transaction are sold or transferred to U.S. persons (in each case, as defined in the U.S. Risk Retention Rules) or for the account or benefit of U.S. persons (as defined in the U.S. Risk Retention Rules and referred to in this Prospectus as "**Risk Retention U.S. Persons**"); (3) neither the sponsor nor the issuer of the securitisation transaction is organised under U.S. law or is a branch located in the United States of a non-U.S. entity; and (4) no more than 25% of the underlying collateral was acquired from a majority-owned affiliate or branch of the sponsor or issuer organised or located in the United States.

The Notes sold as part of the initial distribution of the Notes may not be purchased by Risk Retention U.S. Persons except in accordance with the exemption provided for in Section 20 of the U.S. Risk Retention Rules and with the prior consent of MBFS. Prospective investors should note that, although the definition of U.S. person in the U.S. Risk Retention Rules is similar to the definition of "U.S. person" in Regulation S, the definitions are not identical and that an investor could be a Risk Retention U.S. person under Regulation S. Notwithstanding the foregoing, the Issuer may, with the prior consent of the Seller, sell a limited portion of the Notes to, or for the account or benefit of, Risk Retention U.S. Persons in accordance with an exemption from the U.S. Risk Retention Rules.

The definition of U.S. person in the U.S. Risk Retention Rules is excerpted below. Particular attention should be paid to clauses (b) and (h), which are different than comparable provisions from Regulation S.

Under the U.S. Risk Retention Rules, and subject to limited exceptions, "U.S. person" means any of the following:

- (a) Any natural person resident in the United States;
- (b) Any partnership, corporation, limited liability company, or other organisation or entity organised or incorporated under the laws of any State or of the United States;
- (c) Any estate of which any executor or administrator is a U.S. person (as defined under any other clause of this definition);
- (d) Any trust of which any trustee is a U.S. person (as defined under any other clause of this definition);
- (e) Any agency or branch of a foreign entity located in the United States;
- (f) Any non-discretionary account or similar account (other than an estate or trust) held by a dealer or other fiduciary for the benefit or account of a U.S. person (as defined under any other clause of this definition);
- (g) Any discretionary account or similar account (other than an estate or trust) held by a dealer or other fiduciary organised, incorporated, or (if an individual) resident in the United States; and
- (h) Any partnership, corporation, limited liability company, or other organisation or entity if:
 - (i) Organised or incorporated under the laws of any foreign jurisdiction; and
 - (ii) Formed by a U.S. person (as defined under any other clause of this definition) principally for the purpose of investing in securities not registered under the Securities Act.

There can be no assurance that the exemption provided for in Section 20 of the U.S. Risk Retention Rules regarding non-U.S. transactions will be available or, if such exemption is available, that it shall remain available until the Legal Maturity Date of the Notes. Failure of the offering of the Notes to comply with the U.S. Risk Retention Rules (regardless of the reason for such failure to comply) is unclear, but could give rise to regulatory action which may adversely affect the Notes. Furthermore, the impact of the U.S. Risk Retention Rules on the securitisation market generally is uncertain, and a failure by a transaction to comply with risk retention requirements of the U.S. Risk Retention Rules could negatively affect the market value and secondary market liquidity of the Notes.

None of the Arranger, the Joint Lead Managers, the Managers or any of their respective affiliates makes any representation to any prospective investor or purchaser of the Notes as to whether the transactions described in this Prospectus comply as a matter of fact with the U.S. Risk Retention Rules on the Issue Date or at any time in the future. Investors should consult their own advisors as to the U.S. Risk Retention Rules. No predictions can be made as to the precise effects of such matters on any investor or otherwise.

Volcker Rule

Section 619 of the Dodd-Frank Act added a new section 13 to the Bank Holding Company Act of 1956, commonly referred to as the "Volcker Rule". The Volcker Rule and its related regulations generally prohibits "banking entities" broadly defined to include U.S. banks, bank holding companies and foreign banking organisations, together with their respective subsidiaries and other affiliates) from (i) engaging in proprietary trading in financial instruments, (ii) acquiring or retaining any "ownership interest" in, or in "sponsoring", a "covered fund" and (iii) entering into certain transactions with such funds subject to certain exemptions and exclusions.

An "ownership interest" is defined widely and may arise through a holder's exposure to the profits and losses of the "covered fund", as well as through certain rights of the holder to participate in the selection or removal of an investment advisor, investment manager, or general partner, trustee, or member of the board of directors of the "covered fund". A "covered fund" is defined widely, and includes any issuer which would be an investment company under the Investment Company Act of 1940 (the "ICA") but is exempt from registration solely in reliance on section 3(c)(1) or 3(c)(7) of that Act, subject to certain exemptions found in the Volcker Rule's implementing regulations.

The Issuer has structured its operations with the intention of being excluded from being considered a "covered fund" within the meaning of the Volcker Rule. If, however, the Issuer were deemed to be a "covered fund" and the Notes were deemed to constitute an "ownership interest" in the Issuer, the Volcker Rule and its related regulatory provisions, will restrict the ability of "banking entities" to hold an "ownership

interest" in the Issuer or enter into certain credit related financial transactions with the Issuer. Any prospective investor in the Notes, including a U.S. or foreign bank or a subsidiary or other affiliate thereof, should consult its own legal advisers regarding such matters and other effects of the Volcker Rule in respect of any investment in the Notes and should conduct its own analysis to determine whether the Issuer is a "covered fund" for its purposes.

The general effects of the Volcker Rule remain uncertain. The Volcker Rule's prohibitions and lack of interpretive guidance could negatively impact the liquidity and value of the Notes. Each investor must determine for itself whether it is a "banking entity" subject to regulation under the Volcker Rule and should consult its own legal advisors and consider the potential impact of the Volcker Rule in respect of a prospective investment in the Notes. None of the Issuer, the Arranger, the Joint Lead Managers, the Managers or the Note Trustee makes any representation regarding (i) the status of the Issuer under the Volcker Rule or (ii) the ability of any purchaser to acquire or hold the Notes, now or at any time in the future.

Change of law

The transactions described in this Prospectus (including the issue of the Notes) and the ratings which are to be assigned to the Rated Notes are based on the relevant law and administrative practice in effect as at the date hereof, and having regard to the expected tax treatment of all relevant entities under such law and practice. No assurance can be given as to the impact of any possible change to such law (including any change in regulation which may occur without a change in primary legislation), administrative practice or tax treatment after the date of this document. In addition, it should be noted that regulatory requirements (including any applicable retention, due diligence or disclosure obligations) may be recast or amended.

No assurance can be given that action and rules and regulations, additional to those discussed above, from any regulatory authority will not be implemented with regard to the mortgage market in the United Kingdom generally, the particular sector in that market in which the Seller operates or specifically in relation to the Seller.

A change in law or regulatory requirements could affect the compliance position of the transaction (including any costs of such compliance) as described in this Prospectus or of any party under any applicable law or regulation and/or could affect the ability of the Issuer to make payments under the Notes.

The Common Reporting Standard

Directive 2014/107/EU on Administrative Cooperation in the Field of Taxation ("**DAC II**") implements the Common Reporting Standard ("**CRS**") in a European context and creates a mandatory obligation for all EU Member States to exchange financial account information in respect of residents in other EU Member States on an annual basis.

For the purposes of complying with its obligations under CRS and DAC II, if any, the Issuer shall be entitled to require Noteholders to provide any information regarding their and, in certain circumstances, their controlling persons' tax status, identity or residence in order to satisfy any reporting requirements which the Issuer may have as a result of CRS and DAC II and Noteholders will be deemed, by their holding, to have authorised the automatic disclosure of such information by the Issuer (or any nominated service provider) or any other person to the relevant tax authorities who will exchange the information with the tax authorities of other participating jurisdictions, as applicable. Failure by the Issuer to comply with its CRS and DAC II obligations, if any, may result in the Issuer being deemed to be non-compliant in respect of its CRS obligations and monetary penalties may be imposed as a result under applicable law. Such monetary penalties may lead to an inability of the Issuer to pay fully or partially interest on the Notes and or to redeem part or all of the Notes.

Transactions on the Notes could be subject to the European financial transaction tax, if adopted

On 14 February 2013, the EU Commission adopted a proposal (the "**Commission's Proposal**") for a Council Directive) on a common financial transaction tax ("**FTT**") in Austria, Belgium, France, Germany, Greece, Italy, Portugal, Spain, Slovakia and Slovenia (the "**participating Member States**") and Estonia. However, Estonia has since stated that it will not participate.

The Commission's Proposal has very broad scope and could, if introduced, apply to certain dealings in the Notes (including secondary market transactions) in certain circumstances. The issuance and subscription of Notes should, however, be exempt.

Under the Commission's Proposal the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in the Notes where at least one party is a financial institution, and at least one party is established in a participating Member

State. A financial institution may be, or be deemed to be, "established" in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

However, the FTT is still subject to negotiation between participating Member States. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU Member States may decide to participate.

U.S. Foreign Account Tax Compliance Act

Pursuant to certain provisions of the U.S. Internal Revenue Code of 1986, commonly known as FATCA, a "foreign financial institution" may be required to withhold on certain payments it makes ("foreign passthru payments") to persons that fail to meet certain certification, reporting or related requirements. The Issuer may be a foreign financial institution for these purposes.

A number of jurisdictions (including Luxembourg and the United Kingdom) have entered into, or agreed in substance to, intergovernmental agreements with the United States to implement FATCA ("**IGAs**"), which modify the way in which FATCA applies in their jurisdictions. Under the provisions of the IGAs as currently in effect, a foreign financial institution in an IGA jurisdiction would generally not be required to withhold under FATCA or an IGA from payments that it makes.

Certain aspects of the application of the FATCA provisions and IGAs to instruments such as the Notes, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, are uncertain and may be subject to change. Even if withholding would be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, such withholding would not apply prior to the date that is two years after the date on which final regulations defining foreign passthru payments are published in the U.S. Federal Register, and Notes characterised as debt (or which are not otherwise characterised as equity and have a fixed term) for U.S. federal tax purposes that are issued on or prior to the date that is six months after the date on which final regulations defining "foreign passthru payments" are filed with the U.S. Federal Register generally would be "grandfathered" for the purposes of FATCA withholding unless materially modified after such date (including by reason of a substitution of the Issuer). In the event any withholding would be required pursuant to FATCA or an IGA with respect to payments on the Notes, no person will be required to pay additional amounts as a result of the withholding.

Prospective holders of the Notes should consult their own tax advisors with respect to the FATCA rules and the application of FATCA to such holder in light of such holder's individual circumstances.

No gross up of payments

The Notes will not provide for gross-up of payments in the event that the payments on the Notes become subject to withholding taxes, so that if the Issuer would have to withhold or deduct amounts on account of tax from payments due under the Notes, the Noteholders would receive reduced payments only.

ATAD Laws

The Issuer is liable to Luxembourg corporate income tax on its worldwide net profits. The Luxembourg laws of 21 December 2018, which implements the Council Directive (EU) 2016/1164 of 12 July 2016 laying down rules against tax avoidance practices that directly affect the functioning of the internal market (commonly known as "ATAD") and the Luxembourg law of 20 December 2019 implementing the Council Directive (EU) 2017/952 of 29 May 2019 regarding hybrid mismatches with third countries (commonly known as ATAD 2), together known as the "ATAD Laws", introduced new tax measures into Luxembourg law, including among others a limitation as regards so-called "exceeding borrowing costs" and hybrid mismatch rules. Whilst certain exemptions and safe harbor provisions (for example, exceeding borrowing costs up to 3 million euro will always remain deductible) exist in relation to the limitation of exceeding borrowing costs, these new rules may in certain situations result in the limitation respectively the denial of the deduction of payments to investors for Luxembourg tax purposes, which may adversely affect the income tax position of the Issuer and as such affect generally its ability to make payments to the holders of the Notes. According to the December infringement package published by the European Commission on 2 December 2021, the European Commission sent a reasoned opinion to Luxembourg asking it to correctly transpose the ATAD into its local laws regarding the treatment of securitisation vehicles subject to and compliant with the Securitisation Regulation. Under current Luxembourg law and contrary to the wording of the ATAD, securitisation companies covered by the Securitisation Regulation are excluded from the scope of the interest deduction limitation rules. The reasoned opinion follows a formal notice sent to Luxembourg on 14 May 2020. In response, Luxembourg adopted a bill of law on 9 March 2022 to remove securitisation vehicles subject to and compliant with the Securitisation Regulation from the list of financial undertakings

that are out of scope of the interest deduction limitation rule as from 1 January 2023 (the "**Bill of Law**"). Given the absence of ratification of the Bill of Law so far, the European Commission considered Luxembourg's reply to its reasoned opinion as not satisfactory and decided, on 14 July 2023, to refer Luxembourg to the European Union Court of Justice (the "**ECJ**") for failing to correctly transpose ATAD. The outcome of an ECJ court case and/or the Bill of Law, and the impacts on the Issuer, if any, as well as whether such outcome/impacts ultimately will or will not have a retroactive effect remain uncertain and may as such negatively impact this Prospectus or alter the tax position of the Issuer.

In any case, clarifications as regards the ATAD Laws and their interpretation may be enacted after the date of this Prospectus, possibly with retroactive effect, and could alter the tax position of the Issuer. In addition, the Issuer may take positions with respect to certain tax issues resulting from the ATAD Laws which may depend on legal conclusions not yet resolved by the courts. Should any such positions be successfully challenged by the applicable tax authority, there could be a materially adverse effect on the Issuer and its ability to make payments to the holders of the Notes.

Therefore, prospective holders of the Notes should make an investment decision only after careful consideration, with its independent advisers, as to the consequences of the ATAD and its potential impacts on the Issuer.

Withholding tax in respect of the Notes

Neither the Issuer nor any agent will gross-up payments in the event that the payments on the Notes are or become subject to withholding taxes. See "**TAXATION**".

VIII. Risk related to the characteristics of the notes

Eurosystem Eligibility

The Notes are currently not Eurosystem eligible. However, the Class A Notes are intended to be held in a manner which would allow Eurosystem eligibility. This means that the Class A Notes are intended upon issue to be deposited with one of Euroclear or Clearstream, Luxembourg as Common Safekeeper, but does not necessarily mean that the Class A Notes in the future will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem ("**Eurosystem eligible collateral**") at any or all times during their life. Such recognition will depend upon such satisfaction of all of the other Eurosystem eligibility criteria set out in the Guideline (EU) 2015/510 of the European Central Bank (the "**ECB**") of 19 December 2014 on the implementation of the Eurosystem monetary policy framework (ECB/2014/60) (recast), which applies since 1 May 2015, as amended by Guideline (EU) 2019/1032 of the ECB of 10 May 2019 (ECB/2019/11) and Guideline (EU) 2020/1690 of the ECB of 25 September 2020 (ECB/2020/45). It is not expected that the Class A Notes will satisfy the Eurosystem eligibility criteria.

Neither the Issuer, the Joint Lead Managers, the Managers nor the Arranger gives any representation, warranty, confirmation or guarantee to any investor in the Class A Notes that the Class A Notes will, either upon issue, or any or at all times during their life, satisfy all or any requirements for Eurosystem eligibility and be recognised as Eurosystem eligible collateral. Any prospective investor in the Class A Notes should consult its professional advisers with respect to whether or not the Class A Notes may constitute Eurosystem eligible collateral at any point of time during the life of the Class A Notes.

Bank of England Eligibility

Certain investors in the Class A Notes may wish to consider the use of the Class A Notes as eligible securities for the purposes of the Bank of England's Discount Window Facility ("**DWF**") and the Term Funding Scheme with additional incentives for small and medium sized enterprises ("**TFSME**"). Recognition of the Class A Notes as eligible securities for the purposes of the DWF and the TFSME will depend upon satisfaction of the eligibility criteria as specified by the Bank of England. If the Class A Notes do not satisfy the criteria specified by the Bank of England, there is a risk that the Class A Notes will not be eligible DWF of TFSME collateral. In addition, whilst central bank schemes such as, amongst others, the Bank of England's Sterling Monetary Framework, the Funding for Lending Scheme, the Term Funding Scheme or the European Central Bank's liquidity scheme have provided an important source of liquidity in respect of eligible securities, as at the date of this Prospectus, use of such schemes (other than TFSME) is now restricted to the maintenance of existing drawings by participants.

None of the Issuer, the Arranger, each Joint Lead Manager or each Manager gives any representation, warranty, confirmation or guarantee to any investor in the Class A Notes that the Class A Notes will, either

upon issue, or at any or all times during their life, satisfy all or any requirements for the DWF or TFSME eligibility and be recognised as eligible DWF or TFSME collateral. Any potential investor in the Class A Notes should make its own determinations and seek its own advice with respect to whether or not the Class A Notes constitute eligible DWF or TFSME collateral.

DEBRA Directive Proposal

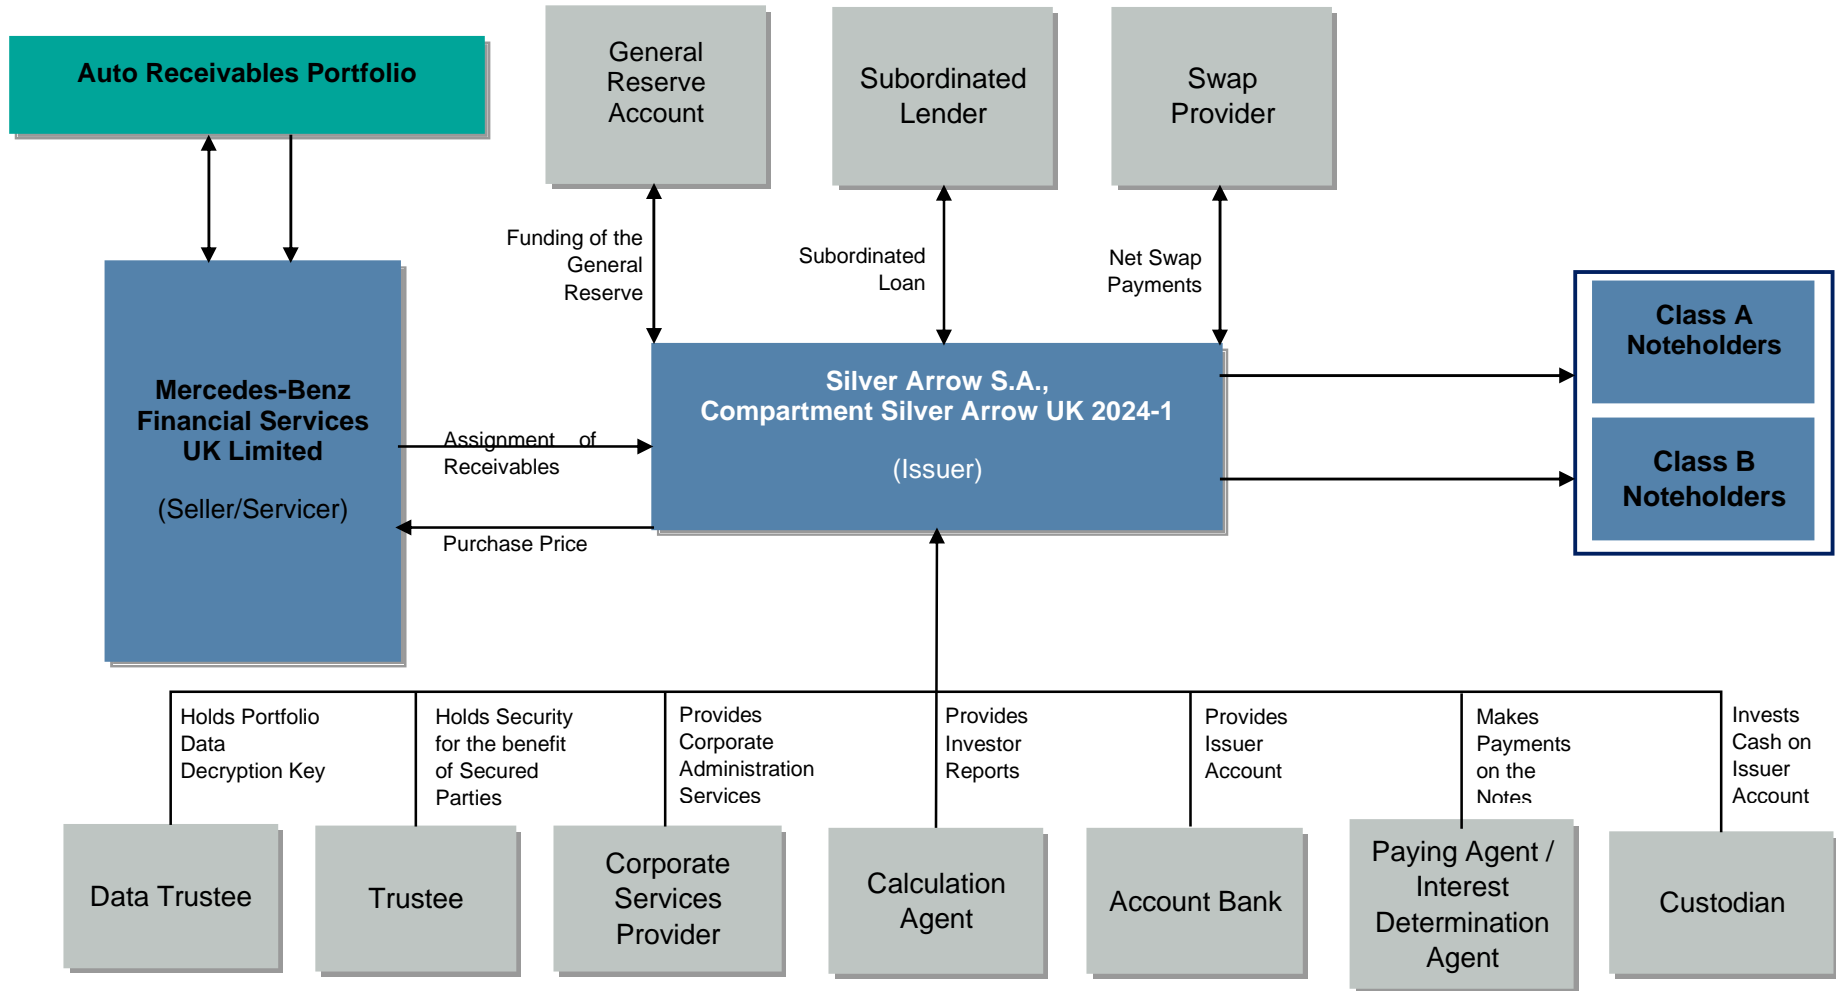

Further, on 11 May 2022, the Council of the European Union published the proposal for a Council Directive on laying down rules on a debt-equity bias reduction allowance and on limiting the deductibility of interest for corporate income tax purposes ("**DEBRA Directive Proposal**"). The DEBRA Directive Proposal aims, amongst other things, to introduce a limitation on "exceeding borrowing costs", as defined in ATAD, up to 85%. The interest deduction limitation rule under the DEBRA Directive Proposal would be applicable prior to the ATAD interest deduction limitation rule and the taxpayer would only be entitled to deduct the lower of the deductible exceeding borrowing costs under, respectively, the DEBRA Directive Proposal and the ATAD in any tax period. Any difference between the higher and lower amount of exceeding borrowing costs would then be carried forward or back to the extent permitted under ATAD. However, securitisation companies covered by and compliant with Article 2 point 2 of the EU Securitisation Regulation are excluded from the scope of the current version of the DEBRA Directive Proposal.

The Debra Directive Proposal is still subject to negotiation and might be amended in the future. In addition, the implementation into local laws of the final text of the DEBRA Directive Proposal remains unknown. Consequently, the possible impacts of the DEBRA Directive Proposal on the Issuer is currently uncertain.

THE ISSUER BELIEVES THAT THE RISK FACTORS DESCRIBED ABOVE ARE THE PRINCIPAL RISKS FOR THE NOTEHOLDERS, BUT THE INABILITY OF THE ISSUER TO PAY INTEREST AND PRINCIPAL ON THE NOTES MAY OCCUR FOR OTHER UNKNOWN REASONS AT THE DATE OF THE PROSPECTUS AND THE ISSUER DOES NOT REPRESENT THAT THE ABOVE STATEMENTS REGARDING THE RISK OF HOLDING THE NOTES ARE EXHAUSTIVE. ALTHOUGH THE ISSUER BELIEVES THAT THE VARIOUS STRUCTURAL ELEMENTS DESCRIBED IN THIS PROSPECTUS MITIGATE SOME OF THESE RISKS FOR THE NOTEHOLDERS, THERE CAN BE NO ASSURANCE THAT THESE MEASURES WILL BE SUFFICIENT TO ENSURE FULL PAYMENTS TO THE NOTEHOLDERS OF INTEREST AND PRINCIPAL ON A TIMELY BASIS OR AT ALL.

PORTFOLIO AND SERVICING

Sale of Portfolio	<p>The Portfolio will consist of the Receivables and the Ancillary Rights which will be sold to the Issuer on the Issue Date.</p> <p>Each Purchased Receivable will be governed by English law.</p>
Features of Purchased Receivables	<p>The following is a summary of certain features of the Purchased Receivables as at the Cut-Off Date and investors should refer to, and carefully consider, further details in respect of the Purchased Receivables set out in "<i>Portfolio Characteristics and Historical Data</i>".</p>
Purchase Price	<p>Consideration payable by the Issuer in respect of the sale of the Portfolio shall be equal to the Purchase Price. The Purchase Price comprises the Initial Purchase Price which is payable by the Issuer to the Seller on the Issue Date and equals the Aggregate Outstanding Receivables Amount of the Receivables (together with their Ancillary Rights) on the Cut-Off Date and the Deferred Consideration which is payable on each Payment Date in accordance with the applicable Priority of Payments.</p>
Representations and Warranties	<p>As of the Purchase Date the Seller represents and warrants to the Issuer certain Seller Receivables Warranties including, among other things, that all Receivables (including, where relevant their Ancillary Rights) comply with the Eligibility Criteria on the Cut-off Date.</p>
Repurchase of the Purchased Receivables	<p>Repurchase for breach</p> <p>If it is determined that any Receivable (including, where relevant its Ancillary Rights) did not comply with the Eligibility Criteria as of the Cut-Off Date or the Seller has otherwise breached the Seller Receivables Warranties as of the Purchase Date the Seller will be required to repurchase all such affected Purchased Receivables no later than the next Payment Date following such determination by depositing or causing the Servicer to deposit, in the Issuer Account, in same day funds, an amount equal to the Repurchase Price for any such Purchased Receivable. The Repurchase Price shall be equal to the sum of the Outstanding Receivables Amounts of the affected Purchased Receivables. Upon receipt thereof, such Purchased Receivable (unless it is extinguished) will be automatically re-assigned by the Issuer to the Seller on the immediately following Payment Date on a non-recourse or guarantee basis on the part of the Issuer. The costs of such assignment will be borne solely by the Seller.</p> <p>Other Repurchase</p> <p>The Seller may re-purchase all of the Purchased Receivables in accordance with Condition 5(d) (<i>Clean-Up call</i>) if the Seller exercises the Clean-Up Call. The price payable for such Purchased Receivables shall be equal to the Repurchase Price.</p>
Consideration for repurchase	<p>Consideration payable by the Seller in respect of the repurchase of the Purchased Receivables shall be equal to the Repurchase Price.</p>

MBUK Purchase

MBFS has entered into a purchase arrangement with MBUK (Cars) and a further purchase agreement with MBUK (Vans) under which MBUK (Cars) or MBUK (Vans) (as applicable) has agreed to purchase Vehicles relating to Financing Contracts which are subject to Voluntary Termination by the Obligor. Under the purchase arrangements, MBUK (Cars) or MBUK Vans (as applicable) will purchase:

- (a) Vehicles which relate to Financing Contracts which are subject to Voluntary Termination at a purchase price equal to:
 - (i) the market value for such Vehicle (using an industry accepted reference), if, at such time as the Financing Contract is subject to Voluntary Termination, there are three (3) or more instalments under the Financing Contract remaining outstanding; or
 - (ii) the Optional Final Payment, if, at such time as the Financing Contract is subject to Voluntary Termination, there are less than three (3) instalments under the Financing Contract remaining outstanding; and
- (b) Vehicles which relate to Redelivery PCP Contracts, **provided that** such purchase occurs within ninety (90) days of the maturity of such PCP Contract at a purchase price equal to:
 - (i) the Optional Final Payment, for any Vehicle which is purchased between 0 and 14 days after the maturity of the Financing Contract;
 - (ii) the Optional Final Payment less a late payment charge, for any Vehicle which is purchased between 15 and 90 days after the maturity of such PCP Contract.

Vehicles which are repossessed by MBFS, which relate to Financing Contracts subject to early settlement, or which relate to Redelivery PCP Contracts and are not purchased on or before ninety (90) days after maturity of the PCP Contract are not purchased by MBUK (Cars) or MBUK (Vans) (as applicable).

The Issuer has no rights under this purchase arrangement and there is no assurance that the purchase arrangement will not be amended or discontinued by MBFS, MBUK (Cars) or MBUK (Vans) in the future.

Rebate Payment in respect of Redelivery PCP Receivables and Voluntarily Terminated Receivables

The Seller shall, on the Payment Date immediately following the date falling 6 months after the date on which the Servicer has determined in accordance with the Credit and Collection Policy that any Purchased Receivable has become a Redelivery PCP Receivable or, as the case may be, a Voluntarily Terminated Receivable (the "**PCP/VT Payment Date**"):

- (a) determine the amount of any related PCP/VT Deficit Amount; and
- (b) pay to the Issuer, by way of rebate of the Purchase Price relating to the relevant Purchased Receivable, an amount equal to the PCP/VT Deficit Amount in respect of such Purchased Receivable.

For the avoidance of doubt, the Seller is not obliged to make such a payment in respect of any Financing Contract subject to Early Settlement.

Obligor Notification Events

Transfer of the legal title to the relevant Purchased Receivables will be completed on the occurrence of a Servicer Termination Event or Severe Deterioration Event.

Prior to the completion of the transfer of legal title to the relevant Purchased Receivables, the Issuer will hold only the equitable title to those Purchased Receivables and will therefore be subject to certain risks as set out in the risk factor entitled "*Risks relating to the structure (Equitable Assignment)*" in the

Risk Factors section.

Servicing of the Portfolio

The Servicer will be appointed by the Seller and the Issuer (and, in certain circumstances, the Security Trustee) to service the Portfolio on a day-to-day basis. The appointment of the Servicer may be terminated by the Issuer and the Security Trustee upon the occurrence of any of the following events (the "**Servicer Termination Events**"):

- the Seller or the Servicer is Insolvent;
- the Seller or the Servicer fails to make any payment or deposit required by the terms of the relevant Transaction SA UK 2024-1 Document within five (5) Business Days of the date such payment or deposit is required to be made;
- the Seller or the Servicer fails to perform any of its material obligations under the Receivables Purchase Agreement and/or the Servicing Agreement (other than a payment or deposit required), and such breach, if capable of remedy, is not remedied within twenty (20) Business Days of written notice from the Issuer or the Security Trustee; or
- any representation or warranty in the Receivables Purchase Agreement or in the Servicing Agreement or in any report provided by the Seller or the Servicer is materially false or incorrect, and such inaccuracy, if capable of remedy, is not remedied within twenty (20) Business Days of written notice from the Issuer or the Security Trustee and has a Material Adverse Effect in relation to the Issuer,

provided however that, the appointment of the Servicer will, subject to transition to a suitable successor, automatically terminate if the Servicer becomes Insolvent or the Servicer is prohibited from collecting the Purchased Receivables pursuant to any applicable law or regulation.

Pursuant to the terms of the Servicing Agreement, the Calculation Agent has agreed that it will facilitate the appointment of a suitable entity with all necessary facilities available to act as successor Servicer and will use reasonable efforts to ensure that such entity enters into a successor servicing agreement, the terms of which are similar to the terms of the Servicing Agreement, with the parties to the Servicing Agreement upon receipt of notice by the Servicer of the occurrence of a Servicer Termination Event.

Upon termination of the appointment of the Servicer and pursuant to the provisions of the Servicing Agreement, the Data Trustee shall have to, *inter alia*, at the request of the Issuer, despatch the Decryption Key to any successor Servicer or any agent, and the Issuer shall despatch the encrypted Portfolio Information to any successor Servicer or any agent.

Delegation

The Servicer may delegate some of its servicing functions to a third party **provided that** the Servicer remains responsible for the performance of any functions so delegated. See the section of this Prospectus entitled "**OVERVIEW OF THE PRINCIPAL TRANSACTION SA UK 2024-1 DOCUMENTS – SERVICING AGREEMENT**".

Vehicle Sale Proceeds Floating Charge

In respect of Financing Contracts relating to vehicles located in Scotland, to mitigate the risk where a Scottish Obligor exercises its option to return the vehicle at the end of the term in accordance with the terms of the PCP Contract or exercises its right of voluntary termination, the Seller will grant a floating charge (the "**Vehicle Sale Proceeds Floating Charge**") to be governed by Scottish law in favour of the Issuer in respect of the proceeds of sale of any vehicle located in Scotland returned to the Seller or repossessed by the Seller and subsequently sold.

Interest Provisions

Please refer to "*Full Capital Structure of the Notes*" as set out above.

Gross-up

None of the Issuer or any agent will be obliged to gross-up if there is any withholding or deduction in respect of the Notes for or on account of any taxes.

Redemption

The Notes are subject to the following optional or mandatory redemption events:

- mandatory redemption in whole on the Legal Maturity Date, as fully set out in Condition 5(a) (*Final Redemption*);
- mandatory early redemption in part on any Payment Date commencing on the first Payment Date subject to availability of Available Distribution Amount in accordance with the applicable Priority of Payments, as fully set out in Condition 5(c) (*Mandatory early redemption in part*);
- optional redemption exercisable by the Issuer in whole for tax reasons as fully set out in Condition 5(b) (*Redemption for taxation and other reasons*); and
- mandatory redemption in whole on any Payment Date if the Seller exercises its Clean-Up Call, as fully set out in Condition 5(d) (*Clean-Up Call*).

Any Note redeemed pursuant to the above redemption provisions will be redeemed at an amount equal to the Aggregate Outstanding Note Principal Amount of the relevant Note together with accrued (and unpaid) interest on the Aggregate Outstanding Note Principal Amount up to (but excluding) the date of redemption.

Issuer Event of Default

As fully set out in Condition 10 (*Issuer Events of Default*), which comprises (where relevant, subject to the applicable grace period):

- the Issuer becomes Insolvent;
- a default occurs in the payment of interest on any Payment Date in respect of the most senior class of Notes (and such default is not remedied within two (2) Business Days of its occurrence), subject to, in the case of payments on the Class B Notes only, the availability

Class A Compartment Silver Arrow 2024-1 Notes

Class B Compartment Silver Arrow 2024-1 Notes

of the Available Distribution Amount to be paid in accordance with the Pre-enforcement Priority of Payments;

- the Issuer fails to perform or observe any of its other material obligations under the Conditions or the Transaction SA UK 2024-1 Documents (other than the Subordinated Loan Agreement) and such failure continues for a period of thirty (30) days following written notice from the Note Trustee or any other Secured Parties; or
- the Deed of Charge (or any security interest purported to be created thereunder) shall, for any reason, cease to be in full force and effect or be declared to be null and void, or the validity or enforceability thereof shall be contested by the Issuer or the Issuer shall deny that it has any or further liability or obligation under the Deed of Charge (or with respect thereto).

