# Interim Management Report

## General

Mercedes-Benz Finance North America LLC (“MBFNA” or the “Company”) is a wholly-owned subsidiary of Mercedes-Benz North America Corporation (“MBNAC”), which is a wholly-owned subsidiary of Mercedes-Benz Capital Investments B.V. (“MBCI”), which is in turn a wholly-owned subsidiary of Mercedes-Benz Group AG (“MBGAG”).

MBFNA accesses U.S. and foreign capital markets to raise funds, which it lends to MBNAC through a consolidated funding and cash management system. As such, it has relationships with other subsidiaries of MBGAG. MBGAG issued full and unconditional guarantees for MBFNA’s obligations incurred under its outstanding notes and bonds program and commercial paper program. MBFNA and MBNAC entered into an intercompany loan agreement which is intended to mirror MBFNA’s external borrowings such that interest expense with third parties is offset by corresponding interest income from MBNAC.

The nature of the Mercedes-Benz Group operations in the US includes the distribution of passenger cars purchased from Mercedes-Benz AG under the brand name Mercedes-Benz. Mercedes-Benz Group also has financial services operations that principally provide automotive financing to its dealers and their customers, including retail and lease financing for cars, dealer inventory and other financing needs.

This document contains forward-looking statements that reflect our current views about future events. The words “anticipate,” “assume,” “believe,” “estimate,” “expect,” “intend,” “may,” “can,” “could,” “plan,” “project,” “should” and similar expressions are used to identify forward-looking statements. These statements are subject to many risks and uncertainties, including:

- an adverse development of global economic conditions, in particular a decline of demand and investment activity in the United States;
- a deterioration of our funding possibilities on the credit and financial markets, which could result in an increase in borrowing costs or limit our funding flexibility;
- changes in currency exchange rates and interest rates;
- changes in laws, regulations and government policies that may affect the Company or any of its sister companies; and
- the business outlook of the Company’s sister companies in the United States, which may affect the funding requirements of these companies in the automotive and financial services businesses.

The following discussion should be read in conjunction with the MBFNA’s financial statements as of and for the six months ended June 30, 2024 and December 31, 2024, which were prepared using IFRS Accounting Standards as issued by the International Accounting Standards Board (“IASB”).

The percentages in the following discussion were computed using exact dollar amounts and numbers. Some of those percentages may, therefore, not reflect the ratio between the rounded amounts presented below.

## Earnings

### *Interest Income*

Interest income was \$639,496 for the six months ended June 30, 2025 compared to \$567,859 for the six months ended June 30, 2024. The increase is due to higher related party receivables at rates which match external funding.

#### *Interest Expense*

Interest expense was \$639,496 for the six months ended June 30, 2025, compared to \$567,859 for the six months ended June 30, 2024. The increase is due to higher average balance of notes and bonds in the first six months of 2025.

#### *Guarantee Fees*

Guarantee fees charged by MBGAG were \$14,448 for the six months ended June 30, 2025, compared to \$13,394 for the six months ended June 30, 2024. This was caused by higher average outstanding external borrowings in the first six months of 2025.

#### *Other Financial Income (Expense), net*

Other financial income/(expense) was \$(7) for the six months ended June 30, 2025 as compared to \$1 for the six months ended June 30, 2024. The change is due to the foreign exchange result on EUR invoices paid.

#### *Administrative Expenses*

Administrative expenses were \$1,534 for the six months ended June 30, 2025 as compared to \$1,467 for the six months ended June 30, 2024. This was due to higher legal and professional fees in the first six months of 2025.

#### *Reimbursement of Expenses from MBNAC*

MBFNA and MBNAC are parties to an agreement where MBNAC reimburses MBFNA for any and all expenses incurred in connection with the administration of MBFNA's notes and bonds program and commercial paper program. The reimbursement of net expenses from MBNAC amounted to \$15,989 in the first six months of 2025 and \$14,860 for the six months ended in June 2024.

#### *Net Income*

Net income was \$0 for the six months ended June 30, 2025 and the six months ended June 30, 2024.

### **Financial Position**

Total assets were \$26,178,099 at June 30, 2025 compared to \$26,257,314 at December 31, 2024, a decrease of \$79,215, due to repayment of loans to related parties in the first six months of 2025.