Insolvent, means, in respect of the Company, the Seller, the Servicer and the Security Trustee:

- (a) the making of an assignment, assignation, trust, conveyance, composition of assets for the benefit of its creditors generally or any substantial portion of its creditors;
- (b) the application for, filing of and/or seeking of, consents to, or acquiescence in, the appointment of a receiver, trustee, liquidator, administrator or similar official for it or a substantial portion of its property;
- (c) the initiation of any case, action or proceedings before any court or Governmental Authority against the Company, the Seller, the Servicer, the Security Trustee or any Obligor under any applicable liquidation, administration, insolvency, composition, bankruptcy, receivership, dissolution, reorganisation, winding-up, relief of debtors or other similar laws and such proceedings are not being disputed in good faith with a reasonable prospect of discontinuing or discharging the same;
- (d) the levy or enforcement of a distress, diligence or execution or other process upon or sued out against the whole or any substantial portion of the undertaking or assets of the Company, the Seller, the Servicer, the Security Trustee or any Obligor and such possession or process (as the case may be) shall not be discharged or otherwise shall not cease to apply within sixty (60) days;
- (e) initiation or consent to any case, action or proceedings in any court or Governmental Authority relating to the Company, the Seller, the Servicer, the Security Trustee or any Obligor under any applicable liquidation, administration, insolvency, composition, bankruptcy, receivership, dissolution, reorganisation, winding-up, relief of debtors or other similar laws;
- (f) filing of a petition or answer seeking reorganisation, liquidation, administration, dissolution or similar relief under any applicable statute, law or regulation in any jurisdiction;
- (g) an order is made against the Company, the Seller, the Servicer, the Security Trustee or any Obligor or an effective resolution is passed for its winding-up; and
- (h) the Company, the Seller, the Servicer, the Security Trustee or any Obligor is deemed generally unable to pay its debts within the meaning of any liquidation, insolvency, composition, reorganisation or other similar laws in the jurisdiction of its incorporation or

establishment (**provided that**, for the avoidance of doubt, any assignment, assignation, charge, pledge or lien made by the Issuer for the benefit of the Security Trustee under the Deed of Charge shall not mean the Issuer is Insolvent).

Enforcement

If an Issuer Event of Default has occurred and is continuing, the Note Trustee at its absolute discretion may, and, if so directed by the Controlling Class acting by way of a Written Resolution or by way of an Extraordinary Resolution, will give an Enforcement Notice to the Issuer, the Security Trustee, the Account Bank, the Calculation Agent and the Paying Agent declaring the Notes due and payable and each Note will accordingly become immediately due and payable, without further action or formality, at its principal amount outstanding together with accrued interest.

Upon any Enforcement Notice being given by the Note Trustee in accordance with the terms of this Condition 10 (*Events of Default*), notice to that effect will be given by the Note Trustee to all Noteholders in accordance with Condition 15 (*Notices*).

Following the delivery of an Enforcement Notice the Security Trustee will, subject to being indemnified, have the right to enforce the Security.

Limited Recourse

The Notes are limited recourse obligations of the Issuer, and, if not repaid in full, amounts outstanding are subject to a final write-off, which is described in more detail in Condition 7(g).

Non-petition

The Noteholders shall not be entitled to take any steps (otherwise than in accordance with the Trust Deed and the Conditions):

- to enforce the Security other than when expressly permitted to do so under Condition 11 (*Enforcement and non-petition*); or
- to take or join in any steps against the Issuer to obtain payment of any amount due from the Issuer to it; or
- until the date falling one year and one day after the Final Redemption Date, to initiate or join in initiating any Insolvency Proceedings in relation to the Issuer; or
- to take any steps which would result in any of the Priorities of Payments not being observed.

Governing Law

English law. Articles 470-1 to 470-19 of the Luxembourg Companies Law do not apply to the Notes or the representation of Noteholders.

RIGHTS OF NOTEHOLDERS AND RELATIONSHIP WITH OTHER SECURED PARTIES

Please refer to sections entitled "DESCRIPTION OF THE NOTES" and "CONDITIONS OF THE NOTES" of the Prospectus for further detail in respect of the rights of Noteholders, conditions for exercising such rights and relationship with other Secured Parties.

Prior to an Issuer Event of Default The Trust Deed contains provisions for convening separate meetings of each Class of the Noteholders meeting to consider any matter affecting their interests, including the sanctioning by a resolution passed at a meeting convened and held in accordance with the Trust Deed by at least 66²/₃% of votes cast (an "**Extraordinary Resolution**") of a modification of any of the provisions of the Trust Deed, the Deed of Charge or the Conditions.

Following an Issuer Event of Default Following the occurrence of an Issuer Event of Default, the Controlling Class (defined below) acting by way of a Written Resolution or by way of an Extraordinary Resolution may direct the Note Trustee to give an Enforcement Notice to the Issuer, the Security Trustee, the Account Bank, the Calculation Agent and each Paying Agent declaring the Notes due and payable and each Note will accordingly become immediately due and payable, without further action or formality, at its principal amount outstanding together with accrued interest.

"**Controlling Class**" will be holders of the Class A Notes as long as any Class A Notes are outstanding. After the Class A Notes are paid in full, the holders of the Class B Notes.

"**outstanding**" means, for any Class, all the Notes of that Class issued other than:

- (a) those which have been redeemed in accordance with their Conditions;
- (b) those in respect of which the due date for redemption has occurred in accordance with their Conditions and the redemption moneys and interest accrued thereon to the due date of such redemption and any interest payable after such date have been paid to the Note Trustee or to the Paying Agent in the manner provided in the Agency Agreement and remain available for payment against presentation and surrender of the relevant Notes;
- (c) those in respect of which claims have become void under their Conditions;
- (d) those mutilated or defaced Notes which have been surrendered and cancelled and in respect of which replacements have been issued under their Conditions;
- (e) (for the purpose only of ascertaining the amount of a Class that is outstanding and without prejudice to their status for any other purpose) those Notes which are alleged to have been lost, stolen or destroyed and in respect of which replacements have been issued under their Conditions; and
- (f) any Global Note to the extent that it has been exchanged for the related Definitive Notes in each case under their respective provisions;

provided that for each of the following purposes, namely:

- (i) the determination of how many of which Notes of a Class are for the time being outstanding for the purposes of any provisions of their Conditions and the Trust Deed requiring calculation of the proportion of Noteholders of such Class requesting or directing the Note Trustee to enforce the security for such Class, or the provisions for meetings of the Noteholders of such Class set out in the Trust Deed;

- (ii) any discretion, power or authority which the Note Trustee is required or permitted, expressly or impliedly, to exercise in or by reference to the interests of the Noteholders of such Class or any of them; and
- (iii) the determination by the Note Trustee whether, in its opinion, any event, circumstance, matter or thing is or would be materially prejudicial to the interests of the Noteholders or any of them,

those Notes of the relevant Class, if any, which are beneficially held by or for the account of the Issuer or the Seller will be deemed not to remain outstanding.

<i>Quorum:</i>	The quorum at any meeting for passing an Extraordinary Resolution will be one or more persons holding or representing 66 ² / ₃ % of the principal amount of the relevant Class for the time being outstanding, except that, <i>inter alia</i> , the details of the Security, certain terms concerning the amount, currency and postponement of the due dates for payment of the Notes, modifying the Events of Default or Priority of Payments, the provisions concerning the quorum required at any meeting of the relevant Class of Noteholders and the provisions concerning the majority required to pass an Extraordinary Resolution (together, " Special Quorum Resolutions ") may be modified only by resolutions passed at a meeting the quorum at which will be one or more persons holding or representing at least 75% of the principal amount of the relevant Class for the time being outstanding 66 ² / ₃ % of votes cast for matters requiring Extraordinary Resolution	The quorum at any adjourned meeting will be whatever the principal amount of the Notes of the relevant Class so held or represented, except that in the case of Special Quorum Resolutions, the required quorum will be one or more persons holding or representing at least one-third in principal amount of the relevant Class for the time being outstanding.
<i>Required majority:</i>	An Extraordinary Resolution which, in the sole opinion of the Note Trustee affects two or more classes of Noteholders and gives or may give rise to a conflict of interest between the holders of such classes of notes will be deemed to be passed only if it will be passed by at least 66 ² / ₃ % of holders of the more senior class outstanding so affected, provided that no resolution of Holders of the most senior Class outstanding which would have the effect of changing any due date for payment of principal and/or interest	As for initial meeting

on such senior Notes, increasing the amount required to redeem each such senior Note, or the amount of interest payable on such senior Notes or changing the method of calculation therefore, releasing or substituting the Security or any part of the Security or altering this proviso will be effective unless sanctioned by an Extraordinary Resolution of Holders of all Classes of junior Notes.

Written Resolution: has the meaning given to it in Schedule 3 (*Provisions for meetings of Noteholders*) of the Trust Deed.

Matters requiring Extraordinary Resolution

An Extraordinary Resolution is required in the case of modification of any of the provisions of the Trust Deed, the Deed of Charge or the Conditions of the Notes.

Rights of modification without Noteholder consent

Pursuant to and in accordance with the detailed provisions of Condition 12(b) (*Amendments and waiver*), the Note Trustee shall be obliged, and shall direct the Security Trustee, without any consent or sanction of the Noteholders (subject to (save in respect of a Modification pursuant to Condition 12(b)(ii)(F) the requirements of Conditions 12(b)(ii)(G) and (8) or the other Secured Parties, but subject to the receipt of written consent from each of the Secured Parties party to the Transaction SA UK 2024-1 Document being modified, to concur with the Issuer in making any modification to the Conditions and/or any Transaction SA UK 2024-1 Document that the Issuer considers necessary or (in the case of Condition 12(b)(ii)(F) only) advisable for the purpose of:

1. addressing any change in the criteria of one or more Rating Agencies, so as to maintain the credit ratings then assigned to the Class A Notes **provided that** the Issuer (or the Servicer on its behalf) certifies in writing that such modification is necessary to maintain the credit ratings then assigned to the Class A Notes;
2. ensuring compliance by Issuer, any Secured Creditor or the Notes with mandatory provisions of applicable law or regulation (including, without limitation, the UK Retention Requirements or the EU Retention Requirements) **provided that** the Issuer certifies to the Note Trustee and the Security Trustee in writing that such modification is required solely for such purpose and has been crafted solely to such effect;
3. enabling the Notes to be (or to remain) listed on the Luxembourg Stock Exchange, **provided that** the Issuer certifies to the Note Trustee and the Security Trustee in writing that such modification is required solely for such purpose and has been drafted solely to such effect;
4. for so long as the Class A Notes are intended to be held in a manner which will allow for Eurosystem eligibility, maintaining such eligibility, **provided that** the Issuer certifies to the Note Trustee and the Security Trustee in writing that such modification is required solely for such purpose and has been drafted solely to such effect;
5. ensuring compliance by the Issuer or any other Transaction Party with any changes which are required to comply with the UK Securitisation Regulation or the EU Securitisation Regulation, including as a result of the adoption of regulatory or implementing technical standards in relation to the UK Securitisation Regulation or the EU Securitisation Regulation or any other legislation or regulations or official guidance in relation thereto, **provided that** the Issuer certifies to the Note Trustee and the Security Trustee in writing

that such modification is required solely for such purpose and has been drafted solely to such effect; or

6. ensuring compliance with UK EMIR and EU EMIR and/or the then subsisting technical standards under UK EMIR and EU EMIR, or SFTR and/or the then subsisting technical standards under SFTR, **provided that** Issuer or the Servicer certify to the Note Trustee and the Security Trustee in writing that such modification is required solely for such purpose and has been drafted solely to such effect;
7. for changing the benchmark rate on the Class A Notes from the Applicable Benchmark Rate to an Alternative Benchmark Rate (and such other amendments as are necessary or advisable in the reasonable judgment of the Issuer (or the Servicer on its behalf) to facilitate such changes) to the extent there has been or there is reasonably expected to be a material disruption or cessation to the Applicable Benchmark Rate (including changing the benchmark rate referred to in any interest rate hedging agreement to align such rate with the proposed change to the Applicable Benchmark Rate in respect of such Notes or other such consequential amendments);
8. ensuring compliance by the Issuer or any other Transaction Party with FATCA;

In relation to any amendment under (1) to (5) and (7) above (a ("**Proposed Amendment**"), the Issuer is required to give at least forty (40) calendar days' notice to the Noteholders of each Class of Notes of the proposed modification in accordance with Condition 15 (*Notices*). However, Noteholders should be aware that, in relation to each Proposed Amendment, unless Noteholders representing at least 10% of the of the principal amount of the Controlling Class outstanding on the Modification Record Date have contacted the Issuer in writing (or in any other manner as the Registrar and Clearstream, Luxembourg and/or Euroclear, as the case may be, approve for this purpose) within such notification period notifying the Issuer or the Note Trustee that such Noteholders do not consent to the Modification or Benchmark Rate Modification, the modification in respect of such Class of Notes will be passed without Noteholder consent.

If Noteholders representing at least 10% of the principal amount of the Controlling Class outstanding on the Modification Record Date have notified the Issuer or the Note Trustee in writing (or otherwise in accordance with the then current practice of any applicable clearing system through which such Notes may be held) within the notification period referred to above that they do not consent to the Modification, then such Modification will not be made unless an Extraordinary Resolution of the holders of the most senior class of Notes outstanding on the Modification Record Date is passed in favour of such Modification in accordance with Schedule 4 (*Provisions for Meetings of the Noteholders*) to the Trust Deed.

In addition, the Note Trustee may, without the consent of the Noteholders or the other Secured Parties (subject to those matters requiring a Special Quorum Resolution), concur with the Issuer or any other person in making any modification:

- (i) to the Conditions or any Transaction SA UK 2024-1 Document which in the opinion of the Note Trustee will not be materially prejudicial to the interests of the Noteholders; or
- (ii) to the Conditions or any Transaction SA UK 2024-1 Document if in the opinion of the Note Trustee such modification is of a formal, minor or technical nature, to correct a manifest error or to comply with law.

Relationship between Classes of Noteholders

The Class A Notes will rank in priority to the Class B Notes.

Except in respect of certain matters set out in Condition 12 (*Meetings of*

Noteholders, amendments, waiver, substitution and exchange) and the Trust Deed, an Extraordinary Resolution of Noteholders of the most senior class of Notes shall be binding on all other Classes. For further details see Condition 12 (*Meetings of Noteholders, amendments, waiver, substitution and exchange*).

For more details on the priority applicable to the payment of interest and principal of each class of notes, please refer to Condition 2 (*Status and Security*).

Originator/Seller as Noteholder

For each of the purposes in (i), (ii) and (iii) above in the section "*RIGHTS OF NOTEHOLDERS AND RELATIONSHIP WITH OTHER SECURED PARTIES - Following an Issuer Event of Default*" those Notes of the relevant Class, if any, which are beneficially held by or for the account of the Issuer or the Seller will be deemed not to remain outstanding.

Relationship between Noteholders and other Secured Parties

Payments of interest and principal to Noteholders are subject to Priority of Payments as set out in Condition 2 (*Status and Security*).

In the exercise of its powers, trusts, authorities or discretions, the Note Trustee will only have regard to the Noteholders and not to the other secured parties for so long as the Notes are outstanding.

Provision of Information to the Noteholders

For more information on Monthly Reports, please see the section "*OVERVIEW OF THE PRINCIPAL TRANSACTION SA UK 2024-1 DOCUMENTS – Servicing Agreement*" and "*GENERAL INFORMATION*" and "*EU AND UK RISK RETENTION AND SECURITISATION REGULATION REPORTING*".

Communication with Noteholders

Any notice to the Noteholders will be validly given if transmitted individually to the address set out in the Register for such Noteholder. While any of the Class A Notes and the Class B Notes are represented by a Global Note, such notice may be given by any holder of a Class A Note and/or the Class B Notes to the Registrar through Clearstream, Luxembourg and/or Euroclear, as the case may be, in such manner as the Registrar and Clearstream, Luxembourg and/or Euroclear, as the case may be, may approve for this purpose.

CREDIT STRUCTURE AND CASHFLOW

Please refer to sections, "OVERVIEW OF THE PRINCIPAL TRANSACTION SA UK 2024-1 DOCUMENTS", "OVERVIEW OF THE CONDITIONS OF THE NOTES" of the Prospectus for further detail in respect of the credit structure and cash flow of the transaction

sixteenth, to pay the Deferred Consideration to the Seller.

General Structure

Credit The general credit structure of the transaction includes, broadly speaking, the following elements:

Operating Account

The Operating Account of the Issuer will be maintained with the Account Bank.

If (and for so long as) the Commingling Condition is satisfied, the Servicer will be required to remit all Collections standing to the credit of the Seller Collection Account on any Payment Date in respect of the immediately preceding Collection Period, to the Operating Account on such Payment Date; or if and so long as the Commingling Condition is not satisfied, the Servicer will be required to remit all Collections standing to the credit of the Seller Collection Account in respect of a Collection Period, to the Operating Account within two (2) Business Days after the receipt thereof or as otherwise directed by the Issuer or the Security Trustee.

On each Payment Date the Calculation Agent shall transfer amounts representing Collections for the relevant Collection Period together with any net investment earnings on the Operating Account (if any) into the Distribution Account for application by the Calculation Agent in accordance with the applicable Priority of Payments.

General Reserve Account

The General Reserve Account of the Issuer will be maintained with the Account Bank.

The amount standing to the credit of the General Reserve Account as of the

Issue Date will be £4,537,500 representing 1.10% of the Class A Notes. This amount will be credited on the Purchase Date from the Subordinated Loan proceeds received on such date.

On each Payment Date, prior to the issuance of an Enforcement Notice, the Issuer will credit to the General Reserve Account an amount such that the amount standing to the credit of the General Reserve Account is equal to the General Reserve Required Amount, subject to funds being available at item (vi) of the Pre-enforcement Priority of Payments.

The amounts standing to the credit of the General Reserve Account from time to time will serve as liquidity support for the Class A Notes throughout the life of the transaction and will eventually serve as credit enhancement to the Notes.

Following an Enforcement Event the balance standing to the credit of the General Reserve Account may be applied in accordance with the Post-enforcement Priority of Payments.

Servicing Fee Reserve Account

The Servicing Fee Reserve Account of the Issuer will be maintained with the Account Bank.

The Seller in its capacity as Servicer further undertakes to remit to the Issuer, within 14 calendar days after the Payment Date immediately following the occurrence of a Servicing Fee Reserve Trigger Event, the Servicing Fee Reserve Required Amount, which may be applied by the Issuer as part of the Available Distribution Amount to cover, in case of the occurrence of a Servicer Termination Event, any replacement costs and the Servicing Fee payable to a successor Servicer.

Any excess of the amount standing to the credit of the Servicing Fee Reserve Account over the Servicing Fee Reserve Required Amount (as calculated on each Calculation Date) will be paid on each following Payment Date directly by the Issuer to the Seller outside the Priority of Payments as Servicing Fee Reserve Reduction Amount.

Any interest accrued on the Servicing Fee Reserve Account shall not form part of the Available Distribution Amount but will be paid directly to the Seller outside the Priority of Payments.

Swap Collateral Account

The Swap Collateral Account of the Issuer will be maintained with the Account Bank.

If the Swap Counterparty ceases to be an Eligible Swap Counterparty, the Swap Counterparty shall take action in accordance with the Swap Agreement, including posting eligible collateral into the interest-bearing Swap Collateral Account in accordance with the provisions of the Swap Agreement.

The deposit in the Swap Collateral Account shall not constitute Collections and shall provide collateral solely for the payment obligations of the Swap Counterparty to the Issuer under the Swap Agreement and not any obligations of the Issuer.

The amounts in the Swap Collateral Account will be applied in or towards satisfaction of the Swap Counterparty's obligations to the Issuer upon termination of the Swap Agreement. Any Excess Swap Collateral shall not be available to Secured Parties and shall be returned to such Swap Counterparty outside the Priority of Payments.

On each Payment Date, any amount standing to the credit of the Swap Collateral Account which constitute Excess Swap Collateral will be paid back

by the Issuer to the Swap Counterparty outside the Priority of Payments.

Distribution Account

The Distribution Account will be maintained with the Account Bank.

On each Payment Date the Calculation Agent shall transfer amounts representing Collections for the relevant Collection Period together with any net investment earnings on the Operating Account (if any) into the Distribution Account.

Amounts representing Collections for the relevant Collection Period together with other items comprising the Available Distribution Amount shall be applied by the Calculation Agent in accordance with the applicable Priority of Payments.

On each Payment Date, in accordance with the Priority of Payments, the Calculation Agent will pay to the Retained Profit Ledger any Retained Profit in accordance with the applicable Priority of Payments. Amounts may be debited from the Retained Profit Ledger from time to time to make payments in respect of corporate income or corporation tax to any relevant taxing or fiscal authority or agency and, thereafter, any dividend payments to the Issuer's shareholder.

Cash Management

For the purposes of the foregoing:

Collections

Means, without double counting:

- (f) all amounts received by the Seller or the Servicer with respect to all Purchased Receivables and credited to the Operating Account;
- (g) any amounts received by the Seller or the Servicer in respect of the Ancillary Rights (including, but not limited to, Insurance Proceeds);
- (h) any other amounts received by the Seller (including any Vehicle Sale Proceeds) net of any expense of recovery, repair and sale in accordance with the Credit and Collection Policy, in connection with the sale and disposition of a Vehicle relating to a Purchased Receivable;
- (i) any Recovery Collections received by the Seller or the Servicer in respect of any Purchased Receivable that is also a Defaulted Receivable; and
- (j) any Repurchase Price and PCP/VT Deficit Amount paid by the Seller,

in each case other than any Excluded Amounts.

Ancillary Rights

Means, in relation to a Receivable all rights of the Seller associated with such Receivable including:

- (k) all rights to receive and obtain payment under the Financing Contract for such Receivable including the right to demand, sue for, recover, receive and give receipts for all amounts due and to become due whether or not from Obligors or guarantors under or relating to the Financing Contract to which such Receivable relates and all guarantees (if any);
- (l) the benefit of:
 - (i) all covenants and undertakings from Obligors and from guarantors relating to the Financing Contract to which such Receivable arises and under all guarantees;

- (ii) all causes and rights of actions against Obligors and guarantors under and relating to the Financing Contract to which such Receivable relates and under and relating to all guarantees (if any);
- (iii) other rights, title, interest, powers and benefits of the Seller into, under, pursuant to or in relation to such Financing Contract other than, save as otherwise provided in (d), rights specifically relating to the Vehicle itself (with such rights specifically relating to the Vehicle including, without limitation, the right of ownership);
- (m) the right to any Insurance Proceeds received by the Seller or its agents pursuant to any Insurance Claims arising in respect of the Financing Contract to which such Receivable and the benefit of any other rights the Seller may have under any insurance policy in respect of the Financed Vehicle to which such Receivable relates; and
- (n) the benefit of any rights, title, interest, powers and benefits of the Seller in and to Vehicle Sale Proceeds,

including, in each case, all monies derived therefrom.

Excluded Amounts

Comprise the following which are not sold to the Issuer:

- (o) amounts arising under a Financing Contract in respect of (a) charges payable as a result of a late payment of a Receivable owing under such Financing Contract or late return of a Financed Vehicle to MBFS, (b) fees for any extension of the term of that Financing Contract, and (c) any other administrative fees payable under that Financing Contract (other than charges for incomplete service history or missing vehicle holder's certificate on return of the Financed Vehicle);
- (p) any credit protection, asset value or other insurance premiums payable by Obligors to the relevant insurers via MBFS; and
- (q) any VAT rebates received by MBFS in respect of the sale of any Vehicles relating to a Receivable.

EU AND UK RISK RETENTION AND SECURITISATION REGULATION REPORTING

Compliance with the Retention Requirement

MBFS is the originator for the purposes of Article 2(3) of the EU Securitisation Regulation and the UK Securitisation Regulation. MBFS is legally bound to comply with the provisions of the UK Securitisation Regulation and contractually agrees to comply with the provisions of the EU Securitisation Regulation.

The Originator confirms that it has covenanted with the Issuer and the Note Trustee under the Receivables Purchase Agreement that the Originator will, for the life of the Transaction UK 2024-1, retain a material net economic interest of not less than 5% in the Transaction UK 2024-1 in accordance with Article 6(3)(d) of the UK Securitisation Regulation and the EU Securitisation Regulation and will not enter into any credit risk mitigation, short position or any other credit hedge or sale with respect to the Retained Interest, provided that the level of retention may reduce over time in compliance with (i) in the case of the EU Securitisation Regulation, Article 10(2) of the Commission Delegated Regulation specifying the risk retention requirements pursuant to Article 6 of the EU Securitisation Regulation, and (ii) in the case of the UK Securitisation Regulation, the Commission Delegated Regulation as amended by Annex R of The Technical Standards (Capital Requirements) (EU Exit) (No. 3) Instrument 2019 each as interpreted and applied on the Issue Date. As of the Issue Date, such interest will, in accordance with Article 6(3)(d) of the UK Securitisation Regulation and Article 6(3)(d) of the EU Securitisation Regulation, be retained through the holding of the Class B Notes and the Subordinated Loan.

MBFS undertakes that it will not reduce, hedge or otherwise mitigate its credit exposure to the material net economic interest retained for the purposes of Article 6(1) of the UK Securitisation Regulation and Article 6(1) of the EU Securitisation Regulation:

- (a) with respect to the UK Securitisation Regulation, until such time as UK regulatory technical standards are published jointly by the FCA and PRA, Article 12 of the Commission Delegated Regulation specifying the risk retention requirements pursuant to the UK Securitisation Regulation (the "**Commission Delegated Regulation**") (BTS 625/2014 as amended by Annex R of The Technical Standards (Capital Requirements) (EU Exit) (No. 3) Instrument 2019) and, pursuant to Article 43(7) of the UK Securitisation Regulation, until regulatory technical standards are adopted jointly by the FCA and PRA, provided that the level of retention may reduce over time in compliance with Article 10 (2) of the Commission Delegated Regulation.
- (b) for the purposes of the EU Securitisation Regulation, Article 7 of the Commission Delegated Regulation (EU) 2023/2175 of 7 July 2023 on supplementing the Securitisation Regulation with regard to regulatory technical standards specifying in greater detail the risk retention requirements for originators, sponsors, original lenders and services (the "**RRTS**") adopted by the Commission pursuant to Article 6(7) of the EU Securitisation Regulation, provided that the level of retention may reduce over time in compliance with Article 10(2) of the RRTS.

Compliance with Article 7 of the UK Securitisation Regulation and the EU Securitisation Regulation

The Issuer and the Originator, as originator within the meaning of the EU Securitisation Regulation and the UK Securitisation Regulation, have agreed that the Originator is the "reporting entity" under Article 7(2) of the EU Securitisation Regulation and the UK Securitisation Regulation to fulfil the information requirements of Article 7(1) of the EU Securitisation Regulation and the UK Securitisation Regulation (the "**Reporting Entity**"). The Reporting Entity, as originator, shall also be responsible for compliance with Article 7 of the EU Securitisation Regulation and the UK Securitisation Regulation.

Pursuant to the terms of the Servicing Agreement, the Servicer shall (on behalf of the Reporting Entity), subject to the applicable data protection rules in England, Wales, Scotland or Northern Ireland (including the Data Protection Laws) and banking secrecy rules and the Data Trust Agreement, prepare and deliver to the Issuer, the Noteholders, (upon request) any potential investors in the Notes and the relevant competent authorities (as determined under the EU Securitisation Regulation and the UK Securitisation Regulation in accordance with the

Securitisation Regulation (EU) Disclosure Requirements and the Securitisation Regulation (UK) Disclosure Requirements and together, the "**Relevant Recipients**"):

- (a) on a quarterly basis, the Loan Level Data in accordance with Article 7(1)(a) of the UK Securitisation Regulation and EU Securitisation Regulation;
- (b) on each Reporting Date and simultaneously with the Loan Level Data referred to in (a) above, a Monthly Report in accordance with Article 7(1)(e) of the UK Securitisation Regulation and EU Securitisation Regulation in the form substantially as set out in Schedule 2 to the Calculation Agency Agreement and the Portfolio Information in encrypted form and in such format as set out in Schedule 1 to the Servicing Agreement;
- (c) provide, upon reasonable request by the Issuer, such further information as reasonably requested by the Noteholders for the purposes of compliance of such Noteholders with the requirements under Article 5 of the EU Securitisation Regulation and the UK Securitisation Regulation, subject to applicable law and availability, provided that the Servicer shall be entitled to limit the frequency of the disclosure of such additional information to not more than four times in a calendar year;
- (d) before pricing of the Notes in initial form and on or around the Issue Date in final form, for the purposes of compliance with Article 7(1)(d) of the UK Securitisation Regulation, it will make available the UK STS Notification referred to in Article 27 of the UK Securitisation Regulation on the website of EuroABS at www.euroabs.com being the UK SR Website;
- (e) make available the documents as required by and in accordance with Article 7(1)(b) of the UK Securitisation Regulation and the EU Securitisation Regulation prior to the pricing date of the Notes (and in final form, if applicable, no later than fifteen (15) days after the Issue Date);
- (f) on a monthly basis and without undue delay upon the occurrence of any event triggering the existence of any information provided for by article 7(1) points (f) and (g) of the EU Securitisation Regulation and the UK Securitisation Regulation, prepare and deliver to the Relevant Recipients the EU Inside Information Report and the UK Inside Information Report, subject to the timely receipt of all necessary information from the other Parties in their possession, including information in respect of any significant event such as (i) a material breach of the obligations laid down in the Transaction SA UK 2024-1 Documents, (ii) a change in the structural features that can materially impact the performance of the securitisation, (iii) a change in the risk characteristics of the Transaction or the Purchased Receivables that can materially impact the performance of the securitisation, (iv) if competent authorities have taken remedial or administrative actions and (v) any material amendments to the Transaction SA UK 2024-1 Documents;
- (g) disclose, without undue delay, any events which trigger changes in the Priority of Payments and any change to the Priority of Payments which will materially and adversely affect the repayment of the Notes; and
- (h) disclose without delay any material changes from the Servicer's prior underwriting policies and servicing collection procedures,

provided that (i) the Servicer will only be required to do so to the extent that the Securitisation Regulation (EU) Disclosure Requirements and the Securitisation Regulation (UK) Disclosure Requirements remain in effect and (ii) the Servicer will not be in breach of such undertaking if the Servicer fails to so comply due to events, actions or circumstances beyond the Servicer's control.

The Reporting Entity (or the Servicer on its behalf) will make all such information set forth under paragraphs (a) to (g) above available to the Relevant Recipients as is required to be made available pursuant to the Securitisation Regulation (EU) Disclosure Requirements and the Securitisation Regulation (UK) Disclosure Requirements.

Under the Servicing Agreement MBFS as Servicer undertakes to the Issuer that, pursuant to the EU Securitisation Regulation, it will (on behalf of the Reporting Entity) make the information that the Issuer is required to make available pursuant to and in compliance with the Securitisation Regulation (EU)

Disclosure Requirements to the Noteholders, to competent authorities, as referred to in Article 29 of the EU Securitisation Regulation and to potential Noteholders. Such information will be in the format contemplated by the Securitisation Regulation (EU) Disclosure Requirements and will be available on the website of SecRep B.V. (the "**EU SR Repository**") being a securitisation repository registered under Article 10 of the EU Securitisation Regulation. On or prior to the Issue Date the Issuer will appoint the SR Repository.

Under the Servicing Agreement MBFS as Servicer undertakes to the Issuer that, pursuant to the UK Securitisation Regulation, it will (on behalf of the Reporting Entity) make the information that the Issuer is required to make available pursuant to and in compliance with the Securitisation Regulation (UK) Disclosure Requirements to the Noteholders, to the FCA and to potential Noteholders. The Servicer will make such information available on the UK website of EuroABS (being, as at the date of this Prospectus, <https://www.euroabs.com/IH.aspx?d=22616>) being a website which conforms with the requirements set out in Article 7(2) of the UK Securitisation Regulation (the "**UK SR Website**"). There is no requirement to report to a UK securitisation repository where the prospectus has not been approved by the FCA. However, to the extent a securitisation repository is registered in accordance with Article 10 of the UK Securitisation Regulation it will make the information available to such securitisation repository (the "**UK SR Repository**"). For the purposes of Article 7(2) of the UK Securitisation Regulation, the Seller and the Issuer designate MBFS, in its capacity as originator, to fulfil the information requirements of Article 7(1) of the UK Securitisation Regulation.

For the avoidance of doubt, any websites included in this Prospectus are for information purposes only and do not form part of the Prospectus.

Investors to assess compliance

Each prospective investor is required to independently assess and determine the sufficiency of the information described in the preceding paragraphs of this section and in this Prospectus generally for the purposes of complying with Article 5 of the EU Securitisation Regulation or UK Securitisation Regulation and none of the Issuer, the Seller (in its capacity as the Seller and the Servicer), the Swap Counterparty, the Joint Lead Managers, the Managers nor the Transaction Parties makes any representation that the information described above or in this Prospectus generally is sufficient in all circumstances for such purposes. In addition, each prospective investor should ensure that it complies with the implementing provisions in respect of the EU Securitisation Regulation or UK Securitisation Regulation as applicable in its relevant jurisdiction. Prospective investors who are uncertain as to the requirements which apply to them in respect of their relevant jurisdiction should seek guidance from their regulator and/or independent legal advice on the issue.

Article 22(5) of the EU Securitisation Regulation and UK Securitisation Regulation

Pursuant to Article 22(5) of the EU Securitisation Regulation and the the UK Securitisation Regulation, the Originator shall be responsible for compliance with Article 7 of the EU Securitisation Regulation and the UK Securitisation Regulation. In particular, the Originator undertakes that:

- (a) the information required by point (a) of the first subparagraph of Article 7(1) shall be made available to potential investors before pricing upon request;
- (b) the information required by points (b) to (d) of the first subparagraph of Article 7(1) shall be made available before pricing at least in draft or initial form;
- (c) this Prospectus serves as a transaction summary or overview of the main features of the Transaction UK 2024-1 in accordance with Article 7(1)(c) of the EU Securitisation Regulation; and
- (d) the final documentation shall be made available to investors at the latest no later than fifteen (15) days after closing of the Transaction.

Compliance with Article 22 of the EU Securitisation Regulation and the the UK Securitisation Regulation

In order to comply with the transparency requirements provided for by Article 22 of the EU Securitisation Regulation and the the UK Securitisation Regulation, the Originator:

- (a) has made available to any potential investor in the Notes data on static historical default performance relating to the five year period starting on 1 January 2019 and ending on 31 December 2023 in respect of receivables substantially similar to the Purchased Receivables;
- (b) has made available – via the UK SR Website (or if applicable, the UK SR Repository) and the EU SR Repository – to any potential investor in the Notes, before pricing of the Notes, an accurate model representing precisely the contractual relationship between the Purchased Receivables and the payments flowing between the Originator, the Noteholders, the Issuer and any other party to the Transaction UK 2024-1 which contained an amount of information sufficient to allow such potential investor to price the Notes (the "**Liability Cash Flow Model**");
- (c) has undertaken under the Incorporated Terms Memorandum to make available the Liability Cash Flow Model on an ongoing basis to the Noteholders – via the UK SR Website (or if applicable, the UK SR Repository) and the EU SR Repository – and, upon request, to potential investors in the Notes;
- (d) where available to the Originator, has undertaken in the Incorporated Terms Memorandum to include the environmental performance of the Financed Vehicles in the Monthly Report;
- (e) has made available before pricing of the Notes, the Loan Level Data;
- (f) has made available before pricing of the Notes, the Transaction SA UK 2024-1 Documents (other than the Prospectus in a draft form);
- (g) has made available before pricing of the Notes, a draft of the UK STS Notification; and
- (h) will make available the Prospectus, the Transaction SA UK 2024-1 Documents and the UK STS Notification in final versions, within fifteen (15) days from the Issue Date.

The information set out in paragraph (e), (f), (g) and (h) above has been or will be made available (as the case may be) on the UK SR Website and with the EU SR Repository.

For more information please see the section titled "*OVERVIEW OF THE PRINCIPAL TRANSACTION SA UK 2024-1 DOCUMENTS – SERVICING AGREEMENT*".

COMPLIANCE WITH UK STS CRITERIA

The compliance of the Transaction UK 2024-1 with the UK STS Criteria will be verified as of the Issue Date by Prime Collateralised Securities (PCS) UK Limited ("**PCS**"), in its capacity as third party verification agent authorised pursuant to Article 28 of the UK Securitisation Regulation. PCS will assess and provide a verification of compliance of the Notes with the requirements of Articles 20 to 22 of the UK Securitisation Regulation (the "**STS Verification**") and it is expected that the STS Verification prepared by PCS will be available on the PCS website (<https://www.pcsmarket.org/sts-verification-transactions/>) together with detailed explanations of its scope at: <https://pcsmarket.org/disclaimer/> on and from the Issue Date.

No assurance can be provided that the Transaction UK 2024-1 described in this Prospectus does or continues to qualify as a UK STS Securitisation under the UK Securitisation Regulation at any point in time in the future.

Compliance with the UK STS Criteria is not a recommendation to buy, sell or hold securities. It is not investment advice whether generally or as defined in the The Markets in Financial Instruments (Amendment) (EU Exit) Regulations 2018 or the UK CRA Regulation.

DESCRIPTION OF THE SILVER ARROW UK 2024-1 NOTES WHILST IN GLOBAL FORM

Each Class of Notes will initially be issued in global registered form in an aggregate principal amount equal to an initial Aggregate Outstanding Note Principal Amount for such Class.

The Global Note representing the Class A Notes will be held under the NSS and will be deposited with and registered in the name of the Common Safekeeper as nominee for both Euroclear and Clearstream, Luxembourg.

The Global Note representing the Class B Notes will be deposited with a Common Depository for Clearstream Luxembourg and Euroclear in the form of a classical global note ("**CGN**").

The Registrar will maintain a register in which it will register the nominee as the owner of each Global Note.

Upon confirmation by the Common Safekeeper that it has custody of the Global Notes, the relevant Clearing Systems will record in book-entry form interests representing beneficial interests in such Global Notes ("**Book-Entry Interests**").

In accordance with the rules and procedures for the time being of Euroclear or, as the case may be, Clearstream, Luxembourg, after receipt of any payment from the Paying Agent to the order of the Common Depository, or the Common Safekeeper (as applicable), the respective systems will promptly credit their participants' accounts with payments in amounts proportionate to their respective ownership of Book-Entry Interests as shown in the records of Euroclear or Clearstream, Luxembourg. On each record date, Euroclear and Clearstream, Luxembourg will determine the identity of the Noteholders for the purposes of making payments to the Noteholders. The record date, in respect of the Cleared Notes shall be one Clearing System Business Day prior to the relevant Payment Date where "**Clearing System Business Day**" means a day on which each clearing system for which the Cleared Notes are being held is open for business.

Holders of Book-Entry Interests in the Global Note will be entitled to receive Notes in definitive registered form (such exchanged notes, "**Definitive Notes**") in the minimum denomination of £125,000 or a higher integral multiple of £1,000, in exchange for their respective holdings of Book-Entry Interests if any of the following events occurs (each an "**Exchange Event**"):

- (a) any relevant Clearing System is closed for business for a continuous period of fourteen (14) days (other than by reason of holidays, statutory or otherwise) or announces an intention permanently to cease business or does in fact do so; or
- (b) any of the circumstances described in Condition 10 (*Events of Default*) occurs; or
- (c) as a result of any amendment to, or change in (A) the laws or regulations of the United Kingdom or Luxembourg (or of any political sub-division thereof) or of any authority therein or thereof having power to tax or (B) the interpretation or administration of such laws or regulations, which becomes effective on or after the Issue Date, the Issuer or the Paying Agent is or will be required to make any deduction or withholding for or on account of tax from any payment in respect of the Notes which would not be required were the Notes in definitive form.

Any Definitive Notes issued in exchange for Book-Entry Interests in any Global Note will be registered by the Registrar in such name or names as the Issuer and the Common Safekeeper shall instruct the Registrar (based on the instructions of the relevant Clearing System(s)). It is expected that such instructions will be based upon directions received by the relevant Clearing Systems from their participants with respect to ownership of the relevant Book-Entry Interests. Holders of Definitive Notes issued in exchange for Book-Entry Interests in any Global Note will not be entitled to exchange such Definitive Notes for Book-Entry Interests in such Global Note. Any Notes issued in definitive form will be issued in registered form only and will be issued in a minimum denomination of £125,000 and a higher integral multiple of £1,000.

So long as the Notes of any Class are represented in their entirety by any Global Note held on behalf of any Clearing System, instead of publication in newspaper(s) in accordance with the Condition, notices to the relevant Noteholders may be given by delivery of the relevant notice to the relevant Clearing System for communication by them to such Noteholders. Any such notice shall be deemed to have been given to the relevant Noteholders on the day on which said notice was given to the relevant Clearing System.

CONDITIONS OF THE NOTES

The following is the text of the terms and conditions which, subject to completion and amendment, will be applicable to any notes represented by a note in global form and the Notes in definitive form issued in exchange for the Notes in global form and which will be endorsed on such notes.

The GBP 412,500,000 Class A Compartment Silver Arrow UK 2024-1 Notes due 2031 (the "**Class A Notes**") and the GBP 117,500,000 Class B Compartment Silver Arrow UK 2024-1 Notes due 2031 ("**Class B Notes**"), together, the ("**Notes**") are constituted by a trust deed (the "**Trust Deed**") dated on or about the Issue Date between the Company, acting in respect of its Compartment Silver Arrow UK 2024-1 (the "**Issuer**") and Wilmington Trust SP Services (Frankfurt) GmbH (the "**Note Trustee**", which expression will include all persons for the time being the trustee or trustees under the Trust Deed) as trustee for, *inter alios*, the Noteholders (as defined in Condition 1 (*Form, denomination and title*)).

The Notes are secured pursuant to and on the terms set out in a deed of charge (the "**Deed of Charge**") dated on or about the Issue Date between the Issuer and Wilmington Trust SP Services (Frankfurt) GmbH (in this capacity, the "**Security Trustee**", which expression includes its permitted successors and assigns) on certain assets of the Issuer (the "**Security**") including, without limitation, the Issuer's rights, title, interest and benefit, present and future, in, under and to all its assets including the Issuer's rights, title, interest and benefit, present and future, in, under and to the Transaction SA UK 2024-1 Documents (as defined below) which include an agency agreement (the "**Agency Agreement**") dated on or about the Issue Date between the Issuer, the Note Trustee, the Security Trustee, Elavon Financial Services DAC as paying agent (in such capacity, the "**Paying Agent**", which expression includes its permitted successors and assigns), U.S. Bank Global Corporate Trust Limited as calculation agent (the "**Calculation Agent**", which expression includes its permitted successors and assigns) and Elavon Financial Services DAC as registrar (the "**Registrar**", which expression includes its permitted successors and assigns).

The security created under the Deed of Charge, and all further security created under such document, are together referred to as the "**Security**".

Payments under the Notes will be made pursuant to the Agency Agreement and the Calculation Agency Agreement (as defined below).

The Trust Deed, the Deed of Charge, the corporate services agreement dated 25 March 2019, as amended on 20 October 2020 between the Company and Intertrust (Luxembourg) S.À R.L. as corporate services provider (the "**Corporate Services Provider**", which expression includes its permitted successors and assigns) (the "**Corporate Services Agreement**"), a 2002 ISDA master agreement and the schedule each dated on or about the Signing Date and the interest rate swap confirmations between Skandinaviska Enskilda Banken AB (publ) as swap counterparty (the "**Swap Counterparty**", which expression includes its permitted successors and assigns) and the Issuer (together, the "**Swap Agreement**"), the Agency Agreement, the Receivables Purchase Agreement (as defined below), the Servicing Agreement (as defined below), the data trust agreement dated on or about the Issue Date between the Issuer, the Seller (as defined below), the Security Trustee and Data Custody Agent Services as data trustee (the "**Data Trustee**", which expression includes its permitted successors and assigns) (the "**Data Trust Agreement**"), the bank account agreement dated on or about the Issue Date between the Issuer, the Security Trustee, Elavon Financial Services DAC as Account Bank (the "**Account Bank**", which expressions include its permitted successors and assigns) and the Servicer (as defined below) (the "**Bank Account Agreement**") and the calculation agency agreement dated on or about the Issue Date between, *inter alios*, the Issuer and the Calculation Agent (the "**Calculation Agency Agreement**"), are together with the Conditions (each as defined below) referred to as the "**Transaction SA UK 2024-1 Documents**". References to each of the Transaction SA UK 2024-1 Documents are to it as from time to time modified in accordance with its provisions and any deed or other document expressed to be supplemental to it, as from time to time so modified.

Statements in these terms and conditions (the "**Conditions**") are subject to the detailed provisions of the Trust Deed, the Deed of Charge, the Agency Agreement and the other Transaction SA UK 2024-1 Documents, copies of which are available for inspection at the specified office for the time being of the Paying Agent. The Holders of the Notes are entitled to the benefit of, are bound by and are deemed to have notice of all the provisions contained in the Trust Deed, the Deed of Charge, and those applicable to them in the Agency Agreement and the other Transaction SA UK 2024-1 Documents.

References to "Conditions" are, unless the context otherwise reprises, to the numbered paragraphs of these Conditions. Words and expressions used in these Conditions without definitions will have the meanings given to them in paragraph 1 (*Definitions*) of the master definitions schedule (the "**Master Definitions Schedule**") set out in schedule 1 to the Incorporated Terms Memorandum which is dated on or about the Issue Date and signed for the purpose of identification by, among others, the Issuer and the Note Trustee. The terms in these Conditions, except where otherwise stated or where the context otherwise requires, shall be interpreted in the same way as set forth in paragraph 2 (*Principles of interpretation and construction*) of the Master Definitions Schedule.

The issue of the Notes was authorised by a resolution of the Issuer passed on 23 April 2024.

1. **Form, denomination and title**

- (a) The Class A Notes are issued in registered global form in the denomination of £125,000 and integral multiples of £1,000 in excess of £125,000, up to and including £249,000.
- (b) The Class B Notes are issued in registered global form in the denomination of £125,000 and integral multiples of £1,000 in excess of £125,000, up to and including £249,000.

The Class A Notes and the Class B Notes which are offered and sold outside the United States to non-U.S. persons in reliance on Regulation S will be represented by beneficial interests in Global Notes.

The Issuer will cause to be kept at the specified office of the Registrar a register (the "**Register**") on which will be entered the names and addresses of the Holders of the Notes and the particulars of such Notes held by them and all transfers, advances, payments (of interest and principal), repayments, redemptions, cancellations and replacements of such Notes. In these Conditions, "**Class A Notes**" or "**Class B Notes**" means, with respect to any Note, a Global Note or a Definitive Note, as the case may be, "**Class A Noteholder**" or "**Class B Noteholder**" means the Holder of a Class A Note or Class B Note as applicable.

Except as ordered by a court of competent jurisdiction or as required by law, the Issuer, the Note Trustee, the Registrar, the Paying Agent (notwithstanding any notice to the contrary and whether or not it is overdue and notwithstanding any notation of ownership or writing on any Note or notice of any previous loss or theft of any Note) may (i) for the purpose of making payment on or on account of any Note deem and treat the person (or, in the case of a joint holding, the first named person) in whose name any Global Note or Definitive Note is registered at that time in the Register (which will be conclusive evidence of such holding in the absence of manifest error, fraud or wilful default) as the absolute owner of such Note and all rights under such Note free from all encumbrances, and will not be required to obtain further proof of such ownership or as to the identity of the registered holder of any Global Note or Definitive Note and (ii) for all other purposes deem and treat the person in whose name any Global Note or Definitive Note is registered at the relevant time in the Register as the absolute owner of and of all rights under such Note free from all encumbrances and will not be required to obtain further proof of such ownership or as to the identity of the registered holder of any Global Note or Definitive Note. Notwithstanding the above, so long as any of the Notes are represented by a Global Note, the terms "**Noteholders**" or "**Holders**" will include the persons then set out in the records of Euroclear and/or Clearstream, Luxembourg, as the holders of a particular principal amount of such Notes (each an "**Accountholder**") in units of £1,000 principal amount of Notes for all purposes other than in respect of the payment of principal and interest on such Notes, the right to which will be vested as against the Issuer solely in the holder of each Global Note in accordance with and subject to its terms.

A Note is not transferable except in accordance with the restrictions described in these Conditions and in the Trust Deed and the Agency Agreement. Any sale or transfer in violation of the foregoing will be of no force and effect, will be void *ab initio*, and will not operate to transfer any rights to the transferee, notwithstanding any instructions to the contrary given by the Issuer, the Note Trustee or any intermediary. Each transferor of a Note agrees to provide notice of the transfer restrictions set out in these Conditions and in the Trust Deed to the transferee.

No transfer of Notes will be valid unless entered on the Register and no transfer Notes will be registered for a period of two (2) Business Days immediately preceding each Payment Date or payment date of any of the relevant Notes.

The Class A Notes and the Class B Notes which are represented by a Global Note will be transferable only in accordance with the rules and procedure for the time being of Clearstream, Luxembourg and Euroclear, as the case may be.

2. **Status and Security**

(a) **Status**

The Notes constitute secured, limited recourse obligations of the Issuer, ranking, as between each Class, *pro rata* and *pari passu* without any preference among themselves subject to as provided in these Conditions.

(b) **Security**

As security for the Secured Obligations, the Issuer has entered into the Deed of Charge as described above creating the Security as described above in favour of the Security Trustee for itself and on trust for the Secured Parties.

(c) **Application of proceeds**

The Issuer will use the gross proceeds of the issue of the Notes to finance the purchase from MBFS (the "**Seller**"), of a portfolio of Receivables and their Ancillary Rights pursuant to an agreement dated on or about the Issue Date between the Seller, the Issuer, the Security Trustee and the Note Trustee (the "**Receivables Purchase Agreement**"). The Seller will continue to administer and collect the Purchased Receivables as agent for the Issuer in its capacity as servicer ("**Servicer**", which expression includes its permitted successors and assigns) under a Servicing Agreement dated on or about the Issue Date between the Servicer, the Issuer, the Note Trustee and the Security Trustee (the "**Servicing Agreement**").

The Issuer has entered into the Swap Agreement with the Swap Counterparty, under which the Issuer will pay to the Swap Counterparty on each Payment Date certain amounts calculated by reference to a fixed rate of interest and the Swap Counterparty will pay to the Issuer on each Payment Date certain amounts calculated by reference to the Applicable Benchmark Rate, as defined in Condition (d) (*Benchmark Rate Determinations*) on a notional amount calculated by reference to the principal amount outstanding of the Class A Notes. If the Swap Agreement is terminated prior to the redemption of the Class A Notes in full a termination payment may be due between the parties in accordance with the Swap Agreement.

(d) **Pre-Enforcement Priority of Payments**

Prior to the issuance of an Enforcement Notice by the Note Trustee, the Issuer will distribute the Available Distribution Amount on each Payment Date in accordance with the following Pre-Enforcement Priority of Payments:

- (i) *first*, to retain on the Retained Profit Ledger a profit for the Issuer of £100 from which the Issuer will discharge its corporate income or corporation tax liability (if any);
- (ii) *second*, to pay or provide for (a) any Luxembourg net wealth tax payable by the Issuer, and (b) any other taxes payable by the Issuer, which cannot be discharged from the profit retained on the Retained Profit Ledger;
- (iii) *third*, to pay or provide for any due and payable amounts to the Note Trustee under or in connection with the Trust Deed and to the Security Trustee under or in connection with the Deed of Charge, in each case including amounts due and payable under the relevant fee letter;
- (iv) *fourth*, to pay or provide for (on a *pro rata* and *pari passu* basis) any due and payable Administration Expenses and any Administrator Recovery Incentive;
- (v) *fifth*, to pay any due and payable Servicing Fee;
- (vi) *sixth*, to pay any due and payable Net Swap Payments or Swap Termination Payments to the Swap Counterparty under the Swap Agreement (**provided that** the Swap Counterparty is not the defaulting party (as defined in the Swap Agreement) and there has been no termination of the transaction under the Swap Agreement due to a termination event relating to the Swap Counterparty's downgrade);
- (vii) *seventh*, to pay (on a *pro rata* and *pari passu* basis) (i) any due and payable Class A Interest Amount on the Class A Notes and (ii) any Class A Interest Shortfall;
- (viii) *eighth*, an amount equal to the General Reserve Required Amount to the General Reserve Account;
- (ix) *ninth*, to pay (on a *pro rata* and *pari passu* basis) the Class A Principal Redemption Amount in respect of the redemption of the Class A Notes until the Aggregate Outstanding Note Principal Amount of the Class A Notes is reduced to zero;

- (x) *tenth*, to pay (on a *pro rata* and *pari passu* basis) any due and payable Class B Interest Amount on the Class B Notes and any Class B Interest Shortfall;
- (xi) *eleventh*, to pay (on a *pro rata* and *pari passu* basis) the Class B Principal Redemption Amount in respect of the redemption of the Class B Notes until the Aggregate Outstanding Note Principal Amount of the Class B Notes is reduced to zero;
- (xii) *twelfth*, to pay any due and payable interest amount on the Subordinated Loan;
- (xiii) *thirteenth*, to pay the Subordinated Loan Redemption Amount in respect of the redemption of the Subordinated Loan until the Subordinated Loan is reduced to zero;
- (xiv) *fourteenth*, to pay any indemnity payments to any party under the Transaction SA UK 2024-1 Documents;
- (xv) *fifteenth*, to pay any due and payable Swap Termination Payments to the Swap Counterparty under the Swap Agreement (if the Swap Counterparty is the defaulting party (as defined in the Swap Agreement) or the Swap Agreement has been terminated due to a termination event relating to the Swap Counterparty's downgrade; and
- (xvi) *sixteenth*, to pay the Deferred Consideration to the Seller.

Notwithstanding the Pre-enforcement Priority of Payments, amounts due and payable under items *first* through *fourth* of the Pre-enforcement Priority of Payments may also be paid, in that order, on any Business Day other than a Payment Date up to an amount of the Available Distribution Amounts which have been retained by the Issuer on the prior Payment Date to provide for payment of such items.

(e) **Enforcement of the Security**

Following the occurrence of an Issuer Event of Default and the service of an Enforcement Notice in accordance with Condition 10 (*Events of Default*) below the Security will become enforceable and the Note Trustee may at its discretion direct the Security Trustee to take action to enforce the Security, and will direct the Security Trustee to take such action to enforce the Security as directed by the Controlling Class acting by way of a Written Resolution or by way of an Extraordinary Resolution.

The Note Trustee may at any time, at its discretion and will do so if it has been directed to do so by the Controlling Class acting by way of a Written Resolution or by way of an Extraordinary Resolution, (subject to having been indemnified and/or secured and/or prefunded to its satisfaction) and without notice and in such manner as it deems appropriate:

- (i) take such proceedings and/or other steps as it may deem appropriate against or with respect to the Issuer or any other person to enforce its obligations under the Transaction SA UK 2024-1 Documents or these Conditions and/or take any other proceedings (including lodging an appeal in any proceedings) with respect to or concerning the Issuer;
- (ii) exercise any of its rights under, or in connection with any Transaction SA UK 2024-1 Document; and/or
- (iii) give any directions to the Security Trustee under or in connection with any Transaction SA UK 2024-1 Document.

To the extent that the Note Trustee acts in accordance with such directions of the Controlling Class, as described above, it will have no obligation to take the interests of any other party into account or to follow any direction given by any other party.

(f) **Post-Enforcement Priority of Payments**

After the issuance of an Enforcement Notice by the Note Trustee, the Security Trustee will apply the Available Distribution Amount on each Payment Date towards the discharge of the claims of the Noteholders and the other creditors of the Issuer in accordance with the following Post-enforcement Priority of Payments:

- (i) *first*, to retain on the Retained Profit Ledger a profit for the Issuer of £100 from which the Issuer will discharge its corporate income or corporation tax liability (if any);

- (ii) *second*, to pay or provide for (a) any Luxembourg net wealth tax payable by the Issuer, and (b) any other any taxes payable by the Issuer, which cannot be discharged from the profit retained on the Retained Profit Ledger;
- (iii) *third*, to pay any due and payable amounts to the Note Trustee under or in connection with the Trust Deed and to the Security Trustee under or in connection with the Deed of Charge, in each case including amounts due and payable under the relevant fee letter;
- (iv) *fourth*, to pay (on a *pro rata* and *pari passu* basis) any due and payable Administration Expenses and any Administrator Recovery Incentive;
- (v) *fifth*, to pay any due and payable Servicing Fee;
- (vi) *sixth*, to pay any due and payable Net Swap Payments or Swap Termination Payments to the Swap Counterparty under the Swap Agreement (**provided that** the Swap Counterparty is not the defaulting party (as defined in the Swap Agreement) and there has been no termination of the transaction under the Swap Agreement due to a termination event relating to the Swap Counterparty's downgrade);
- (vii) *seventh*, to pay (on a *pro rata* and *pari passu* basis) (i) any due and payable Class A Interest Amount on the Class A Notes and (ii) any Class A Interest Shortfall;
- (viii) *eighth*, to pay (on a *pro rata* and *pari passu* basis) the redemption of the Class A Notes until the Aggregate Outstanding Note Principal Amount of the Class A Notes is reduced to zero;
- (ix) *ninth*, to pay (on a *pro rata* and *pari passu* basis) any due and payable Class B Interest Amount on the Class B Notes and any Class B Interest Shortfall;
- (x) *tenth*, to pay (on a *pro rata* and *pari passu* basis) the redemption of the Class B Notes until the Aggregate Outstanding Note Principal Amount of the Class B Notes is reduced to zero;
- (xi) *eleventh*, to pay any due and payable interest amount on the Subordinated Loan;
- (xii) *twelfth*, to pay any due and payable principal amounts on the Subordinated Loan until the Subordinated Loan is reduced to zero;
- (xiii) *thirteenth*, to pay any indemnity payments to any party under the Transaction SA UK 2024-1 Documents;
- (xiv) *fourteenth*, to pay any due and payable Swap Termination Payments to the Swap Counterparty under the Swap Agreement (if the Swap Counterparty is the defaulting party (as defined in the Swap Agreement) or the Swap Agreement has been terminated due to a termination event relating to the Swap Counterparty's downgrade; and
- (xv) *fifteenth*, to pay the Deferred Consideration to the Seller.

(g) **Shortfall after application of proceeds**

If the net proceeds of the Security being enforced and liquidated in accordance with the Deed of Charge are not sufficient, after payment of all other claims ranking in priority to the Notes, to cover all payments due on the Notes, the obligations of the Issuer under the Notes will be limited to such net proceeds and such net proceeds will be applied in accordance with the Servicing Agreement, the Deed of Charge and no other assets of the Issuer will be available for any further payments on the Notes. The right to receive any further payments of any such shortfall remaining after enforcement of the Security and application of the proceeds of the Security in accordance with the Post-Enforcement Priority of Payments will be extinguished.

(h) **Relationship between the Classes of Notes**

- (i) The Class A Notes will rank in priority to the Class B Notes.
- (ii) Payments of interest on the Class A Notes will rank *pro rata* and *pari passu* between themselves and in priority to payments of interest on the Class B Notes and payments of interest on the Class B Notes will rank *pro rata* and *pari passu* among themselves. If the Issuer does not have sufficient Available Distribution Amount on the relevant Payment Date to meet interest payments on the Class A Notes and the Class B Notes in full, any shortfall

will first be borne by the Class B Notes and, to the extent that interest due on the Class B Notes on such Payment Date is less than such shortfall, it will secondly be borne by the Class A Notes, in each case *pro rata* and *pari passu* between the Notes of such Class.

- (iii) No amount of principal of the Class B Notes will become due and payable until redemption and payment in full of the Class A Notes.
- (iv) The Trust Deed and the Deed of Charge contain provisions requiring the Note Trustee or the Security Trustee, as the case may be, to take into account the interests of the Class A Noteholders and the Class B Noteholders equally as regards all powers, trusts, authorities, duties and discretions of the Note Trustee or the Security Trustee, as the case may be, (except where expressly provided otherwise), but requiring the Note Trustee or the Security Trustee, as the case may be, in any such case, to take into account only the interests of the Class A Noteholders if, in the opinion of the Note Trustee or the Security Trustee, as the case may be, there is a conflict between the interests of the Class A Noteholders and the Class B Noteholders. In addition, if there is a conflict between the interests of (1) the Noteholders and (2) any of the other Secured Parties or the Security Trustee, as the case may be, will, to the extent permitted by applicable law, take into account only the interests of the Class A Noteholders and the Class B Noteholders.
- (v) None of the Class B Noteholders may request or direct the Note Trustee or the Issuer to take any action or pass any effective Extraordinary Resolution if the effect of the same would, in the sole opinion of the Note Trustee, be materially prejudicial to the interests of the Class A Noteholders, and neither the Note Trustee nor the Issuer will be responsible to the Class B Noteholders for disregarding any such request, direction or resolution.

(i) ***Assumption of no material prejudice***

The Note Trustee and the Security Trustee will be entitled to assume, for the purposes of exercising any right, power, duty or discretion under or with respect to these Conditions, the Trust Deed, the Deed of Charge or any of the other Transaction SA UK 2024-1 Documents or for the purposes of paragraphs (iii), (iv) or (v) of Condition 2(h) (*Relationship between the Class A Notes and the Class B Notes*), that to do so will not be materially prejudicial to the interests of the Noteholders or the relevant Class (i) if it has obtained the consent of the Noteholders or the relevant Class or (ii) if the Note Trustee is satisfied that the current ratings of the Class A Notes will not be affected or (iii) with respect to a non-economic or non-financial matter, if the Note Trustee obtains an Opinion of Counsel to such effect.

3. **Covenants**

So long as any of the Notes remains outstanding, the Issuer will not without the prior consent of the Note Trustee, unless otherwise provided by these Conditions or the Transaction SA UK 2024-1 Documents:

- (a) carry on any business other than performing its functions and duties and discharging its obligations and liabilities set out in the Transaction SA UK 2024-1 Documents and with respect to that business will not engage in any activity or do anything except:
 - (i) finance, acquire, hold and dispose of the Purchased Receivables;
 - (ii) issue, enter into, amend, exchange, repurchase or cancel the Notes;
 - (iii) enter into, amend, consent to any variation of, or release any party from any obligation under, any of the Notes, the Transaction SA UK 2024-1 Documents and agreements relating or incidental to the issue and constitution of, and the granting of security for, the Notes;
 - (iv) own and exercise its rights with respect to the Security and its interests in the Security and perform its obligations with respect to the Security and the Transaction SA UK 2024-1 Documents;
 - (v) preserve and/or exercise and/or enforce any of its rights and perform and observe its obligations under the Notes, the Transaction SA UK 2024-1 Documents and agreements relating or incidental to the issue and constitution of, and the granting of security for, the Notes;
 - (vi) use any of its property or assets in the manner provided in or contemplated by the Transaction SA UK 2024-1 Documents; and

- (vii) perform any other act incidental to or necessary in connection with items (i) to (vi) above;
- (b) have any employees or own any premises;
- (c) incur any indebtedness with respect to borrowed money or give any guarantee or indemnity with respect to any indebtedness or enter into any hedging or derivative contract except under the Notes or pursuant to the Transaction SA UK 2024-1 Documents;
- (d) create any mortgage, charge, pledge, lien or other security interest over, or use, invest, sell or otherwise dispose of any of, its assets other than as expressly contemplated by the Transaction SA UK 2024-1 Documents;
- (e) commingle its property or assets with the property or assets of any other person;
- (f) have any subsidiary or subsidiary undertaking (each as defined in the Companies' Act 2006);
- (g) at all times ensure that its central management and control is exercised in Luxembourg;
- (h) have an "establishment" (as that term is used in Article 2(10) of the EU Insolvency Regulation) in any jurisdiction other than Luxembourg;
- (i) issue any shares in the Issuer (other than such shares as are in issue as at the Issue Date);
- (j) permit the validity or effectiveness of or the priority of the Security created by the Deed of Charge to be amended, terminated, postponed or discharged, or permit any person whose obligations form part of the Security to be released from such obligations;
- (k) open any further account for the purposes of depositing any monies it receives in connection with the Transaction SA UK 2024-1 Documents, unless such account is secured in favour of the Security Trustee for the benefit of the Secured Parties;
- (l) consolidate or merge with any other person or convey or transfer its properties or assets substantially as an entirety to any person;
- (m) acquire obligations or securities of its officers or shareholders;
- (n) amend the constitutional documents of the Issuer; and
- (o) enter into any derivatives, or any hedging contracts having the same economic effect as a derivative.

In giving its consent to the foregoing, the Note Trustee may require the Issuer to amend the Transaction SA UK 2024-1 Documents and/or may impose such other conditions as it deems to be in the interests of the Noteholders, in accordance with Condition 12 (*Meetings of Noteholders, amendments, waiver, substitution and exchange*) below.

4. **Interest**

(a) ***Interest calculation***

Each Note shall bear interest on its Outstanding Note Principal Amount from the Issue Date until the close of the day preceding the day on which such Note has been redeemed in full at the rate *per annum* (expressed as a percentage) equal to the Interest Rate (calculated in the manner set out in Condition 4(e) (*Calculations*)), payable in arrears on each Payment Date from (and including) the Issue Date, subject to Condition 6 (*Additional interest and subordination*).

Interest due on a Payment Date will accrue on the Outstanding Note Principal Amount of each Note at the beginning of the relevant Interest Period.

Interest will cease to accrue on each Note (or, in the case of the redemption of part only of a Note, that part only of such Note) on the due date for redemption unless any amount due remains outstanding, in which case interest will continue to accrue on the unpaid amount of principal (as well after as before judgment) until the Relevant Date at the rate determined daily by the Calculation Agent in its sole discretion to be the rate for overnight deposits in Sterling. Such interest will be added annually to the overdue sum and will itself bear interest accordingly, at the rates for overnight deposits so determined.

(b) **Interest Period**

"**Interest Period**" means, in respect of the first Payment Date, the period commencing on (and including) the Issue Date and ending on (but excluding) the first Payment Date and in respect of any subsequent Payment Date, the period commencing on (and including) the immediately preceding Payment Date and ending on (but excluding) such Payment Date, **provided that** the last Interest Period shall end on (but exclude) the Legal Maturity Date or, if earlier, the date on which all Notes are redeemed in full.

(c) **Interest Rate**

The Interest Rate for each Interest Period will be with respect to:

- (i) each Class A Note:
 - (A) Compounded Daily SONIA (the "**Applicable Benchmark Rate**"), *plus*
 - (B) the Relevant Margin,

provided that if the Applicable Benchmark Rate plus the Relevant Margin for the Class A Notes is less than zero, the Interest Rate will be deemed to be zero (the "**Class A Interest Rate**"), and

- (ii) each Class B Note, 1.30% per annum (the "**Class B Interest Rate**").

(d) **Benchmark Rate Determinations**

- (i) On each Interest Determination Date, the Interest Determination Agent will determine the Compounded Daily SONIA, in each case, as at 11.00am (London time) on the Interest Determination Date in question.
- (ii) For such purposes, "**Compounded Daily SONIA**" means, with respect to an Interest Period, the rate of return of a daily compound interest investment (with the daily Sterling overnight reference rate as reference rate for the calculation of interest) and will be calculated by the Interest Determination Agent on the Interest Determination Date, as follows, and the resulting percentage will be rounded if necessary, to the fourth decimal place, with 0.00005 being rounded upwards:

$$\left[\prod_{i=1}^{d_0} \left(1 + \frac{\text{SONIA}_{i-5\text{LBD}} \times n_i}{365} \right) - 1 \right] \times \frac{365}{d}$$

where:

"**d**" is the number of calendar days in the relevant Interest Period;

"**do**" is the number of London Banking Days in the relevant Interest Period;

"**i**" is a series of whole numbers from one to d_0 , each representing the relevant London Banking Day in chronological order from, and including, the first London Banking Day in the relevant Interest Period;

"**London Banking Day**" means any day on which commercial banks are open for general business (including dealing in foreign exchange and foreign currency deposits) in London;

"**ni**", for any day "i", means the number of calendar days from and including such day "i" up to but excluding the following London Banking Day;

"**Relevant Screen Page**" means Reuters Screen SONIA Page or such other page as may replace Reuters Screen SONIA on that service for the purpose of displaying such information or if that service ceases to display such information, such page as displays such information on such service as may replace such screen;

"**SONIA reference rate**", in respect of any London Banking Day, is a reference rate equal to the daily Sterling Overnight Index Average ("**SONIA**") rate for such London Banking Day as provided by the administrator of SONIA to authorised distributors and as then published on

the Relevant Screen Page or, if the Relevant Screen Page is unavailable, as otherwise published by such authorised distributors (on the London Banking Day immediately following such London Banking Day); and

"**SONIA_{i-5LBD}**" means, in respect of any London Banking Day falling in the relevant Interest Period, the SONIA reference rate for the London Banking Day falling five London Banking Days prior to the relevant London Banking Day "i".

- (iii) If in respect of any London Banking Day in the relevant Observation Period, the Interest Determination Agent determines that the SONIA reference rate is not available on the Relevant Screen Page or has not otherwise been published by the relevant authorised distributors, such SONIA reference rate shall be: (i) the Bank of England's Bank Rate (the "**Bank Rate**") prevailing at close of business on the relevant London Banking Day; plus (ii) the mean of the spread of the SONIA reference rate to the Bank Rate over the previous five days on which a SONIA reference rate has been published, excluding the highest spread (or, if there is more than one highest spread, one only of those highest spreads) and lowest spread (or, if there is more than one lowest spread, one only of those lowest spreads) to the Bank Rate.

Notwithstanding the paragraph above, in the event the Bank of England publishes guidance as to (i) how the SONIA reference rate is to be determined or (ii) any rate that is to replace the SONIA reference rate, the Interest Determination Agent shall, to the extent that it is reasonably practicable, follow such guidance in order to determine SONIA_i for the purpose of the Class A Notes for so long as the SONIA reference rate is not available or has not been published by the authorised distributors.

- (iv) In the event that the Class A Interest Rate cannot be determined in accordance with the foregoing provisions by the Interest Determination Agent, the Class A Interest Rate shall be that determined as at the last preceding Calculation Date.
- (v) If the Class A Notes become due and payable in accordance with Condition 5 (*Redemption*), the final Calculation Date shall be deemed to be the date on which such Notes became due and payable and the Rate of Interest on such Notes shall, for so long as any such Note remains outstanding, be that determined on such date.
- (vi) On the occurrence of the events described in Condition 12(b)(ii)(F) (*Amendments and waiver*) (the "**Relevant Time**"), the Issuer (acting on the advice of the Servicer) shall, without undue delay, use commercially reasonable endeavours to propose an Alternative Benchmark Rate in accordance with Condition 12(b)(ii)(F) (*Amendments and waiver*) (the "**Relevant Condition**"). For the avoidance of doubt, if an Alternative Benchmark Rate proposed by or on behalf of the Issuer (including any Alternative Benchmark Rate which was proposed prior to the Relevant Time pursuant to the Relevant Condition) has failed to be implemented in accordance with the Relevant Condition as a result of Noteholder objections to the modification, the Issuer shall not be obliged to propose an Alternative Benchmark Rate under this Condition 4(d)(iii).

(e) **Calculations**

- (i) The amount of interest payable on each Note for any Interest Period (the "**Interest Amount**") will be calculated by taking the aggregate of (1) the product of the relevant Interest Rate, the Outstanding Note Principal Amount of such Note at the beginning of such Interest Period and the Day Count Fraction and (2) any additional interest determined in accordance with Condition 6(a) and rounding the resultant figure to the nearest whole penny (half a penny being rounded upwards).
- (ii) The Class A Interest Rate, the Class B Interest Rate and Interest Amounts to be paid on the Notes for each Interest Period will be determined by the Calculation Agent. All calculations made by the Calculation Agent will (in the absence of manifest or proven error) be conclusive for all purposes and binding on the Note Trustee, the Noteholders and all other parties.
- (iii) If the Calculation Agent does not at any time for any reason determine the Class A Interest Rate, the Class B Interest Rate or any Interest Amount for any Note in accordance with the foregoing Conditions, the Note Trustee or its appointed agent will (1) determine the Class A Interest Rate and the Class B Interest Rate at such rates as, in its absolute discretion (taking into account as it will think fit to the procedure described above), it will deem fair and

reasonable in all the circumstances and/or (as the case may be) (2) calculate the Interest Amount for each Class in the manner specified in Condition 4(d) (*Benchmark Rate Determinations*), and any such determination and/or calculation will be deemed to have been made by the Calculation Agent.