Total liabilities were \$26,178,099 at June 30, 2025 compared to \$26,257,314 at December 31, 2024, a decrease of \$79,215, primarily reflecting the repayment of commercial paper exceeding changes in notes and bonds in the first half of 2025.

### **Liquidity and Capital Resources**

In the ordinary course of business, the Company issues notes and bonds in the US and foreign capital markets and lends the proceeds to MBNAC. In the first six months of 2025, \$2,842,139 new notes and bonds and commercial paper were issued, while there were \$5,569,704 issued during the first six months of 2024. The Company had neither cash nor cash equivalents as of June 30, 2025 and December 31, 2024.

### **Risk Report**

Many factors could directly and indirectly, through the close affiliation with MBGAG's affiliated companies, affect the Company's business, financial condition, and cash flows. The results of operations would not be affected due to the existing reimbursement agreements with MBNAC. The principal risks are described in MBFNA's annual report 2024, which was submitted to the Luxembourg Stock Exchange on April 28, 2025.

## **Outlook**

Management expects net income and equity to be zero in 2025. This expectation is based on the continuation of the Company's business model.

# Notes to the Unaudited Interim Financial Statements

## 1. Presentation of the Interim Financial Statements

These unaudited interim financial statements of Mercedes-Benz Finance North America LLC (“MBFNA” or the “Company”) have been prepared in accordance with International Accounting Standard (IAS) 34, “Interim Financial Reporting”.

Mercedes-Benz Finance North America LLC is a limited liability company organized under the laws of Delaware. The Company is a wholly-owned subsidiary of Mercedes-Benz North America Corporation (“MBNAC”), which is a wholly-owned subsidiary of Mercedes-Benz Capital Investments B.V. (“MBCI”), which is a wholly-owned subsidiary of Mercedes-Benz AG (“MBAG”), which is in turn a wholly-owned subsidiary of Mercedes-Benz Group AG (“MBGAG”). Its registered office is located at 1209 Orange Street, Wilmington, Delaware 19801, USA.

These interim financial statements are presented in U.S. dollars (“\$”), which is the Company’s functional currency. Unless otherwise stated all amounts are presented in thousands of U.S. dollars.

In the opinion of the management, the interim financial statements reflect all adjustments (i.e. normal recurring adjustments) necessary for a fair presentation of the results of operations and the financial position of MBFNA. Operating results for the interim periods presented are not necessarily indicative of the results that may be expected for any future period or the full fiscal year. The interim financial statements should be read in conjunction with the December 31, 2024 audited IFRS financial statements and notes which were submitted to the Luxembourg Stock Exchange on April 28, 2025. The accounting policies applied by MBFNA in these interim financial statements are the same as those applied in the audited IFRS financial statements as of and for the year ended December 31, 2024.

Preparation of interim financial statements in conformity with IFRS requires management to make estimates, assessments and assumptions which can affect the amounts and reporting of assets and liabilities, the reporting of contingent assets and liabilities on the balance sheet date and the amounts of income and expense reported for the period. Actual amounts can differ from those estimates. Changes in estimates, assessments and assumptions can have a material impact on the financial statements.

## 2. Other financial income (expense), net

Other financial income (expense), net is comprised of the following:

	Six months ended June 30,	
	2025	2024
Result of foreign exchange transactions - gains (losses)	(7)	1
<b>Total</b>	<b>(7)</b>	<b>1</b>

MBFNA is charged fees for the full and unconditional guarantees on its outstanding notes and bonds and commercial paper programs by MBGAG. These fees are calculated as a set percentage of the outstanding notes and bonds and commercial paper at the end of each month for any given year. These guarantee fees were \$14,448 and \$13,394 for the six months ended June 30, 2025 and June 30, 2024, respectively.

MBFNA is charged for administrative overhead expenses by MBNAC. These expenses were \$1,295 and \$1,303 for the six months ended June 30, 2025 and June 30, 2024, respectively, and are included in administrative expenses in the Statement of Comprehensive Income.

MBFNA and MBNAC are also parties to agreements pursuant to which MBNAC reimburses MBFNA for any and all expenses incurred in connection with the administration of MBFNA's notes and bonds and commercial paper programs. These reimbursements are recognized in income – Reimbursement of expenses from MBNAC.