(f) ***Determination and publication of the Notes Interest Rates and the Interest Amounts***

With respect to each Payment Date, on the Calculation Date preceding such Payment Date, the Calculation Agent shall notify the Issuer, the Corporate Services Provider, the Swap Counterparty, the Paying Agent, the Note Trustee and, on behalf of the Issuer, by means of notification in accordance with Condition 15 (*Notices*), the Noteholders, and for so long as any of the Notes are listed on the official list and are admitted to trading on the regulated market of the Luxembourg Stock Exchange through the Paying Agent, as follows:

- (i) in respect of the amount of principal payable in respect of each Class A Note and each Class B Note pursuant to Condition 5 (*Redemption*) and the Interest Periods, the Class A Interest Amount and the Class B Interest Amount pursuant to Condition 4 (*Interest*) in accordance with the applicable Priority of Payments and subject to the Available Distribution Amount to be paid on such Payment Date;
- (ii) in respect of the Aggregate Outstanding Note Principal Amount of Class A Notes, the Aggregate Outstanding Note Principal Amount of Class B Notes, the Class A Principal Redemption Amount and the Class B Principal Redemption Amount as from such Payment Date;
- (iii) in the event of the final payment in respect of the Notes pursuant to Condition 5 (*Redemption*), about the fact that such payment is the final payment; and
- (iv) in the event of the payment of interest and redemption after the occurrence of an Enforcement Event, in respect of the amounts of interest and principal to be paid in accordance with Condition 10 (*Events of Default*).

5. **Redemption**

(a) ***Final redemption***

On the Legal Maturity Date, each Class A Note shall, unless previously redeemed, be redeemed in full at the Aggregate Outstanding Note Principal Amount of the Class A Notes. After all the Class A Notes have been redeemed in full, each Class B Note shall, unless previously redeemed, be redeemed in full at the Aggregate Outstanding Note Principal Amount of the Class B Notes.

The Issuer may not redeem the Notes in whole or in part prior to the Legal Maturity Date except as provided in Condition 5(b) (*Redemption for taxation and other reasons*), Condition 5(c) (*Mandatory early redemption in part*) and Condition 5(d) (*Clean-Up call*) but without prejudice to Condition 10 (*Events of Default*).

(b) ***Redemption for taxation and other reasons***

If, following a change of applicable law, regulation or interpretation of such law or regulation after the Issue Date, the Issuer is, on the occasion of the next payment due on the Notes, required to deduct, withhold or account for tax with respect to a payment by it on the Notes or would suffer any tax or other similar imposition so that:

- (i) the Issuer is unable to make payment of the full amount due on the Notes or the cost to the Issuer of making payments on the Notes or of complying with its obligations under or in connection with the Notes would be materially increased;
- (ii) the operating or administrative expenses of the Issuer would be materially increased; or
- (iii) the Issuer would be obliged to make any material payment on, with respect to, or calculated by reference to, its income or any sum received or receivable by or on behalf of the Issuer from the Security or any of it,

the Issuer will promptly so inform the Note Trustee and will use reasonable efforts (which will not require it to incur any cost, excluding immaterial, incidental expenses) to determine within twenty (20) days of such circumstance occurring whether it would be practicable to arrange the substitution of a

company incorporated in another jurisdiction approved by the Note Trustee as the principal debtor or to change its tax residence to another jurisdiction approved by the Note Trustee (**provided that** the Issuer will only use such reasonable efforts to so determine if such a substitution or change could reasonably be expected to avoid such withholding or deduction or tax or other similar imposition). If the Issuer determines that any of such measures would be practicable, it will have a further period of sixty (60) days to effect such substitution or change of tax residence. If, however, it determines within twenty (20) days of such circumstance occurring that none of such measures would be practicable or if, having determined that any of such measures would be practicable, it is unable so to avoid such withholding or deduction or tax or imposition within such further period of sixty (60) days, then the Issuer may, at its election, but will not be obliged to, give not more than sixty (60) nor less than thirty (30) days' irrevocable notice to the Note Trustee, the Paying Agent, the Registrar and the Noteholders, in accordance with Condition 15 (*Notices*), of its intention to redeem and on expiry of such irrevocable notice will redeem all but not some only of the Notes at their principal amounts outstanding together with accrued interest, to the date (which must be a Payment Date) fixed for redemption, **provided that** prior to the publication of any such irrevocable notice of redemption, the Issuer will deliver to the Note Trustee a certificate signed by two directors of the Issuer stating that the Issuer is entitled to effect such redemption and setting out a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred. The Note Trustee will be entitled to accept such certificate as sufficient evidence of the satisfaction of the circumstances set out above, and such certificate will be conclusive and binding on the Noteholders.

(c) ***Mandatory early redemption in part***

The Issuer will redeem the Class A Notes and the Class B Notes subject to the Available Distribution Amount and in accordance with the applicable Priority of Payments.

(d) ***Clean-Up Call***

(i) On any Payment Date (i) following the Determination Date on which the Aggregate Outstanding Receivables Amount is less than 10% of the Aggregate Outstanding Receivables Amount at the Cut-Off Date or (ii) on which the Class A Notes including any interest accrued but unpaid thereon are redeemed in full, the Seller will (**provided that** on the relevant Payment Date no Enforcement Event has occurred) have the option under the Receivables Purchase Agreement (the "**Clean-Up Call**") to acquire all Purchased Receivables then outstanding against payment of the Repurchase Price subject to the following requirements (the "**Clean-Up Call Conditions**"):

- (A) the Repurchase Price, together with the funds credited to the General Reserve Account and the Operating Account, is at least equal to the sum of (i) the Aggregate Outstanding Note Principal Amount of all Notes plus (ii) accrued interest thereon plus (iii) all claims of any creditors of the Issuer in respect of Compartment Silver Arrow UK 2024-1 ranking prior to the claims of the Noteholders according to the applicable Priority of Payments; and
- (B) the Seller shall have notified the Issuer of its intention to exercise the Clean-Up Call at least ten (10) days prior to the contemplated settlement date of the Clean-Up Call.

(ii) An early redemption of the Notes pursuant to this Condition 5(d) (*Clean-Up Call*) shall be excluded if the Clean-Up Call associated with that early redemption does not fully satisfy applicable regulatory requirements (applicable from time to time) in respect of Clean-Up Calls.

(iii) Upon payment in full of the amounts specified in Condition 5(d)(i)(A)(i) to, or for the order of, the Noteholders, no Noteholders shall be entitled to receive any further payments of interest or principal.

(e) ***Cancellation***

Any Notes redeemed in full or, as the case may be, in part by the Issuer will promptly be cancelled in full or, as the case may be, in part in which case they will not be resold or re-issued and the obligations of the Issuer under any such Notes will be discharged.

If the Issuer redeems some of the Class A Notes and/or the Class B Notes and such Notes are represented by Global Notes, such partial redemption will be effected in accordance with the rules and procedures of Clearstream, Luxembourg and/or Euroclear (to be reflected in the records of

Clearstream, Luxembourg and Euroclear, as either a pool factor or a reduction in nominal amount, at their discretion).

(f) **Note principal payments and principal amount outstanding**

On (or as soon as practicable after) each Interest Determination Date, the Calculation Agent, acting on behalf of the Issuer, will determine (based on information provided to the Calculation Agent by the Issuer or the Servicer via the servicing report):

- (i) in respect of the amount of principal payable in respect of each Class A Note and each Class B Note pursuant to Condition 5 (*Redemption*) and the Interest Periods, the Class A Interest Amount and the Class B Interest Amount pursuant to Condition 4 (*Interest*) in accordance with the applicable Priority of Payments and subject to the Available Distribution Amount to be paid on such Payment Date; and
- (ii) in respect of the Aggregate Outstanding Note Principal Amount of Class A Notes, the Aggregate Outstanding Note Principal Amount of Class B Notes, the Class A Principal Redemption Amount and the Class B Principal Redemption Amount as from such Payment Date,

and will cause notice of each determination of the principal payable and the principal amount outstanding of a Note of each Class to be given to the Note Trustee, the Paying Agent, the Registrar, the Issuer, the Noteholders (in accordance with Condition 15 (*Notices*)) and the Calculation Agent immediately and, in any case, by not later than 5.00 pm (London time) one Business Day before the relevant Payment Date. Each determination by or on behalf of the Issuer of any principal payable and the principal amount outstanding of a Note will in each case (in the absence of fraud, wilful default or manifest or proven error) be final and binding on all persons.

If the Calculation Agent, acting on behalf of the Issuer, does not at any time for any reason determine with respect to any Note the principal payable or the principal amount outstanding in accordance with the preceding provisions of this Condition 5(f), such principal payable and/or principal amount outstanding may be determined by the Note Trustee in accordance with this Condition 5(f) and each such determination will be conclusive (in the absence of wilful default or manifest or proven error) and will be deemed to have been made by the Calculation Agent. Any such determination will be final and binding on the Issuer, the Calculation Agent, the Noteholders and all other relevant persons.

6. **Additional interest and subordination**

(a) **Additional interest on the Class A Notes**

If the aggregate funds (computed in accordance with the provisions of the Calculation Agency Agreement) available to the Issuer on any Payment Date for application in or towards the payment of any Interest Amount due with respect to the Class A Notes on such Payment Date pursuant to Condition 4 (*Interest*) are not sufficient to satisfy in full the aggregate amount of interest so due (the "**Class A Interest Shortfall**"), the Issuer will create a provision in its Issuer Transaction Accounts equal to such shortfall and such shortfall will accrue interest in accordance with Condition 4(c)(i) (*Interest Rate*) for such time as it remains outstanding and such shortfall, together with any additional accrued interest, will be immediately due and payable.

(b) **Principal on the Class A Notes**

If on any Payment Date or any other date on which a payment of principal is due on the Class A Notes, the aggregate funds (computed in accordance with the provisions of the Calculation Agency Agreement) available to the Issuer on such date for application in or towards the payment of principal which is, subject to this Condition, due on the Class A Notes on such date are not sufficient to pay in full the Class A Principal Redemption Amount (otherwise than pursuant to this Condition 6(b)) due on such Payment Date, there will be payable on such date by way of principal on the Class A Notes only a *pro rata* share of such aggregate funds on such date.

(c) **Interest on the Class B Notes**

- (i) For so long as any Class A Note remains outstanding, if the aggregate funds (computed in accordance with the provisions of the Calculation Agency Agreement) available to the Issuer on any Payment Date for application in or towards the payment of any Interest Amount which is, subject to this Condition, due with respect to the Class B Notes on such Payment

Date (the "**Class B Interest Shortfall**") are not sufficient to satisfy in full the aggregate amount of interest which is, subject to this Condition, due with respect to the Class B Notes on such Payment Date, there will be payable on such Payment Date by way of interest with respect to each Class B Note (notwithstanding Condition 4 (*Interest*)) only a *pro rata* share of such aggregate funds on such Payment Date.

- (ii) If there is a Class B Interest Shortfall, the Issuer will create a provision in its Issuer Transaction Accounts for the shortfall equal to the amount by which the aggregate amount of interest paid with respect to the Class B Notes on any Payment Date in accordance with this Condition falls short of the aggregate amount of interest payable with respect to the Class B Notes on that date pursuant to Condition 4 (*Interest*). Such shortfall will accrue interest in accordance with Condition 4(c)(ii) (*Interest Rate*) during such Interest Period during which it remains outstanding and a *pro rata* share of such shortfall, together with a *pro rata* share of such accrued interest, will be aggregated with the amount of, and treated for the purpose of this Condition as if it were, interest due, subject to this Condition, on each Class B Note on the next succeeding Payment Date. If, on the final Payment Date (or on any earlier redemption of the Class B Notes in full), there remains such a provision, such amount will become payable subject to this Condition on that Payment Date (or, in the case of an earlier redemption of the Class B Notes in full, on the date of such redemption).
 - (iii) Upon redemption of the Class A Notes in full, the provisions of Condition 6(a) will apply to the Class B Notes, as applicable.
- (d) **Principal on the Class B Notes**
- (i) The Class B Noteholders will not be entitled to any payment of the principal on the Class B Notes while any Class A Note remains outstanding.
 - (ii) If on any Payment Date or any other date on which a payment of principal is due on the Class B Notes falling on or after the redemption of the Class A Notes, the aggregate funds (computed in accordance with the provisions of the Calculation Agency Agreement) available to the Issuer on such date for application in or towards the payment of principal which is, subject to this Condition, due on the Class B Notes on such date are not sufficient to pay in full the Class B Principal Redemption Amount (otherwise than pursuant to this Condition 6(d)) due on such Payment Date, there will be payable on such date by way of principal on the Class B Notes only a *pro rata* share of such aggregate funds on such date.

7. Payments

(a) **Method of payment**

Except as provided below, payments on the Notes will be made by transfer to a Sterling account maintained by the payee with a bank as specified by the payee and as notified to the Paying Agent, at least two (2) Business Days prior to each Payment Date or, at the option of a Noteholder and with respect only to its Notes, by a cheque in Sterling drawn on a Sterling account and sent to the address shown as the address of the payee in the Register as of the close of business on the 20th day before the due date for the relevant payment.

(b) **Payments subject to applicable laws, etc.**

All payments are subject in all cases to:

- (i) any applicable fiscal or other laws, regulations and directives; and
- (ii) FATCA,

but without prejudice to the provisions of Condition 8 (*Taxation*). No commission or expenses will be charged to the Noteholders with respect to such payments.

(c) **Payments on Global Notes**

Payments of principal and interest on Class A Notes and Class B Notes represented by any Global Note will (subject as provided below) be made in the manner specified above with respect to Definitive Notes and otherwise in the manner specified in the relevant Global Note through Clearstream, Luxembourg and/or Euroclear. A record of each payment made for any Global Note, distinguishing between any payment of principal and any payment of interest, will be entered into the

records of Clearstream, Luxembourg and/or Euroclear and such record will be *prima facie* evidence that the payment in question has been made.

(d) **General provisions applicable to payments**

The Holder of a Global Note will be the only person entitled to receive payments on Class A Notes and Class B Notes represented by such Global Note and the Issuer will be discharged by payment to, or to the order of, the Holder of such Global Note with respect to each amount so paid. Each of the persons shown in the records of Clearstream, Luxembourg or Euroclear as the beneficial Holder of a particular nominal amount of Class A Notes and Class B Notes represented by such Global Note must look solely to Clearstream, Luxembourg or Euroclear, as the case may be, for this share of each payment so made by the Issuer, or to the order of, the Holder of such Global Note.

(e) **Appointment of Agents**

The Paying Agent, the Registrar and the Calculation Agent initially appointed by the Issuer and their respective specified offices are listed at the end of these Conditions. The Paying Agent, the Registrar and the Calculation Agent act solely as agents of the Issuer (unless an Issuer Event of Default has occurred or may with the lapse of time or the giving of notice occur, when such agents may be required to act as agents of the Note Trustee) and do not assume any obligation or relationship of agency or trust for or with any Noteholders. The Issuer reserves the right at any time with the prior written approval of the Note Trustee (such approval not to be unreasonably withheld) to vary or terminate the appointment of the Paying Agent, the Registrar or the Calculation Agent and to appoint an additional or other Paying Agents, Registrars or Calculation Agents, **provided that** the Issuer will at all times maintain (i) a Calculation Agent, (ii) a Registrar and (iii) a Paying Agent.

Notice of any such change or any change of any specified office will promptly be given to the Noteholders in accordance with Condition 15 (*Notices*).

(f) **Non-business days**

If any date for payment on any Note is not a Business Day, the Holder shall make a payment on the next day which is a Business Day notwithstanding that the Holder shall not be paid any interest or other sum with respect to such postponed payment. If the next Business Day should fall in the next calendar month, the payment shall be made on the immediately preceding Business Day.

(g) **Limited recourse**

- (i) No amounts will be payable by the Issuer except in accordance with the Priority of Payments (excluding any Permitted Exceptions) and any payment obligations of the Issuer under the Notes may only be satisfied from the amounts received by it under or in connection with the Transaction SA UK 2024-1 Documents.
- (ii) If the Security constituted by or pursuant to the Deed of Charge is enforced, and after payment of all other claims (if any) ranking in priority to or *pari passu* with each of the claims of the Secured Parties under the Deed of Charge, the remaining proceeds of such enforcement are insufficient to pay in full all amounts due to each of the Secured Parties and all other claims ranking *pari passu* to the claims of each such party, then the claims of each such party against the Issuer will be limited to their respective shares of such remaining proceeds (as determined in accordance with the provisions of the Deed of Charge) and, after payment to each such party of its respective share of such remaining proceeds, the obligations of the Issuer to each such party will be extinguished in full.
- (iii) The Company has, by a resolution of its board of directors dated 5 February 2024, created Compartment Silver Arrow UK 2024-1 to which all assets, rights and claims arising from and relating to the Notes will be allocated (Silver Arrow S.A., acting in respect of Compartment Silver Arrow UK 2024-1 being referred to herein as the Issuer). Consequently, each Noteholder acknowledges and accepts that, in relation to its claims against the Issuer, it only has recourse to the assets of the Issuer and not to any other assets of the Company or assets allocated to any other compartments created by the Company. Accordingly, each Noteholder acknowledges and accepts that once all the assets of Compartment Silver Arrow UK 2024-1 have been realised, it is not entitled to take any further steps against the Issuer or the Company to recover any further amounts due and the right to receive any such amounts shall be extinguished.

- (iv) The provisions of this Condition 7(g) will survive the termination of these Conditions. In the case of discrepancy between this Condition 7(g) and any other provision, the provisions of this Condition 7(g) will control.

8. **Taxation**

All payments of principal and interest on the Notes will be made without withholding or deduction for, or on account of, any present or future taxes, duties, assessments or governmental charges of any nature by the Issuer or the Paying Agent unless required by law (or pursuant to FATCA), in which case the Issuer or the Paying Agent will make that payment net of such withheld or deducted amounts and will account to the relevant authorities for the amount required to be withheld or deducted. Neither the Issuer nor the Paying Agent will be obliged to make any additional payments to Noteholders for such withholding or deduction.

9. **Prescription**

The Notes will become void unless claims for payment of principal or interest are made within 10 years of the Legal Maturity Date with respect to such Notes. After the date on which a Note becomes void, no claim may be made with respect to such Note.

10. **Events of Default**

If any of the following events (each an "**Event of Default**") will occur, the Note Trustee at its absolute discretion may, and, if so directed by the Controlling Class acting by way of a Written Resolution or by way of an Extraordinary Resolution, will give an Enforcement Notice to the Issuer, the Security Trustee, the Account Bank, the Calculation Agent and the Paying Agent declaring the Notes due and payable and each Note will accordingly become immediately due and payable, without further action or formality, at its principal amount outstanding together with accrued interest:

- (a) the Issuer becomes Insolvent;
- (b) a default occurs in the payment of interest on any Payment Date in respect of the most senior class of Notes (and such default is not remedied within two (2) Business Days of its occurrence), subject to, in the case of payments on the Class B Notes only, the availability of the Available Distribution Amount to be paid in accordance with the Pre-enforcement Priority of Payments;
- (c) the Issuer fails to perform or observe any of its other material obligations under the Conditions or the Transaction SA UK 2024-1 Documents (other than the Subordinated Loan Agreement) and such failure continues for a period of thirty (30) days following written notice from the Note Trustee or any other Secured Parties; or
- (d) the Deed of Charge (or any security interest purported to be created thereunder) shall, for any reason, cease to be in full force and effect or be declared to be null and void, or the validity or enforceability thereof shall be contested by the Issuer or the Issuer shall deny that it has any or further liability or obligation under the Deed of Charge (or with respect thereto).

Upon any Enforcement Notice being given by the Note Trustee in accordance with the terms of this Condition 10 (*Events of Default*), notice to that effect will be given by the Note Trustee to all Noteholders in accordance with Condition 15(*Notices*).

11. **Enforcement and non-petition**

Only the Note Trustee and the Security Trustee may pursue the remedies available under the Trust Deed or the Deed of Charge, as applicable, to enforce the rights of the Secured Parties. No other Secured Party is entitled to proceed against the Issuer. Neither the Note Trustee nor any Secured Party may take any action or has any rights against the Issuer to recover any amount still unpaid once the Security is enforced and the net proceeds thereof distributed in accordance with Condition 2 (*Status and Security*), and any such liability will be extinguished. None of the Note Trustee, the Security Trustee nor any Secured Party will be entitled, until the expiry of one year and one day after the payment of all amounts outstanding under the Notes, to petition or take any other step for the winding-up of the Issuer **provided that** the Security Trustee may prove or lodge a claim in the liquidation of the Issuer initiated by another party and **provided further that** the Security Trustee may take proceedings to obtain a declaration or similar judgment or order as to the obligations and liabilities of the Issuer.

The Note Trustee, and as the case may be in accordance with this Condition 11 (*Enforcement and non-petition*), the Security Trustee will, except as otherwise directed by the Controlling Class acting by way of a Written Resolution or by way of an Extraordinary Resolution at the relevant date, or in relation to the Security

Trustee only in relation to amendments and waivers, except as otherwise directed by the Note Trustee, have absolute and uncontrolled discretion as to the exercise and non-exercise of all rights, powers, authorities or discretions conferred upon them by or under the Trust Deed, the Deed of Charge or any Transaction SA UK 2024-1 Document to which they are a party or conferred upon them by operation of law.

The provisions of this Condition 11 will survive the termination of these Conditions. In the case of discrepancy between this Condition 11 and any other provision, the provisions of this Condition 11 will control.

12. **Meetings of Noteholders, amendments, waiver, substitution and exchange**

(a) ***Meetings of Noteholders***

(i) The Trust Deed contains provisions for convening separate meetings of each of the Class A Noteholders and the Class B Noteholders to consider any matter affecting their interests, including the sanctioning by a resolution passed at a meeting convened and held in accordance with the Trust Deed by at least 66⅔% of votes cast (an "**Extraordinary Resolution**") of a modification of any of the provisions of the Transaction SA UK 2024-1 Documents.

(ii) With respect to the Class A Notes and the Class B Notes the quorum at any such meeting for passing an Extraordinary Resolution will be one or more persons holding or representing 66⅔% of the principal amount of the relevant Class for the time being outstanding or, at any adjourned meeting, one or more persons holding or representing Noteholders of the relevant Class, whatever the principal amount of the Notes of the relevant Class so held or represented, except that, for the purpose of making a modification to the Trust Deed, Deed of Charge any Transaction SA UK 2024-1 Document or the terms and conditions of the Notes which would have the effect of:

- (A) modifying the details of the Security, the maturity of the Notes or the dates on which interest is payable on them; or
- (B) reducing or cancelling the principal amount of, any premium payable on redemption of, or interest on, or varying the method of calculating the Interest Rate or reducing the minimum Interest Rate on, the Notes; or
- (C) changing the currency of payment of the Notes; or
- (D) modifying the Events of Default; or
- (E) modifying the Priority of Payments; or
- (F) modifying the provisions concerning the quorum required at a meeting or the majority required to pass an Extraordinary Resolution; or
- (G) amending this proviso (a "**Special Quorum Resolution**"),

the quorum will be one or more persons holding or representing at least 75%, or at any adjourned such meeting at least one-third, in principal amount of the relevant Class for the time being outstanding.

(iii) An Extraordinary Resolution passed at any meeting of Class A Noteholders or Class B Noteholders will be binding on, respectively, all Class A Noteholders or Class B Noteholders whether or not they were present at such meeting. An Extraordinary Resolution which in the sole opinion of the Note Trustee affects two or more Classes of Noteholders and gives or may give rise to a conflict of interest between the Holders of such Classes of Notes will be deemed to have been passed only if it will be passed by at least 66⅔% of the Holders at a meeting of the most senior Class outstanding so affected irrespective of any resolution of the Holders of any other Class so affected, **provided that** no resolution of Holders of the most senior Class outstanding which is a Special Quorum Resolution will be effective unless sanctioned by an Extraordinary Resolution of Holders of the Class B Notes.

(b) ***Amendments and waiver***

(i) Subject to those matters requiring a Special Quorum Resolution, the Note Trustee may without consulting or obtaining the consent of the Noteholders or the other Secured Parties at any time and from time to time concur with the Issuer in making any amendment,

modification or supplement to the Trust Deed, the Deed of Charge or any other Transaction SA UK 2024-1 Document to which it is a party or in respect of which the Security Trustee holds security if the Note Trustee determines that, subject to the detailed provisions of the Trust Deed, (1) such amendment or supplement will not be materially prejudicial to the interests of the Noteholders (subject to Condition 2(h)) (*Relationship between the Class Notes*) or (2) such amendment or supplement is of a formal, minor or technical nature or is made to correct a manifest error or to comply with law.

(ii) Notwithstanding the provisions of Condition 12(b)(i), the Note Trustee shall be obliged, and shall direct the Security Trustee, without any consent or sanction of the Noteholders (subject to (save in respect of a Modification pursuant to Condition 12(b)(ii)(G)), the requirements of Conditions 12(b)(ii)(A) to (C)) or the other Secured Parties, but subject to the receipt of written consent from each of the Secured Parties party to the Transaction SA UK 2024-1 Document being modified, to concur with the Issuer in making any modification to these Conditions and/or any Transaction SA UK 2024-1 Document that the Issuer considers necessary to or (in the case of Condition 12(b)(ii)(G) only) advisable for the purpose of:

- (A) addressing any change in the criteria of one or more Rating Agencies, so as to maintain the credit ratings then assigned to the Class A Notes, provided that the Issuer (or the Servicer on its behalf) certifies in writing that such modification is necessary to maintain the credit ratings then assigned to the Class A Notes;
- (B) ensuring compliance by Issuer, any Secured Creditor or the Notes with mandatory provisions of applicable law or regulation (including, without limitation, the UK Retention Requirements or the EU Retention Requirements), provided that the Issuer certifies to the Note Trustee and the Security Trustee in writing that such modification is required solely for such purpose and has been crafted solely to such effect;
- (C) enabling the Notes to be (or to remain) listed on the Luxembourg Stock Exchange, provided that the Issuer certifies to the Note Trustee and the Security Trustee in writing that such modification is required solely for such purpose and has been drafted solely to such effect;
- (D) for so long as the Class A Notes are intended to be held in a manner which will allow for Eurosystem eligibility, for the purpose of maintaining such eligibility, provided that the Issuer certifies to the Note Trustee and the Security Trustee in writing that such modification is required solely for such purpose and has been drafted solely to such effect;
- (E) ensuring compliance by the Issuer or any other Transaction Party with any changes which are required to comply with the UK Securitisation Regulation or the EU Securitisation Regulation, including as a result of the adoption of regulatory or implementing technical standards in relation to the UK Securitisation Regulation or the EU Securitisation Regulation or any other legislation or regulations or official guidance in relation thereto, provided that the Issuer certifies to the Note Trustee and the Security Trustee in writing that such modification is required solely for such purpose and has been drafted solely to such effect;
- (F) ensuring compliance with UK EMIR and EU EMIR and/or the then subsisting technical standards under UK EMIR and EU EMIR, or SFTR and/or the then subsisting technical standards under SFTR, **provided that** Issuer or the Servicer certify to the Note Trustee and the Security Trustee in writing that such modification is required solely for such purpose and has been drafted solely to such effect;

(any such modification pursuant to Conditions 12(b)(ii)(A) to (F) (inclusive) above being a "**Modification**" and the certificate to be provided by the Issuer, the Swap Counterparty or the relevant Transaction Party, as the case may be, pursuant to Conditions 12(b)(ii)(A) to (F) (inclusive) above being a "**Modification Certificate**"),

(G) for the purpose of changing the benchmark rate in respect of the Class A Notes from the Applicable Benchmark Rate to an alternative benchmark rate (any such rate, an "**Alternative Benchmark Rate**") and making such other related or consequential amendments to the Transaction SA UK 2024-1 Documents as are necessary or advisable in the reasonable judgment of the Issuer to facilitate the

changes envisaged pursuant to this Condition 12(b)(ii)(G) (for the avoidance of doubt, this may include changing the benchmark rate referred to in any interest rate hedging agreement, for the purpose of aligning any such hedging agreement with a proposed Benchmark Rate Modification pursuant to this Condition 12(b)(ii)(G), or modifications to when the Interest Rate applicable to any Class of Notes is calculated and/or notified to Noteholders or other such consequential modifications) (a "**Benchmark Rate Modification**"), **provided that** the Servicer, on behalf of the Issuer, certifies to the Note Trustee and the Security Trustee in writing (such certificate, a "**Benchmark Rate Modification Certificate**") that:

- (1) such Benchmark Rate Modification is being undertaken due to any one or more of the following:
 - (aa) a material disruption to the Applicable Benchmark Rate, a material change in the methodology of calculating the Applicable Benchmark Rate or the Applicable Benchmark Rate ceasing to exist or be published, or the administrator of the Applicable Benchmark Rate having used a fallback methodology for calculating the Applicable Benchmark Rate for a period of at least thirty (30) calendar days; or
 - (bb) the insolvency or cessation of business of the administrator of the Applicable Benchmark Rate (in circumstances where no successor administrator has been appointed); or
 - (cc) a public statement by the administrator of the Applicable Benchmark Rate that it will cease publishing the Applicable Benchmark Rate permanently or indefinitely (in circumstances where no successor administrator has been appointed that will continue publication of the Applicable Benchmark Rate) with effect from a date no later than six months after the proposed effective date of such Benchmark Rate Modification; or
 - (dd) a public statement by the supervisor of the administrator of the Applicable Benchmark Rate that the Applicable Benchmark Rate has been or will be permanently or indefinitely discontinued or there will be a material change in the methodology of calculating the Applicable Benchmark Rate with effect from a date no later than six months after the proposed effective date of such Benchmark Rate Modification; or
 - (ee) a public statement by the supervisor of the administrator of the Applicable Benchmark Rate that means the Applicable Benchmark Rate will be prohibited from being used or that its use is subject to restrictions or adverse consequences with effect from a date no later than six months after the proposed effective date of such Benchmark Rate Modification; or
 - (ff) a change in the generally accepted market practice in the publicly listed asset backed floating rate notes market to refer to a benchmark rate endorsed in a public statement by the Bank of England, the FCA or the Prudential Regulation Authority or any relevant committee or other body established, sponsored or approved by any of the foregoing, including the Working Group on Sterling Risk-Free Reference Rates, despite the continued existence of the Applicable Benchmark Rate; or
 - (gg) an alternative manner of calculating a SONIA-based base rate is introduced and becomes a standard means of calculating interest in the publicly listed asset backed floating rate notes market; or
 - (hh) it having become unlawful and/or impossible and/or impracticable for the Interest Determination Agent, the Paying Agent or the Issuer to calculate any payments due to be made to any Noteholder using the Applicable Benchmark Rate; or

- (ii) it being the reasonable expectation of the Issuer (or the Servicer on its behalf) that any of the events specified in sub-paragraphs (aa), (bb) or (hh) will occur or exist within six months of the proposed effective date of such Benchmark Rate Modification; or
- (2) if applicable, a Benchmark Rate Modification is being proposed pursuant to Condition 12(b)(v);
- (3) such Alternative Benchmark Rate is any one or more of the following:
 - (aa) a benchmark rate with an equivalent term to the Applicable Benchmark Rate as published, endorsed, approved or recognised as a replacement to the Applicable Benchmark Rate by the Bank of England, the FCA or the Prudential Regulation Authority or any relevant committee or other body established, sponsored or approved by any of the foregoing, including the Working Group on Sterling Risk-Free Reference Rates (which, for the avoidance of doubt, may be an alternative Benchmark Rate together with a specified adjustment factor which may increase or decrease the relevant alternative benchmark Rate); or
 - (bb) a benchmark rate with an equivalent term utilised in a material number of publicly-listed new issues of asset backed floating rate notes denominated in Sterling in the six months prior to the proposed effective date of such Benchmark Rate Modification; or
 - (cc) a benchmark rate utilised in a publicly-listed new issue of Sterling denominated asset backed floating rate notes where the originator of the relevant assets is an Affiliate of MBFS; or
 - (dd) such other benchmark rate as the Issuer (or the Servicer on its behalf) reasonably determines, **provided that** this option may only be used if the Issuer (or the Servicer on its behalf) certifies to the Note Trustee and the Security Trustee that, in the reasonable opinion of the Issuer (or the Servicer on its behalf), Conditions 12(b)(ii)(G)(3)(aa) or Condition 12(b)(ii)(7)(C)(cc) above are not applicable and/or practicable in the context of Transaction UK 2024-1, and sets out the rationale in the Benchmark Rate Modification Certificate for choosing the proposed Alternative Benchmark Rate; and
- (4) the modifications proposed are required solely for the purpose of applying the Alternative Benchmark Rate and making consequential modifications to any Transaction SA UK 2024-1 Document which are, as reasonably determined by the Issuer (or the Servicer on its behalf) necessary or advisable, and the modifications have been drafted solely to such effect; and
- (5) the consent of each Secured Party which has a right to consent to such modification pursuant to the provisions of the Transaction SA UK 2024-1 Documents has been obtained (evidence of which shall be provided by the Issuer to the Note Trustee and the Security Trustee with the Benchmark Rate Modification Certificate) and no other consents are required to be obtained in relation to the Benchmark Rate Modification; and
- (6) the Servicer pays (or arranges for the payment of) all fees, costs and expenses (including properly incurred legal fees and any initial or on-going costs associated with the Benchmark Rate Modification) incurred by the Issuer, the Note Trustee and the Security Trustee and any other Transaction Party in connection with such Benchmark Rate Modification,

provided that:

- (l) the Benchmark Rate Modification Certificate shall be provided to the Note Trustee and the Security Trustee in draft form not less than five (5) Business

Days prior to the date on which the Modification Noteholder Notice (as defined below) is sent to Noteholders; and

- (II) the Benchmark Rate Modification Certificate shall be provided to the Note Trustee and the Security Trustee in final form not less than two (2) Business Days prior to the date on which the Benchmark Rate Modification takes effect; and
- (III) a copy of the Modification Noteholder Notice (as defined below) provided to Noteholders pursuant to Condition 12(b)(ii)(8) shall be appended to the Benchmark Rate Modification Certificate,

and **provided further that**, other than in the case of a Modification pursuant to Conditions 12(b)(ii)(F) above:

- (A) other than in the case of a Modification pursuant to Condition 12(b)(ii)(A) above, either:
 - (1) the Issuer (or the Servicer on its behalf) obtains from each of the Rating Agencies a Rating Agency Confirmation and, if relevant, it has provided a copy of any Rating Agency Confirmation to the Note Trustee and the Security Trustee with the Modification Certificate or the Benchmark Rate Modification Certificate (as applicable); or
 - (2) the Issuer certifies in the Modification Certificate or the Benchmark Rate Modification Certificate (as applicable) that it has given the Rating Agencies at least ten (10) Business Days' prior written notice of the proposed Modification and none of the Rating Agencies has indicated that such Modification would result in (x) a downgrade, qualification or, withdrawal or suspension of the then current ratings assigned to any Class of the Notes by such Rating Agency or (y) such Rating Agency placing any such Notes on rating watch negative (or equivalent); and
- (B) the Issuer has provided written notice of the proposed Modification or Benchmark Rate Modification to the Noteholders of each Class, at least forty (40) calendar days' prior to the date on which it is proposed that the Modification or Benchmark Rate Modification would take effect, in accordance with Condition 15 (*Notices*) and by publication on Bloomberg on the "Company Filings" screen relating to the Notes (such notice, the "**Modification Noteholder Notice**") confirming the following:
 - (1) the period during which Noteholders of the most senior class of Notes on the date specified to be the Modification Record Date, which shall be five (5) Business Days from the date of the Modification Noteholder Notice (the "**Modification Record Date**"), may object to the proposed Modification or Benchmark Rate Modification (which notice period shall commence at least forty (40) calendar days prior to the date on which it is proposed that the Modification or Benchmark Rate Modification would take effect and continue for a period not less than thirty (30) calendar days) and the method by which they may object; and
 - (2) the sub-paragraph(s) of Condition 12(b)(ii)(A) to (A) under which the Modification is being proposed or the sub-paragraph(s) of Condition 12(b)(ii)(G)(1) under which the Benchmark Rate Modification is being proposed; and
 - (3) in the case of a Benchmark Rate Modification, which Alternative Benchmark Rate is proposed to be adopted pursuant to Condition 12(b)(ii)(G)(3), and, where Condition 12(b)(ii)(G)(3)(dd) is being applied, the rationale for choosing the proposed Alternative Benchmark Rate;
 - (4) in the case of a Benchmark Rate Modification, details of any consequential modifications that the Issuer has agreed will be made to any hedging agreement to which it is a party for the purpose of aligning any such hedging agreement with the proposed Benchmark Rate Modification, if the proposed Benchmark Rate Modification takes effect. The Issuer shall use reasonable endeavours to agree modifications to each hedging agreement

where commercially appropriate so that the Transaction UK 2024-1 is hedged following the Benchmark Rate Modification to a similar extent as prior to the Benchmark Rate Modification and that such modifications shall take effect no later than thirty (30) calendar days from the date on which the Benchmark Rate Modification takes effect. If (i) no modifications are proposed to be made to hedging agreements; and/or (ii) modifications will be made to hedging agreements but will not result in the Transaction UK 2024-1 being similarly hedged; and/or (iii) modifications to any hedging agreement would take effect later than thirty (30) calendar days from the date on which the Benchmark Rate Modification takes effect, the Issuer shall set out in the Modification Noteholder Notice the rationale for this; and

- (5) details of (i) other amendments which the Issuer proposes to make (if any) to these Conditions or any other Transaction SA UK 2024-1 Document and (ii) any new, supplemental or additional documents into which the Issuer proposes to enter to facilitate the changes envisaged pursuant to this Condition 12(b)(ii); and
- (8) Noteholders holding or representing at least 10% of the principal amount of the Controlling Class outstanding on the Modification Record Date have not contacted the Issuer or the Note Trustee in writing (or in any other manner as the Registrar and Clearstream, Luxembourg and/or Euroclear, as the case may be, approve for this purpose) within such notification period notifying the Issuer or the Note Trustee that such Noteholders do not consent to the Modification or Benchmark Rate Modification.

If Noteholders representing at least 10% of the principal amount of the Controlling Class outstanding on the Modification Record Date have notified the Issuer or the Note Trustee in writing (or otherwise in accordance with the then current practice of any applicable clearing system through which such Notes may be held) within the notification period referred to above that they do not consent to the Modification, then such Modification will not be made unless an Extraordinary Resolution of the holders of the most senior class of Notes outstanding on the Modification Record Date is passed in favour of such Modification in accordance with Schedule 4 (*Provisions for Meetings of the Noteholders*) to the Trust Deed.

Objections made in writing other than through the applicable clearing system must be accompanied by evidence to the Note Trustee's satisfaction (having regard to prevailing market practices) of the relevant Noteholder's holding of the Notes on the Modification Record Date.

- (iii) Other than where specifically provided in Condition 12(b)(ii) or any Transaction SA UK 2024-1 Document:
 - (A) when implementing any Modification or Benchmark Rate Modification pursuant to Condition 12(b)(ii)
 - (1) the Note Trustee shall not consider the interests of the Noteholders, any other Secured Party or any other person and shall act and rely solely and without investigation or liability on any Modification Certificate or Benchmark Rate Modification Certificate (or other certificate or evidence provided to it by the Issuer (or the Servicer on its behalf) or the relevant Transaction Party, as the case may be, pursuant to Condition 12(b)(ii)) and shall not be liable to the Noteholders, any other Secured Party or any other person for so acting or relying, irrespective of whether any such Modification or Benchmark Rate Modification is or may be materially prejudicial to the interests of any such person; and
 - (2) neither the Note Trustee nor the Security Trustee shall be obliged to agree to any Modification or Benchmark Rate Modification which, in its sole opinion of would have the effect of (i) exposing it to any liability against which it has not been indemnified and/or secured and/or pre-funded to its satisfaction or (ii) increasing its obligations or duties, or decreasing its rights, powers, authorisations, SA UK 2024-1 discretions, indemnification

or protections, in the Transaction SA UK 2024-1 Documents and/or these Conditions.

- (iv) Any Modification or Benchmark Rate Modification shall be binding on all Noteholders and shall be notified by the Issuer as soon as reasonably practicable to:
 - (A) so long as any of the Notes rated by the Rating Agencies remains outstanding, each Rating Agency; and
 - (B) the Secured Parties; and
 - (C) the Noteholders in accordance with Condition 15 (*Notices*).
 - (v) Following the making of a Benchmark Rate Modification, if it becomes generally accepted market practice in the publicly listed asset backed floating rate notes market to use a Benchmark Rate of interest which is different from the Alternative Benchmark Rate which had already been adopted by the Issuer in respect of the Notes pursuant to a Benchmark Rate Modification, the Issuer is entitled to propose a further Benchmark Rate Modification pursuant to Condition 12(b)(ii)(G).
 - (vi) Subject to Condition 2(h) (*Relationship between the Classes Notes*), the Note Trustee may, without prejudice to its rights with respect to any subsequent breach or event, from time to time and at any time, but only if and in so far as in its opinion the interests of the Noteholders will not be materially prejudiced, waive or authorise any breach or proposed breach, or direct the Security Trustee to waive or authorise any breach or proposed breach, by the Issuer of any of the provisions of the Trust Deed, the Deed of Charge or any other Transaction SA UK 2024-1 Documents or determine that any event will not be treated as an Issuer Event of Default for the purposes of the Trust Deed and or these Conditions, **provided that** the Note Trustee will not exercise any powers conferred on it by these Conditions in contravention of any direction by the Controlling Class acting by way of a Written Resolution or by way of an Extraordinary Resolution at the relevant date in accordance with these Conditions but no such direction will affect any authorisation, waiver or determination previously given or made. Any such waiver, authorisation or determination may be given or made on such terms and subject to such conditions (if any) as the Note Trustee may determine, will be binding on the Noteholders.
 - (vii) The Note Trustee will not by any act, delay, indulgence, omission or otherwise be deemed to have waived any right or remedy under these Conditions. A waiver by the Note Trustee of any right or remedy under these Conditions on any one occasion will not bar any right or remedy which the Note Trustee would otherwise have on any future occasion. The rights and remedies of the Note Trustee under these Conditions are cumulative and will not exclude any further rights or remedies which it would otherwise have.
- (c) ***Substitution and exchange***
- (i) Subject to the more detailed provisions of the Trust Deed and subject to such amendment of the Trust Deed, the Deed of Charge and any other Transaction SA UK 2024-1 Documents and such other conditions as the Note Trustee may require, including as to satisfaction that the interests of the Noteholders will not be materially prejudiced by the substitution or exchange and as to the transfer of the Security, but without the consent of the Noteholders or any of the Secured Parties, the Note Trustee may agree to (i) the substitution of any other company or other entity in place of the Issuer as principal debtor under the Trust Deed and the Notes and replacement for it under the Deed of Charge and any other Transaction SA UK 2024-1 Documents, **provided that** the Rating Agencies confirm that such substitution will not adversely affect the then current rating of each Class, or (ii) the exchange of the Notes, in whole but not in part only, for other securities or instruments having substantially the same rights and benefits as the Notes, **provided that** the then current rating of each Class by the Rating Agencies is attributed to any such new securities or instruments. Such substitution or exchange will be subject to the relevant provisions of the Trust Deed and the other Transaction SA UK 2024-1 Documents and to such amendments of the Trust Deed and the other Transaction SA UK 2024-1 Documents as the Note Trustee may deem appropriate. Under the Trust Deed, the Issuer is required to use its best efforts to cause the substitution as principal debtor under the Trust Deed and the Notes and replacement for it under the Deed of Charge and any other Transaction SA UK 2024-1 Documents by a company or other entity incorporated in some other jurisdiction (approved by the Note

Trustee) if the Issuer becomes subject to any form of tax on its income or payments on the Notes. Any such substitution will be binding on the Noteholders.

- (ii) The Note Trustee may, without the consent of the Noteholders or any of the other Secured Parties, agree to a change in the place of residence of the Issuer for taxation purposes provided (i) the Issuer does all such things as the Note Trustee may require in order that such change is fully effective and complies with such other requirements in the interests of the Noteholders as it may request and (ii) the Issuer provides the Note Trustee with an Opinion of Counsel satisfactory to the Note Trustee to the effect that the change of residency of the Issuer will not cause or result in any withholding or deduction to be made or required from payments on the Notes.

(d) **Entitlement of the Note Trustee**

In connection with the exercise of its powers, trusts, authorities or discretions (including, without limitation those with respect to any proposed amendment, waiver, authorisation or substitution) the Note Trustee will take into account the interests of the Noteholders as a Class and, without prejudice to the generality of the foregoing, will not take into account the consequences of such exercise for individual Noteholders resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory and the Note Trustee will not be entitled to require, nor will any Noteholders be entitled to claim, from the Issuer or any other person any indemnification or payment for any tax consequence of any exercise for individual Noteholders.

13. **Indemnification of the Note Trustee**

The Trust Deed, the Deed of Charge and certain other of the Transaction SA UK 2024-1 Documents contain provisions for the indemnification of the Note Trustee and the Security Trustee and for their relief from responsibility including for the exercise of any rights under the Trust Deed and the other Transaction SA UK 2024-1 Documents (including, but without limitation, with respect to the Security), for the sufficiency and enforceability of the Trust Deed and the other Transaction SA UK 2024-1 Documents (which the Note Trustee has not investigated) and the validity, sufficiency and enforceability of the Deed of Charge and for taking proceedings to enforce payment unless, in each case, indemnified and/or secured and/or prefunded to its satisfaction. The Note Trustee and the Security Trustee and any of their affiliates are entitled to enter into business transactions with the Issuer, any subsidiary or other affiliate of the Issuer or any other party to the Transaction SA UK 2024-1 Documents or any obligor with respect to any of the Security or any of their subsidiary, holding or associated companies and to act as Note Trustee or Security Trustee for the holders of any securities issued by any of them without, in any such case, accounting to the Noteholders for any profit resulting therefrom.

The Note Trustee and the Security Trustee are exempted from liability with respect to any loss or theft or reduction in value of the Security and from any obligation to insure or to cause the insuring of the Security.

The Trust Deed and the Deed of Charge provide that the Note Trustee or the Security Trustee will be obliged to take action on behalf of the Noteholders and the Secured Parties in certain circumstances, **provided always that** the Note Trustee and/or the Security Trustee (as the case may be) is indemnified and/or secured and/or prefunded to its satisfaction. Further, the Note Trustee will not be obliged to act on behalf of the Noteholders or any other Secured Parties where it would not have the power to do so by virtue of any applicable law or where such action would be illegal in any applicable jurisdiction.

14. **Replacement of Notes**

If a Note is lost, stolen, mutilated, defaced or destroyed it may be replaced, subject to applicable laws and regulations, at the specified office of the Registrar on payment by the claimant of the taxes, fees and costs properly incurred in connection with such replacement and on such terms as to evidence, security and indemnity as the Issuer, the Note Trustee, the Registrar or the Paying Agent may require and otherwise as the Issuer may require. Mutilated or defaced Notes must be surrendered before replacements will be issued.

15. **Notices**

All notices to the Noteholders hereunder, and in particular the notifications mentioned in Condition 10 (*Events of Default*) shall be (i) published in the Luxemburger Wort or on the website of the Luxembourg Stock Exchange (www.luxse.com) (or such other publication conforming to the rules of the Luxembourg Stock Exchange) if and to the extent a publication in such form is required by the rules of the Luxembourg Stock Exchange and (ii) delivered to Euroclear and Clearstream Luxembourg for communication by it to the Noteholders. Any notice referred to under (i) above shall be deemed to have been given to all Noteholders on

the date of such publication in the Luxemburger Wort or on the website of the Luxembourg Stock Exchange (www.luxse.com) (or such other publication conforming to the rules of the Luxembourg Stock Exchange). Any notice referred to under (ii) above shall be deemed to have been given to all Noteholders on the seventh calendar day after the day on which such notice was delivered to Euroclear and Clearstream Luxembourg.

Any notice to the Noteholders will be validly given if transmitted individually to the address set out in the Register for such Noteholder. While any of the Class A Notes and the Class B Notes are represented by a Global Note, such notice may be given by any Holder of a Class A Note or a Class B Note to the Registrar through Clearstream, Luxembourg and/or Euroclear, as the case may be, in such manner as the Registrar and Clearstream, Luxembourg and/or Euroclear, as the case may be, may approve for this purpose.

16. Governing law and jurisdiction

- (a) The Notes and all non-contractual obligations arising out of or in connection with the Notes are governed by, and will be construed in accordance with, English law. For the avoidance of doubt, Articles 470-1 to 470-19 of the Luxembourg Companies Law do not apply to the Notes or the representation of Noteholders.
- (b) The courts of England will have exclusive jurisdiction to settle any disputes that may arise out of or in connection with the Notes (including a dispute relating to the existence, validity or termination of the Notes or any non-contractual obligation arising out of or in connection with the Notes) and any legal action or proceedings arising out of or in connection with such disputes may be brought in such courts. The Issuer irrevocably submits to the exclusive jurisdiction of such courts and waives any objections to proceedings in such courts on the ground of venue or on the ground that they have been brought in an inconvenient forum. This submission is for the benefit of the Security Trustee and will not limit the right of the Security Trustee to take legal action or proceedings in any other court of competent jurisdiction nor will the taking of such proceedings in any one or more jurisdictions preclude the taking of proceedings in any other jurisdiction (whether concurrently or not).

17. Rights of third parties

No person will have any right to enforce any term or condition of this Note by virtue of the Contracts (Rights of Third Parties) Act 1999 but this does not affect any right or remedy of a third party which exists or is available apart from that Act.

OVERVIEW OF THE PRINCIPAL TRANSACTION SA UK 2024-1 DOCUMENTS

1. RECEIVABLES PURCHASE AGREEMENT

On the Issue Date, MBFS will sell to the Issuer and the Issuer will purchase from MBFS all right, title and interest of MBFS in the Portfolio. Such sale is made by way of absolute assignment and, accordingly, MBFS with full title guarantee and (in respect of any Receivable governed by Northern Irish law) as beneficial owner will assign to (or hold in trust for) the Issuer all of its rights, title and interest in and to each Receivable included in the Portfolio, including to the fullest extent possible under applicable law, all Ancillary Rights related to such Receivable but excluding the Excluded Amounts.

Assignment by the Seller to the Issuer of the benefit of the Receivables included in the Portfolio will take effect in equity only because no notice of the assignment will be given to Obligor. The assignment will be perfected following the occurrence of certain Obligor Notification Events.

Pursuant to the Receivables Purchase Agreement, the Seller represents to the Issuer that each Receivable and the related Financing Contract complied, as of the Cut-Off Date, with the Eligibility Criteria and, as of the Purchase Date, with the Seller Receivables Warranties set out in the Description of the Portfolio.

The Offer by the Seller for the purchase of Receivables under the Receivables Purchase Agreement contains certain relevant information for the purpose of identification of the Purchased Receivables. In the Offer, the Seller represents that certain representations and warranties with respect to the relevant Receivable are true and correct as of the Purchase Date. See "*DESCRIPTION OF THE PORTFOLIO — Seller Receivables Warranties*".

If for any reason title to any Purchased Receivable is not transferred to the Issuer, the Seller, upon receipt of the Initial Purchase Price and without undue delay, is obliged to take all action necessary to perfect the transfer of title. All Losses, costs and expenses which the Issuer incurred or will incur by taking additional measures due to the Purchased Receivables not being sold or transferred or only being sold and transferred will be borne by the Seller.

A sale and assignment of the Receivables pursuant to the Receivables Purchase Agreement constitutes a sale without recourse. This means that the Seller will not bear the risk of the inability of any Obligor to pay the relevant Purchased Receivables. However, in the event of any breach of the Eligibility Criteria and/or Seller Receivables Warranties, the Seller owes the payment of the Repurchase Price regardless of the respective Obligor's credit strength.

MBFS is the "originator" for the purposes of Article 2(3) of the UK Securitisation Regulation and the EU Securitisation Regulation. MBFS is legally bound to comply with the provisions of the UK Securitisation Regulation and contractually agrees to comply with the provisions of the EU Securitisation Regulation. All Receivables included in the Portfolio have been originated by MBFS and are sold to the Issuer by MBFS in its capacity as Seller.

Vehicle Sale Proceeds Floating Charge

In relation to any Vehicles located in Scotland, at the same time as completion of the sale of the Receivables (together with their Ancillary Rights), the Seller will grant a Vehicle Sale Proceeds Floating Charge in favour of the Issuer in respect of Vehicle Sale Proceeds. The Seller will also undertake forthwith upon request by the Issuer to execute the assignment in security of the Issuer's interest in the Vehicle Sale Proceeds Floating Charge, made pursuant to the Scottish Supplemental Charge, for the purpose of acknowledging receipt of intimation of such assignment.

Repurchase Price

If the Seller (i) has breached the Eligibility Criteria as of the Cut-Off Date; or (ii) has breached the Seller Receivables Warranties as of the Purchase Date; or (iii) has exercised the Clean-Up Call with respect to all outstanding Purchased Receivables, the Seller shall pay to the Issuer the Repurchase Price. The Repurchase Price shall be equal to the sum of the Outstanding Receivables Amounts of the affected Purchased Receivables. Upon receipt thereof, such Purchased Receivable (unless it is extinguished) will be automatically re-assigned by the Issuer to the Seller on the next immediately following Payment Date on a non-recourse or guarantee basis on the part of the Issuer. The costs of such assignment will be borne solely by the Seller.

Notification of Assignment

The Obligors will only be notified by the Seller in respect of the assignment of the Purchased Receivables upon request by the Issuer following the occurrence of an Obligor Notification Event.

Should the Seller fail to notify the Obligors within three (3) Business Days of an Obligor Notification Event, the Issuer (or an agent appointed on its behalf and subject to the Data Protection Laws) shall promptly give notice in its own name (and/or on behalf of the Seller pursuant to the MBFS Power of Attorney) of the sale, assignment and assignation of all or any of the Purchased Receivables by delivering an Obligor Notification Event Notice within five (5) business days of an Obligor Notification Event. Furthermore, at any time after the occurrence of an Obligor Notification Event, each of the Issuer and the Security Trustee may:

- (a) direct (and/or require the Seller to direct) all or any of the Obligors to pay amounts outstanding in respect of Purchased Receivables directly to the Issuer, the Operating Account or any other account which is specified by the Issuer or the Security Trustee; and/or
- (b) take such other action and enter into such documents as it reasonably considers to be necessary, appropriate or desirable in order to recover any amount outstanding in respect of Purchased Receivables or to perfect, improve, protect, preserve or enforce their rights against the Obligors in respect of Purchased Receivables (including, without limitation, entering into supplemental transfer documents).

Clean-Up Call

On any Payment Date on which the Aggregate Outstanding Receivables Amount as per preceding Determination Date is less than 10% of the Aggregate Outstanding Receivables Amount at the Cut-Off Date or on which the Class A Notes including any interest accrued but unpaid thereon are redeemed in full, the Seller will (provided that on the relevant Payment Date no Enforcement Event has occurred) have the option under the Receivables Purchase Agreement (the "**Clean-Up Call** to acquire all Purchased Receivables then outstanding against payment of the Repurchase Price subject to the following requirements (the "**Clean-Up Call Conditions**")::

- (a) the Repurchase Price, together with the funds credited to the General Reserve Account and the Operating Account, is at least equal to the sum of (i) the Aggregate Outstanding Note Principal Amount of all Notes plus (ii) accrued interest thereon plus (iii) all claims of any creditors of the Issuer in respect of Compartment Silver Arrow UK 2024-1 ranking prior to the claims of the Noteholders according to the applicable Priority of Payments; and
- (b) the Seller shall have notified the Issuer of its intention to exercise the Clean-Up Call at least ten (10) days prior to the contemplated settlement date of the Clean-Up Call.

An early redemption of the Notes shall be excluded if the Clean-Up Call associated with that early redemption does not fully satisfy applicable regulatory requirements (applicable from time to time) in respect of Clean-Up Calls.

Upon payment in full of the amounts specified to, or for the order of, the Noteholders, no Noteholders shall be entitled to receive any further payments of interest or principal.

Sale of Vehicles

The Seller shall be obliged to (a) repossess and sell Vehicles upon any default by any Obligor or sell the Vehicles upon termination of the Financing Contract where the Vehicle is returned to the Sellers and (b) where the Vehicle is returned to the Seller to use its reasonable commercial endeavours to achieve a fair market price for such Vehicle sold or disposed of.

Rebate Payment in respect of Redelivery PCP Receivables and Voluntarily Terminated Receivables

Following the Redelivery PCP/VT Payment Date, the Seller will determine the amount of any related PCP/VT Deficit Amount and pay to the Issuer, by way of rebate of the Purchase Price relating to the relevant Purchased Receivable, an amount equal to the PCP/VT Deficit Amount in respect of such Purchased Receivable.

For the avoidance of doubt, the Seller is not obliged to make such a payment in respect of any Financing Contract subject to Early Settlement.

2. **SERVICING AGREEMENT**

Pursuant to the Servicing Agreement between the Servicer, the Security Trustee, the Calculation Agent and the Issuer, the Servicer has the right and obligation to administer the Purchased Receivables, collect and, if necessary, enforce the Purchased Receivables, repossess and sell Vehicles upon any default by any Obligor or sell the Vehicles upon termination of the Financing Contract where the Vehicle is returned to the Servicer, and pay all proceeds to the Issuer.

Obligation of the Servicer

The Servicer shall act as portfolio manager for the Issuer in relation to the Purchased Receivables under the Servicing Agreement. The duties of the Servicer include the assumption of servicing, collection, administrative and enforcement tasks and specific duties as set out below (the "**Services**"):

General Administration Obligations in relation to the Portfolio

- (a) collect any and all amounts payable, from time to time, by the Obligors under or in relation to the Financing Contracts as and when they fall due;
- (b) assist the Issuer's auditors and provide, subject to the Data Protection Laws, information to them upon request;
- (c) promptly notify all Obligors following the occurrence of an Obligor Notification Event, or, if the Servicer fails to deliver such Obligor Notification Event Notice within three (3) Business Days after the Obligor Notification Event, the Issuer shall have the right to instruct a successor Servicer or an agent of the Issuer to deliver on its behalf the Obligor Notification Event Notice;
- (d) endeavour, at the expense of the Issuer, to seek Recovery Collections due from Obligors in accordance with the Credit and Collection Policy;
- (e) enforce the Financing Contract upon a Purchased Receivables becoming a Defaulted Receivable in accordance with the Credit and Collection Policy and apply the Recovery Collections, and insofar as such Recovery Collections are applied to Purchased Receivables and constitute Collections, pay or process the payment of such Collections to the Issuer into the Operating Account on the same date as the payment by the relevant Obligor of the Collections; and
- (f) on or about each Reporting Date update the Portfolio Information listed in Schedule 1 of the Servicing Agreement and send the updated Portfolio Information to the Issuer in encrypted form whilst at the same time ensuring that the Decryption Key entrusted to the Data Trustee remains valid and, if not, swiftly provide the Data Trustee with a new Decryption Key.

The Servicer will administer the Portfolio in accordance with its respective standard procedures, set out in the Credit and Collection Policy for the administration and enforcement of the Seller's own motor vehicle hire purchase agreements and personal contract plan agreements and in accordance with the Credit and Collection Policy, subject to the provisions of the Servicing Agreement and the Receivables Purchase Agreement.

In the administration and servicing of the Portfolio, the Servicer will ensure that it has all required licences, approvals, authorisations and consents which are necessary or desirable for the performance of its duties under the Servicing Agreement.

Cash Collection Arrangements

The Servicer shall:

- (a) use all reasonable endeavours to direct the Obligors to make payments in respect of the Purchased Receivables into the Seller Collection Account;
- (b) use all reasonable endeavours to collect all Purchased Receivables, and ensure payment of all sums, due under or in connection with the relevant Purchased Receivables;
- (c) transfer all sums so collected into the Operating Account in accordance with the Servicing Agreement and, in particular, shall procure, as agent for the Issuer, that in relation to each relevant Purchased Receivable, all realised Collections in respect of each Collection Period, are remitted to the Operating Account as follows:

- (i) if and so long as the Commingling Condition is satisfied, on the Payment Date relating to such Collection Period; and
 - (ii) if and so long as the Commingling Condition is not satisfied, within two (2) Business Days after the receipt thereof, or as otherwise directed by the Issuer or the Security Trustee;
- (d) use all reasonable endeavours to enforce on behalf of the Issuer all obligations and covenants of Obligors under the Financing Contracts in the same manner as the Servicer does in relation to its receivables generally and, in particular, in accordance with the Credit and Collection Policy;

in each case on behalf of the Issuer and the Security Trustee in an efficient and timely fashion in accordance with the provisions of the Financing Contracts and the Credit and Collection Policy.

Records

- (a) keep Purchased Receivable Records which can be segregated from all other records of the Servicer relating to other receivables made or serviced by such Servicer otherwise;
- (b) keep records for all taxation purposes;
- (c) hold, subject to the Data Protection Laws, all records relating to the Purchased Receivables in its possession in trust for, and to the order of, the Issuer and co-operate with the Data Trustee, the Security Trustee or any other party to Transaction SA UK 2024-1 Documents to the extent required under or in connection with any of the Transaction SA UK 2024-1 Documents;

Information and Regular Reporting

The Servicer will use all reasonable endeavours to safely maintain Purchased Receivable Records in computer readable form.

Pursuant to the terms of the Servicing Agreement, the Servicer shall (on behalf of the Reporting Entity), subject to the applicable data protection rules in England, Wales, Scotland or Northern Ireland (including the Data Protection Laws) and banking secrecy rules and the Data Trust Agreement, prepare and deliver to the Issuer, the Noteholders, (upon request) any potential investors in the Notes and the relevant competent authorities (as determined under the EU Securitisation Regulation and the UK Securitisation Regulation in accordance with the Securitisation Regulation (EU) Disclosure Requirements and the Securitisation Regulation (UK) Disclosure Requirements and together, the "**Relevant Recipients**"):

- (a) on a quarterly basis, the Loan Level Data in accordance with Article 7(1)(a) of the UK Securitisation Regulation and EU Securitisation Regulation;
- (b) on each Reporting Date and simultaneously with the Loan Level Data referred to in (a) above, a Monthly Report in accordance with Article 7(1)(e) of the UK Securitisation Regulation and EU Securitisation Regulation in the form substantially as set out in Schedule 2 to the Calculation Agency Agreement and the Portfolio Information in encrypted form and in such format as set out in Schedule 1 to the Servicing Agreement;
- (c) provide, upon reasonable request by the Issuer, such further information as reasonably requested by the Noteholders for the purposes of compliance of such Noteholders with the requirements under Article 5 of the EU Securitisation Regulation and the UK Securitisation Regulation, subject to applicable law and availability, provided that the Servicer shall be entitled to limit the frequency of the disclosure of such additional information to not more than four times in a calendar year;
- (d) make available the documents as required by and in accordance with Article 7(1)(b) of the UK Securitisation Regulation and the EU Securitisation Regulation prior to the pricing date of the Notes (and in final form, if applicable, no later than fifteen (15) days after the Issue Date);
- (e) on a monthly basis and without undue delay upon the occurrence of any event triggering the existence of any information provided for by article 7(1) points (f) and (g) of the EU Securitisation Regulation and the UK Securitisation Regulation, prepare and deliver to the Relevant Recipients the EU Inside Information Report and the UK Inside Information Report, subject to the timely receipt of all necessary information from the other Parties in their possession, including information in respect of any significant event such as (i) a material breach of the obligations laid down in the Transaction SA UK 2024-1 Documents, (ii) a change in the structural features that can materially impact the

performance of the securitisation, (iii) a change in the risk characteristics of the Transaction or the Purchased Receivables that can materially impact the performance of the securitisation, (iv) if competent authorities have taken remedial or administrative actions and (v) any material amendments to the Transaction SA UK 2024-1 Documents;

- (f) disclose without undue delay any events which trigger changes in the Priority of Payments and any change in the Priority of Payments which will materially adversely affect the repayment of the Notes to the extent required under Article 21(9) of the UK Securitisation Regulation; and
- (g) disclose without delay any material changes from the Servicer's prior underwriting policies and servicing collection procedures to the extent required under Article 20(10) of the UK Securitisation Regulation and the Transaction SA UK 2024-1 Documents,

provided that (i) the Servicer will only be required to do so to the extent that the Securitisation Regulation (EU) Disclosure Requirements and the Securitisation Regulation (UK) Disclosure Requirements remain in effect and (ii) the Servicer will not be in breach of such undertaking if the Servicer fails to so comply due to events, actions or circumstances beyond the Servicer's control.

The Reporting Entity (or the Servicer on its behalf) will make all such information set forth under paragraphs (a) to (g) above available to the Relevant Recipients as is required to be made available pursuant to the Securitisation Regulation (EU) Disclosure Requirements and the Securitisation Regulation (UK) Disclosure Requirements.

The Reporting Entity (or the Servicer on its behalf) will, in compliance with the Securitisation Regulation (EU) Disclosure Requirements, make the information that the Issuer is required to make available pursuant to and in compliance with the Securitisation Regulation (EU) Disclosure Requirements to the Noteholders, to competent authorities, as referred to in Article 29 of the EU Securitisation Regulation and to potential Noteholders. Such information will be in the format contemplated by the Securitisation Regulation (EU) Disclosure Requirements and will be available on the website of the **SR Repository** being a securitisation repository registered under Article 10 of the EU Securitisation Regulation. On or prior to the Issue Date the Issuer will appoint the SR Repository.

The Reporting Entity (or the Servicer on its behalf) will, pursuant to the UK Securitisation Regulation, make the information that the Issuer is required to make available pursuant to and in compliance with the Securitisation Regulation (UK) Disclosure Requirements to the Noteholders, to the FCA and to potential Noteholders. The Servicer will make such information available on the UK SR Website. There is no requirement to report to a UK securitisation repository where the prospectus has not been approved by the FCA. However to the extent a securitisation repository is registered in accordance with Article 10 of the UK Securitisation Regulation it will make the information available to such securitisation repository. For the purposes of Article 7(2) of the UK Securitisation Regulation, the Seller and the Issuer designate MBFS, in its capacity as originator, to fulfil the information requirements of Article 7(1) of the UK Securitisation Regulation.

In addition, under the Servicing Agreement, subject to the provisions of the Data Protection Laws, the Servicer may, for as long as the Class A Notes or (if possible in accordance with the Bank of England eligibility criteria in force from time to time) any other Class of Notes are intended to be held in a manner which can allow Bank of England eligibility, make loan level data in such a manner available as required to comply with the Bank of England eligibility criteria and transparency criteria for asset backed securities (as set out in the Detailed transparency requirements for asset backed securities and covered bonds - Market Notice dated 11 October 2019 as amended and applicable from time to time).

Duty under the Swap Agreement

Under the Servicing Agreement, the Servicer undertakes to the Issuer that it will perform, prepare and submit the relevant reports, confirmations, reconciliation and keep the relevant records as required pursuant to the UK EMIR and EU EMIR and its relevant technical standards.

Credit and Collection Policy

Pursuant to the Servicing Agreement, the Servicer shall be authorised to modify the terms of a Purchased Receivable in accordance with the Credit and Collection Policy, **provided that** the latest payment due under any Purchased Receivable shall not be extended beyond the Legal Maturity Date. Furthermore, the Issuer and the Security Trustee authorise the Servicer under the Servicing Agreement to assign and transfer to a third party, in accordance with the Credit and Collection Policy, Purchased Receivables which have become Defaulted Receivables and in relation to which no further monies are expected to be recovered. For the

avoidance of doubt, any proceeds resulting from such assignment shall constitute part of the Recovery Collections.

Under the Receivables Purchase Agreement, the Issuer has agreed that the Credit and Collection Policy can be changed by the Seller from time to time, **provided that** such changes do not materially prejudice the rights of the Noteholders under the Notes.

Termination of Financing Contract, Enforcement and administration of Insurance Claims

If an Obligor defaults on a Purchased Receivable, the Servicer will proceed in accordance with the Credit and Collection Policy. The Servicer will abide by the enforcement and realisation procedures as set out in the Receivables Purchase Agreement and the Servicing Agreement in conjunction with the Credit and Collection Policy.

Upon the termination of a Financing Contract, the Seller is obliged in accordance with its Credit and Collection Policy and the Receivables Purchase Agreement to repossess and realise the respective Vehicle. After deducting any fees incurred in the sale of such Vehicle, the Servicer shall treat the remaining proceeds as Collections and credit such amounts to the Operating Account in accordance with the Receivables Purchase Agreement.

The Servicer will pay the portion of the Recovery Collections to the Issuer which have been or are to be applied to the Purchased Receivables or to which the Issuer is otherwise entitled in accordance with the Servicing Agreement.

The Servicer is authorised, until revocation by the Issuer and/or the Security Trustee and obliged to assert in accordance with its Credit and Collection Policy in effect from time to time in relation to the respective insurance companies, the Insurance Claims assigned to the Issuer pursuant to the Receivables Purchase Agreement. The Servicer is not required to monitor the compliance by the Obligors with the insurance provisions and the Servicer shall not be liable for any failure by an Obligor to comply with such provisions.

Use of Third Parties

The Servicer may delegate and sub-contract its duties in connection with its Services, **provided that** such third party has all licences required for the performance of the servicing delegated to it.

Servicing Expenses and Reimbursement of Enforcement Expenses

As consideration for the performance of the Services pursuant to the Servicing Agreement, the Servicer is entitled to a market standard Servicing Fee as agreed between the Issuer and the Servicer in a separate side letter. The Servicing Fee will be paid by the Issuer in accordance with the applicable Priority of Payments in monthly instalments on each Payment Date with respect to the immediately preceding Collection Period in arrear.

The Servicing Fee is calculated on the basis of the Aggregate Outstanding Receivables Amount. The Servicing Fee is inclusive of any VAT. The Servicing Fee is also inclusive of all costs, expenses and other disbursements reasonably incurred by the Servicer in connection with the enforcement and servicing of the Purchased Receivables as well as the rights and remedies of the Issuer and the other Services.

In case an action needs to be taken in relation to an Obligor, the Servicer may, in accordance with the Credit and Collection Policy:

- (a) take such action as may be necessary or desirable or as the Servicer determines (including, if necessary, court proceedings and the employment by the Servicer as disclosed agent for the Issuer of solicitors to carry out any necessary court or other proceedings) against any Obligor in relation to a defaulted Purchased Receivable; and
- (b) on request keep the Issuer or the Security Trustee informed (respectively) of all material actions and decisions taken in each case following the Credit and Collection Policy.

Under the terms of the Servicing Agreement, the Collections received by the Servicer in respect of a Collection Period standing to the credit of the Seller Collection Account will be remitted to the Operating Account (i) if and so long the Commingling Condition is satisfied, on the Payment Date relating to such Collection Period, (ii) if and so long the Commingling Condition is not satisfied, within two (2) Business Days after receipt thereof or as otherwise directed by the Issuer or the Security Trustee. Until such transfer, the Servicer will hold the Collections and any other amount received on trust for the Issuer. All payments will be made free of all bank charges and costs. All payments and deposits will be made without withholding or

deduction for or on account of any tax, unless required by law (or pursuant to FATCA), in which case they will be made net of any such required withholding or deduction.

For the purpose of compliance with the requirements stemming from Article 21(9) of the UK Securitisation Regulation, remedies and actions relating to delinquency and default of debtors, debt restructuring, debt forgiveness, forbearance, losses, charge offs, recoveries, payment holidays and other asset performance remedies are applied (if applicable) in accordance with the Credit and Collection Policy.