The receivable for reimbursement of expense from MBNAC amounted to \$14,698 as of June 30, 2025 and \$15,576 as of December 31, 2024.

There are no related party transactions with key management personnel as defined in IAS 24.

#### 4. Notes and bonds payable

MBFNA's obligations under the notes and bonds program are fully and unconditionally guaranteed by its ultimate parent company, MBGAG. Contemporaneously, MBFNA and MBNAC entered into an agreement according to which MBNAC reimburses MBFNA for any and all fees incurred by MBFNA in the course of the administration of the program.

During the first six months of 2025, \$2,100,000 of notes and bonds payable matured. During the first six months of 2024, \$2,850,000 of notes and bonds payable matured. There were \$2,850,000 of notes and bonds issued in the first six months of 2025 compared to \$3,750,000 issued during the first six months of 2024.

Terms and conditions of new notes and bonds payable issued during the first six months of 2025 are as follows:

<b>Total</b>				<b>3,750,000</b>	<b>3,739,929</b>

#### 5. Commercial paper

In February 2011, MBFNA entered into a \$3,000,000 private placement of commercial paper. The private placement was subsequently increased to \$5,000,000 in March 2012. There was no commercial paper outstanding as of June 30, 2025 compared to \$4,980,015 on June 30, 2024. MBFNA's obligations under the commercial paper program are fully and unconditionally guaranteed by its ultimate parent company, MBGAG.

## 6. Financial instruments

### Carrying amounts and fair values of financial instruments

The following table shows the carrying amounts and fair values of the Company's financial instruments. The fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Given the varying influencing factors, the reported fair values can only be viewed as indicators of the prices that may actually be achieved on the market. The fair values of financial instruments were calculated on the basis of market information available on the reporting date.

**Mercedes-Benz Finance North America LLC – Interim report as of and for the six months ended June 30, 2025**  
(all amounts in thousands of U.S. dollars)

Financial assets and liabilities not measured at fair value are classified into the following fair value hierarchy:

	June 30, 2025				December 31, 2024			
	Total	Level 1 <sup>1</sup>	Level 2 <sup>2</sup>	Level 3 <sup>3</sup>	Total	Level 1 <sup>1</sup>	Level 2 <sup>2</sup>	Level 3 <sup>3</sup>
Financial assets at amortized cost	26,460,221	-	26,460,221	-	26,246,261	-	26,246,261	-
Financial liabilities carried at amortized cost	26,460,221	26,148,409	311,812	-	26,246,261	19,995,671	6,250,590	-

thereof other financial liabilities	413,797	395,156	18,641	-	1,248,403	298,796	949,607	-

<sup>1</sup> Fair value measurement based on quoted prices (unadjusted) in active markets for identical assets or liabilities.

<sup>2</sup> Fair value measurement based on inputs for the asset or liability that are observable on active markets either directly (i.e. as prices) or indirectly (i.e. derived from prices).

<sup>3</sup> Fair value measurement based on inputs for the asset or liability that are not observable market data.

The fair values of financial instruments were calculated on the basis of market information available at the reporting date using the methods and assumptions presented below. Due to the short nature of accrued interest income, accrued interest expense, and payables to related parties, management assumes that their fair values are equal to the carrying amounts.

#### Receivables from related parties

MBFNA holds receivables from MBNAC within a business model whose objective is to collect contractual cash flows. None of these receivables have been derecognized or are impaired, and the Company does not believe that these receivables are at risk of being impaired. The Company believes that the fair value of the receivables from MBNAC approximates the fair value of the external notes and bonds payable at June 30, 2025 and December 31, 2024, as the terms and interest rates of the receivables from MBNAC are intended to mirror MBFNA's external borrowings such that interest expense and debt maturities with third parties are offset by corresponding interest income and loan maturities from MBNAC.

#### Notes and bonds payable

When available, the Company uses quoted market prices for its issued notes and bonds and classifies such instruments as Level 1 in the fair value hierarchy. If quoted market prices are not available, the fair value of notes and bonds is determined based on internal models calculating present values of the estimated cash flows and using observable inputs such as interest rates for similar types of instruments. Notes and bonds measured using simple proprietary models based on observable inputs are classified as Level 2 in the fair value hierarchy.

#### Other financial liabilities

Because of the short maturities of these financial instruments, the carrying amount approximates fair value.