Termination of appointment of the Servicer

Under the Servicing Agreement, the Issuer may at any time after the occurrence of a Servicer Termination Event terminate the appointment of the Servicer and appoint a successor Servicer. Pursuant to the terms of the Servicing Agreement, the Calculation Agent has agreed that it will facilitate the appointment of a suitable entity with all necessary facilities available to act as successor Servicer and will use reasonable efforts to ensure that such entity enters into a successor servicing agreement, the terms of which are similar to the terms of the Servicing Agreement, with the parties to the Servicing Agreement upon receipt of notice by the Servicer of the occurrence of a Servicer Termination Event.

According to the Servicing Agreement, the appointment of the Servicer is, *inter alia*, automatically terminated in the event that the Servicer is Insolvent and such event shall constitute an Obligor Notification Event.

Upon termination of the appointment of the Servicer and pursuant to the provisions of the Servicing Agreement, the Data Trustee shall have to, *inter alia*, at the request of the Issuer, despatch the Decryption Key to any successor Servicer or any agent, and the Issuer shall despatch the encrypted Portfolio Information to any successor Servicer or any agent.

The outgoing Servicer and the Issuer will execute such documents and take such actions as the Issuer may require for the purpose of transferring to the successor Servicer the rights and obligations of the outgoing Servicer, assumption by any successor Servicer of the specific obligations of a successor Servicer under the Servicing Agreement and releasing the outgoing Servicer from its future obligations under the Servicing Agreement. Upon termination of the Servicing Agreement with respect to the Servicer and the appointment of a successor Servicer, the Servicer will transfer to the successor Servicer all Purchased Receivable Records and any and all related material, documentation and information.

Any termination of the appointment of the Servicer or of a successor Servicer will be notified by the Issuer (acting through the Corporate Services Provider) to the Servicer, the Rating Agencies, the Security Trustee, the Interest Determination Agent, the Paying Agent, the Data Trustee, the Account Bank, the Calculation Agent and the Swap Counterparty.

Information as to the present lending business procedures of MBFS are described in the sections entitled "**Business Procedures of MBFS**" and "**Administration of the Purchased Receivables under the Servicing Agreement**" below, however, MBFS will be permitted to change those business procedures from time to time in its own discretion.

The Servicer is permitted to delegate some or all of its duties to other entities, including its Affiliates and subsidiaries, although the Servicer will remain liable for the performance of any duties that it delegates to another entity.

The Servicer will be entitled to receive a fee on each Payment Date for the relevant Monthly Period in accordance with the Order of Priority. The Servicer will pay all expenses incurred by it in connection with its collection activities and will not be entitled to reimbursement of those expenses. The Servicer will have no responsibility, however, to pay or fund any credit losses with respect to the Purchased Receivables.

After a Servicer Replacement Event, the Issuer is entitled to dismiss the Servicer and is required to appoint a successor servicer in accordance with the provisions of the Servicing Agreement.

Servicing Fee Reserve Account

The Seller in its capacity as Servicer further undertakes to remit to the Issuer, within 14 calendar days after the Payment Date immediately following the occurrence of a Servicing Fee Reserve Trigger Event, the Servicing Fee Reserve Required Amount, which may be applied by the Issuer as part of the Available Distribution Amount to cover, in case of the occurrence of a Servicer Termination Event, any replacement costs and the Servicing Fee payable to a successor Servicer.

Any excess of the amount standing to the credit of the Servicing Fee Reserve Account over the Servicing Fee Reserve Required Amount (as calculated on each Calculation Date) will be paid on each following Payment Date directly by the Issuer to the Seller outside the Priority of Payments as Servicing Fee Reserve Reduction Amount.

Any interest accrued on the Servicing Fee Reserve Account shall not form part of the Available Distribution Amount but will be paid directly to the Seller outside the Priority of Payments.

3. SUBORDINATED LOAN AGREEMENT

Pursuant to the Subordinated Loan Agreement, a committed subordinated term loan will be made available to the Issuer by the Subordinated Lender. Pursuant to the terms of the Subordinated Loan Agreement, the Issuer will have to draw all amounts thereunder GBP 4,537,500 on or before the Issue Date which the Issuer will credit to the General Reserve Account.

The Subordinated Loan will be repaid in accordance with the applicable Priority of Payments.

All payments of principal and interest payable by the Issuer to the Subordinated Lender will be made free and clear of, and without any withholding or deduction for or on account of, tax (if any) applicable to the Subordinated Loan, unless such withholding or deduction is required by law (or pursuant to FATCA). If any such withholding or deduction is imposed, the Issuer will not be obliged to pay any additional or further amounts as a result thereof.

The Subordinated Loan will constitute limited recourse obligations of the Issuer. The Subordinated Lender will also agree under the Subordinated Loan Agreement not to take any corporate action or any legal proceedings regarding some or all of the Issuer's revenues or assets, and not to have any right to take any steps for the purpose of obtaining payment of any amounts payable to it under the Subordinated Loan Agreement by the Issuer. All of the Issuer's obligations to the Subordinated Lender will be subordinated to the Issuer's obligations in respect of the Notes. The claims of the Subordinated Lender will be secured by the Security, subject to the applicable Priority of Payments. If the net proceeds, resulting from the Security becoming enforceable in accordance with the Deed of Charge, are not sufficient to pay all Secured Parties, payments of all other claims ranking in priority to the Subordinated Loan will be made first in accordance with the Post-enforcement Priority of Payment and no other assets of the Issuer will be available for payment of any shortfall to the Subordinated Lender. Claims in respect of any such remaining shortfall will be extinguished.

4. DATA TRUST AGREEMENT

Pursuant to the terms of the Data Trust Agreement, the Seller will deliver to the Data Trustee the Decryption Key relating to the encrypted Portfolio Information received by the Issuer from the Seller under the Receivables Purchase Agreement. Pursuant to the Data Trust Agreement, the Data Trustee will keep the Decryption Key in safe custody and will protect it against unauthorised access by third parties.

If an Obligor Notification Event has occurred, pursuant to the Data Trust Agreement the Data Trustee will fully co-operate with the Security Trustee and the Issuer and any successor Servicer appointed by the Issuer. In this event, the Data Trustee will also use its best endeavours to ensure that all information necessary to permit timely Collections from the Obligors, especially the Decryption Key, is at the request of the Issuer duly and swiftly transferred to either the successor Servicer or any agent.

5. CALCULATION AGENCY AGREEMENT

Pursuant to the Calculation Agency Agreement, the Calculation Agent will, on behalf of the Issuer, *inter alia*, provide certain information to the Servicer for completion of the Monthly Report and upon receipt of the Monthly Reports provided by the Servicer, according to the Servicing Agreement, verify the plausibility, completeness and consistency of the data contained in the Monthly Reports, verify the Servicer's calculations

in respect of Collections and any Repurchase Price and verify the Servicer's calculations in respect of the Pre-enforcement Priority of Payments.

Under the Calculation Agency Agreement, the Calculation Agent has undertaken to the Issuer to make available through the Calculation Agent's website (which is currently located at www.usbank.com/abs) the Monthly Investor Reports and any other post-issuance transaction information, no later than on each Calculation Date. The Monthly Investor Reports shall be based upon information provided in the Monthly Reports by the Servicer in accordance with the Servicing Agreement and will be in a form substantially the same as set out in Schedule 2 of the Calculation Agency Agreement. The Calculation Agent's website does not form part of the information provided for the purposes of this Prospectus and disclaimers may be posted with respect to the information posted thereon. Registration may be required for access to such website and persons wishing to access the website will be required to certify that they are Noteholders or any of the other persons referred to above (as the case may be).

The Calculation Agent will only publish the complete Monthly Investor Report (including the data contained in the Monthly Report) if the Servicer has provided the Calculation Agent with the Monthly Report no later than on the relevant Reporting Date. The Calculation Agent will publish the Monthly Investor Report even if it has not received the Monthly Report from the Servicer to the extent possible.

In addition, the Calculation Agent will be performing certain cash management duties on behalf of the Issuer and will provide the payment instructions to the Account Bank to make cash payments due by the Issuer on the respective Payment Date pursuant to the applicable Priority of Payments.

The obligations of the Calculation Agent under the Calculation Agency Agreement shall terminate upon at least thirty (30) Business Days' written notice of termination from the Issuer, the Servicer or the Calculation Agent. The Calculation Agent shall notify the Issuer, the Security Trustee and the Rating Agencies of its intention to terminate the Calculation Agency Agreement.

6. **AGENCY AGREEMENT**

Pursuant to the Agency Agreement, the Issuer has appointed the Paying Agent to act as paying agent with respect to the Notes and to forward payments to be made by the Issuer to the Noteholders and has appointed the Interest Determination Agent to act as interest determination agent to determine the Applicable Benchmark Rate on each Interest Determination Date and provide such figure, *inter alia*, to the Calculation Agent and the Servicer.

The functions, rights and duties of the Paying Agent and the Interest Determination Agent are set out in the Conditions. See "*CONDITIONS OF THE NOTES*".

7. **CORPORATE SERVICES AGREEMENT**

Pursuant to a Corporate Services Agreement dated 25 March 2019, as amended on 20 October 2020, the Corporate Services Provider provides the Company with certain corporate and administrative functions in respect of all Compartments of the Company. Such services to the Company include, *inter alia*, providing the directors of the Company, keeping the corporate records, convening director's meetings, providing registered office facilities and suitable office accommodation, preparing and filing all statutory and annual returns, preparing the financial statements and performing certain other corporate administrative services against payment of a fee.

The claims of the Issuer under the Corporate Services Agreement have been transferred to the Security Trustee for security purposes pursuant to the Deed of Charge. The Corporate Services Agreement is governed by the laws of Luxembourg.

8. **BANK ACCOUNT AGREEMENT**

Pursuant to the Bank Account Agreement, the Account Bank is appointed by the Issuer and will hold the Issuer Transaction Accounts for the Issuer in respect of its Compartment Silver Arrow UK 2024-1. During the life of the Transaction UK 2024-1, the Account Bank shall maintain the Required Rating.

The functions, rights and duties of the Account Bank are set out in the Bank Account Agreement.

Operating Account

The Operating Account of the Issuer will be maintained with the Account Bank.

If and so long as the Commingling Condition is satisfied, the Servicer will be required to remit all Collections in respect of a Collection Period standing to the credit of the Seller Collection Account to the Operating Account on the Payment Date relating to such Collection Period, **provided that** if and so long as the Commingling Condition is not satisfied, the Servicer will be required to remit all Collections in respect of a Collection Period standing to the credit of the Seller Collection Account to the Operating Account within two (2) Business Days after the receipt thereof or as otherwise directed by the Issuer or the Security Trustee. The Issuer will use the Collections standing to the credit of the Operating Account together with the other amounts forming the Available Distribution Amount and will apply those amounts according to the applicable Priority of Payments.

Servicing Fee Reserve Account

The Servicing Fee Reserve Account of the Issuer will be maintained with the Account Bank.

The Seller in its capacity as Servicer further undertakes to remit to the Issuer, within 14 calendar days after the Payment Date immediately following the occurrence of a Servicing Fee Reserve Trigger Event, the Servicing Fee Reserve Required Amount, which may be applied by the Issuer as part of the Available Distribution Amount to cover, in case of the occurrence of a Servicer Termination Event, any replacement costs and the Servicing Fee payable to a successor Servicer.

Any excess of the amount standing to the credit of the Servicing Fee Reserve Account over the Servicing Fee Reserve Required Amount (as calculated on each Calculation Date) will be paid on each following Payment Date directly by the Issuer to the Seller outside the Priority of Payments as Servicing Fee Reserve Reduction Amount.

Any interest accrued on the Servicing Fee Reserve Account shall not form part of the Available Distribution Amount but will be paid directly to the Seller outside the Priority of Payments.

General Reserve Account

The General Reserve Account of the Issuer will be maintained with the Account Bank.

The amount standing to the credit of the General Reserve Account as of the Issue Date will be £4,537,500, representing 1.10% of the Class A Notes. This will be credited on the Purchase Date from the Subordinated Loan proceeds received on such date.

On each Payment Date, prior to the issuance of an Enforcement Notice, the Issuer will credit to the General Reserve Account an amount such that the amount standing to the credit of the General Reserve Account is equal to the General Reserve Required Amount, subject to the Available Distribution Amount and in accordance with the Pre-enforcement Priority of Payments.

The amounts standing to the credit of the General Reserve Account from time to time will serve as liquidity support for the Class A Notes throughout the life of the transaction and will eventually serve as credit enhancement to the Notes.

Swap Collateral Account

The Swap Collateral Account of the Issuer will be maintained with the Account Bank.

If the Swap Counterparty ceases to be an Eligible Swap Counterparty, the Swap Counterparty shall take action in accordance with the Swap Agreement, including posting eligible collateral into the interest-bearing Swap Collateral Account in accordance with the provisions of the Swap Agreement. The deposit in the Swap Collateral Account shall not constitute Collections and shall secure solely the payment obligations of the Swap Counterparty to the Issuer under the Swap Agreement and not any obligations of the Issuer.

The amounts in the Swap Collateral Account will be applied in or towards satisfaction of the Swap Counterparty's obligations to the Issuer upon termination of the Swap Agreement. Any Excess Swap Collateral shall not be available to Secured Parties and shall be returned to such Swap Counterparty outside the Priority of Payments.

On each Payment Date, any amount standing to the credit of the Swap Collateral Account which exceeds any required collateral amounts will be paid back by the Issuer to the Swap Counterparty outside the Priority of Payments.

Distribution Account

The Distribution Account will be maintained with the Account Bank.

On each Payment Date, the Calculation Agent shall transfer amounts representing Collections for the relevant Collection Period together with any net investment earnings on the Operating Account (if any) into the Distribution Account.

Amounts representing Collections for the relevant Collection Period together with other items comprising the Available Distribution Amount shall be applied by the Calculation Agent in accordance with the applicable Priority of Payments.

On each Payment Date, in accordance with the Priority of Payments, the Calculation Agent will pay to the Retained Profit Ledger any Retained Profit paid in accordance with the applicable Priority of Payments. Amounts may be debited from the Retained Profit Ledger from time to time to make payments in respect of corporate income or corporation tax to any relevant taxing or fiscal authority or agency and, thereafter, any dividend payments to the Issuer's shareholder.

9. CUSTODY AGREEMENT

Pursuant to the Custody Agreement, the Custodian provides certain custody services in relation to (i) any portion of the General Reserve Required Amount provided in the form of Eligible Securities and (ii) any collateral transferred to the Issuer by the Swap Counterparty which consists of certain securities as further specified in the Swap Agreement. Under the Custody Agreement, the Custodian will establish the Eligible Securities Account in which such securities will be held and provide certain custody services. The Custody Agreement is governed by English law. During the life of the Transaction UK 2024-1, the Custodian shall maintain the Required Rating.

10. SWAP AGREEMENT

The purpose of the Swap Agreement is to mitigate the interest rate risk of the Issuer arising in connection with the issuance of the Class A Notes. The Swap Agreement consists of an ISDA Master Agreement, the associated schedule, a confirmation and a credit support annex.

Pursuant to the Swap Agreement entered into by the Issuer and the Swap Counterparty (which shall be an Eligible Swap Counterparty) in relation to the Class A Notes, the Issuer will pay to the Swap Counterparty on each Payment Date an amount equal to the product of (i) the Swap Notional Amount and (ii) the Swap Fixed Rate and (iii) the Day Count Fraction.

In return, the Swap Counterparty will pay to the Issuer on each Payment Date an amount equal to the product of (i) the Swap Notional Amount and (ii) a rate equal to the Applicable Benchmark Rate and (iii) the Day Count Fraction.

Notwithstanding the foregoing, in the event the rate equal to the Applicable Benchmark Rate calculated under the Swap Agreement is negative for any given calculation period such that the floating amount due and payable by the Swap Counterparty to the Issuer would be a negative amount, the payment obligation in respect of such calculation period and such negative amount will be reversed such that:

- (a) the Swap Counterparty is not required to pay to the Issuer the absolute value of such negative amount and
- (b) the Issuer shall instead pay to the Swap Counterparty the absolute value of such negative amount.

If the Swap Fixed Rate under the Swap Agreement is specified as negative, the payment obligations of each party shall be similarly reversed in respect of any fixed amount due and payable for any calculation period.

The Swap Agreement will be constructed to fulfil the criteria of the Rating Agencies to support the Aaa (sf) / AAA sf target rating for the Class A Notes. The Swap Agreement is governed by English law.

Payments under the Swap Agreement will be exchanged on a net basis on each Payment Date. Payments made by the Issuer under the Swap Agreement (**provided that** there has been no event of default under the Swap Agreement where the Swap Counterparty is the defaulting party (as defined in the Swap Agreement)

and there has been no termination of the transaction under the Swap Agreement due to a termination event relating to the Swap Counterparty's downgrade) rank higher in priority than all payments on the Notes. Payments by the Swap Counterparty to the Issuer under the Swap Agreement (except for payments by the Swap Counterparty into the Swap Collateral Account) will be made into the Operating Account. Payments by the Swap Counterparty to the Issuer will be made free and clear of, and without any withholding or deduction for or on account of, tax, unless such withholding or deduction is required by law (or pursuant to FATCA). If the Swap Counterparty is required to withhold or deduct any amount for or on account of tax, it will increase the amount of the payment due to the Issuer to an amount which (after making the withholding or deduction) leaves an amount equal to the payment which would have been made to the Issuer if no withholding or deduction had been required.

Events of default under the Swap Agreement applicable to the Issuer are limited to, and (among other things) events of default applicable to the Swap Counterparty include, the following:

- (1) failure to make a payment under the Swap Agreement when due, if such failure is not remedied within three (3) Business Days of notice of such failure being given; or
- (2) the occurrence of certain bankruptcy and insolvency events.

Termination events under the Swap Agreement include, among other things, the following:

- (1) illegality of the transactions contemplated by the Swap Agreement;
- (2) either party is required to pay additional amounts under the Swap Agreement due to certain taxes, or has the amount payable to it under the Swap Agreement reduced due to certain taxes, and a transfer to another office or affiliate of the Swap Counterparty that would eliminate the effect of such taxes has not taken place after the time set forth in the Swap Agreement;
- (3) an Enforcement Event under the Conditions occurs or any Clean-Up Call or redemption in full, but not in part, of the Notes occurs; or
- (4) failure of the Swap Counterparty to maintain its credit rating at certain levels required by the Swap Agreement, which failure may not constitute a termination event if (in the time set forth in the Swap Agreement) the Swap Counterparty:
 - (i) posts an amount of collateral (in the form of cash and/or securities) as calculated in accordance with the credit support annex to the Swap Agreement; or
 - (ii) obtains a guarantee from an institution with an acceptable rating; or
 - (iii) transfers its rights and obligations under the Swap Agreement to a successor Swap Counterparty which is an Eligible Swap Counterparty; or
 - (iv) take such other action in order to maintain the rating of the Class A Notes, or to restore the rating of the Class A Notes to the level it would have been at immediately prior to such downgrade.

A segregated Swap Collateral Account is established with the Account Bank and security created over such account in favour of the Security Trustee in accordance with provisions in the Bank Account Agreement and the Deed of Charge. Any cash collateral posted to such Swap Collateral Account as a result of a ratings downgrade (as referred to in paragraph 4(i) above) shall be monitored on a specific collateral ledger and shall bear interest. Such cash collateral shall be segregated from the Operating Account and from the general cash flow of the Issuer and shall not constitute Collections. Collateral posted to such Swap Collateral Account is solely for the purposes of, and in connection with, collateralising the Swap Agreement.

Upon the occurrence of any event of default or termination event specified in the Swap Agreement, the non-defaulting party (in case of an event of default) or the party not being regarded as responsible for causing a termination event (pursuant to the provisions of the Swap Agreement) may, after a period of time set forth in the Swap Agreement elect to terminate such Swap Agreement. If the Swap Agreement is terminated due to an event of default or a termination event, a Swap Termination Payment may be due to the Swap Counterparty by the Issuer out of its available funds. The amount of any such swap termination payment may be based on the actual cost or market quotations of the cost of entering into a similar swap transaction or such other methods as may be required under the Swap Agreement, in each case in accordance with the procedures set forth in the Swap Agreement. Any such Swap Termination Payment could, if market rates or other conditions have changed materially, be substantial. Under certain circumstances, termination payments

required to be made by the Issuer to the Swap Counterparty will rank higher in priority than all payments on the Notes.

The Swap Counterparty may transfer its rights and obligations under the Swap Agreement to a third party which is an Eligible Swap Counterparty. In the event that the Swap Agreement is terminated in accordance with its terms, including as a result of the Swap Counterparty being downgraded or becoming insolvent, the issuer will use best endeavours to replace it.

The Issuer has agreed in the Incorporated Terms Memorandum that the Issuer shall, in the event that the Swap Agreement is terminated prior to its scheduled expiration pursuant to an "event of default" (where the Swap Counterparty is the "defaulting party") or a "termination event" under the Swap Agreement (other than such an event relating to a redemption in full of the Notes or an Enforcement Event under the Notes), as soon as practicable following the termination of the Swap Agreement, use its best efforts to enter into a replacement Swap Agreement with a replacement Swap Counterparty which is an Eligible Swap Counterparty. The replacement Swap Agreement will have an initial notional amount equal to the applicable notional amount of the terminated Swap Agreement as at termination and shall, for the avoidance of doubt, include a Credit Support Annex and collateral posting obligations upon the Swap Counterparty in the event of its downgrade. The notional amount of the respective replacement Swap Agreement will decrease by the amount of any principal repayments on the Class A Notes from time to time.

11. DEED OF CHARGE

The Notes are secured and will share the Security with the other Secured Obligations of the Issuer as set out in the Deed of Charge. The security granted by the Issuer includes:

- (a) an assignment by way of first fixed security of all of its present and future right, title and interest to, in and under the Purchased Receivables;
- (b) an assignment by way of first fixed security of all its right, title, interest and benefit, present and future, in, under and to all sums of money which may now be or hereafter are from time to time standing to the credit of the Issuer Transaction Accounts together with all interest accruing from time to time thereon and the debts represented thereby;
- (c) a first fixed charge over the benefit of each Eligible Security;
- (d) assignment by way of first fixed security of the benefit of the Issuer under each English Transaction SA UK 2024-1 Document (other than the Deed of Charge); and
- (e) a first floating charge over all the assets and undertaking of the Issuer.

The Issuer will also, execute and deliver to the Security Trustee, and procure the execution and delivery to the Security Trustee by the Seller of, a Scottish Supplemental Charge containing an assignment in security of the Issuer's interest in the Scottish Trust and the Vehicle Sale Proceeds Floating Charge.

Enforcement of the Security

If the Note Trustee serves an Enforcement Notice on the Issuer and the Security Trustee, and the Security becomes enforceable, the Note Trustee may at its discretion direct the Security Trustee to take action to enforce the Security, and will direct the Security Trustee to take such action to enforce the Security as directed by the Controlling Class acting by way of Written Resolution or by way of an Extraordinary Resolution subject to the Note Trustee and/or the Security Trustee, as the case may be, having been indemnified and/or secured and/or prefunded to their satisfaction.

To the extent that the Note Trustee acts in accordance with such directions of the Controlling Class, it will have no obligation to take the interests of any other party into account or to follow any direction given by any other party. Only the Note Trustee and the Security Trustee may enforce the rights of the Noteholders against the Issuer, whether the same arise under general law, the terms and conditions of the Notes, any Transaction SA UK 2024-1 Document or otherwise.

For the purposes of Article 21(4)(d) of the UK Securitisation Regulation and EU Securitisation Regulation, no provision of the Deed of Charge requires automatic liquidation upon default. The provisions of the Deed of Charge require an application of realisation proceeds (if any) obtained by the Security Trustee thereunder in a manner which satisfies the requirements of Article 21(4) of the UK Securitisation Regulation and EU Securitisation Regulation.

Post-Enforcement Priority of Payments

On enforcement of the Security, the Security Trustee is required to apply moneys available for distribution to satisfy the amounts owing by the Issuer in the Post-Enforcement Priority of Payments.

Shortfall after application of net proceeds of the Security

If the net proceeds of the Security being enforced and liquidated in accordance with the Deed Of Charge are not sufficient to pay the Notes after payment of all other claims ranking in priority to the Notes, the obligations of the Issuer under the Notes will be limited to such net proceeds and no other assets of the Issuer will be available for any further payments on the Notes. The right to receive any further payments will be extinguished.

The Deed of Charge will be governed by English law but any term particular to the law of Scotland will be construed in accordance with the laws of Scotland. The Scottish Supplemental Charge will be governed by Scots law.

12. COLLECTION ACCOUNT DECLARATION OF TRUST

Pursuant to the Collection Account Declaration of Trust dated 5 October 2017 and supplemental declarations of trusts, MBFS declared a trust in favour of itself and issuers regarding existing securitisations over all amounts from time to time standing to the credit of the Seller Collection Account, into which customers pay amounts under receivable agreements, whether or not relating to the assigned receivables. The Issuer will become a beneficiary of the trust over the Collection Account under the Supplemental Collection Account Declaration of Trust to be dated on or about the Issue Date.

The interest of the Issuer under such trust shall be from time to time such proportion of the amount standing to the credit of the Seller Collection Account as the amounts derived from Purchased Receivables comprised in the Portfolio and their Ancillary Rights shall at the relevant time bear to the total amount standing to the credit of the Seller Collection Account at that time. The Seller's interest under such trust shall be such proportion of the amount standing to the credit of the Seller Collection Account which is not allocated to the Issuer.

MBFS will, within two (2) business days of applying Collections standing to the credit of the Seller Collection Account to an Obligor's account, pay from the Seller Collection Account all monies received with respect to the Purchased Receivables into the Operating Account, **provided that** MBFS will not be required to transfer Collections received by it in respect of the Purchased Receivables prior to the Issue Date until the second Business Day following the Issue Date.

14. TRUST DEED

The Notes will be constituted pursuant to the Trust Deed to be entered into on the Issue Date between the Issuer and the Note Trustee.

Wilmington Trust SP Services (Frankfurt) GmbH will agree to act as Note Trustee subject to the conditions contained in the Trust Deed.

The Trust Deed contains provisions requiring the Note Trustee to take into account the interests of the Class A Noteholders and the Class B Noteholders equally as regards all powers, trusts, authorities, duties and discretions of the Note Trustee (except where expressly provided otherwise), but requiring the Note Trustee to take into account only the interests of the Controlling Class of Noteholders if, in the opinion of the Note Trustee there is a conflict between the interests of the Noteholders. None of the subordinate Noteholders may request or direct the Note Trustee or the Issuer to take any action or pass any effective Extraordinary Resolution if the effect of the same would, in the sole opinion of the Note Trustee, be materially prejudicial to the interests of the Controlling Class of Noteholders, and neither the Note Trustee nor the Issuer will be responsible to the subordinate Noteholders for disregarding any such request, direction or resolution.

The Trust Deed will contain provisions governing the responsibility (and relief from responsibility) of the Note Trustee and providing for its indemnification in certain circumstances.

The Trust Deed provides that the Note Trustee will be obliged to take action on behalf of the Noteholders and the Secured Parties in certain circumstances, **provided always that** the Note Trustee is indemnified and/or secured and/or prefunded to its satisfaction. Further, the Note Trustee will not be obliged to act on behalf of the Noteholders or any other Secured Parties where it would not have the power to do so by virtue of any applicable law or where such action would be illegal in any applicable jurisdiction

In accordance with the terms of the Trust Deed, the Issuer will pay a fee to the Note Trustee for its services under the Trust Deed at the rate and times agreed (and as amended from time to time) between the Issuer and the Note Trustee together with payment of any liabilities incurred by the Note Trustee in relation to the Note Trustee's performance of its obligations under the Trust Deed.

The Conditions of the Notes, including a summary of the provisions regarding Meetings of the Noteholders, are reproduced in full in the section headed "*CONDITIONS OF THE NOTES*".

The Trust Deed and any non-contractual obligations arising out of or in connection with it will be governed by English law.

DESCRIPTION OF THE PORTFOLIO

The following is a description of the Portfolio. Note that the Purchased Receivables may not be replenished or replaced.

1. THE RECEIVABLES

The Purchased Receivables comprise full recourse claims against Obligor in respect of payments due under Financing Contracts (excluding Excluded Amounts) for the provision of credit for the purchase of motor vehicles (and therefore do not include any transferable securities or securitisation positions).

Although the borrower ("**Obligor**") is the registered keeper of the vehicle, MBFS retains title to the vehicles. The Financing Contracts contain provisions entitling, but not obliging, the Obligor to purchase the vehicle at the end of the hire period, normally on payment of a specified purchase fee.

The Financing Contracts are governed by English law and take the form of hire purchase agreements ("**HP Contracts**") and personal contract plan agreements ("**PCP Contracts**" or "**PCP**") between MBFS and Obligor.

HP Contracts

HP Contracts are available for both new and used vehicles. HP Contracts are a traditional method of financing a vehicle where the Obligor pays a deposit, and pays for the use of a Vehicle over an agreed period of time and for agreed regular payments. At the end of the term of the HP Contract, the Obligor pays certain administrative fees (including an option price) and gains ownership (title) of the Vehicle. With HP Contracts, the payments are calculated on the basis of the amount financed after the deposit has been paid.

PCP Contracts

MBFS's primary retail product is a PCP Contract marketed as 'Agility' which is a flexible method of financing a vehicle over a fixed term. PCP Contracts are available for both new and used vehicles.

PCP Contracts are similar to HP Contracts but with an additional larger "balloon" optional final payment at the end of the term of the PCP Contract. At the end of the term of the PCP Contract the Obligor has the option to:

- (a) return the Vehicle;
- (b) part-exchange the Vehicle for a new one; or
- (c) purchase the Vehicle by paying the optional final payment.

The optional final payment is equal to a 'guaranteed future value' ("**GFV**") agreed when the contract was arranged. The GFV is established with reference to the vehicle specification (model and equipment), the term and mileage.

Payments are calculated on the basis of the amount financed after the deposit has been paid.

If the Obligor does not purchase the Vehicle, the sale proceeds of the Vehicle are transferred to the Issuer as Vehicle Sale Proceeds.

2. THE PURCHASE PRICE

The Purchase Price will be paid by the Issuer to MBFS as total consideration with respect to the Receivables (together with their related Ancillary Rights). The Purchase Price comprises the Initial Purchase Price which is payable by the Issuer to the Seller on the Issue Date and equals the Aggregate Outstanding Receivables Amount of the Receivables (together with their related Ancillary Rights) on the Cut-Off Date and the Deferred Consideration which is payable on each Payment Date in accordance with the applicable Priority of Payments.

The level of collateralisation of the Notes by the Portfolio of Purchased Receivables is equal to 100%.

3. **ELIGIBILITY CRITERIA**

"**Eligibility Criteria**" means, in respect of any Receivable (including, where relevant its Ancillary Rights) that is the subject of an Offer:

- (a) such Receivable has been randomly selected;
- (b) such Receivable has been originated by the Seller pursuant to a Financing Contract in the ordinary course of the Seller's business in compliance with the Credit and Collection Policy;
- (c) the Obligor in respect of such Receivable:
 - (i) is not Insolvent;
 - (ii) is a body corporate or an individual;
 - (iii) if it is a corporate entity has its registered office in England, Scotland, Wales or Northern Ireland or, if it is an individual has its place of residence in England, Scotland, Wales or Northern Ireland;
 - (iv) is not an employee of Mercedes-Benz Group AG or any of its affiliates;
 - (v) pays its monthly instalments through Direct Debit;
 - (vi) does not have a credit assessment indicating, based on the Credit and Collection Policy, a significant risk that contractually agreed payments will not be made; and
 - (vii) has made at least one scheduled monthly payment in respect of the Receivable;
- (d) such Receivable has an original term of no longer than 60 months if the underlying Financing Contract is a PCP Contract or 72 months in respect of all other Financing Contracts;
- (e) such Receivable can be validly transferred by way of sale and assignment, such transfer is not subject to any legal or contractual restriction which prevents the valid transfer thereof to the Issuer;
- (f) such Receivable is owned by the Seller free of third party rights, including any set-off rights, any defence, retention or revocation rights of the relevant Obligor;
- (g) such Receivable is not a Defaulted Receivable, a Redelivery PCP Contract or a Voluntarily Terminated Receivable;
- (h) such Receivable is a Current Receivable;
- (i) such Receivable is denominated and payable in Sterling;
- (j) such Receivable is governed by the laws of Scotland or England and Wales;
- (k) such Receivable and related Financing Contract constitutes the legal, valid and binding obligations of the Obligor(s), enforceable against the Obligor(s) in accordance with its terms;
- (l) such PCP Contract or HP Contract to which the Receivable relates is amortised on a monthly basis and gives rise to monthly instalment payments, and such Receivable may also be a Balloon Receivable;
- (m) such Receivable is calculated using an interest rate above or equal to 0.5 per cent. and the interest rate applicable to the Receivable is fixed;
- (n) the vehicle under the related Financing Contract has a sales price below or equal to £200,000;
- (o) such Receivable is not subject to a current account relationship;
- (p) MBFS holds legal title to the related Vehicle;
- (q) if such Receivable is originated pursuant to a Financing Contract which is regulated by the Financial Services and Markets Act 2000 (Regulated Activities Order) 2001, the related Financing Contract complies in all material respects with the requirements of the Consumer Credit Act 1974, as

amended (the "**CCA**"), associated secondary legislation on consumer financing and the rules in the Consumer Credit Sourcebook within the FCA Handbook and, in particular contain legally accurate instructions in respect of the right of cancellation or withdrawal of the Obligors and that none of the Obligors has used its right of revocation within the term of cancellation or withdrawal and, to the best of the Seller's knowledge, the CRA15, and the Seller has not done anything that would cause such Receivable to be unenforceable under the CCA;

- (r) that other than the right to make partial early repayments as provided for in the CCA, there are no provisions in the Financing Contract related to such Receivable whereby the Obligor may reduce the amount of such Receivable payable by the Obligor below the level of the stated payments as at the date of commencement of such Financing Contract. However, at the discretion of the Servicer and in accordance with the Credit and Collection Policy, the Obligor may be given an option to reschedule repayments in a manner that increases or decreases the term of such Financing Contract and the consequential finance income; **provided, that** the total capital repayment shall not be impacted by any such measure;
- (s) that the Seller held the necessary permissions pursuant to the Financial Services and Markets Act 2000;
- (t) with respect to such Receivable, the Seller has complied with all Data Protection Laws with respect to such Receivable;
- (u) the terms of the Financing Contract require the Obligor to pay all insurance, repair/maintenance and taxes with respect to the related Vehicle;
- (v) the vehicle related to such Receivable has not been recorded in the systems of MBFS as a total loss for insurance purposes or has been recorded in the systems of MBFS as stolen;
- (w) the applicable details of the vehicle and the Financing Contract have been submitted for registration with HP Information Ltd;
- (x) any third party intermediary who has introduced a Financing Contract to the Seller held the necessary permissions pursuant to the Financial Services and Markets Act 2000;
- (y) the amount of such Receivable when aggregated with other Receivables arising under Financing Contracts with any one Obligor would not cause the total Receivables in respect of such single Obligor to exceed £750,000;
- (z) under UK tax law, no withholding tax will apply to any payments made to the Issuer in respect of such Receivable;
- (aa) such Receivable is not payable on a Financing Contract relating to a Commercial Vehicle if that underlying Financing Contract is a PCP Contract;
- (bb) such Receivable has been originated by the Seller pursuant to a Financing Contract entered into only on or after 1 February 2021; and
- (cc) neither the relevant Receivable nor any associated Ancillary Right is stock or a marketable security (as such terms are defined for the purposes of section 122 of the Stamp Act 1891), a chargeable security (as such term is defined for the purposes of section 99 of the Finance Act 1986) or a chargeable interest (as such term is defined for the purposes of each of section 48 of the Finance Act 2003, section 4 of the Land Transaction Tax and Anti-Avoidance of Devolved Taxes (Wales) Act 2017 and section 4 of the Land and Buildings Transaction Tax (Scotland) Act 2013).

If one or more Receivables did not fulfil the Eligibility Criteria on the Cut-Off Date, the Seller shall be obliged to repurchase such Receivable at the relevant Repurchase Price on the next Payment Date.

4. **SELLER RECEIVABLES WARRANTIES**

As of the Purchase Date, the Seller represents and warrants the following:

- (a) that all Receivables (together with their Ancillary Rights) comply with the Eligibility Criteria on the Cut-off Date, including that they are valid and enforceable and not subject to any right of revocation, set-off or counter-claim, warranty claims of the Obligors or any other right of objection due to their compliance with all relevant applicable consumer legislation in the United Kingdom. Any

misrepresentation of the Seller regarding the non-eligibility shall be remedied only in accordance with clause 13 (*Repurchase*) of the Receivables Purchase Agreement;

- (b) it has not altered the Receivables' legal existence or otherwise waived, altered or modified any provision in relation to any Receivable, in particular, it has not impaired the Receivables (and the Ancillary Rights relating thereto) by challenge, termination or any other means, unless made in accordance with the provisions of the Servicing Agreement;
- (c) all information given in respect of the Receivables (and their Ancillary Rights) is true and correct in all material aspects, a Financing Contract identifier therein allows each Purchased Receivable to be identifiable in the Seller's systems and the Financed Vehicle's identification number stated in each of the Financing Contracts or any information or document relating thereto, allows each Financed Vehicle relating to a Receivable to be separately identified;
- (d) the Seller, in its role as Servicer, will, on behalf of the Issuer, satisfy and provide loan-level data in such a manner available as required to comply with the Bank of England eligibility criteria and transparency criteria for asset backed securities (as set out in the Detailed Information Transparency for Asset-Backed Securities for Auto-loan ABS of 17 December 2012 as amended and applicable from time to time);
- (e) the Purchased Receivables (i) comply with Article 1 of Commission Delegated Regulation (EU) 2019/1851 of 28 May 2019 (as amended by Commission Delegated Regulation (EU) 2024/584 of 7 November 2023) supplementing Regulation (EU) 2017/2402 of the European Parliament and of the Council with regard to regulatory technical standards on the homogeneity of the underlying exposures in securitisation (the "**Homogeneity RTS**") and (ii) with particular reference to paragraph (d) of Article 1 of the Homogeneity RTS, are homogeneous with reference to the homogeneity factor available for auto loans under Article 2(4)(b) of the Homogeneity RTS as all the Obligor have residence in the United Kingdom;
- (f) for the purposes of Article 20(8) of the UK Securitisation Regulation and Articles 1(a) to (d) of the Commission Delegated Regulation (EU) 2019/1851 ("**HRTS**") as it forms part of domestic law of the United Kingdom by virtue of the EUWA and as amended by the Technical Standards (Securitisation Regulation) (EU Exit) Instrument (No 2) 2020 (FCA 2020/54) (the "**UK HRTS**") the Purchased Receivables (i) comply with Article 1 of the UK HRTS and (ii) with particular reference to paragraph (d) of Article 1 of the UK HRTS, are homogeneous with reference to the homogeneity factor available for auto loans under Article 2(4)(b) of the UK HRTS as all the Obligor have residence in the United Kingdom;
- (g) prior to the Issue Date, a representative sample of the Purchased Receivables has been submitted to the external verification of an appropriate and independent party which (i) had the experience and the capability to carry out the verification and (ii) was not a credit rating agency, a third party verifying compliance with the UK STS Criteria, or an affiliate of the Originator. Such external verification included the verification of the compliance of the Purchased Receivables with certain verifiable Eligibility Criteria and the verification, by performing agreed upon procedures, that the data disclosed in respect of the Purchased Receivables are accurate;
- (h) to make available on an ongoing basis to the Noteholders – via the UK SR Website (or if applicable, the UK SR Repository) and the EU SR Repository – and, upon request, to any potential investor in the Notes, an accurate model representing precisely the contractual relationship between the Purchased Receivables and the payments flowing between the Originator, the Noteholders, the Issuer and any other party to the Transaction UK 2024-1 which shall contain an amount of information sufficient to allow such potential investor to price the Notes;
- (i) the information provided by the Originator (or the Servicer on its behalf) in accordance with Article 7(1)(a) and (e) of the UK Securitisation Regulation explicitly sets out the proportion of restructured underlying exposures, the time and details of the restructuring as well as their performance since the date of the restructuring;
- (j) where available to the originator, to include the environmental performance of the Financed Vehicles in the Monthly Report; and
- (k) the Seller, in its role as Servicer, will, on behalf of the Originator, satisfy and provide the Loan Level Data to the UK SR Website (or if applicable, the UK SR Repository) and the EU SR Repository.

If one or more Receivables (together with their Ancillary Rights) did not fulfil the Seller Receivables Warranties on the Purchase Date, the Seller shall be obliged to repurchase such Purchased Receivable at the relevant Repurchase Price on the next Payment Date.

5. **SELLER STS WARRANTIES**

As of the Purchase Date, the Seller represents and warrants the following:

- (a) it has assessed the Obligors' creditworthiness in accordance with the requirements set out in the provisions of article 8 of Directive 2008/48/EC;
- (b) none of the Purchased Receivables was as at the Cut-off Date an exposure in default within the meaning of Article 178(1) of Regulation (EU) No 575/2013 or an exposure to a credit-impaired debtor or guarantor, who, to the best of the Originator's knowledge:
 - (i) has been declared insolvent or had a court grant his creditors a final non-appealable right of enforcement or material damages as a result of a missed payment within three years prior to the date of origination or has undergone a debt- restructuring process with regard to his non-performing exposures within three years prior to the Purchase Date, except if:
 - (A) a restructured underlying exposure has not presented new arrears since the date of the restructuring, which must have taken place at least one year prior to the Issue Date; and
 - (B) the information provided by the Originator, the Arranger and the Issuer in accordance with points (a) and (e)(i) of the first subparagraph of Article 7(1) of the UK Securitisation Regulation and the EU Securitisation Regulation explicitly sets out the proportion of restructured underlying exposures, the time and details of the restructuring as well as their performance since the date of the restructuring.
 - (ii) was, at the time of origination, where applicable, on a public credit registry of persons with adverse credit history or another credit registry that is available to the Originator; or
 - (iii) has a credit assessment or a credit score indicating that the risk of contractually agreed payments not being made is significantly higher than for comparable exposures held by the Originator which are not securitised; and
- (c) the Portfolio does not include derivatives.

6. **NOTIFICATION OF ASSIGNMENT TO OBLIGORS**

The Obligors will only be notified by the Seller in respect of the assignment of the Purchased Receivables upon request by the Issuer following the occurrence of an Obligor Notification Event.

Should the Seller fail to notify the Obligors within 3 (three) Business Days of an Obligor Notification Event, the Issuer (or an agent appointed on its behalf and subject to data protection laws) shall promptly give notice in its own name (and/or on behalf of the Seller pursuant to the MBFS Power of Attorney) of the sale, assignment and assignation of all or any of the Purchased Receivables by delivering an Obligor Notification Event Notice within five (5) Business Days of an Obligor Notification Event. Furthermore, at any time after the occurrence of an Obligor Notification Event, each of the Issuer and the Security Trustee may:

- (a) direct (and/or require the Seller to direct) all or any of the Obligors to pay amounts outstanding in respect of Purchased Receivables directly to the Issuer, the Operating Account or any other account which is specified by the Issuer or the Security Trustee; and/or
- (b) take such other action and enter into such documents as it reasonably considers to be necessary, appropriate or desirable in order to recover any amount outstanding in respect of Purchased Receivables or to perfect, improve, protect, preserve or enforce their rights against the Obligors in respect of Purchased Receivables (including, without limitation, entering into supplemental transfer documents).

The Purchased Receivables acquired and transferred by assignment or held in trust under the Receivables Purchase Agreement have characteristics that demonstrate capacity to produce funds to service payments due and payable on the Notes, however, MBFS does not warrant the solvency (credit standing) of the relevant Obligors.

Historical performance data

The historical performance data set out hereafter relate to the portfolio of auto Receivables granted by the Seller to private, commercial and corporate borrowers, with and without a final balloon instalment, relating to used or new vehicles. Financing Contracts with employees have been excluded from the historical performance data.

In each of the tables below, "Q1" refers to the period from 1 January to 31 March, "Q2" refers to the period from 1 April to 30 June, "Q3" refers to the period from 1 July to 30 September and "Q4" refers to the period from 1 October to 31 December.

The tables below were prepared on the basis of the internal records of the Seller.

There can be no assurance that the future experience and performance of the Purchased Receivables will be similar to the historical performance set out in the tables below.

Gross default rates

For a generation of originated Receivables (being all Receivables originated during the same quarter), the cumulative gross default rate in respect of a month is calculated as the ratio of:

- i. the cumulative defaulted amount recorded between the quarter when such Receivables were originated and the relevant month, to
- ii. the initial outstanding amount of such Receivables.

Recovery rates

For a generation of defaulted Receivables (being all loans defaulted during the same quarter), the cumulative recovery rate in respect of a month is calculated as the ratio of:

- i. the cumulative recovered amounts recorded between the quarter when such Receivables were defaulted and the relevant month, to
- ii. the gross defaulted amount of such Receivables.

Prepayments

For a given month, the annual prepayment rate (APR) is calculated from the monthly prepayment rate (MPR) according to the following formula: $APR = 1 - (1 - MPR)^{12}$.

The monthly prepayment rate (MPR) is calculated as the ratio of:

- i. the outstanding principal balance of all Receivables prepaid during the month, to
- ii. the outstanding principal balance of all Receivables (defaulted Receivables excluded) at the end of the previous month.

Inferential statement of the Issuer

The Issuer states herewith that the securitised assets backing the issue have characteristics that demonstrate capacity to produce funds to service any payments due and payable on the Notes. However, this is not a guarantee given by the Issuer and the Issuer as a special purpose entity has only limited resources available as described under the "*RISK FACTORS – Risks relating to the Issuer*".

EXPECTED MATURITY AND AVERAGE LIFE OF NOTES AND ASSUMPTIONS

The weighted average life of the Class A Notes refers to the average amount of time that will elapse from the Issue Date of the Class A Notes to the date of distribution of amounts of principal to the Class A Noteholders.

The weighted average life of the Class A Notes will be influenced by, amongst other things, the rate at which the Purchased Receivables are repaid or reduced, which may be in the form of scheduled amortisation, prepayments or defaults. The weighted average life of the Class A Notes may also be influenced by factors like arrears.

The following table is prepared on the basis of certain assumptions, as described below:

- (i) the Class A Notes are issued on the Issue Date of 26 April 2024;
- (ii) the first Payment Date will be on 21 May 2024 and thereafter each following Payment Date will be on the 20th calendar day of each month;
- (iii) the relative scheduled amortisation profile of the Purchased Receivables as of the Cut-Off Date;
- (iv) the Purchased Receivables are subject to a constant annual rate of principal prepayments as set out in the below table;
- (v) the Purchased Receivables are fully performing and do not show any delinquencies or defaults;
- (vi) the Purchased Receivables are not subject to loan restructuring;
- (vii) no Purchased Receivables are repurchased by the Seller from the Issuer in any situation other than under (viii);
- (viii) the Seller will exercise its right to exercise the Clean-Up Call at the earliest Payment Date possible;
- (ix) the initial amount of each Class of Notes is equal to the Aggregate Outstanding Note Principal Amount as set forth on the front cover of this Prospectus; and
- (x) no delinquencies, defaults or voluntary terminations arise on the Purchased Receivables.

The approximate weighted average lives and principal payment windows of the Class A Notes, at various assumed rates of prepayment of the Purchased Receivables, would be as follows (with "CPR" being the constant prepayment rate):

The following table is prepared on the basis of certain assumptions, as described below:

- (i) the Class A Notes are issued on the Issue Date of 26 April 2024;
- (ii) the first Payment Date will be on 21 May 2024 and thereafter each following Payment Date will be on the 20th calendar day of each month;
- (iii) the relative scheduled amortisation profile of the Purchased Receivables as of the Cut-Off Date;
- (iv) the Purchased Receivables are subject to a constant annual rate of principal prepayments as set out in the below table;
- (v) the Purchased Receivables are fully performing and do not show any delinquencies or defaults;
- (vi) the Purchased Receivables are not subject to loan restructuring;
- (vii) no Purchased Receivables are repurchased by the Seller from the Issuer in any situation other than under (viii);
- (viii) the Seller will exercise its right to exercise the Clean-Up Call at the earliest Payment Date possible;
- (ix) the initial amount of each Class of Notes is equal to the Aggregate Outstanding Note Principal Amount as set forth on the front cover of the Offering Circular; and

(x) no delinquencies, defaults or voluntary terminations arise on the Purchased Receivables.

The approximate weighted average lives and principal payment windows of the Class A Notes, at various assumed rates of prepayment of the Purchased Receivables, would be as follows (with "CPR" being the constant prepayment rate).

Class A Notes			
CPR in %	"WAL (in Years)"	First Principal Payment	Expected Maturity
0.0%	1.70	May-24	May-27
5.0%	1.54	May-24	Apr-27
10.0%	1.40	May-24	Feb-27
14.0%	1.29	May-24	Dec-26
18.0%	1.19	May-24	Oct-26
22.0%	1.09	May-24	Sep-26

The exact average life of the Class A Notes cannot be predicted as the actual rate at which the Purchased Receivables will be repaid and a number of other relevant factors are unknown.

The average lives of the Class A Notes are subject to factors largely outside the control of the Issuer and consequently no assurance can be given that the assumptions and the estimates above will prove in any way to be realistic and they must, therefore, be viewed with considerable caution.

Furthermore, it should also be noted that the calculation of the approximate average lives of the Class A Notes as made herein and as made by the provider of the cash flow model which the Issuer prepared pursuant to Article 22(3) of the UK Securitisation Regulation might deviate from each other due to different calculation methods used herein (for the purpose of calculating the weighted average life of the Class A Notes) and the provider of the cash flow model prepared pursuant to Article 22(3) of the UK Securitisation Regulation.

Assumed Amortisation of the Notes

This amortisation scenario is based on the assumptions listed above under Weighted Average Life of the Notes and is assuming a CPR of 14%. It should be noted that the actual amortisation of the Class A Notes may differ substantially from the amortisation scenario indicated below:

The amortisation profile is based on the assumptions shown in the WAL Table tab assuming a CPR of 14%. It should be noted that the actual amortisation of the Notes may differ from the amortisation profiles shown below.

THE ISSUER

1. GENERAL

Silver Arrow S.A., a company with limited liability (*société anonyme*), was incorporated as a special purpose company for the purpose of issuing asset backed securities under the laws of Luxembourg on 21 October 2005, for an unlimited period and with registered office at 6, rue Eugène Ruppert, L-2453 Luxembourg (telephone: + 352 26 449 1). Please note that, effective as 30 April 2024, the registered office will be changed to 28 Boulevard F.W. Raiffeisen, L-2411 Luxembourg. The Company is registered with the Luxembourg Commercial Register under registration number B 111345 on 27 October 2005.

The Company has elected in its articles of incorporation to be governed by the Luxembourg Securitisation Law.

The legal entity identifier (LEI) of the Company is 529900IEOK33A1LGEM65.

2. CORPORATE PURPOSE OF THE ISSUER

The Company shall have as its business purpose the securitisation (within the meaning of the Luxembourg Securitisation Law which shall apply to the Company) of receivables (the "**Permitted Assets**"). The Company shall not actively source Permitted Assets but shall only securitise those Permitted Assets that are proposed to it by one or several originators. The Company may enter into any agreement and perform any action necessary or useful for the purposes of securitising Permitted Assets, provided it is consistent with (1) the Luxembourg Securitisation Law and (2) paragraph 35 of the Statement of Financial Accounting Standards No. 140 issued by the Financial Accounting Standards Board.

3. COMPARTMENTS

The board of directors of the Company may create one or more Compartments within the Company. Each Compartment shall, in respect of the corresponding funding, correspond to a distinct part of the assets and liabilities of the Company. The resolution of the board of directors creating one or more Compartments within the Company as well as any subsequent amendments thereto, shall be binding as of the date of such resolution against any third party.

As between the Noteholders of the Company, each Compartment of the Company shall be treated as a separate entity. Rights of creditors and investors of the Company that (i) have been designed as relating to a Compartment or (ii) have arisen in connection with the creation, the operation or the liquidation of a Compartment are strictly limited to the assets of that Compartment and such assets shall be exclusively available to satisfy such creditors and investors. Creditors and investors of the Company whose rights are designated as relating to a specific Compartment of the Company shall (subject to mandatory law) have no rights to the assets of any other Compartment.

Unless otherwise provided for in the resolution of the board of directors of the Company creating such Compartment, no resolution of the board of directors of the Company may be taken to amend the resolution creating such Compartment or take any other decision directly affecting the rights of the shareholders or creditors whose rights relate to such Compartment without the prior approval of the shareholders and creditors whose rights relate to such Compartment. Any decision of the board of directors taken in breach of this provision shall be void.

The liabilities and obligations of the Issuer incurred or arising in connection with the Notes and the other Transaction SA UK 2024-1 Documents and all matters connected therewith will only be satisfied or discharged against the assets of Compartment Silver Arrow UK 2024-1. At the Issue Date, Compartment Silver Arrow UK 2024-1 and all other Compartments established prior to the establishment of Compartment Silver Arrow UK 2024-1 will comprise all of the assets of the Company. The liabilities and obligations of the Company to the Corporate Services Provider in respect of the Corporate Services Agreement which have not arisen in connection with the creation, the operation or the liquidation of a specific compartment would be capable of being satisfied or discharged against the assets of all the Compartments of the Company, if they cannot be funded otherwise and have been proportionated *pro rata* among the compartments of the Company upon the decision of the Board. The assets of Compartment Silver Arrow UK 2024-1 will be exclusively available to satisfy the rights of the Noteholders and the other creditors of the Issuer in respect of the Notes, the other Transaction SA UK 2024-1 Documents and all matters connected therewith, as provided therein, and (subject to mandatory law) no other creditors of the

Company will have any recourse against the assets of Compartment Silver Arrow UK 2024-1 of the Issuer.

4. **BUSINESS ACTIVITY**

The Company has not previously carried on any business or activities other than those incidental to its incorporation, other than in respect of its Compartments established prior to the Issue Date and other than entering into certain transactions prior to the Issue Date with respect to the securitisation transaction contemplated herein.

In respect of Compartment Silver Arrow UK 2024-1, the Issuer's principal activities will be the issue of the Notes, the granting of the Security, the entering into the Subordinated Loan Agreement, the entering into the Swap Agreement and the entering into all other Transaction SA UK 2024-1 Documents to which it is a party and the opening of the Issuer Transaction Accounts and the exercise of related rights and powers and other activities reasonably incidental thereto.

In respect of Compartments other than Compartment Silver Arrow UK 2024-1, the principal activities of the Company will be the operation as a multi-issuance securitisation conduit for the purposes of, on an on-going basis, purchasing assets, directly or via intermediary purchasing entities, from several selling entities, or assuming the credit risk in respect of assets in any other way, and funding such purchases or risk assumptions in particular in the asset-backed markets. Each such securitisation transaction can be structured as a singular or as a purchase of assets (or other assumption of credit risk) and shall be separate from all other securitisations entered into by the Company. To that end, each securitisation carried out by the Company shall be allocated to a separate Compartment.

5. **CORPORATE ADMINISTRATION AND MANAGEMENT**

The current Directors of the Company, as appointed under each of the relevant shareholder's resolutions, are as follows:

Director	Business address	Principal activities outside the Issuer
Mr Claudio Chirco, born on 21 January 1984, appointed in shareholders' resolutions dated 5 May 2020 (with effect from 5 May 2020)	6, rue Eugène Ruppert, L-2453 Luxembourg	Professional in providing corporate services
Mr. Michele Barbieri, born on 5 July 1983, appointed in shareholders' resolutions dated 11 August 2022 (with effect from 12 August 2022)	6, rue Eugène Ruppert, L-2453 Luxembourg	Professional in providing corporate services
Mr Luigi Maula, born on 10 June 1982, appointed in shareholders' resolutions dated 4 September 2018 (with effect from 14 August 2018)	6, rue Eugène Ruppert, L-2453 Luxembourg	Professional in providing corporate services

Each of the Directors confirms that there is no conflict of interest between his duties as a Director of the Company and his principal and/or other activities outside the Company.

6. **CAPITAL AND SHARES, SHAREHOLDERS**

The subscribed capital of the Company is set at EUR 31,000 divided into 3,100 shares fully paid up, registered shares with a par value of EUR 10 each.

The shareholders of the Company are the Stichting Bertdan and Stichting Cannelle, Dutch foundations (*stichtingen*) established under the laws of The Netherlands whose statutory seats are in Amsterdam and whose registered offices are at Basisweg 10, 1043AP Amsterdam, The Netherlands.

7. **CAPITALISATION**

The current share capital of the Company as at the date of this Prospectus is as follows:

Share Capital

Authorised, issued and fully paid up: EUR 31,000

8. **INDEBTEDNESS**

Silver Arrow S.A., acting in respect of its Compartment Silver Arrow UK 2024-1, has no material indebtedness, contingent liabilities and/or guarantees as at the date of the Prospectus, other than that which it has incurred or shall incur in relation to its Compartments and the transactions including the ones contemplated in this Prospectus.

9. **HOLDING STRUCTURE**

(a) Stichting Bertdan, prenamed.....	1,550 shares
(b) Stichting Cannelle, prenamed.....	1,550 shares
Total	<u>3,100 shares</u>

10. **SUBSIDIARIES**

The Company has no subsidiaries or Affiliates.

11. **NAME OF SILVER ARROW'S FINANCIAL AUDITORS**

KPMG Luxembourg, Société coopérative de droit luxembourgeois

39, Avenue John F. Kennedy

L-1855 Luxembourg

KPMG Luxembourg, *Société coopérative de droit luxembourgeois*, is a member of the Institut des Réviseurs d' Entreprises.

12. **MAIN PROCESS FOR DIRECTOR'S MEETINGS AND DECISIONS**

The Company is managed by a board of directors comprising at least three (3) members, whether shareholders or not, who are appointed for a period not exceeding six years by the general meeting of shareholders which may at any time remove them.

The number of directors, their term and their remuneration are fixed by the general meeting of the shareholders.

The office of a director shall be vacated if:

- He resigns his office by notice to the Company, or
- He ceases by virtue of any provision of the law or he becomes prohibited or disqualified by law from being a director, or
- He becomes bankrupt or makes any arrangement or composition with his creditors generally, or

- He is removed from office by resolution of the shareholders.

The board of directors may elect from among its members a chairman.

The board of directors convenes upon call by the chairman, as often as the interest of the Company so requires. It must be convened each time two directors so request.

Directors may participate in a meeting of the board of directors by means of conference telephone or similar communications equipment by means of which all persons participating in the meeting can hear and speak to each other, and such participation in a meeting will constitute presence in person at the meeting, **provided that** all actions approved by the Directors at any such meeting will be reproduced in writing in the form of resolutions.

Resolutions signed by all members of the board of directors will be as valid and effectual as if passed at a meeting duly convened and held. Such signatures may appear on a single document or multiple copies of an identical resolution and may be evidenced by letter, fax, email or similar communication.

The board of directors is vested with the powers to perform all acts of administration and disposition in compliance with the corporate objects of the Company.

The board of directors can create one or several separate compartments, in accordance with article 5 of the articles of incorporation of the Company.

The Company will be bound in any circumstances by the joint signatures of two members of the board of directors unless special decisions have been reached concerning the authorized signature in case of delegation of powers or proxies given by the board of directors pursuant to article 11 of the articles of incorporation of the Company.

The board of directors may delegate its powers to conduct the daily management of the Company to one or more directors, who will be called managing directors.

It may also commit the management of all the affairs of the Company or of a special branch to one or more directors, and give special powers for determined matters to one or more proxy holders, selected from its own members or not, whether shareholders or not.

13. **FINANCIAL STATEMENTS**

Audited financial statements will be published by the Company on an annual basis. The Company only publishes non-consolidated financial statements.

The business year of the Company extends from 1 January to 31 December of each calendar year. The first business year began on 21 October 2005 and ended on 31 December 2005. KPMG Luxembourg, *Société coopérative de droit luxembourgeois*, as the auditor of the Company, audited the annual accounts of the Company displayed hereunder for the periods from 1 January 2020 to 31 December 2020, from 1 January 2021 to 31 December 2021 and from 1 January 2022 to 31 December 2022.

In the opinion of KPMG Luxembourg, *Société coopérative de droit luxembourgeois*, the below annual accounts gave, in conformity with Luxembourg legal and regulatory requirements, a true and fair report of the financial position of the Company as at 31 December 2020, 31 December 2021 and 31 December 2022 and of the result of its operations from 1 January 2020 to 31 December 2020, from 1 January 2021 to 31 December 2021 and from 1 January 2022 to 31 December 2022.

The financial statements of the Issuer for the fiscal years ended on 31 December 2021 and 31 December 2022 are incorporated by reference into this Prospectus. See "*DOCUMENTS INCORPORATED BY REFERENCE*".

14. **INSPECTION OF DOCUMENTS**

For the life of the Notes, the following documents (or copies thereof):

- (a) the articles of incorporation of the Company;

- (b) the resolution of the board of directors of the Company (acting in respect of its Compartment Silver Arrow UK 2024-1) approving the issue of the Notes;
- (c) the Prospectus and all the Transaction SA UK 2024-1 Documents referred in this Prospectus; and
- (d) the historical financial information (if any) of the Company;

may be inspected at the Issuer's office at 6, rue Eugène Ruppert, L-2453 Luxembourg.

The Notes will be obligations of the Issuer acting in respect of its Compartment Silver Arrow UK 2024-1 only and will not be guaranteed by, or be the responsibility of MBFS, Mercedes-Benz Group AG or any other person or entity. It should be noted, in particular, that the Notes will not be obligations of, and will not be guaranteed by the Seller, the Servicer (if different), the Note Trustee, the Security Trustee, the Arranger, the Joint Lead Managers, the Managers or any of their respective Affiliates, the Subordinated Lender, the Account Bank, the Custodian, the Interest Determination Agent, the Paying Agent, the Data Trustee, the Swap Counterparty, the Calculation Agent, the Corporate Services Provider or the Stichting Bertdan and the Stichting Cannelle.

BUSINESS AND ORGANISATION OF MBFS

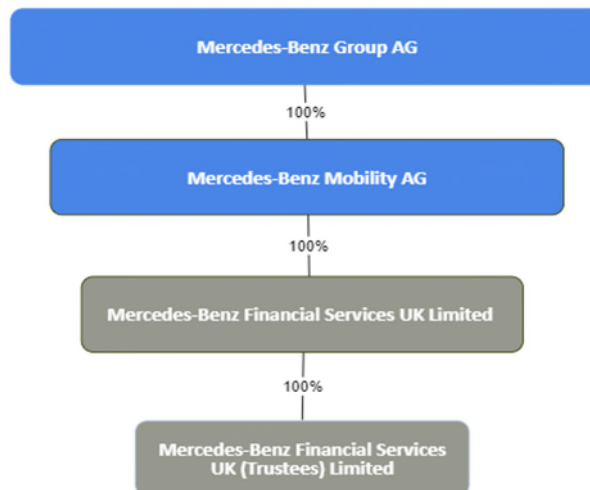

Description of MBFS

MBFS is a finance company incorporated in England and Wales under company number 02472364, authorised and regulated by the Financial Conduct Authority. MBFS is part of Mercedes-Benz Group AG, the ultimate parent organisation responsible for all Mercedes-Benz products and services worldwide (see corporate structure chart below). MBFS has been supporting Mercedes-Benz UK Group sales in the United Kingdom for over 25 years. Since August 2022 the Mercedes-Benz brands in the United Kingdom encompass Mercedes-Benz (cars and vans) (The Mercedes-Benz Truck division separated officially as of August 2022 forming a new independent company "Daimler Truck Financial Services UK" & the smart Brand is now a joint venture with Chinese multinational Geee and is run as a separate organisation).

Sales partners for automotive financial services are the Mercedes-Benz automobile dealerships.

MBFS has originated and serviced auto-loans for more than seven years. The Servicer has expertise in servicing – and has well-documented and adequate policies, procedures and risk-management controls relating to the servicing of – the securitised portfolio and the wider MBFS portfolio.

Current Corporate Structure of Mercedes-Benz UK Group

Financing Products

MBFS offers two types of products to retail customers:

Contract Purchase ("PCP"): MBFS's primary retail product is marketed as 'Agility'. Agility is a flexible method of financing a vehicle over a fixed term. At the end of the contract term, the customer has the option to:

- return the vehicle;
- offer the vehicle as a Part Exchange for a different car and the dealer will pay the balloon to take ownership;
- refinance the balloon by a follow-up finance contract and keep the vehicle; or
- purchase the vehicle by paying the optional final payment.

The purchase decision can be deferred until the end of the contract enabling the customer to make a decision based on their circumstances at the time. The optional final payment is equal to a 'guaranteed future value' ("**GFV**") agreed when the contract was signed. In effect, this transfers the risk of greater than anticipated depreciation in the value of the vehicle, over the term of the contract, from the customer to MBFS. The GFV is established with reference to the vehicle specification (model and equipment), the term and mileage.

Payments are calculated on the amount financed after the deposit has been paid. A flexible deposit requirement and contract term enable the customer to tailor the finance to their individual needs.

PCP arrangements are currently regarded as the norm for funding new cars in the UK.

Hire Purchase: is a traditional method of financing a vehicle where the customer pays a deposit, and pays for the use of a vehicle over an agreed period and for agreed regular payments. The customer can gain ownership (title) of the vehicle by paying certain administrative fees at the end of the contract. With Hire Purchase, payments are calculated on the amount financed after the deposit has been paid.

MBFS also offers a variety of leasing arrangements where ownership of the vehicle is not an option available to the customer, and an unsecured product used only for Group and partner staff car schemes.

Points of Sale

Retail business (as opposed to direct sales via Fleet or Corporate arrangements) is introduced to MBFS via the Retailer/Dealer Network.

Mercedes Benz Cars are represented in the United Kingdom by 19 separate Groups, who in turn operate 31 defined areas of influence (Market Areas) throughout the UK. The franchisees (also referred to as 'partners') are owned by large automotive retailer groups active in the UK and include the listed PLC's in the sector.

The network is long established and stable. Periodic checks are made to ensure that the relevant licences and permissions are held by the legal entities from whom MBFS accepts business. Close working relationships over a long period enables Mercedes-Benz to understand and influence the partners to align with the brand values to ensure the best customer experience possible.

The van (LCV) customer segment is seen as materially different to passenger cars and is therefore supported by a separate commercial vehicle network. There are 20 main partners selling commercial vehicles for the brand whilst also introducing MBFS finance. The commercial vehicle network is also established and stable.

The Point of Sale Systems

The historic electronic point of sale system ("ePOS") is now in sun-down and is being replaced by the OneFinance system, provided to all retail partners and enables the input of customer and vehicle data in order for MBFS to provide finance quotations, credit approval, contract document printing and activation of finance agreements, as appropriate.

Customers can also self-serve their credit application to MBFS via the Car and Van Online Showroom web sites, and via national vehicle sales sites with which the Mercedes-Benz Brands have partnered, such as Autotrader and CarWow.

Interaction with the showroom network is still required today to arrange delivery and to manage part-exchange negotiations, but we are moving towards the ability to transact direct sales for some selected vehicles in the near future.

All MBFS finance offers and campaigns are automatically loaded into the PoS systems and Brand and partner web tools to ensure a consistent and complete finance offering is available to all customers through whichever channel they choose to start their Mercedes-Benz journey.

Credit and Collection Policy

The following provides an overview of the credit origination and collections processes.

Credit Underwriting Process

All credit applications are submitted electronically via the dealer application management system, or directly from the customer via the Mercedes-Benz UK website and include the applicant's personal details to allow MBFS to assess the creditworthiness and affordability of the advance being requested. The personal details requested include full name, address, date of birth, contract telephone numbers, email address, employment history, income and bank details. Should the application be for a business entity, the data capture will include Company Registration Number and industry.

Once an application has been received a check is made against the portfolio to ascertain if there is already a relationship with the applicant. If not a unique customer number is assigned. A customer can have more than one contract, but only one customer number. This enables MBFS to track total exposure and manage customer contracts in a consistent manner.

Once a customer number has been assigned the loan to value ratio ("LTV") is calculated and a credit agency search completed. The LTV ratio seeks to ensure that a customer's equity position is realistic and does not expose either the customer or MBFS to an elevated level of risk.

Fraud and AML

MBFS use a number of fraud prevention agencies including CIFAS, the UK's leading fraud prevention service, and National Hunter a fraud detection product provided by Experian Information Solutions, Inc ("Experian").

All finance applications are screened against a fraud detection database and various other data sets (including mortality data and law enforcement intelligence). Applications are also automatically screened against global Politically Exposed Persons lists and International Sanctions lists from Dow Jones, the breadth of this screening includes use of Sanctions lists stipulated by Mercedes-Benz AG Policy. Ongoing screening is carried out on a quarterly basis.

MBFS also work with the National Vehicle Crime Intelligence Service ("NaVCIS").

NaVCIS is a FLA funded unit within UK Law Enforcement dedicated to tackling vehicle finance fraud and vehicle enabled crime. NaVCIS have successfully disrupted numerous criminal groups and have prevented vehicles being exported from the UK.

Scoring Process

Each application is scored using a proprietary scorecard developed in-house in co-operation with a third-party expert. The score represents the risk of default considering the applicant's creditworthiness and affordability. The scoring system operates within various predetermined business rules. These business rules are used to refer applications that do not pass the rule to an underwriter regardless of score. Applicants determined by the scoring system to represent an acceptable level of risk will be automatically approved.

All applications that fall below the scorecards minimum acceptable credit risk score are automatically rejected and the remainder are referred to an underwriter for review. Those that are also identified as having affordability related concerns are automatically passed through an Open Banking solution to request and gather more information relating to the customers income and expenditure before the application is referred to an underwriter.

Each underwriter has an individual credit authority limit ("CAL"), depending on experience. These CALs range from £nil to £250k. All lending decisions above an individual CAL must be countersigned by an underwriter or manager with the appropriate credit authority limit. The underwriter will review the application and may make supplementary agency searches in order to establish a customer's creditworthiness and affordability. The underwriter will evaluate the customer's current and previous credit commitments in order to determine the nature of any supplemental research.

The underwriter may ask the applicant to confirm their capacity to pay by providing proof of income and bank statements to assess their expenditure. This will often take the form of an Open Banking request, if not already obtained automatically, whereby the applicant agrees to a one-time access to their bank data via a credit bureau. This provides a standardised report with details and analysis on income and expenditure, regular cash movements and affordability metrics. Alternatively, the applicant may provide physical copies of bank statements and payslips.

The underwriter will assess the customer's income against expenditure and make a lending decision.

Activation Process

Contracts are signed via an electronic "Click-to-Sign" process. The dealer initiates the process and the customer may sign the document either at a dealer location or off-site. If they elect to sign off site they receive a personalised URL to commence the process which is sent to them via email.

The customer authenticates themselves digitally biometric check that confirm the validity of the ID document used and real-time facial recognition. When they pass the authentication process they access the SECCI, Pre-Contract Information, the contract together with the Direct Debit Mandate.

When signed, the document is transmitted to MBFS with a digital audit trail of the customer processing together with the IP address details. This provides a digital and secure record of the signing ceremony to protect the customer and MBFS. The secure file is digitally sealed and can be retrieved later to support MBFS' case in the event of any claim from a customer that the agreement was not entered into correctly.

Rating Process

The rating applies to all applicants with a gross, aggregated exposure higher than £750k. The evaluation and documentation of the creditworthiness of corporate customers is completed within a global Mercedes-Benz tool for corporate lending. Ratings as well as applicant financial statements are stored in that tool. The financial statements are recorded in a locally defined chart of accounts.

To assign a rating to a customer, qualitative and quantitative data will be analysed. The Corporate Rating Model consists of four mandatory sections and further optional sections to be completed where appropriate. A weight is assigned to each section, reflecting the effect on the borrower's risk to default on its financial commitments.

Servicing and Collection Procedures

Customers have a number of options of how to interact with MBFS once a contract has been activated. A web-based portal is available that enables customers to calculate settlement figures, change their payment date, bank details and personal contact details. In addition, the usual options of telephone, letter and email are supported by a Customer Contact Centre.

Credit Risk Management

All contracts are initiated with automated regular payments via Direct Debit. The Collections team addresses loans where the regular payment schedule has broken down. This may be for a variety of reasons from simple administrative problems to cases of genuine financial difficulty. These cases are flagged to the Collections team via the collections management system.

There are a number of stages when a missed payment is experienced. The first stage is an automated second attempt to collect payment via Direct Debit. If this is unsuccessful a contact strategy is initiated to understand the issue. These contacts consist of letter, SMS and telephone. This early Collections activity (up to the point of contract termination) is conducted via a Shared Service Centre located in Mercedes-Benz Bank in Berlin, Germany. The Shared Service Centre is an Approved Representative of MBFS authorised by the FCA.

Forbearance

Where the customer is experiencing financial difficulty, the Collections team has a variety of options and obligations as outlined below.

It remains an FCA requirement of MBFS to offer timely, suitable and sustainable forbearance solutions to customers who are experiencing financial difficulty under CONC 7.3 of the FCA Handbook. Additionally, this is further specified, specifically for vulnerable customers experiencing health, life event, resilience or capability drivers of vulnerability and the bespoke treatment we should applied in the FCA Finalised Guidance FG21/1.

MBFS has created and installed a forbearance assessment process within the collections team, whereby any customer experiencing financial difficulty (due to one of these drivers) can be assessed for a bespoke forbearance solution. To assess eligibility for forbearance, MBFS first considers the root cause of the customer's financial difficulty and how it impacts their ability to pay current and future bills, including both priority bills and any existing arrears. MBFS then conducts a thorough assessment of the customer's circumstances through a phone call or web portal questionnaire. This covers various topics including the customer's employment status, dependants, and whether they use the vehicle for their main source of income. Following this, the customer provides financial details either manually or through our open banking solution, which automatically retrieves six months of transaction data for assessment by the collection agent.

After confirming they have all necessary information, the agent reviews available FCA-defined forbearance options:

- Interest Freeze at current rate.
- Breathing Space.
- Arrangement to pay £0.00.
- Arrangement to pay less than current monthly instalment but more than £0.00.
- Arrangement to pay current monthly instalment only.
- Arrangement to pay current monthly instalment + X amount.
- Combination of arrangement to pay and interest rate charge.
- Write Off.
- Assisted/voluntary sale.
- Voluntary Termination.
- Replacement Vehicle with lower payments.
- Re-spread payments during policy period.

Notice of Default

Where little or no progress is being made towards resolving the situation via the forbearance process, MBFS will seek to escalate activity according to a reasonable timeline. Customers who fall more than two instalments in arrears will be issued with a formal Notice of Default.

If MBFS is having difficulties contacting customers a third party may be used to make contact. Contact includes both telephone and home visits. Following expiry of a Notice of Default and in the absence of any customer contact, the contract will normally be terminated. At this point the contract management is transferred back to a specialist team in the UK and the contract will then be assigned to a third party for recovery.

MBFS uses external agents to help trace customers that cannot be contacted or to recover vehicles on its behalf. The relationships are monitored on a daily basis, to ensure accounts are worked and are actioned in-line with MBFS policies and values. These agents are themselves authorised by the FCA.

After the contract is terminated and the asset is recovered, MBFS' remarketing team sells the vehicle at an auction where the highest price can be obtained. The sales proceeds are applied to the customer's account. If there is a shortfall, MBFS may pursue the customer through in-house legal activity or, if necessary, an external law firm.

Repossession and sale of vehicles

In cases where customers find it impossible to continue paying the monthly rentals, they may opt for a voluntary surrender of the vehicle. This involves settling any overdue amounts or agreeing on a settlement plan, after which the car is returned to MBFS to terminate the contract.

If the customer refuses to pay outstanding arrears or to surrender the vehicle, MBFS will take action to recover its asset. Once the asset has been recovered, it is sold via an appropriate remarketing channel and the sale proceeds are applied to the account. Any shortfall between the sale price and the contract balance is then pursued. Initially, this is done by MBFS' in-house litigation team, and if unsuccessful, the debt is forwarded to a lawyer for further action.

A Receivable will become charged-off when the vehicle has been sold or written-off and the value of the associated Receivable (excluding the vehicle) has been written-down to zero.

MBUK Purchase

MBFS has entered into a purchase arrangement with MBUK (Cars) and a further purchase agreement with MBUK (Vans) under which MBUK (Cars) or MBUK (Vans) (as applicable) has agreed to purchase Vehicles relating to Financing Contracts which are Redelivery PCP Contracts and MBUK (Cars) and MBUK (Vans) has agreed to purchase Vehicles relating to Financing Contracts which are subject to voluntary termination by the Obligor. Under the purchase arrangements, MBUK (Cars) or MBUK Vans (as applicable) will purchase:

- (a) (Applies to MB Cars only) Vehicles which relate to Financing Contracts which are subject to Voluntary Termination at a purchase price equal to:
 - (i) the market value for such Vehicle (using an industry accepted reference), if, at such time as the Financing Contract is subject to voluntary termination, there are 90 days or more under the Financing Contract remaining outstanding; or
 - (ii) the Optional Final Payment, if, at such time as the Financing Contract is subject to voluntary termination, there are less than 90 days under the Financing Contract remaining outstanding.
- (b) (Applies to MB Vans only) Vehicles which relate to Financing Contracts which are subject to Voluntary Termination at a purchase price equal to:
 - (i) the market value for such Vehicle (using an industry accepted reference), if, at such time the Financing Contract is subject to voluntary termination.
- (c) (Applies to MB Cars only) Vehicles which relate to Redelivery PCP Contracts, **provided that** such purchase occurs within 90 days of the maturity of such PCP Contract at a purchase price equal to:
 - (i) the Optional Final Payment, for any Vehicle which is purchased between 0 and 14 days after the maturity of the Financing Contract;
 - (ii) the Optional Final Payment less a late payment charge, for any Vehicle which is purchased between 15 and 90 days after the maturity of such PCP Contract.
- (d) (Applies to MB Vans only) Vehicles which relate to Redelivery PCP Contracts, provided that such purchase occurs within 90 days of the maturity of such PCP Contract at a purchase price equal to:
 - (i) the Optional Final Payment, for any Vehicle which is purchased between 0 and 90 days after the maturity of the Financing Contract;
 - (ii) the Optional Final Payment less a 0.5% depreciation per week, for any Vehicle which is purchased 90 days after the maturity of such PCP Contract.

Vehicles which are repossessed by MBFS are not purchased by MBUK (Cars) or MBUK (Vans).

TAXATION

The following information is a general discussion of certain tax consequences of the acquisition, ownership and disposal of Notes. This discussion is not a comprehensive description of all tax considerations which may be relevant to a decision to purchase, hold or dispose of Notes. It does not purport to be a complete analysis of all tax considerations relating to the Notes. This discussion does not consider any specific facts or circumstances that may apply to a particular holder or prospective holder. This overview is based on the laws of the Grand Duchy of Luxembourg and the laws of England and Wales currently in force and as applied at the date of this Prospectus, which are subject to change, possibly with retroactive or retrospective effect.

The following information is not intended as tax or legal advice and the comments below are of a general nature only. Potential investors of the Notes are urged to satisfy themselves as to the overall tax consequences of purchasing, holding and/or selling the Notes and, therefore, to consult their professional tax advisors.

UNITED KINGDOM TAXATION

The following is a summary of the United Kingdom withholding taxation treatment at the date hereof in relation to payments of principal and interest in respect of the Notes. It is based on current law and the practice of His Majesty's Revenue and Customs ("**HMRC**"), which may be subject to change, sometimes with retrospective effect. The comments do not deal with other United Kingdom tax aspects of acquiring, holding or disposing of Notes. The comments relate only to the position of persons who are absolute beneficial owners of the Notes. It assumes that there will be no substitution of the Issuer and does not consider the tax consequences of any such substitution.

The following is a general guide for information purposes and should be treated with appropriate caution. It is not intended as tax advice and it does not purport to describe all of the tax considerations that may be relevant to a prospective purchaser. Noteholders who are in any doubt as to their tax position should consult their professional advisers. Noteholders who may be liable to taxation in jurisdictions other than the United Kingdom in respect of their acquisition, holding or disposal of the Notes are particularly advised to consult their professional advisers as to whether they are so liable (and if so under the laws of which jurisdictions), since the following comments relate only to certain United Kingdom taxation aspects of payments in respect of the Notes. In particular, Noteholders should be aware that they may be liable to taxation under the laws of other jurisdictions in relation to payments in respect of the Notes even if such payments may be made without withholding or deduction for or on account of taxation under the laws of the United Kingdom.

Withholding tax

Interest on the Notes may be paid by the Issuer without withholding or deduction for or on account of the United Kingdom income tax if the Notes constitute "quoted Eurobonds". Notes which carry a right to interest will constitute quoted Eurobonds provided they are and continue to be listed on a recognised stock exchange (within the meaning of section 1005 of the Income Tax Act 2007 (the "**Act**") for the purposes of section 987 of the Act). Securities will be "listed on a recognised stock exchange" for this purpose if they are admitted to trading on an exchange designated as a recognised stock exchange by an order made by the Commissioners for HMRC and either they are included in the United Kingdom official list (within the meaning of Part 6 of the Financial Services and Markets Act 2000) or they are officially listed, in accordance with provisions corresponding to those generally applicable in European Economic Area states, in a country outside the United Kingdom in which there is a recognised stock exchange.

The Luxembourg Stock Exchange is a recognised stock exchange. The Issuer's understanding of current HMRC practice is that securities which are officially listed and admitted to trading on the Main Market of that Exchange may be regarded as "listed on a recognised stock exchange" for these purposes.

In all cases falling outside the exemption described above, interest on the Notes may fall to be paid under deduction of United Kingdom income tax at the basic rate (currently 20%) subject to such relief as may be available following a direction from HMRC pursuant to the provisions of any applicable double taxation treaty, or to any other exemption which may apply.

LUXEMBOURG TAXATION

The statements herein regarding withholding tax considerations in Luxembourg are based on the laws in force in the Grand Duchy of Luxembourg as of the date of this Prospectus and are subject to any changes in law.

Please be aware that the residence concept used under the respective headings below applies for Luxembourg income tax assessment purposes only. Any reference in the present section to a withholding tax or a tax of a similar nature, or to any other concepts, refers to Luxembourg tax law and/or concepts only.

Withholding Tax

Under Luxembourg tax law currently in effect and with the possible exception of interest paid to Luxembourg resident individual holders of the Notes, there is no Luxembourg withholding tax on payments of interest (including accrued but unpaid interest) or upon payment of principal in case of redemption or repurchase of the Notes.

Non-resident holders of Notes

Under Luxembourg general tax laws currently in force, there is no withholding tax on payments of principal, premium or interest made to non-resident holders of Notes, nor on accrued but unpaid interest in respect of the Notes, nor is any Luxembourg withholding tax payable upon redemption, repurchase or exchange of the Notes held by non-resident holders of the Notes.

Resident holders of Notes

Under Luxembourg general tax laws currently in force and subject to the law of 23 December 2005, as amended (the "**Relibi Law**"), there is no withholding tax on payments of principal, premium or interest made to Luxembourg resident holders of Notes, nor on accrued but unpaid interest in respect of the Notes, nor is any Luxembourg withholding tax payable upon redemption, repurchase or exchange of the Notes held by resident holders of the Notes.

Under the Relibi Law, payments of interest or similar income made or ascribed by a paying agent established in Luxembourg to or for the benefit of an individual beneficial owner who is a resident of Luxembourg will be subject to a withholding tax of 20%. Such withholding tax will be in full discharge of income tax if the beneficial owner is an individual acting in the course of the management of his/her private wealth. Responsibility for the withholding of the tax will be assumed by the Luxembourg paying agent.

FATCA

Pursuant to certain provisions of the U.S. Internal Revenue Code of 1986, commonly known as FATCA, a "foreign financial institution" may be required to withhold on certain payments it makes ("**foreign passthru payments**") to persons that fail to meet certain certification, reporting or related requirements. The Issuer may be a foreign financial institution for these purposes. A number of jurisdictions (including Luxembourg and the United Kingdom) have entered into, or agreed in substance to, intergovernmental agreements with the United States to implement FATCA ("**IGAs**"), which modify the way in which FATCA applies in their jurisdictions. Under the provisions of the IGAs as currently in effect, a foreign financial institution in an IGA jurisdiction would generally not be required to withhold under FATCA or an IGA from payments that it makes.

Certain aspects of the application of the FATCA provisions and IGAs to instruments such as the Notes, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, are uncertain and may be subject to change. Even if withholding would be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, such withholding would not apply prior to the date that is two years after the publication of the final regulations defining "foreign passthru payment" and the Notes characterised as debt (or which are not otherwise characterised as equity and have a fixed term) for U.S. federal tax purposes that are issued on or prior to the date that is six months after the date on which final regulations defining "foreign passthru payments" are filed with the U.S. Federal Register generally would be "grandfathered" for the purposes of FATCA withholding unless materially modified after such date.

Noteholders should consult their own tax advisers regarding how these rules may apply to their investment in the Notes. In the event any withholding would be required pursuant to FATCA or an IGA with respect to payments on the Notes, no person will be required to pay additional amounts as a result of the withholding.

SUBSCRIPTION AND SALE

PURCHASE OF THE NOTES

The Joint Lead Managers, the Managers, the Issuer and the Seller are parties to the Subscription Agreement. Pursuant to the Subscription Agreement, the Joint Lead Managers and the Managers have agreed, subject to certain conditions, to subscribe, or procure subscriptions for, the Class A Notes. The Class B Notes will be issued to the Seller as the originator, in compliance with Article 6 of the UK Securitisation Regulation and Article 6 of the EU Securitisation Regulation.

The Seller has agreed to pay each of the Joint Lead Managers and the Managers a combined management, underwriting and placement commission on the Class A Notes and other fees, if any, as agreed between the parties to the Subscription Agreement. The Seller has agreed to reimburse each of the Joint Lead Managers and the Managers for certain of its expenses in connection with the issue of the Notes.

Pursuant to the Subscription Agreement, the Seller and the Issuer have agreed to indemnify the Joint Lead Manager and the Managers as more specifically described in the Subscription Agreement, for and against certain Losses and liabilities in connection with certain representations in respect of, *inter alia*, the accurateness of certain information contained in this Prospectus.

In the Subscription Agreement, the Issuer has made certain representations and warranties in respect of its legal and financial matters.

SELLING RESTRICTIONS

General

All applicable laws and regulations must be observed in any jurisdiction in which the Notes may be offered, sold or delivered, to the best of each of the Joint Lead Manager's and the Managers' knowledge and belief (subject that the Joint Lead Manager and the Managers shall have no liability to the Issuer or MBFS in respect of any non-observance of the U.S. Risk Retention Rules by the Issuer or MBFS or any other person). Each Joint Lead Manager and each Manager has agreed that it will not, directly or indirectly, offer, sell or deliver any of the Notes or distribute the Prospectus or any other offering material relating to the Notes, in or from any jurisdiction except under circumstances that will result in compliance with the applicable laws and regulations of such jurisdiction, to the best of each of the Joint Lead Manager's and Managers' knowledge and belief, and that it will not impose any obligations on the Issuer except as set out in the Subscription Agreement.

Notwithstanding the foregoing, the Joint Lead Managers and the Managers will not have any liability to the Issuer or the Seller for compliance with the U.S. Risk Retention Rules by the Issuer or the Seller or any other person except to the extent as set out in the Subscription Agreement

The Notes sold as part of the initial distribution may not be purchased by, or for the account or benefit of, any "U.S. person" as defined in the U.S. Risk Retention Rules ("**Risk Retention U.S. Persons**"). "**U.S. Risk Retention Rules**" means Regulation RR (17 C.F.R Part 246) implementing the risk retention requirements of Section 15G of the U.S. Securities Exchange Act of 1934, as amended. Prospective investors should note that the definition of "U.S. person" in the U.S. Risk Retention Rules is similar to, but not identical to, the definition of "U.S. person" in Regulation S and that persons could be a Risk Retention U.S. Person but not a "U.S. person" under Regulation S. Under the U.S. Risk Retention Rules, and subject to limited exceptions, "U.S. person" means any of the following:

- Any natural person resident in the United States;
- Any partnership, corporation, limited liability company, or other organization or entity organized or incorporated under the laws of any State or of the United States;¹
- Any estate of which any executor or administrator is a U.S. person (as defined under any other clause of this definition);

¹ The comparable provision from Regulation S is "(ii) any partnership or corporation organised or incorporated under the laws of the United States."

- Any trust of which any trustee is a U.S. person (as defined under any other clause of this definition);
- Any agency or branch of a foreign entity located in the United States;
- Any non-discretionary account or similar account (other than an estate or trust) held by a dealer or other fiduciary for the benefit or account of a U.S. person (as defined under any other clause of this definition);
- Any discretionary account or similar account (other than an estate or trust) held by a dealer or other fiduciary organized, incorporated, or (if an individual) resident in the United States; and
- Any partnership, corporation, limited liability company, or other organization or entity if:
 - 1) Organized or incorporated under the laws of any foreign jurisdiction; and
 - 2) Formed by a U.S. person (as defined under any other clause of this definition) principally for the purpose of investing in securities not registered under the Securities Act².

The material difference between such definitions is that (1) a "U.S. person" under Regulation S includes any partnership or corporation that is organized or incorporated under the laws of any foreign jurisdiction formed by one or more "U.S. persons" (as defined in Regulation S) principally for the purpose of investing in securities that are otherwise offered within the United States pursuant to an applicable exemption under the Securities Act unless it is organized or incorporated and owned by accredited investors (as defined in Rule 501(a) of Regulation D under the Securities Act) who are not natural persons, estates or trusts, while (2) any organization or entity described in (1) is treated as a "U.S. person" under the U.S. Risk Retention Rules, regardless of whether it is so organized and owned by accredited investors (as defined in Rule 501(a) of Regulation D under the Securities Act) who are not natural persons, estates or trusts.

Each purchaser of Notes, including beneficial interests therein, if purchased during the initial syndication of the Notes will, by its acquisition of a Note or beneficial interest therein, be deemed, and in certain circumstances (including as a condition to placing an order relating to the Notes), will be required, to have made certain representations and agreements, including that it (1) is not a Risk Retention U.S. Person; (2) is acquiring such Note or a beneficial interest therein for its own account and not with a view to distribute such Note to a U.S. Person; and (3) is not acquiring such Note or a beneficial interest therein as part of a scheme to evade the requirements of the U.S. Risk Retention Rules.

Notwithstanding the foregoing, the Issuer can, with the prior consent of MBFS, sell a limited portion of the Notes (representing no more than 10 per. cent of the sterling value of the Class A Notes and the Class B Notes) to, or for the account or benefit of, Risk Retention U.S. Persons in accordance with an exemption from the U.S. Risk Retention Rules.

The Seller, the Issuer, the Arranger, the Joint Lead Managers and the Managers have agreed that the determination of the proper characterisation of potential investors for such restriction or for determining the availability of the exemption provided for in the U.S. Risk Retention Rules is solely the responsibility of the Seller, and none of the Joint Lead Managers and the Managers or any person who controls such person or any director, officer, employee, agent or Affiliate of such person shall have any responsibility for determining the proper characterisation of potential investors for such restriction or for determining the availability of the exemption provided for in the U.S. Risk Retention Rules, and none of the Joint Lead Managers and the Managers or any person who controls it or any director, officer, employee, agent or Affiliate of such person accepts any liability or responsibility whatsoever for any such determination or characterisation.

United States of America and its Territories

The Notes have not been and will not be registered under the U.S. Securities Act of 1933, as amended (the "**Securities Act**") or any U.S. state securities law and may not be offered, or sold within the United States or to, or for the account or benefit of, U.S. persons except pursuant to an exemption from the registration requirements of the Securities Act. Each of the Joint Lead Managers and the Managers

² The comparable provision from Regulation S is: "(viii)(B) formed by a U.S. person principally for the purpose of investing in securities not registered under the Securities Act, unless it is organised or incorporated, and owned, by accredited investors (as defined in 17 CFR §230.501(a)) who are not natural persons, estates or trusts."

represents and agrees that it has not offered or sold the Notes, and will not offer or sell the Notes (i) as part of its distribution at any time or (ii) otherwise until forty (40) calendar days after the later of (a) the date the Notes are first offered to Persons other than distributors in reliance on Regulation S and (b) the Issue Date (the "**Distribution Compliance Period**") within the United States or to, or for the account or benefit of, US persons except, in either case, only in accordance with Rule 903 of Regulation S under the Securities Act. Neither the Joint Lead Managers and the Managers nor their respective Affiliates nor any Persons acting on their behalf have engaged or will engage in any directed selling efforts with respect to the Notes, and they have complied and will comply with the offering restrictions requirements of Regulation S under the Securities Act. Neither the Joint Lead Managers and the Managers nor their respective Affiliates nor any Persons acting on their behalf have engaged or will engage in any directed selling efforts with respect to the Notes, and they have complied and will comply with the offering restrictions requirements of Regulation S under the Securities Act. At or prior to confirmation of sale of Notes, the Joint Lead Managers and the Managers will have sent to each distributor, dealer or person receiving a selling concession, fee or other remuneration that purchases Notes from them during the Distribution Compliance Period a confirmation or notice to substantially the following effect:

"The Securities covered hereby have not been registered under the U.S. Securities Act of 1933, as amended (the "**Securities Act**"), and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons (i) as part of their distribution at any time or (ii) otherwise until forty (40) calendar days after the later of (a) the date the Notes are first offered to Persons other than distributors in reliance on Regulation S and (b) the Issue Date, except in either case, in accordance with Regulation S under the Securities Act. Terms used above have the meaning given to them in Regulation S under the Securities Act".

Terms used in this section have the meaning given to them in Regulation S under the Securities Act.

The Notes may not be offered, or sold within the United States or to, or for the account or benefit of, U.S. Persons except pursuant to an exemption from, or in a transaction not subject to the registration requirements of, the Securities Act.

United Kingdom

Each Joint Lead Manager and each Manager has represented to the Issuer that:

- (a) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of section 21 of the Financial Services and Markets Act 2000 (the "**FSMA**")) received by it in connection with the issue or sale of any Notes in circumstances in which section 21(1) of the FSMA does not apply to the Issuer; and
- (b) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to the Notes in, from or otherwise involving the United Kingdom.

Prohibition on Sales to Retail Investors in the European Economic Area

Each Joint Lead Manager and each Manager represents and agrees with the Issuer in respect of the Notes that it has not offered or sold or made available and will not offer or sell or otherwise make available any Notes to retail investors in the European Economic Area.

For the purposes of this provision:

- (a) the expression "retail investor" means a person who is one (or more) of the following:
 - (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, "**MiFID II**"); or
 - (ii) a customer within the meaning of Directive 2016/97/EU (the "**Insurance Distribution Directive**"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; and
- (b) the expression "offer" includes the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes.

Consequently no key information document required by **EU PRIIPs Regulation** for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the EU PRIIPs Regulation.

Prohibition on Sales to Retail Investors in the UK

Each Joint Lead Manager and each Manager represents and agrees with the Issuer in respect of the Notes that it has not offered or sold or made available and will not offer or sell or otherwise make available any Notes to retail investors in the UK.

For the purposes of this provision:

- (a) the expression "retail investor" means a person who is one (or more) of the following:
 - (i) a retail client as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law of the United Kingdom by virtue of the EUWA; or
 - (ii) a customer within the meaning of the provisions of the FSMA and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law of the United Kingdom by virtue of the EUWA; and
- (b) the expression "offer" includes the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes.

Consequently no key information document required by the UK PRIIPs Regulation for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

Public Offer Selling Restriction under the Prospectus Regulation

Other than the approval of the Prospectus by the CSSF, the filing of the Prospectus with the CSSF and making the Prospectus available to the public in accordance with the Prospectus Regulation, no action has been or will be taken in any jurisdiction by the Issuer or the Joint Lead Managers or the Managers that would, or is intended to, permit a public offering of the Notes, or possession or distribution of the Prospectus or any other offering materials, in any country or jurisdiction where action for that purpose is required. The Notes are not intended for investment by retail investors and this Prospectus has not been prepared for distribution to retail investors.

USE OF PROCEEDS

The aggregate net proceeds from the issue of the Class A Notes (which shall amount to GBP 412,500,000) and the Class B Notes (which shall amount to GBP 117,500,000), amounting to a total of GBP 530,000,000 will be used to purchase, on the Purchase Date, Eligible Receivables from the Seller.

GENERAL INFORMATION

1. **Subject of this Prospectus**

This Prospectus relates to GBP 530,000,000 aggregate principal amount of the Notes issued by Silver Arrow S.A., acting in respect of its Compartment Silver Arrow UK 2024-1, 6, rue Eugène Ruppert, L-2453 Luxembourg, R.C.S. Luxembourg B 111345.

2. **Authorisation**

The issue of the Notes was authorised by a resolution of the board of directors of Silver Arrow S.A., acting in respect of its Compartment Silver Arrow UK 2024-1, passed on 23 April 2024.

3. **Litigation**

Neither the Company is, or has been since its incorporation and during the period covering at least the previous 12 months, nor the Seller is, or – during the period covering at least the previous 12 months – has been, engaged in any governmental, litigation or arbitration proceedings which may have or have had during such period a significant effect on their respective financial position or profitability, and, as far as the Company and the Seller are aware, no such litigation or arbitration proceedings are pending or threatened, respectively.

4. **Payment information and post-issuance information**

The Issuer does not intend to provide any post-issuance transaction information regarding the Notes to be admitted to trading on the regulated market of the Luxembourg Stock Exchange and the performance of the underlying Purchased Receivables, except if required by any applicable laws and regulations.

For as long as the Notes are listed on the official list and are admitted to trading on the regulated market of the Luxembourg Stock Exchange, the Issuer will inform the Luxembourg Stock Exchange of the Interest Amounts, the Interest Periods and the Interest Rates and, if relevant, the payments of principal on the Notes, in each case in the manner described in the Conditions.

Payments and transfers of the Notes will be settled through Clearstream Luxembourg and Euroclear, as described herein. The Notes have been accepted for clearing by Clearstream Luxembourg and Euroclear.

All notices regarding the Notes will either be published in a leading daily newspaper with general circulation in Luxembourg designated by the Luxembourg Stock Exchange (which is expected to be the *Luxemburger Wort* or on the website of the Luxembourg Stock Exchange at www.luxse.com) or, when the rules of the Luxembourg Stock Exchange so permit, by delivery to Clearstream Luxembourg and Euroclear.

The Seller, in its role as Servicer, will, on behalf of the Issuer, satisfy and provide loan-level data in such a manner as required to comply with the Bank of England eligibility criteria and transparency criteria for asset backed securities (as set out in the Detailed Information Transparency for Asset-Backed Securities for Auto-loan ABS of 17 December 2012 as amended and applicable from time to time).

5. **Material adverse change**

There has been no material adverse change in the financial position or prospects of the Issuer as of the date of the last published audited financial statements (31 December 2022).

6. **Miscellaneous**

The Issuer will not publish interim Issuer Transaction Accounts. The fiscal year in respect of the Issuer is the calendar year.

7. **Listing and admission to trading**

Application has been made for the Notes to be admitted for listing on the Official List of the Luxembourg Stock Exchange and to be traded on the regulated market of the Luxembourg Stock Exchange. The estimated total expenses related to the admission to trading are EUR 9,720 (equivalent to approximately GBP 8,392).

From the Issue Date until the Legal Maturity Date, copies of the following documents may also be inspected during customary business hours at the specified offices of the Paying Agent:

- (a) the articles of incorporation of the Company;
- (b) the resolutions of the board of directors of the Company creating Compartment Silver Arrow UK 2024-1 and approving the issue of the Notes;
- (c) the audited annual accounts of the Company for the periods from 1 January 2020 to 31 December 2020, from 1 January 2021 to 31 December 2021 and from 1 January 2022 to 31 December 2022;
- (d) the future annual financial statements of the Company (interim financial statements will not be prepared);
- (e) the Monthly Investor Reports;
- (f) all notices given to the Noteholders pursuant to the Conditions; and
- (g) this Prospectus and all Transaction SA UK 2024-1 Documents referred to in this Prospectus.

The articles of association of the Issuer and the Prospectus and all Transaction SA UK 2024-1 Documents referred to in this Prospectus will be available on the UK SR Website, being a website that conforms to the requirement set out in Article 7(2) of the UK Securitisation Regulation. For the avoidance of doubt, this website and the contents thereof do not form part of this Prospectus and has not been scrutinised or approved by the competent authority. The information in (e) and (g) and as required by the EU Securitisation Regulation will be made available via the SR Repository.

The Monthly Investor Report shall include detailed summary statistics and information regarding the performance of the portfolio of the Purchased Receivables and contain a glossary of the terms which can be found in the Master Definition Schedule of the Prospectus. The first Monthly Investor Report issued by the Issuer shall additionally disclose the amount of Notes (i) privately-placed with investors other than the Seller and its affiliated companies (together the "**Originator Group**"), (ii) retained by a member of the Originator Group and (iii) publicly-placed with investors which are not part of the Originator Group. In relation to any amount of Notes initially retained by a member of the Originator Group but subsequently placed with investors outside the Originator Group such circumstance will be disclosed (to the extent legally permitted) in the next Monthly Investor Report following such outplacing.

Furthermore, the Issuer undertakes to make available to the Noteholders on a quarterly basis until the Legal Maturity Date the Loan Level Data and to make available the Liability Cash Flow Model either directly or indirectly through one or more entities who provide such cash flow models to investors generally.

8. **Reporting**

MBFS (as originator) will procure that the information and reports as more fully set out in the section of this Prospectus headed "*Compliance with Article 7 of the EU Securitisation Regulation and the UK Securitisation Regulation*" are published when and in the manner set out in such section.

9. **EU Securitisation Repository**

The Originator will make the above information available to the EU SR Repository.

10. **UK Securitisation Repository**

The Reporting Entity (or the Servicer on its behalf) will, pursuant to the UK Securitisation Regulation, make the information that the Issuer is required to make available pursuant to and in compliance with the Securitisation Regulation (UK) Disclosure Requirements to the Noteholders, to the FCA and to potential Noteholders. The Servicer will make such information available on the UK SR Website of EuroABS. There is no requirement to report to a UK securitisation repository where the prospectus has not been approved by the FCA. However to the extent a securitisation repository is registered in accordance with Article 10 of the UK Securitisation Regulation it will make the information available to such securitisation repository (the "**UK SR Repository**").

2. PRINCIPLES OF INTERPRETATION AND CONSTRUCTION

2.1 Knowledge

2.1.1. References in any Transaction SA UK 2024-1 Document to the expressions "so far as the Servicer is aware" or "to the best of the knowledge, information and belief of the Servicer" or any similar expression in respect of any matter shall be deemed to refer to the actual knowledge of senior officers of the Servicer.

2.1.2. References in any Transaction SA UK 2024-1 Document to the expressions "so far as the Issuer is aware" or "to the best of the knowledge, information and belief of the Issuer" or any similar expression in respect of any matter shall be deemed to refer to the actual knowledge of directors of the Issuer.

2.2 Interpretation

In any Transaction SA UK 2024-1 Document, the following shall apply:

2.2.1 a document being in an "*agreed form*" means that the form of the document in question has been signed off or agreed by each of the proposed parties thereto;

- 2.2.2 any reference to an "agreement", "deed" or "document" shall be construed as a reference to such agreement, deed or document as the same may from time to time be amended, varied, novated, supplemented, replaced or otherwise modified;
- 2.2.3 in the computation of periods of time from a specified date to a later specified date, the word "from" means "from and including" and the words "to" and "until" each mean "to but excluding";
- 2.2.4 "periods" of days shall be counted in calendar days unless Business Days are expressly prescribed;
- 2.2.5 any reference to any "Person" appearing in any of the Transaction SA UK 2024-1 Documents shall include its successors and permitted assigns;
- 2.2.6 unless specified otherwise, "promptly", "immediately", "forthwith" or any similar expression used in a Transaction SA UK 2024-1 Document shall mean without undue delay;
- 2.2.7 a "successor" of any party shall be construed so as to include an assignee or successor in title of such party and any person who under the laws of the jurisdiction of incorporation or domicile of such party has assumed the rights and obligations of such party under any Transaction SA UK 2024-1 Document or to which, under such laws, such rights and obligations have been transferred;
- 2.2.8 any term that is particular to the laws of Northern Ireland shall be construed in accordance with the laws of Northern Ireland;
- 2.2.9 any term that is particular to the law of Scotland shall be construed in accordance with Scots law; and
- 2.2.10 in respect of the Company, the Issuer or any other entity incorporated in Luxembourg:
- (a) a "receiver", "administrative receiver", "administrator" or the like includes, without limitation, a *juge délégué, commissaire, juge-commissaire, liquidateur* or *curateur*;
 - (b) "winding-up", "administration", "insolvency" or dissolution includes, without limitation, bankruptcy (*faillite*), composition with creditors (*concordat préventif de faillite*), moratorium or reprieve from payment (*sursis de paiement*) and controlled management (*gestion contrôlée*), court ordered liquidation (*liquidation judiciaire*) or reorganisation, voluntary dissolution or liquidation (*dissolution ou liquidation volontaire*);
 - (c) a person being "insolvent" includes that person being in a state of cessation of payments (*cessation de paiements*) and having lost its creditworthiness (*ébranlement de crédit*);
 - (d) a person being "unable to pay its debts" or "inability to pay its debts" includes that person being in a state of cessation of payments (*cessation de paiements*); and
 - (e) "constitutional documents" includes its up-to-date (restated) articles of association (*statuts coordonnés*).

2.3 Statutes and Treaties

Any reference to a law shall be construed as a reference to such law as the same may have been, or may from time to time be, amended or, re-enacted.

2.4 Time

Any reference in any Transaction SA UK 2024-1 Document to a time of day shall, unless a contrary indication appears, be a reference to London time.

2.5 Schedules

Any Schedule of, or Appendix or Annex to a Transaction SA UK 2024-1 Document forms part of such Transaction SA UK 2024-1 Document and shall have the same force and effect as if the

provisions of such Schedule, Appendix or Annex were set out in the body of such Transaction SA UK 2024-1 Document. Any reference to a Transaction SA UK 2024-1 Document shall include any such Schedule, Appendix or Annex.

2.6 **Headings**

Section, Part, Schedule, Paragraph and clause headings are for ease of reference only. They do not form part of any Transaction SA UK 2024-1 Document and shall not affect its construction or interpretation.

2.7 **Sections**

Except as otherwise specified in a Transaction SA UK 2024-1 Document, any reference in a Transaction SA UK 2024-1 Document to:

- 2.7.1 a "*Section*" shall be construed as a reference to a Section of such Transaction SA UK 2024-1 Document;
- 2.7.2 a "*Part*" shall be construed as a reference to a Part of such Transaction SA UK 2024-1 Document;
- 2.7.3 a "*Schedule*", an "*Appendix*" or an "*Annex*" shall be construed as a reference to a Schedule, Appendix or Annex of such Transaction SA UK 2024-1 Document;
- 2.7.4 a "*clause*" shall be construed as a reference to a clause of a Part or Section (as applicable) of such Transaction SA UK 2024-1 Document; and
- 2.7.5 "*this Agreement*" or "*this Deed*" shall be construed as a reference to such Transaction SA UK 2024-1 Document together with any Schedules, Appendices or Annexes thereto.

2.8 **Number**

In any Transaction SA UK 2024-1 Document, save where the context otherwise requires, words importing the singular number include the plural and *vice versa*.
